403(b) Thrift Plan of Recovery Resources

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the 403(b) Thrift Plan of Recovery Resources (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Mutual of America Life Insurance Company, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the custodian is complete and accurate.

In addition, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements have been affected by these conditions.

Further, as described in Note 10, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the accompanying statement of changes in net assets available for benefits. Under accounting principles generally accepted in the United States of America, these accounts and the related income and distributions should have been included in the accompanying financial statements. The amounts of these excluded annuity and custodial accounts and the related income and distributions are not determinable.

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraphs, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of December 31, 2019 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. This supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraphs, we do not express an opinion on the supplemental schedule.

403(b) Thrift Plan of Recovery Resources

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the 403(b) Thrift Plan of Recovery Resources (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Recovery Resources (the Company), except for students hired under a work study program. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: Participants may contribute up to the maximum amount of pretax annual compensation as defined by the Plan and allowable under the Internal Revenue Code (IRC). To be eligible for the Company's contribution, a participant must have attained at least one year of employment in which they have been credited with 1,000 hours of service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, as allowable under the IRC. Also, any participant who has 15 years of service with a qualified organization may make Special Code Section 403(b) Catch-up Contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company contributes the lesser of 50% of a participant's deferral or 2.5% of a participant's eligible compensation.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings. Allocations are based on participant account balances or employee compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Participants hired prior to January 1, 2008 are immediately vested in the Company's contributions plus actual earnings thereon. Participants hired on or after January 1, 2008 are vested in the Company's contributions plus actual earnings thereon based on years of continuous service. These participants earn 33% vesting after 2 years of service, 66% vesting after 3 years of service and 100% vesting after 4 years of service.

Forfeited accounts: Forfeitures are first used to pay certain administrative expenses of the Plan and any remaining amount of forfeitures is used to reduce future Company contributions. Forfeitures applied to Company contributions for the year ended December 31, 2019 was approximately \$8,300. At December 31, 2019 and 2018, there was \$658 and \$529, respectively, of forfeitures available to be used to reduce future employer contributions.

Investment options: Upon enrollment in the Plan, participants may direct their contributions into a variety of investment choices offered by the Plan. The Plan currently offers various pooled separate accounts and an investment in funds held in an insurance company general account as investment options for participants. Participants may change their investment options at any time.

Payment of benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a fixed period of years not to extend beyond the participant's life expectancy. Participants who make an in-service withdrawal upon attainment of age 59½ or terminated participants who have attained age 55 may also elect to receive either a lump-sum amount or installments over a fixed period of years. Participants who request in-service withdrawals due to financial hardship may only receive a lump-sum distribution.

Administrative expenses: Administrative expenses of the Plan are paid by the Company or the Plan, at the Company's discretion. The expenses paid by the Company are not reflected in the accompanying financial statements.

403(b) Thrift Plan of Recovery Resources

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value (except for a fully benefit-responsive contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions: Participant and employer contributions are recognized when the participant contributions are withheld from the participant's earnings.

Payment of benefits: Benefits are recorded when paid.

Recently issued accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement, which modifies the disclosure requirements for fair value measurements by removing, modifying, and adding certain disclosures. ASU 2018-13 is effective for the Plan for fiscal years beginning after December 31, 2019. The Plan is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through January 19, 2021 the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Mutual of America Life Insurance Company

The following is a summary of the Plan's asset information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the custodian, Mutual of America Life Insurance Company, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets.

Note 3. Information Certified and Provided by Mutual of America Life Insurance Company (Continued)

	2019	2018
Investments, at fair value:		
Pooled separate accounts	\$ 2,977,387	\$ 2,445,736
Investment, at contract value:		
General account investment contract	431,157	493,515
Total	\$ 3,408,544	\$ 2,939,251

The custodian also certified to the completeness and accuracy of the net appreciation on fair value of investments of \$562,503 and interest income of \$8,574 for the year ended December 31, 2019.

Note 4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2019 and 2018.

403(b) Thrift Plan of Recovery Resources

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Pooled separate accounts: Valued at the net asset value (NAV) of shares held by the insurance company in their pooled accounts at year-end. The Plan's interest in the pooled separate accounts is valued based on the information reported by the custodian.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value at December 31:

	2019			
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at net asset value ^(a)				2,977,387
Investments at fair value				\$ 2,977,387

	2018			
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at net asset value ^(a)				2,445,736
Investments at fair value				\$ 2,445,736

- ^(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. There are no participant or Plan redemption restrictions for these investments.

