To the Plan Administrator
Sibelco North America Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Sibelco North America Retirement Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by John Hancock Trust Company, LLC, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2019, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a) for the year ended December 31, 2019 and Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2019 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and are presented for the purpose of additional analysis, and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of Plan

The following description of Sibelco North America Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document, and any amendments thereto, for a more complete description of the Plan's provisions.

General

The Plan is designed as a safe harbor 401(k) defined contribution retirement plan covering all eligible employees of Sibelco North America, Inc. (the "Company"). All eligible employees age 21 or older may begin participating in the Plan on the first day of the month following their date of hire. Part-time or seasonal employees, as defined, may begin participating in the Plan after attaining age 21 and the completion of at least 1,000 hours of service. Non-resident aliens, independent contractors, residents of Puerto Rico, and temporary employees hired for the duration of a particular project or projects or for a finite period are excluded from participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company's Board of Directors is responsible for oversight of the Plan. The Plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors.

The Plan was formed with an effective date of January 1, 2019 as a spin-off from the Unimin Corporation Savings Plan. Participant account balance transfers to the Plan from the Unimin Corporation Savings Plan totaled $28,933,553 for the year ended December 31, 2019.

Contributions

Each year, participants may make salary deferral contributions to the Plan based upon a percentage (ranging from 1% to 80%) or a flat dollar amount of their pre-tax annual compensation, as defined by the Plan. Participants may designate all or a portion of their contributions as Roth deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make after-tax contributions to the Plan up to 10% of their pre-tax annual compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their pre-tax deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The deferral rate for automatically enrolled participants will increase by 1% each year on January 1st up to a maximum automatic deferral rate of 6%. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company is required to make safe harbor matching contributions to the Plan on behalf of each eligible participant equal to 100% of the first 1% of the participant's eligible compensation contributed as elective deferrals, plus 50% of the next 5% of the participant's eligible compensation contributed as elective deferrals. Employees covered by a collective bargaining (union) agreement are excluded from receiving any Company matching contributions, unless the terms of the bargaining agreement otherwise provide.

The Company's Board of Directors has also elected to make Transitional and Regular profit sharing contributions to the Plan. Eligible participants must be actively employed on the last day of the Plan year to share in an allocation of any profit sharing contributions. For periods between January 1, 2019 and December 31, 2023, the Company will make Transitional profit sharing contributions to the Plan equal to a percentage of the participant's eligible compensation based upon their employment classification as follows:

Classification	Transitional profit sharing percentage
Salaried employee	8%
Hourly employee	1%
Union employee	4%

Effective January 1, 2019, the Company will make Regular (non-transitional) profit sharing contributions to the Plan equal to a percentage of the participant's eligible compensation based upon their employment classification as follows:

Classification	Regular profit sharing percentage
Salaried employee	4%
Hourly employee	4%
Union employee	1%

Participants also direct the investment of their employer contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts
Each participant's account is credited with the participant's contributions and safe harbor matching contributions, as well as an allocation of any discretionary Transitional or Regular profit sharing contributions and Plan earnings. Participant accounts are also charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are vested immediately in their salary deferral contributions, rollover contributions and Transitional profit sharing contributions, plus actual earnings thereon. In the event of termination due to death, permanent and total disability or upon reaching normal retirement age, participants shall become 100% vested in the employer contribution portion of their account. For all other participants, vesting in the employer safe harbor matching contribution portion of their account is based on credited years of service, as defined by the Plan, according to the following schedule:

Years of service	Vested percentage
Less than 2	0%
2 or more	100%

Vesting in the Regular (non-transitional) profit-sharing contribution portion of participant accounts is based on credited years of service, as defined in the Plan, according to the following schedule:

Years of service	Vested percentage
Less than 3	0%
3 or more	100%

Participants who joined the Plan as a result of the spin-off from Unimin Corporation will continue to vest in their transferred account balances from the Unimin Corporation Savings Plan in accordance with its vesting provisions as of December 31, 2018.

Notes receivable from participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account. The loan interest rate is set at 1.50% above the prime rate at the time of the loan. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years, except for the purchase of a primary residence.

Payment of benefits
Upon termination of service for any reason, participants with a vested account balance less than $1,000 will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For participants with a vested account balance greater than $1,000, but less than $5,000, the Plan administrator will make a direct rollover of the participant's account to an individual retirement account designated by the Plan administrator. Participants with a vested account balance greater than $5,000 may defer payment of benefits until a later date. Qualifying participants may receive the value of the vested interest in their account in the form of a lump-sum, a single-sum distribution of a portion of their vested account balance or installment payments.

