Report of Independent Auditor

To the Plan Administrator
Bluehawk LLC 401(k) Profit Sharing Plan and Trust
West Palm Beach, Florida

We have audited the accompanying financial statements of Bluehawk LLC 401(k) Profit Sharing Plan and Trust (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

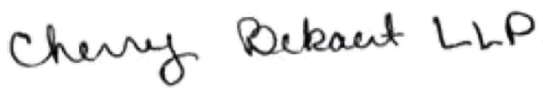

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2019, and the changes in its net assets available for benefits for the year ended December 31, 2019 in accordance with accounting principles generally accepted in the United States of America.

Report on Compiled 2018 Financial Statement

Plan management is responsible for the accompanying financial statement of Bluehawk LLC 401(k) Profit Sharing Plan and Trust, which comprise the statement of net assets available for benefits as of December 31, 2018. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion or provide any form of assurance on the financial statement.

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2019 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Note 1—Description of the Plan

The following brief description of the Bluehawk LLC 401(k) Profit Sharing Plan and Trust and Trust (the "Plan") is provided for general information purposes only. Reference should be made to the amended and restated Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering certain employees of Bluehawk LLC (the "Company" and "Employer") who have attained employment at the Company. All employees except for employees included in a unit of employees covered by a collective bargaining agreement, nonresident aliens, and employees acquired in an asset or stock acquisition or merger.

Administration – The Company is the Plan sponsor. The Company outsourced the recordkeeping function of the Plan to Paychex, Inc. (the "Custodian") and the Custodian holds the assets of the Plan. Certain administrative functions are performed by employees of the Company. These employees do not receive compensation from the Plan.

Participant Contributions – Participants may contribute up to 92% of pretax annual compensation, as defined by the Plan, and no more than the maximum amount permitted by law subject to certain Internal Revenue Code ("IRC") limitations. The maximum contribution limit for 2019 was $19,000. Participants who are 50 years or older during the Plan year may make additional pretax contributions referred to as catch-up contributions. The limit on catch-up contributions for 2019 was $6,000. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer Contributions – The Company contributes 100% matching contribution up to the first 3% of a participant's salary deferral and an additional 50% matching contribution on the next 2% of salary deferral as part of the safe harbor matching contributions. The Company may make additional matching contributions based on a percentage of participants' deferrals, which the Company will determine each year. There were no discretionary matching contributions made during 2019. The Company may also make a discretionary profit-sharing contribution each year on behalf of the Plan's participants. Participants are subject to certain requirements to receive the Company's discretionary profit-sharing contribution. There was no discretionary profit-sharing contribution made during 2019. The Company may also make a qualified non-elective contribution for each year based on a pro rata compensation formula. There were no qualified non-elective contribution made during 2019. The matching contribution is invested as directed by the participant.

Participant Accounts – Each participant's account is credited with the participant's and Company's matching contributions and an allocation of (a) the Company's discretionary matching contributions, (b) the Company's discretionary profit-sharing contribution, (c) the Company's qualified non-elective contribution, and (d) investment earnings or losses (including net appreciation and depreciation in fair value of investments), and charged with an allocation of administrative expenses not paid by the Company. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1—Description of the Plan (continued)

Vesting – Participants have a fully vested and nonforfeitable interest in their voluntary contributions and Company matching contributions plus earnings thereon. Vesting in Company matching contributions and employer profit sharing contributions is based on years of service. Each participants vesting schedule is as follows:

	Vested Percentage	
Years of Service	Employer Profit Sharing	Employer Match
Less than 2	0%	0%
2	20%	25%
3	40%	50%
4	60%	75%
5	80%	100%
6	100%	100%

Regardless of the vesting schedule, participants are fully vested upon death or disability.

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by their highest outstanding note balance during the past 12 months or 50% of their vested interest, subject to certain Plan restrictions. The notes are secured by the balance in the participant's account and bear interest at prime plus 2%. Notes must be repaid within five years. If the note is made for the purchase of a participant's residence, the note may be repaid over a reasonable period of time longer than five years, up to 30 years. Principal and interest are paid ratably through payroll deductions.