Changes in Fair Value Levels

To assess the appropriate classification of assets within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of assets from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the asset and size of the transfer relative to total net assets available for benefits. There were no transfers.

403(b) Thrift Plan of Recovery Resources

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following table summarized investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment	2019			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	<u>\$ 2,977,387</u>	None	Daily	30 days

Investment	2018			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	<u>\$ 2,445,736</u>	None	Daily	30 days

Note 5. Investment Contract with Insurance Company

The Plan has a benefit-responsive investment contract with Mutual of America Life Insurance Company (MOA). MOA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported by MOA. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by the insurance companies, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value, of the investment contract at December 31, 2019 and 2018 was \$431,157 and \$493,515, respectively. Interest rates are established and declared for new contributions that will be received in a calendar quarter. The rate is based on the return MOA expects on new investments made and held within the MOA general account. When establishing interest credit rates for these contracts, MOA considers past general account investments, adjusted for portfolio turnover and withdrawals for benefit payments. The crediting rate will always equal or exceed the contractually guaranteed rate.

403(b) Thrift Plan of Recovery Resources

Notes to Financial Statements

Note 5. Investment Contract with Insurance Company (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan agreement, (2) changes to the Plan's prohibition on competing investment options, (3) bankruptcy of the Plan sponsor or other Plan sponsor events, or (4) failure of the trust to qualify for exemption under ERISA or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. Liquidation of the entire contract may cause a one-time adjustment to the aggregate contract value, resulting in a fair value different from the contract value. This total liquidation is a contingent event, which cannot be initiated by participants and can only be initiated by the custodian upon termination of the Plan or complete termination of the contract.

Note 6. Plan Loans

Participants may borrow from MOA using a portion of their Plan account as security for the loan. The minimum loan is \$1,000 and may be up to the lesser of \$50,000 or 50% of their account balance. The loans bear interest at rates that range from 4.00% to 4.75%, which are commensurate with local prevailing rates as determined periodically by MOA. Principal and interest is paid ratably by the participant to MOA. The Plan Administrator has concluded that these loans are not Plan assets and that such arrangements are exempt transactions.

The loan balances as of December 31, 2019 and 2018 were \$0 and \$47,999, respectively. Under the borrowing terms, Plan assets totaling these outstanding loan balances served as collateral to these loans. Interest paid by participants on such loans during the year ended December 31, 2019 was \$2,096.

In the event of default, such loans are reportable to Plan participants as taxable income but remain outstanding and continue to accrue interest until repaid by the Plan participant or the participant becomes eligible to receive a distribution under the terms of the Plan. As of December 31, 2019 and 2018, there were no loans in default.

Note 7. Related-Party Transactions

The Plan's investments are managed by Mutual of America Life Insurance Company, the custodian, and therefore these transactions qualify as party-in-interest transactions. During 2019, the Plan paid administrative fees of \$1,791 to the custodian.

Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services from the Plan.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

403(b) Thrift Plan of Recovery Resources

Notes to Financial Statements

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Approximately 38% of the Plan's investments are held in a guaranteed account investment contract and two pooled separate accounts with Mutual of America Life Insurance Company at December 31, 2019. Approximately 51% of the Plan's investments are held in a guaranteed account investment contract and three pooled separate accounts with Mutual of America Life Insurance Company at December 31, 2018. As such, this is considered to be a concentration of credit risk.

Note 10. Excluded Contracts

The Plan Administrator has elected to exclude from investments certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such potential accounts have also been excluded from the statement of changes in net assets available for benefits. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements. The Plan Administrator is not able to determine the amount of these excluded annuity and custodial accounts and the related income and distributions because no records relating to these exist.

Note 11. Tax Status

The Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore is exempt from income taxes. No provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 12. Subsequent Events

Subsequent to year-end, on January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. This has caused significant volatility within the Plan's investment portfolio. The extent to which the coronavirus impacts the performance of the Plan's investment portfolio will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and actions taken to contain the coronavirus or its impact, among others.

403(b) Thrift Plan of Recovery Resources

Notes to Financial Statements

Note 12. Subsequent Events (Continued)

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to, amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. The CARES Act also provides for certain optional relief measures that can be adopted by qualified retirement plans, including increased levels of participant loans for affected individuals for a limited time, and distributions with special tax treatment for affected individuals. Plans must also allow participants who are affected by the coronavirus to suspend loan payments through December 31, 2020, and required minimum distributions for participants over age 70 ½ can be omitted for 2020.

In January 2020, the Plan changed its custodian to Massachusetts Mutual Life Insurance Company.
