Report On The Financial Statements

We were engaged to audit the accompanying financial statements of Nevada Gold 401(k) Plan, which comprise the statement of net assets available for benefits as of April 13, 2020 and December 31, 2019 and the related statements of changes in net assets available for benefits for the period beginning January 1, 2020 and ended April 13, 2020 and the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility For The Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis For Disclaimer Of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis For Disclaimer Of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by United of Omaha Life Insurance Company (the Custodian), except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodian holds investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the Custodian as of April, 13, 2020 and December 31, 2019 and for the period beginning January 1, 2020 and ended April 13, 2020 and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer Of Opinion

Because of the significance of the matter described in the Basis For Disclaimer Of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report On Form And Content In Compliance With DOL Rules And Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NEVADA GOLD 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
April 13, 2020 And December 31, 2019

1. Description Of The Plan

The following description of Nevada Gold 401 (K) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Nevada Gold & Casinos, Inc. (the Company). Eligible employees are those who have a minimum of six months of service and are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Merger

On December 31, 2019 the Board of Directors of the Company executed a resolution to merge the Plan into the Your 401K Plan, LLC Retirement Plan (Maverick Gaming, LLC) (the Maverick Plan). All assets of the Plan were merged into the Maverick Plan as of April 13, 2020.

Contributions

Each year, participants were able to defer up to 100% of pre-tax annual compensation, as defined in the Plan document, subject to limits established by the Internal Revenue Service (IRS). Participants who were age 50 or older before the close of the Plan year could make "catch-up" contributions, also subject to the limits established by the IRS. Participant contributions could also include, without limitation, transfers from other qualified defined benefit or defined contribution plans. At the discretion of the Board of Directors, the Company could contribute matching and/or other contributions. For the period beginning January 1, 2020 and ended April 13, 2020 and the year ended December 31, 2019, no such discretionary contributions were made.

Participants' Accounts

Each participant account was credited with the participant's contribution and allocations of the Company's discretionary contribution, if any, investment income and changes in investment value, and was charged with benefits paid to the participant and an allocation of any administrative expense absorbed by the Plan. Allocations were based upon participants' earnings or account balances, as provided in the Plan Document. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

NEVADA GOLD 401(K) PLAN

Notes To Financial Statements *(Continued)*

Vesting And Payment Of Benefits

Participants were immediately vested in their contributions, adjusted for investment earnings and changes in investment values allocated thereto. Vesting in the portion of the participants' accounts attributable to the Company's contributions, also adjusted for investment earnings and changes in investment values allocated thereto, was based on years of service as follows:

<u>Years Of Service</u>	<u>Vesting Percentage</u>
Less than one year	0%
1	33%
2	67%
3 or more	100%

Forfeitures

Participants who terminated their employment and were less than 100% vested would forfeit the non-vested portion of their account. Forfeited non-vested accounts would be used for any permissible method (restore forfeitures, reduce Company contributions or to pay Plan expenses) under Plan provisions. At April 13, 2020 and December 31, 2019, forfeitures available for future use totaled \$0 and \$83, respectively. Forfeitures used to reduce Company contributions during the period beginning January 1, 2020 and ended April 13, 2020 and the year ended December 31, 2019 were \$0 and \$83, respectively.

Payment Of Benefits

Upon termination of employment, participants with vested benefits of \$5,000 or less could elect to receive a single lump-sum cash payment of benefits and those with vested benefits exceeding \$5,000 had the option of receiving a single lump-sum or partial cash payment of benefits or deferral of this distribution until normal retirement age. Under certain specified circumstances, participants could receive an "in-service" payment or hardship distribution prior to termination of employment for part or all of their vested accounts. Upon termination of employment for any reason other than as a result of death or disability, participants forfeited their non-vested balances.

Notes Receivable From Participants

Participants could borrow from their funds up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans were secured by the balance in the participant's account and bore a reasonable rate of interest, as determined by the Plan Administrator. Loans other than loans for a primary residence could not extend beyond 5 years from the date of the loan.