Benefits and Payments – On termination of service due to death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in their account. Participants that have reached the age 70½ may be required to take certain minimum distributions. Participants may also withdraw all or any part of their vested account balance after having attained age 59½ or incurred a disability in accordance with the Plan. In-service withdrawals after having attained age 62 are permitted if the amounts withdrawn have been allocated for two years, and the participant has participated in the Plan for at least five years.

Forfeited Accounts – Forfeited nonvested accounts totaled $4,925 at December 31, 2019. These accounts may be used to reduce future Employer contributions and fees. Forfeitures of $1,371 were used in 2019.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date and interest income is recognized when earned. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2—Summary of significant accounting policies (continued)

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Such estimates include those regarding fair value. Actual results could differ from those estimates.

Benefits Paid to Participants – Benefits are recorded when paid.

Administrative Expenses – Administrative expenses paid directly by the Company on behalf of the Plan include legal fees and accounting fees and are excluded from these financial statements. Expenses paid by the Plan include third party administration fees and investment fees.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent loans are treated as deemed distributions based upon the terms of the Plan document.

Note 3—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant becomes fully vested with the amount of credit in their individual account and under no conditions will any part of the account revert to the Company.

Note 4—Tax status

The Plan is a Non-Standardized Prototype Plan ("Prototype Plan") adopted by the Company. The Company received an opinion letter from the Internal Revenue Service ("IRS"), dated April 10, 2014, which states the Prototype Plan satisfies the applicable provisions of the IRC. The Company and the Plan administrator believe the Plan is designed and operated in compliance with the applicable requirements of the IRC, the Plan and related trust continue to be tax-exempt, and the Plan has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 5—Party-in-interest transactions

Fees paid by the Plan for investment expenses to a third party administration, as well as participant loan fees, amounted to $600 for the year ended December 31, 2019.

Note 6—Fair value measurements

Fair value measurements and disclosures provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no significant changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified within level 1 of the valuation hierarchy.

Money Market Fund – This investment is a public investment vehicle valued using the NAV provided by the administrator of the fund. The underlying assets are generally comprised of short-term securities representing high quality, liquid debt, and monetary assets. The Custodian establishes the market and quotes the price, on a daily basis, that is available to market participants, which is a market approach to valuation. The money market fund is classified within level 2 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 6—Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value at December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 190,725	$ -	$ -	$ 190,725
Money market fund	-	6,509	-	6,509
Total assets in the fair value hierarchy	$ 190,725	$ 6,509	$ -	$ 197,234

	Assets at Fair Value at December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 214,001	$ -	$ -	$ 214,001
Money market fund	-	3,795	-	3,795
Total assets in the fair value hierarchy	$ 214,001	$ 3,795	$ -	$ 217,796

Note 7—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8—Subsequent events

The Plan has evaluated subsequent events for potential recognition and/or disclosure in the December 31, 2019 financial statements through January 20, 2021, which is the date the financial statements were available to be issued.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets, and a significant negative impact on the global economy. As a result, the Plan Sponsor may experience loss of sales and profits and other material adverse effects which may affect the value of the Plan Sponsor stock. The amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. During 2020, the COVID-19 outbreak could materially and adversely affect the Plan and the Plan Sponsor operations and performance. Government-imposed stay-at-home orders, social distancing, and various other orders and guidelines have caused market performance of the investments to decline.

In addition, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was signed into law which provides plan, plan sponsor, and participant relief in response to the pandemic. The primary feature within these provisions, applicable to the Plan, provide for the waiving of required minimum distributions for the 2020 Plan year. Additionally, the CARES Act provisions approved by the committee provide for significant changes to new loans and distributions. Loan limits are increased to the lesser of $100,000 or 100% of participants' vested account balances. For distributions, participants negatively impacted by the COVID-19 outbreak can withdraw up to $100,000 without being charged a 10% early withdrawal penalty for the 2020 Plan year. The mandatory 20% tax withholding for such distributions is also suspended.

