Independent Auditor's Report

To the Plan Administrator of the
Xebec Global Corp 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Xebec Global Corp 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of March 12, 2020 and December 31, 2018, the related statement of changes in net assets available for benefits for the period from January 1, 2019 to March 12, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Ascensus, LLC (Ascensus), the recordkeeper of the Plan as agent for Ascensus Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from Ascensus on behalf of the custodian, as of February 3, 2020 and December 31, 2018, and for the period from January 1, 2019 to February 3, 2020, that the information provided to the Plan administrator by Ascensus for the custodian is complete and accurate.

Because of inadequacies in the Plan's records in prior years, we did not perform auditing procedures to individual participant account balances accumulated from inception of the Plan, and as of March 12, 2020 and December 31, 2018, sufficient to determine the extent to which the accompanying financial statements as of March 12, 2020 and December 31, 2018, and for the period from January 1, 2019 to March 12, 2020 may have been affected.

Disclaimer of Opinion

Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

As discussed in Note 1, the Plan was merged into another Plan effective March 12, 2020.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by Ascensus as agent for Ascensus Trust Company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

XEBEC GLOBAL CORP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

MARCH 12, 2020 AND DECEMBER 31, 2018

Note 1—Description of Plan

The following description of the Xebec Global Corp 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended and restated, for a more complete description of the Plan's provisions.

On December 23, 2019, the Board of Directors of Centauri, LLC, a controlling party of Xebec Global Corp (the Company or Plan Sponsor), approved the merger of this Plan into the Centauri, LLC 401(k) Plan. Effective March 12, 2020, the Plan was merged with and into the Centauri, LLC 401(k) Plan. As a result, \$18,002,460 of net assets available for benefits were transferred to the Centauri, LLC 401(k) Plan. The Plan was frozen, effective January 1, 2020, so that no eligible employee shall become a participant, no participant shall be eligible to further participate in the Plan, and no new contributions shall accrue as of and subsequent to January 1, 2020 (Freeze Date).

General – The Plan is a defined contribution plan covering substantially all employees of Xebec Global Corp (the Company or Plan Sponsor) who are not leased employees, nonresident aliens who received no U.S. source earned income, or covered by a collective bargaining agreement. The Plan was established on January 1, 2006 and amended and restated effective June 1, 2016. The Plan was amended in 2018, retroactive to January 1, 2016, to provide (1) that employees are eligible to participate in the Plan on the date the employee completes an hour of service, and (2) for the allocation of the Plan Sponsor discretionary profit sharing contribution on a semi-annual basis. Prior to the amendment in 2018, employees were eligible to participate in the Plan on the first day of the month, coincident with or following the date of hire. Additionally, prior to the amendment in 2018, the Plan document provided for Plan Sponsor discretionary profit sharing contribution on an annual basis. The Plan has no minimum age requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Notwithstanding the foregoing, no employees hired on or after the Freeze Date may be eligible to participate in the Plan.

The Trustees are responsible for the oversight of the Plan including determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan.

Participant Contributions – Each year participants may elect to defer up to the maximum amount of pretax annual compensation allowed by law. Participants who have reached age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment allocations and transfer accumulated savings between funds on a daily basis, subject to certain limitations defined in the Plan. Notwithstanding the foregoing, all participant contributions into the Plan, including rollovers, ceased as of the Freeze Date.

Company Contributions – The Plan Sponsor provides a safe harbor non-elective contribution equal to a minimum of 3% of each participant's eligible compensation, as defined by the Plan. Employees that are eligible to make elective deferrals are eligible to receive the non-elective safe harbor contribution. Additionally, the Plan Sponsor has the option to make a discretionary profit sharing contribution to the Plan, with the amount determined by the Company. Employees must complete one hour of service during the Plan year to be eligible for the profit sharing contribution. For purposes of the discretionary profit sharing contribution, the Plan document provides for eligible participants to be assigned groups and each group may have a different profit sharing amount as determined by the Company. Plan Sponsor discretionary profit sharing contributions are allocated to participants based upon compensation semi-annually. For the period from January 1, 2019 to

XEBEC GLOBAL CORP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

MARCH 12, 2020 AND DECEMBER 31, 2018

March 12, 2020, the Plan Sponsor made safe harbor non-elective and discretionary profit sharing contributions that amounted to approximately \$1,680,000. Notwithstanding the foregoing, all Company contributions into the Plan ceased as of the Freeze Date.