NEVADA GOLD 401(K) PLAN

Notes To Financial Statements *(Continued)*

Administrative Expenses

Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Company. During the period beginning January 1, 2020 and ended April 13, 2020 and the year ended December 31, 2019, the Company absorbed certain expenses totaling \$125 and \$1,175, respectively, on behalf of the Plan, which are reported as administrative expense in the accompanying financial statements.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

Investments other than the fully benefit-responsive investment contract are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Net appreciation (depreciation) represents the difference between the aggregate fair value of investments at year end and the values at the beginning of the year, and includes any realized gains and losses in shares that were bought and sold during the year.

Investment contracts held by a defined contributions plan that are fully benefit-responsive are reported at contract value, rather than fair value, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's investment in the United of Omaha Guaranteed Account is a fully benefit-responsive investment contract and is a fully benefit-responsive investment contract and is reported at contract value in the statement of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis.

NEVADA GOLD 401(K) PLAN

Notes To Financial Statements *(Continued)*

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of April 13, 2020 or December 31, 2019. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment Of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses are recorded when incurred.

Subsequent Events

Management evaluates subsequent events through the date the financial statements are available for issue, which is the date of the Independent Auditors' Report.

3. Certified Financial Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at April 13, 2020 and December 31, 2019, and net appreciation (depreciation) in fair value of investments and interest for the period beginning January 1, 2020 and ended April 13, 2020 and the year ended December 31, 2019, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by United of Omaha Insurance Company (the Custodian). This information has not been audited by the Plan's independent auditors.

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value of investments. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

NEVADA GOLD 401(K) PLAN

Notes To Financial Statements (*Continued*)

The three levels of the fair value hierarchy under standards are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets• Quoted prices for identical or similar assets or liabilities in inactive markets• Inputs other than quoted prices that are observable for the asset or liability• Inputs that are derived principally from or corroborated by observable market data by correlation or other means |

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- | | |
|---------|---|
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |
|---------|---|

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodology used for assets measured at estimated fair value:

Pooled Separate Account

Valued at the net asset value (NAV) of units, or NAV equivalent of the fund. The NAV, as provided by the custodian is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less any liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The investments are redeemable daily at the adjusted NAV, and has no unfunded capital commitments. The pooled separate account held by the Plan files an annual report on Form 5500 as a direct filing entity.

NEVADA GOLD 401(K) PLAN

Notes To Financial Statements (*Continued*)

All Plan investments are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient and, therefore, have not been categorized in the fair value hierarchy at December 31, 2019. The Plan did not hold any investments at April 13, 2020.

There have been no changes in the methodology used at April 13, 2020 or December 31, 2019.

5. Investment Contract With Insurance Company

The Plan entered into an investment contract with the Custodian. The contract as described in the following paragraphs meets the fully benefit-responsive investment contract criteria and is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan, by the Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan is a party to a traditional, fully benefit-responsive guaranteed account contract (the Contract) with the Custodian in relation to its investment in the guaranteed account.

Pursuant to the Contract, the Custodian maintains the respective participant-directed contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no allowances necessary against contract value for credit risk of the contract issuer or otherwise. The credit rate is based on a formula agreed upon with the issuer. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the contract issuer's ability to meet its financial obligations. The contract issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NEVADA GOLD 401(K) PLAN

Notes To Financial Statements (*Continued*)

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include 1) amendments to the Plan Documents (including complete or partial termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, 4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or 5) premature termination of the contract.

In addition, certain events allow the contract issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include 1) an uncured violation of the Plan's investment guidelines, 2) a breach of material obligation under the contract, 3) a material misrepresentation, or 4) a material amendment to the agreement without the consent of the contract issuer.

The Plan Sponsor does not believe any such events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer or the Plan's participants.

6. Income Tax Status

The Plan uses a prototype plan document sponsored by the Custodian. The Custodian received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there currently are no audits for any tax periods in progress.

7. Party In Interest Transactions

All of the Plan's investments are managed by the Custodian; and therefore, the related transactions qualify under ERISA as exempt party-in-interest transactions.

8. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
