Contributions

Eligible employees are automatically enrolled to defer 3% of their compensation as defined in the Plan, unless they choose to defer a different amount, including zero. Employees may elect to make pre-tax contributions and/or Roth contributions in an amount up to 100% of their annual eligible salary, not to exceed limits imposed by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Each participant may elect to have their individual account invested in any combination of funds held by the Plan custodian.

The Company may also make a matching contribution at a discretionary amount and percentage of employee contributions. Employees must be employed by the Company on the last day of the Plan year to be eligible for the discretionary match. During the year ended June 30, 2020, the Company did not make any discretionary matching contributions.

Participant Accounts

Each participant’s account is credited with the participant’s and employer’s contributions and an allocation of net earnings from investments and changes in investment values. Allocations are based on participant’s contributions, earnings, or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant’s vested account balance.

Vesting

Participants immediately vest 100% in their salary deferral contributions, qualified rollovers or transfers from other retirement plans, and all earnings thereon. Participants become vested in the Company discretionary matching contributions as follows: 20 percent after two years of service, increasing by 20 percent each year of service thereafter. After six years of service, participants are fully vested in the Company discretionary matching contributions.

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Forfeitures

Forfeitures may be used first to reduce the Plan's administrative expenses and then to fund any future Company contributions. At June 30, 2020 and 2019, there were no forfeitures available to offset Plan expenses. During the year ended June 30, 2020, no forfeitures were used to reduce Plan expenses or fund any Company contributions.

Notes Receivable from Participants

Participants may borrow from their vested interest in their account in the form of a loan. Loans bear interest at prevailing market rates and generally must be repaid within fifteen years. Loans to participants are stated at the principal amount outstanding, which approximates fair value. Participants may only have one loan outstanding at any time.

Payment of Benefits

Upon termination of employment due to retirement, death, disability or separation from service, the balances in the participants' accounts will be distributed to the participants or to their beneficiaries in either a lump sum, equal installments in the form of nontransferable annuity, or some combination of the foregoing, at the election of the beneficiary.

Administrative Expenses

Administrative expenses recorded in the Plan represent custodial fees and other third-party administration fees paid directly by the Plan to the respective service provider, in accordance with the Plan document. The Company, as Plan sponsor, pays the administrative costs of the Plan associated with Plan communication and auditing.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are stated at fair value and contract value as certified by the Plan's custodian. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gain and losses on investments bought and sold as well as held during the year.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

In preparing the accompanying financial statements, management has considered events that have occurred after June 30, 2020, through January 15, 2021, the date these financial statements were available for issuance.

Use of Estimates

In preparing the financial statements in accordance with accounting principles generally accepted in the United States of America, management makes estimates and assumptions which affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

COVID-19

In March 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. The potential economic impact to the Plan and its sponsor is difficult to assess and will depend upon future developments that cannot be reasonably predicted.

The Plan has implemented certain requirements of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act), which provides eligible individuals with coronavirus-related relief for loan repayment, suspends required minimum distributions, and delays the commencement date for required minimum distributions. The plan has implemented the optional features within this act. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

NOTE 3: INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

Information contained in the accompanying financial statements and supplemental schedule that was certified by the custodian as to completeness and accuracy includes:

- Details (cost, market, and contract value) and summaries of investments held at June 30, 2020 and 2019.
- Summaries of investment income and transactions for the year ended June 30, 2020.

NOTE 4: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1) Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2) Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3) Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

Common/collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments or redemption restrictions as of June 30, 2020 and 2019.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2020 and 2019:

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,264,602	-	-	$ 6,264,602
Total assets in the fair value hierarchy	6,264,602	-	-	6,264,602
Investments measured at NAV (practical expedient)				-
Investments at fair value				$ 6,264,602

	2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,904,280	-	-	$ 5,904,280
Total assets in the fair value hierarchy	5,904,280	-	-	5,904,280
Investments measured at NAV (practical expedient)				-
Investments at fair value				$ 5,904,280

NOTE 5: STABLE VALUE INVESTMENT CONTRACT

The Plan has a fully benefit-responsive group annuity contract with Standard Insurance Company (The Standard), which is called the Standard Stable Asset Fund (the Investment Contract). The Standard maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses. The Standard is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan, determined quarterly.

Because the Investment Contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Investment Contract. Contract value, as reported to the Plan by The Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with The Standard. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The Standard may not terminate the Investment Contract at any amount less than the contract value.

The Investment Contract totaled $293,925 and $278,671 as of June 30, 2020 and 2019, respectively.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan sponsor reserves the right to terminate the Plan at any time. In the event of Plan termination, all accounts become fully vested and non-forfeitable. Plan assets would first be used to pay any expenses properly charged to the Plan. The remainder would then be distributed to participants in a lump sum.

NOTE 7: TAX STATUS

On March 31, 2014, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7: TAX STATUS (CONTINUED)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognizes tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8: PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments include shares of registered investment company funds managed by Standard Insurance Company. As Standard Insurance Company is the recordkeeper of the Plan, transactions with this entity qualify as exempt party-in-interest transactions.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10: EXCESS CONTRIBUTIONS PAYABLE

The Plan failed the discrimination testing for the years ended June 30, 2020 and 2019. At June 30, 2020 and 2019, liabilities of $95,482 and $43,951, respectively, are recorded in the accompanying statements of net assets available for benefits. The Plan has refunded the excess contributions for the year ended June 30, 2020, subsequent to year end. The excess contributions payable as of June 30, 2019, were refunded during the year ended June 30, 2020.

NOTE 11: NON-EXEMPT TRANSACTIONS

During the Plan years ended June 30, 2020 and 2019, the Company failed to remit to the Plan's custodian certain employee contributions totaling $8,362 and $36,920, respectively, within the period prescribed by the Department of Labor regulations. Delays in remitting contributions to the custodian were due to administrative errors. The Company will make contributions to affected participants' accounts to compensate those participants for potential lost earnings due to the delay. Corrective contributions for late remittances which occurred during the year ended June 30, 2020, are expected to be made during the year ended June 30, 2021. Corrective contributions for late remittances which occurred during the year ended June 30, 2019, were made during the year ended June 30, 2020.
