THE BOARDROOM SALON COMPANY LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2019

1. DESCRIPTION OF PLAN

The following description of The Boardroom Salon Company, LLC (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, adopted by the Company effective January 1, 2019, covering all employees of the Company and any participating affiliates, who have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Administrative Committee is responsible for oversight of the Plan, and determines the appropriateness of the Plan's investment offerings and monitors investment performance .

Contributions

Each year, participants may contribute up to 90 percent of annual compensation, as defined in the plan document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at two percent of eligible compensation and their contributions invested in a balanced fund until changed by the participant. The Company contributes a discretionary match contribution to eligible participants who are employed by the Company on the last day of the year. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's discretionary matching and non-elective contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching and non-elective contributions portion of their accounts is based on years of continuous service. A participant is 100 percent vested after two years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at two percent above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions. A participant may have only one outstanding loan at any time.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant whose vested balance is in excess of $5,000 may elect to receive either a lump sum distribution equal to the value of the participant's vested interest in his or her account, installments for a set time period, or ad-hoc payments. Participants whose vested balance is less than $5,000 are subject to mandatory cash out provisions as defined by the plan document.

Forfeited Accounts

Forfeited non-vested accounts may be used to pay administrative expenses or to reduce future Company contributions. As of December 31, 2019, there were no forfeited non-vested

amounts. For the year ended December 31, 2019, no forfeitures were used to reduce Company contributions or to pay for administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, and is an acceptable method of reporting under Department of Labor ("DOL") regulations. The modified cash basis of accounting utilizes the cash basis of accounting while carrying investments at fair value and recording investment income (loss) on the accrual basis. Consequently, contributions are recognized when received rather than when earned, and expenses are recognized when paid rather than when the obligation is incurred.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and the custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company on behalf of the Plan are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other specific transaction fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Concentrations

The following table presents investments that represent 10 percent or more of the Plan's net assets available for benefits as of December 31, 2019:

Vanguard Target Retirement 2055	$	26,189
Vanguard Target Retirement 2060	$	25,871
Vanguard Target Retirement 2035	$	25,108
Vanguard Target Retirement 2050	$	22,801
Vanguard Target Retirement 2030	$	20,812
Vanguard Target Retirement 2045	$	17,285

Subsequent Events

Plan management has evaluated subsequent events through January 21, 2021, the date the financial statements were available to be issued. See Note 10 for further discussion.

3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

Plan management has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Reliance Trust Company, the custodian of the Plan, certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate as of and for the year ended December 31, 2019:

Investments at fair value	$	164,875
Notes receivable from participants	$	1,900
Net appreciation in fair value of investments	$	6,550
Dividends	$	3,328
Interest income on notes receivable from participants	$	6

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level l) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2019.

Registered investment companies: Valued at the daily closing price as reported by the fund house, investment provider or secondary pricing source. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Common collective trust ("CCT"): Valued at the NAV provided by the administrator of the trust. The NAV is based on market value of the underlying assets held by the trust less its liabilities. The NAV is used as a practical expedient to estimate fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019, with the exception of the CCT measured at fair value using the NAV practical expedient. The fair value of the CCT is provided below to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits:

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 163,744	$ -	$ -	$ 163,744
Total assets in the fair value hierarchy	163,744	-	-	163,744
Investments measured at NAV				1,131
Total				$ 164,875

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2019. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value as of December 31, 2019	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
CCT	$ 1,131	$ -	Daily	24-months

5. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments are managed by Reliance Trust Company. Reliance Trust Company is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Fees incurred by the Plan for investment management services are included in administrative services and in net appreciation in fair value of investments.

Plan transactions and records are administrated by Automatic Data Processing, Inc. ("ADP"). ADP is the record keeper as defined in the plan document and, therefore, these transactions qualify as party in interest transactions which are exempt from prohibited transaction rules. Fees incurred by the Plan for record keeping services are included in administrative expenses.

6. INACTIVE PARTICIPANTS WITH ACCOUNT BALANCES

At December 31, 2019, the value of the accounts held by participants who have separated from employment with the Company and have decided to continue to invest in the Plan total $88,685. For the year ended December 31, 2019, there were no distributions requested but not paid to participants who have elected to withdraw from the Plan.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in the Company's matching and non-elective contributions.

8. TAX STATUS

Plan management adopted a prototype plan offered by ADP, LLC. The IRS has determined and informed the third party administrator by a letter dated July 8, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC").

The modified cash basis of accounting requires plan management to evaluate tax positions taken by the Plan, disclose within the footnotes to the financial statements any potential impact to the Plan, and recognize a tax liability at the Company level if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing jurisdictions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits – modified cash basis.

10. SUBSEQUENT EVENTS

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed, but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Attachment to Form 5500

The return for the above-named plan is being filed on the extended due date for the plan. However, due to numerous delays the necessary information has not been available for the plan audit to be completed. Please note that 2019 was the inaugural year of the plan and the person responsible for the plan has left the company. Due to multiple factors (the Director of HR being out on maternity leave, our business being shut down due to COVID, and this being our first time to need to submit a Form 5500 for the plan), we did not discover than an Accountant's Opinion was even needed until we went to file.

The return has been prepared using the most current available information. We have engaged our Auditors to complete the necessary audit and Accountant's Opinion. Once the remainder of the necessary information is compiled and the audit report can be finalized, the tax return for the plan will be amended to include the audit report. Given this unique set of circumstances, we would greatly appreciate any leniency you may provide us during this time.