Participants' Accounts – Each participant's account is credited with the participant's contributions, the Company's safe harbor non-elective contribution and allocations of (a) the Company's discretionary profit sharing contribution, if any, (b) investment earnings/losses and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately fully vested in their salary deferral and rollover contributions and the earnings thereon. Participants are also immediately fully vested in Plan Sponsor safe harbor non-elective and discretionary profit sharing contributions.

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 minus the highest outstanding balance of loans in the past twelve months or 50% of their account balance. Loans are secured by the balance in the participant's vested account. The term of the loan may not exceed five years, unless the proceeds are used to buy the participant's primary residence. The maximum loan term for a principal residence loan is 15 years. The interest rate on loans outstanding at December 31, 2018 ranged from 3.25% to 6.25%, which is commensurate with the Wall Street Journal prime rate on the date each loan was taken. Principal and interest are paid ratably through payroll deductions. As of March 12, 2020, all outstanding loan balances were transferred to the Centauri, LLC 401(k) Plan.

Payment of Benefits – Upon termination of service due to disability, retirement or termination, a participant will receive a lump-sum payment in cash or upon death, survivors may elect to be paid in installments. In-service distributions are permitted for participants who have reached age 59½. Hardship distributions are permitted if certain conditions are met. If the total value of an inactive participant's vested account balance is \$1,000 or less, the Plan Administrator may require a distribution of the entire account balance in a lump sum.

Forfeited Accounts – Forfeited nonvested accounts at the time of the merger with the Centauri, LLC 401(k) Plan at March 12, 2020 were approximately \$9,000. At December 31, 2018, forfeited non-vested accounts totaled approximately \$8,500, respectively. The forfeiture account is used to either reduce employer discretionary profit sharing contributions or pay administrative expenses.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates – The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to net assets and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with the policy of stating investments at fair value, net realized and unrealized appreciation and depreciation are reflected in the statement of changes in net assets

available for benefits. Plan management determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions based on the terms of the Plan agreement. No allowance for credit losses has been recorded as of December 31, 2018.

Payments of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Administrative expenses included fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Note 3—Information prepared and certified by the custodian

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Ascensus, LLC. (Ascensus), as agent for Ascensus Trust Company, the custodian, except for comparing such information certified by Ascensus to information included in the Plan's financial statements.

The Plan's relationship with Ascensus ended on February 3, 2020 at which time plan assets, other than an employer contribution receivable, were transferred to the Centauri, LLC 401(k) Plan. Accordingly, the Plan did not have any investments between February 3, 2020 and March 12, 2020. The employer contribution receivable amount was determined subsequent to February 3, 2020 and transferred to the merged plan in March 2020.

The following information and related data included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by Ascensus, as agent for Ascensus Trust Company, the custodian, as of February 3, 2020 and December 31, 2018, and for the period from January 1, 2019 to February 3, 2020:

Note 4–Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices available in active markets for identical assets or liabilities that the Plan has the ability to access on the reporting date.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Account (SDBA) – Securities within the SDBA consist of mutual funds, common stocks and other investment securities and are valued at closing price reported on the active market for which the individual securities are traded. Money market accounts are valued on a historical cost basis plus accrued interest which approximates fair value.

