COMPLIANCE STAFFING AGENCY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
MARCH 29, 2019 AND DECEMBER 31, 2018

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Compliance Staffing Agency 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General - The Plan covers substantially all U.S. employees of Compliance Staffing Agency except for union, nonresident aliens and leased employees. Eligibility is achieved through attaining the age of 21 and completing one year of service. Active employees can enter the Plan on the first day of the Plan year quarter coinciding with the date requirements are met. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective December 31, 2018, the administrative committee of Frank Calandra, Inc. (FCI) formally amended its plan to include Compliance Staffing Agency employees within the FCI and Calandra Group 401(k) & Profit Sharing Plan. The separate existence of the Plan continued through March 29, 2019, at which point Plan assets were transferred into the FCI and Calandra Group 401(k) & Profit Sharing Plan. Effective January 1, 2019, all employee contributions were made to the FCI and Calandra Group 401(k) & Profit Sharing Plan.

Contributions - A participating employee may elect to make salary reduction contributions to the Plan through payroll deductions based on a percentage of the participant's earnings not to exceed 100% of such earnings, subject to Internal Revenue Code (IRC) limitations. The Company makes safe harbor matching contributions to the Plan equal to 100% of the participant's contributions, not to exceed 3% of the participant's compensation, plus 50% of the amount of the participant's elective deferrals that exceed 3% of the participant's compensation but do not exceed 5%. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct their contributions into various investment options offered by the Plan.

Participant Accounts - Each participant's account is credited with the participant's contribution and safe harbor matching contributions, as well as allocations of the Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions and safe harbor matching contributions plus actual earnings thereon.

Payment of Benefits - Upon termination of service or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan also permits hardship and in-service withdrawals.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by the Plan administrator in the preparation of the accompanying financial statements follows:

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the custodian. (See Note 4 for a discussion of fair value measurement.)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from the financial statements. Fees related to the administration of the Plan and benefit payments are charged directly to the participant's account and included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events - The Plan has evaluated subsequent events through January 27, 2021, the date the financial statements were available to be issued.

NOTE 3 - CERTIFIED INVESTMENTS

All information related to investments disclosed in the accompanying financial statements, including investments at March 29, 2019 and December 31, 2018, and net appreciation in fair value of investments for the period January 1, 2019 through March 29, 2019, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Nationwide Trust Company, FSB and/or Nationwide Life Insurance Company (the custodian and trustee of the Plan).

NOTE 4 - FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds and Money Market Funds - Valued at the daily closing price as reported by the fund. Mutual funds and money market funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. Funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, with the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 526,292	-	-	$ 526,292

All assets of the Plan were transferred to the FCI and Calandra Group 401(k) & Profit Sharing Plan as of March 29, 2019.

NOTE 5 - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Nationwide Trust Company, FSB and/or Nationwide Life Insurance Company, the custodian and trustee of the Plan, therefore these transactions qualify as party-in-interest transaction. Certain administrative functions are performed by officers or employees of the Company and no cost to the Plan.

NOTE 6 - TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator believes that the Plan is no longer subject to income tax examinations for the years prior to 2016.

NOTE 7 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in value will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at March 29, 2019 and December 31, 2018, to form 5500:
