HRMD MANAGEMENT 401(K) AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018 (AUDITED) and 2017 (COMPILED)

1. PLAN DESCRIPTION

The following description of the HRMD Management 401(k) and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan was created on January 1, 2017. The Plan is a defined contribution plan covering substantially all employees of HRMD Management, LLC (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration
The Company is the sponsor of the Plan. Two employees, at management level positions within the Company, serve as the trustees of the Plan. Saturna Trust Company (Saturna) is the custodian and third-party administrator (TPA) of the Plan.

Eligibility
Upon inception, employees of the Company that are not nonresident aliens or represented by a collective bargaining agreement are eligible to participate in the Plan upon the completion of 3 months of service and attainment of the age 21. Effective September 7, 2018, eligibility requirements were amended to be 60 days of service and attainment of age 21. Contributions begin on the first of the month following completion of each of these eligibility requirements.

Contributions
The Plan allows participants to contribute up to 100% of their annual compensation, subject to certain limitations of the Plan and the Internal Revenue Code (IRC). Participants may direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan.

Upon inception, the Company, contributes an amount equal to 100% of the elective deferral contributions up to 2% and 50% of the elective deferral contributions in excess of 2%, but not to exceed 5%. Effective September 7, 2018, the Company amended the Plan to include a safe harbor provision, which increased the employer match to be 100% of the elective deferral contribution up to 3% and 50% of the participant's deferral up to 5%. The Company may also make a discretionary profit sharing contribution on behalf of participants. The Company elected not to make any discretionary profit sharing contributions during 2019 and 2018.

Participant Accounts
Each participant's account is credited with the participant's contributions, the Company's safe harbor matching and discretionary contributions and actual earnings and losses thereon. Plan expenses are allocated based on participant account balances, according to specific terms provided by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions, safe harbor matching contributions, and actual earnings and losses thereon. Participant's become 100% vested in discretionary profit sharing contributions after three years of service.

1. PLAN DESCRIPTION (Continued)

Notes Receivable from Participants

Participants may borrow up to the lesser of $50,000 or 50% of their vested account balance. Principal and interest is paid ratably through payroll deductions for a period not to exceed five years, unless they are used to purchase a primary residence, in which case the Plan administrator may permit terms up to fifteen years. Notes receivable are secured by the participant's account and bear interest at a fixed rate of Prime plus 1%. Notes receivable are measured at the unpaid principal balance plus any accrued but unpaid interest. The Plan allows for participants to have one active loan. Notes receivable in default must be paid before another loan may be issued. Delinquent loans are treated as distributions based upon ERISA, IRS, and Plan document provisions.

Benefit Payments

The Plan provides for benefit payments upon termination of service due to death, disability or attainment of retirement age. Participants may elect disbursement of their vested account balance in either a lump-sum amount or direct rollover into an individual retirement account or another qualified plan. The normal retirement age is the date a participant reaches the age of 65. Additionally, the Plan provides for in-service withdrawals allowed from rollover contributions at any time. The Plan requires in-service distributions to actively-employed participants that have reached the age of 59 ½.

Benefit payments from the Plan will be made in a lump sum distribution if the balance is less than $5,000 and the participant does not direct the Plan otherwise.

Hardship Withdrawals

Hardship withdrawals from the Plan are permitted from a participant's account dependent on qualifying expenses and can only be made from accounts which are 100% vested.

Administrative Expenses

The Plan pays certain administrative expenses associated with the administration of the Plan. Certain administrative expenses are paid by the Company and are excluded from these financial statements.

Forfeitures

Forfeitures of non-vested account balances are used to offset Plan expenses or reduce employer matching contributions. There were no forfeitures during 2019 and 2017. During 2018, Plan expenses of $988 were paid from forfeited non-vested accounts.

Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, all participant accounts would become fully vested.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments and Income Recognition
Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are reflected on a trade date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurements – Definition and Hierarchy
FASB Accounting Standards Codification (ASC) 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Section 820 are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs to the valuation methodology include:
    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability;
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

See Note 4 for a description of where the Plan's assets fall within the fair value hierarchy.

Risks and Uncertainties
Investment securities are exposed to various risks, such as interest rate, market, economic conditions, world affairs, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the accompanying financial statements.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based in accordance with the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Benefit Payments
Benefits are recorded when paid.

Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. CERTIFIED INVESTMENT INFORMATION

The following information was certified as complete and accurate by Saturna as of December 31, 2019, 2018 and 2017 and is included in the financial statements and accompanying supplemental schedule:

Schedule of assets (held at end of year)	Schedule I	Schedule II	

4. FAIR VALUE MEASUREMENTS

The Plan's assets at fair value, within the fair value hierarchy, are as follows at December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 957,808	$ -	$ -	$ 957,808

The Plan's assets at fair value, within the fair value hierarchy, are as follows at December 31, 2018:

	Level 1	Level 2	Level 3	Total

4. FAIR VALUE MEASUREMENTS (Continued)

The Plan's assets at fair value, within the fair value hierarchy, are as follows at December 31, 2017 (compiled):

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 135,721	$ -	$ -	$ 135,721

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: valued at fair value based on quoted market prices.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value at the reporting date.

5. PARTY-IN-INTEREST TRANSACTIONS

Saturna is the custodian of the Plan assets. As such, transactions involving Saturna, the Company and the Plan qualify as party-in-interest transactions. Additionally, transactions involving the notes receivable from participants qualify as party-in-interest transactions, as well as between the Company and the Plan.

6. INCOME TAX STATUS

The Plan is based on an IRS approved prototype plan provided by Saturna. The IRS has determined, by the letter dated May 1, 2017, that the written form of the underlying prototype plan document is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Plan itself has not received a determination letter from the IRS. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. SUBSEQUENT EVENTS

The United States is presently in the midst of a global health emergency related to a virus, commonly known as Novel Coronavirus (COVID-19). The overall consequences of COVID – 19 on a global, national, regional and local level are unknown, but it has the potential to result in a significant economic impact. The impact of this situation on the Company and its future results and financial position is not presently determinable.

Effective January 1, 2020, the Company amended the Plan to remove the safe harbor provision. The eligibility requirements remained the same with attaining 21 years of age and 60 days of service. The employer match is equal to 100% of participant's elected deferral up to 1% with a five-year graded vesting schedule with a 20% increase each year.

8. SUBSEQUENT EVENTS (Continued)

On March 27, 2020, the President of the United States of America signed into law the Coronavirus Aid, Relief and Economic Security Act (CARES Act), which could change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayments, suspend required minimum distributions, and delay the commencement of required minimum distributions. Participants are also able to take coronavirus-related distributions and the availability of loans under the Plan increased to a $100,000 maximum. The optional features within this act are currently being assessed but have not been implemented to date.

Subsequent events have been evaluated through December 7, 2020, which is the date the financial statements were available to be issued.