Withdrawals from the pre-tax and/or Roth salary deferral contribution portion of a participant's account may be made in the event of a financial hardship, in accordance with the provisions specified in the Plan. Participants who are at least 59½ years of age or who have reached normal retirement age may withdraw all or a portion of their vested account balance prior to termination. Participants may make withdrawals from the after-tax and rollover portions of their account at any time.

Forfeited accounts
At December 31, 2019, forfeited nonvested accounts totaled $534. These accounts will be used to reduce future employer contributions or to offset administrative expenses, as defined by the Plan. For the year ended December 31, 2019, forfeited nonvested accounts of $128 were utilized to reduce employer contributions.

Note 2 - Summary of accounting policies

Basis of presentation
The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount that participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment valuation and income recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes gains and losses on investments bought and sold as well, as held during the year.

Payment of benefits
Benefits are recorded when paid.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid directly by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants, distributions, and an asset-based investment management fee for certain investment options are charged directly to the respective participant's account and are included in administrative expenses. Other indirect investment related expenses are included in the net appreciation in fair value of investments.

Use of estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events
The Plan has evaluated subsequent events through January 20, 2021, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurement*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for the year ended December 31, 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds fund held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Contain investments in mutual funds, common stocks and interest-bearing cash. Mutual funds are valued at NAV in the same manner as noted in the previous paragraph. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded. Interest-bearing cash is valued at amortized cost, which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at fair value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 30,276,147	$ -	$ -	$ 30,276,147
Self-directed brokerage accounts	1,161,747	-	-	1,161,747
Total assets in the fair value hierarchy	$ 31,437,894	$ -	$ -	$ 31,437,894

For the year ended December 31, 2019, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Note 4 - Fully benefit-responsive investment contract

The Plan has entered into a traditional fully benefit-responsive guaranteed investment contract with New York Life Insurance Company ("New York Life") totaling $4,497,997 as of December 31, 2019. New York Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. The crediting rate is reviewed semi-annually for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by New York Life, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Note 5 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2019, and investment income and interest income on notes receivable from participants for the year ended December 31, 2019, that are disclosed in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i), were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee of the Plan.

Note 6 - Plan termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Tax status

The Plan has been designed using a volume submitter profit sharing plan document sponsored by John Hancock Retirement Plan Services, LLC. John Hancock Retirement Plan Services, LLC received an advisory letter dated May 27, 2015, in which the IRS stated that the volume submitter profit sharing plan, as then designed, satisfies the applicable requirements of the Internal Revenue Code (the "IRC"). Although the Plan itself has not received a determination letter from the IRS, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan and the related trust are tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 - Related party and party-in-interest transactions

Plan investments include a variety of mutual funds and a guaranteed investment contract managed by John Hancock Trust Company, LLC. John Hancock Trust Company, LLC is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Plan investments also include self-directed brokerage accounts managed by TD Ameritrade Retirement Services, which is also considered a party-in-interest. Indirect fees incurred by the Plan for investment management services are included in the net appreciation in fair value of investments. Administrative expenses paid directly from Plan assets to the trustee amounted to $8,466 for the year ended December 31, 2019. The Plan sponsor pays directly any other fees related to the Plan's operations. The Plan allows participants to take loans against their account balances, which are also considered exempt party-in-interest transactions.

At December 31, 2019, the Plan's revenue sharing account totaled $6,582. This account is used to pay Plan expenses and any excess amounts may be re-allocated to participants' accounts. The Plan received revenue sharing credits from John Hancock Trust Company, LLC in the amount of $6,524 for the year ended December 31, 2019, which is shown as other income in the accompanying financial statements. There were no amounts utilized from the revenue sharing account during the year ended December 31, 2019.

Note 10 - Nonexempt transactions

As reported on the supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a), certain Plan contributions were not remitted to the Plan within the time frame specified by the DOL's Regulation 29 CFR2510.3-102, thus constituting nonexempt transactions between the Plan and the Company for the year ended December 31, 2019. The Company is currently working with the Plan's third-party administrator to calculate a corrective contribution of lost earnings that will be deposited into the Plan and allocated to any affected participants. The Company believes that these transactions should not affect the tax-qualified status of the Plan.

Note 11 - Subsequent event

In early 2020, an outbreak of a novel strain of coronavirus ("COVID-19") emerged globally. As a result, events have occurred domestically in the United States and globally, including mandates from federal, state and local authorities, leading to an overall decline in economic activity. The continuation of the effects of COVID-19 could result in significant disruption of global financial markets; however, the ultimate impact of COVID-19 on the financial performance of the Plan's investments cannot be reasonably estimated at this time. Due to COVID-19, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was enacted in 2020. Portions of the CARES Act make changes to existing law relating to the amount and circumstances permitting penalty-free distributions. Plan management intends to evaluate the CARES Act to determine if changes to the Plan are necessary as a result.
