Note 1. Plan Description

The following description of CRMC 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Cuyuna Regional Medical Center (CRMC or the Employer). Employees 18 years of age or older are eligible to participate in the Plan immediately upon commencement of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Employer's Board of Directors is responsible for oversight of the Plan. The Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors.

Contributions: Each year, participants may contribute a portion of annual compensation, as defined in the Plan. The Plan allows participants to allocate contributions to pretax deferrals or Roth contributions. Effective March 1, 2019, the Plan added an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation until changed by the participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. The Employer makes nonelective contributions equal to 2% of a participant's eligible annual compensation. The Employer also makes safe harbor nonelective contributions equal to 3% of a participant's eligible annual compensation. Participants who have attained age 21 and completed one year of service (1,000 hours) are eligible to receive Employer nonelective and safe harbor nonelective contributions. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited or charged with the participant's contributions, Employer nonelective and safe harbor nonelective contributions, as well as allocations of Plan investment results and administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that could be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and Employer safe harbor nonelective contributions plus actual earnings thereon. Vesting in the Employer nonelective contribution portion of their account plus actual earnings thereon is based on years of service as defined. Participants vest 20% each year after completing two years of credited service. A participant is 100% vested after six years of credited service, total disability or death during the term of employment, upon attainment of normal retirement age, or termination of the Plan.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. Note terms range from one to five years, or longer for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest is paid ratably through payroll deductions.

Payment of benefits: Upon termination of service due to death, disability, retirement or any other reason, a participant may elect to receive either a lump-sum amount equal to the vested balance in his or her account or partial payments over a specified period of time in accordance with Plan provisions. In addition, distributions are permitted prior to termination of employment if certain criteria are met.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Forfeitures: Forfeited nonvested accounts totaled approximately \$239,700 and \$82,800 at December 31, 2019 and 2018, respectively. These accounts may be used to fund future Employer contributions or pay Plan expenses. During 2019 and 2018, the Plan used approximately \$40 and \$100, respectively, of forfeitures to fund Employer contributions.

Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors, custodian and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of year).

Expenses: Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid for by the Employer. Expenses that were paid by the Employer were excluded from these financial statements. Fees related to the administration of notes receivable to participants and benefits paid to participants were charged directly to the participant's account and included in the administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Payments of benefits: Benefits are recorded when paid.

Note 2. Summary of Accounting Policies (Continued)

Subsequent events: The Plan has evaluated subsequent events through January 13, 2021, the date the financial statements were available to be issued.

On March 11, 2020, the World Health Organization declared the coronavirus (COVID-19) outbreak to be a worldwide pandemic. This has resulted in substantial volatility in financial markets and, as a result, the Plan's investments have experienced significant fluctuations in fair value since December 31, 2019. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report; therefore, the extent of any impact on the Plan's participants cannot be predicted at this time.

Additionally, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to, amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the COVID-19 pandemic. The CARES Act also provides for certain optional relief measures that can be adopted by qualified retirement plans including increased levels of participant loans for affected individuals for a limited time, and distributions with special tax treatment for affected individuals. Plans must also allow participants who are affected by COVID-19 to suspend loan payments through December 31, 2020, and required minimum distributions for participants over 70½ can be omitted for 2020.

Note 3. Information Certified or Provided by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC

The following is a summary of the Plan's asset information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedules, that was derived from information prepared or provided by the custodian of certain assets, Great-West Life & Annuity Insurance Company, and the trustee of certain assets, Great-West Trust Company, LLC, and furnished to the Plan Administrator. The Plan Administrator obtained certifications from the custodian and trustee that the information provided to the Plan Administrator related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedules related to the following assets:

Investments, at fair value:		
Mutual funds	\$ 34,979,393	\$ 26,332,150

Note 3. Information Certified or Provided by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (Continued)

Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC also collectively certified to the completeness and accuracy of \$5,194,150 of net appreciation in the fair value of investments, \$941,209 of interest and dividends related to the aforementioned investments, and \$27,777 of interest income on notes receivable from participants for the year ended December 31, 2019.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018.

Mutual funds: Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end based on the publicly quoted market prices of these funds.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds, at fair value	\$ 34,979,393	\$ -	\$ -	\$ 34,979,393

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds, at fair value	\$ 26,332,150	\$ -	\$ -	\$ 26,332,150

Note 5. Fully Benefit-Responsive Investment Contract

The Plan has a traditional group annuity contract with Great-West Life & Annuity Insurance Company (GWLA) that invests contributions in the Guaranteed Interest Fund. The Guaranteed Interest Fund is a fixed annuity general account product. The account is credited with earnings on the underlying investment and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The crediting rate was 1.45% and 1.35% as of December 31, 2019 and 2018, respectively. The contract does not have a scheduled maturity date.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value, as reported to the Plan by GWLA represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following: (a) the Plan's failure to qualify under section 401(a) of the Internal Revenue Code (IRC) or the failure of the trust to be tax-exempt under section 501(a) of the IRC, (b) premature termination of the contract, (c) plan termination or merger, (d) change in the Plan's prohibition on competing investment options or (e) bankruptcy of the Plan Sponsor or other Plan Sponsor events that significantly affect the Plan's normal operations.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following: (a) an uncured violation of the Plan's investment guidelines, (b) a breach of material obligation under the contract, (c) a material misrepresentation or (d) a material amendment to the agreements without the consent of the issuer.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 6. Tax Status

The Plan has adopted a nonstandardized form of a prototype plan sponsored by Great-West Trust Company, LLC. The prototype plan has received an opinion letter from the Internal Revenue Service (IRS) as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended and restated from the version of the prototype plan receiving a determination letter. The Plan Administrator believes the Plan is designed and operated in compliance with the applicable provisions of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain income tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Great-West Capital Management, LLC, a wholly owned subsidiary of GWLA, the custodian; therefore, these transactions qualified as party-in-interest transactions. Fees paid by the Plan for investment management services were charged against Plan investment results.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2019 statement of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2019 and 2018:

Note 10. Prohibited Transactions

During 2019, the Plan Sponsor inadvertently failed to deposit \$1,416 of participant contributions within the required time frame as stated by DOL regulations. The Plan Sponsor intends to deposit lost earnings to correct the failures by 2021. The Plan Sponsor will file Form 5330 and pay applicable excise tax to the IRS. The correction and any excise taxes will be made from the Plan Sponsor's assets and not from assets of the Plan.