Report of Independent Auditor

To the Plan Administrator
Bluehawk LLC 401(k) Profit Sharing Plan and Trust
West Palm Beach, Florida

We have audited the accompanying financial statements of Bluehawk LLC 401(k) Profit Sharing Plan and Trust (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

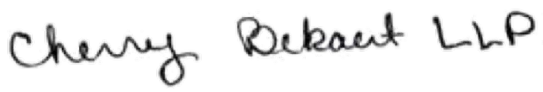

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2019, and the changes in its net assets available for benefits for the year ended December 31, 2019 in accordance with accounting principles generally accepted in the United States of America.

Report on Compiled 2018 Financial Statement

Plan management is responsible for the accompanying financial statement of Bluehawk LLC 401(k) Profit Sharing Plan and Trust, which comprise the statement of net assets available for benefits as of December 31, 2018. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion or provide any form of assurance on the financial statement.

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2019 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Note 1—Description of the Plan

The following brief description of the Bluehawk LLC 401(k) Profit Sharing Plan and Trust and Trust (the "Plan") is provided for general information purposes only. Reference should be made to the amended and restated Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering certain employees of Bluehawk LLC (the "Company" and "Employer") who have attained employment at the Company. All employees except for employees included in a unit of employees covered by a collective bargaining agreement, nonresident aliens, and employees acquired in an asset or stock acquisition or merger.

Administration – The Company is the Plan sponsor. The Company outsourced the recordkeeping function of the Plan to Paychex, Inc. (the "Custodian") and the Custodian holds the assets of the Plan. Certain administrative functions are performed by employees of the Company. These employees do not receive compensation from the Plan.

Participant Contributions – Participants may contribute up to 92% of pretax annual compensation, as defined by the Plan, and no more than the maximum amount permitted by law subject to certain Internal Revenue Code ("IRC") limitations. The maximum contribution limit for 2019 was $19,000. Participants who are 50 years or older during the Plan year may make additional pretax contributions referred to as catch-up contributions. The limit on catch-up contributions for 2019 was $6,000. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer Contributions – The Company contributes 100% matching contribution up to the first 3% of a participant's salary deferral and an additional 50% matching contribution on the next 2% of salary deferral as part of the safe harbor matching contributions. The Company may make additional matching contributions based on a percentage of participants' deferrals, which the Company will determine each year. There were no discretionary matching contributions made during 2019. The Company may also make a discretionary profit-sharing contribution each year on behalf of the Plan's participants. Participants are subject to certain requirements to receive the Company's discretionary profit-sharing contribution. There was no discretionary profit-sharing contribution made during 2019. The Company may also make a qualified non-elective contribution for each year based on a pro rata compensation formula. There were no qualified non-elective contribution made during 2019. The matching contribution is invested as directed by the participant.

Participant Accounts – Each participant's account is credited with the participant's and Company's matching contributions and an allocation of (a) the Company's discretionary matching contributions, (b) the Company's discretionary profit-sharing contribution, (c) the Company's qualified non-elective contribution, and (d) investment earnings or losses (including net appreciation and depreciation in fair value of investments), and charged with an allocation of administrative expenses not paid by the Company. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1—Description of the Plan (continued)

Vesting – Participants have a fully vested and nonforfeitable interest in their voluntary contributions and Company matching contributions plus earnings thereon. Vesting in Company matching contributions and employer profit sharing contributions is based on years of service. Each participants vesting schedule is as follows:

	Vested Percentage	
Years of Service	Employer Profit Sharing	Employer Match
Less than 2	0%	0%
2	20%	25%
3	40%	50%
4	60%	75%
5	80%	100%
6	100%	100%

Regardless of the vesting schedule, participants are fully vested upon death or disability.

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by their highest outstanding note balance during the past 12 months or 50% of their vested interest, subject to certain Plan restrictions. The notes are secured by the balance in the participant's account and bear interest at prime plus 2%. Notes must be repaid within five years. If the note is made for the purchase of a participant's residence, the note may be repaid over a reasonable period of time longer than five years, up to 30 years. Principal and interest are paid ratably through payroll deductions.