XEBEC GLOBAL CORP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

MARCH 12, 2020 AND DECEMBER 31, 2018

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All investments were transferred to the Centauri, LLC 401(k) Plan as of March 12, 2020. Therefore, no fair value hierarchy is presented for 2020. The following table provides the amount and corresponding level of hierarchy for the Plan's investments that were measured at fair value on a recurring basis as of December 31, 2018:

	As of December 31, 2018			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
Investments				
Mutual funds	\$ 13,135,690	\$ -	\$ -	\$ 13,135,690
Self-directed brokerage account	43,272	-	-	43,272
Investments-at fair value	<u>\$ 13,178,962</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 13,178,962</u>

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the period from January 1, 2019 to March 12, 2020, there were no transfers into or out of Levels 1, 2 or 3.

Note 5—Risks and uncertainties

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amount reported in the statements of net assets available for benefits. Individual participants' accounts bear the risk of loss resulting from fluctuations in investment values.

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused economic uncertainty and volatility in financial markets, which has impacted the value of investments. The duration of the economic uncertainty and market volatility caused by the pandemic cannot be reasonably estimated at this time.

Note 6—Tax status

Effective June 1, 2016, the Plan adopted a volume submitter profit sharing plan with CODA (Volume Submitter Plan). The Volume Submitter Plan received its current favorable opinion letter from the IRS on January 22,

NOTES TO FINANCIAL STATEMENTS

MARCH 12, 2020 AND DECEMBER 31, 2018

2018, which declared that the volume submitter plan qualifies under section 401 of the Internal Revenue Code as being exempt from income taxes.

The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan administrator believes that the Plan was qualified and was tax exempt as of the financial statement date.

GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan Management has analyzed the tax positions taken by the Plan, and has concluded that as of March 12, 2020 and December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or require disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2016.

Note 7—Plan termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Notwithstanding the foregoing, effective as of the Freeze Date, the Plan was frozen to new contributions and participants.

Note 8—Parties-in-interest

Certain Plan investments and the related transactions at December 31, 2018 are invested in funds sponsored by The Vanguard Group, Inc. (Vanguard). The Plan has a Recordkeeping Service Agreement with Vanguard. Accordingly, transactions involving these investments are considered to be party-in-interest transactions for which statutory exemption exists under the Department of Labor Regulations. Fees paid during the year for accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants.

Note 9—Compliance matters

During the year ended December 31, 2018 and prior years, Plan management determined that the Plan was not operating in accordance with certain provisions of the Plan document. Specifically, participants were allowed to begin contributing to the Plan in the month following the date of hire, although those wages were not eligible Plan compensation. Additionally, the Plan Sponsor made employer non-elective contributions and, if applicable, profit sharing contributions, on the ineligible compensation. As a result, the operation of the Plan was not in compliance with some of the provisions in the Plan document. In September 2018, the Plan filed a Voluntary Correction Program (VCP) submission to the IRS to request a retroactive amendment to the appropriate provisions of the Plan document. The amendment changed the Plan entrance date to date of hire to bring the operation of the Plan into full compliance. The IRS responded to the Plan Sponsor, in a letter dated November 22, 2019, that the IRS agreed that the corrective methods and the revised administrative procedures described in the VCP submission are acceptable. However, the IRS may, at a later date, ask the Plan Sponsor to verify that it corrected the failures and modified the administrative procedures described in the VCP.

NOTES TO FINANCIAL STATEMENTS

MARCH 12, 2020 AND DECEMBER 31, 2018

Note 10—Subsequent events

On March 27, 2020, Congress enacted the Coronavirus Aid, Relief and Economic Security (CARES) Act, which allows Plan participants who have suffered financial hardship due to the pandemic the ability to receive COVID-related distributions from their 401(k) accounts, and suspend and extend outstanding loan repayments through December 31, 2020. This relief requires that a participant certify that they have been impacted by COVID-19. Additionally, CARES waives the required minimum distributions from 401(k) accounts for the calendar year-end. As a result, the required minimum payments will not be made automatically, however Plan participants can choose to still receive their minimum payment, if applicable. Plan participants who already took a required minimum distribution in 2020 also have the opportunity to roll those funds back into their 401(k) account.

The Plan has evaluated events through February 5, 2021 in connection with the preparation of these financial statements, which is the date the financial statements were available to be issued.