Benefits and Payments – On termination of service due to death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in their account. Participants that have reached the age 70½ may be required to take certain minimum distributions. Participants may also withdraw all or any part of their vested account balance after having attained age 59½ or incurred a disability in accordance with the Plan. In-service withdrawals after having attained age 62 are permitted if the amounts withdrawn have been allocated for two years, and the participant has participated in the Plan for at least five years.

Forfeited Accounts – Forfeited nonvested accounts totaled $4,925 at December 31, 2019. These accounts may be used to reduce future Employer contributions and fees. Forfeitures of $1,371 were used in 2019.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date and interest income is recognized when earned. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2—Summary of significant accounting policies (continued)

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Such estimates include those regarding fair value. Actual results could differ from those estimates.

Benefits Paid to Participants – Benefits are recorded when paid.

Administrative Expenses – Administrative expenses paid directly by the Company on behalf of the Plan include legal fees and accounting fees and are excluded from these financial statements. Expenses paid by the Plan include third party administration fees and investment fees.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent loans are treated as deemed distributions based upon the terms of the Plan document.

Note 3—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant becomes fully vested with the amount of credit in their individual account and under no conditions will any part of the account revert to the Company.

Note 4—Tax status

The Plan is a Non-Standardized Prototype Plan ("Prototype Plan") adopted by the Company. The Company received an opinion letter from the Internal Revenue Service ("IRS"), dated April 10, 2014, which states the Prototype Plan satisfies the applicable provisions of the IRC. The Company and the Plan administrator believe the Plan is designed and operated in compliance with the applicable requirements of the IRC, the Plan and related trust continue to be tax-exempt, and the Plan has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 5—Party-in-interest transactions

Fees paid by the Plan for investment expenses to a third party administration, as well as participant loan fees, amounted to $600 for the year ended December 31, 2019.

Note 6—Fair value measurements

Fair value measurements and disclosures provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no significant changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified within level 1 of the valuation hierarchy.

Money Market Fund – This investment is a public investment vehicle valued using the NAV provided by the administrator of the fund. The underlying assets are generally comprised of short-term securities representing high quality, liquid debt, and monetary assets. The Custodian establishes the market and quotes the price, on a daily basis, that is available to market participants, which is a market approach to valuation. The money market fund is classified within level 2 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 6—Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value at December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 190,725	$ -	$ -	$ 190,725
Money market fund	-	6,509	-	6,509
Total assets in the fair value hierarchy	$ 190,725	$ 6,509	$ -	$ 197,234

	Assets at Fair Value at December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 214,001	$ -	$ -	$ 214,001
Money market fund	-	3,795	-	3,795
Total assets in the fair value hierarchy	$ 214,001	$ 3,795	$ -	$ 217,796

Note 7—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8—Subsequent events

The Plan has evaluated subsequent events for potential recognition and/or disclosure in the December 31, 2019 financial statements through January 20, 2021, which is the date the financial statements were available to be issued.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets, and a significant negative impact on the global economy. As a result, the Plan Sponsor may experience loss of sales and profits and other material adverse effects which may affect the value of the Plan Sponsor stock. The amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. During 2020, the COVID-19 outbreak could materially and adversely affect the Plan and the Plan Sponsor operations and performance. Government-imposed stay-at-home orders, social distancing, and various other orders and guidelines have caused market performance of the investments to decline.

In addition, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was signed into law which provides plan, plan sponsor, and participant relief in response to the pandemic. The primary feature within these provisions, applicable to the Plan, provide for the waiving of required minimum distributions for the 2020 Plan year. Additionally, the CARES Act provisions approved by the committee provide for significant changes to new loans and distributions. Loan limits are increased to the lesser of $100,000 or 100% of participants' vested account balances. For distributions, participants negatively impacted by the COVID-19 outbreak can withdraw up to $100,000 without being charged a 10% early withdrawal penalty for the 2020 Plan year. The mandatory 20% tax withholding for such distributions is also suspended.
