United Paradyne Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2019 and 2018

Note 1: Description of Plan

The following description of the United Paradyne Corporation (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a type of defined contribution plan under which each participant has a specific account balance. The Plan covers all employees of the Company who have attained age twenty-one except for leased employees and certain nondiscriminatory classification of employees employed by one or more specified divisions by the Board of Directors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan including the appropriateness of the Plan's investment offerings.

Contributions

Participants may contribute to the Plan through salary deductions up to 90% of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan.

In addition, each year the Company may also elect, at its discretion, to make a matching contribution to the Plan; however, no discretionary matching contributions were made for the years ended December 31, 2019 and 2018. Contributions, by the employee and employer, are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution via salary reductions and an allocation of (a) the Company's contribution and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting and Forfeitures

Participants are 100% vested in their elective deferrals and the Company's non-elective contributions. Vesting in the Company's discretionary matching contributions to their account plus earnings thereon is based on years of continuous service. A participant is 100% vested in the Company's discretionary matching contributions after six years of service. As the Company has not contributed a match for several years, including 2019 and 2018, no forfeitures have been generated by the Plan.

Note 1: Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum of \$50,000 equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at prime plus 2%, as of the loan date. Principal and interest are paid through payroll deductions.

Payment of Benefits

Benefit payments will commence upon termination of service or obtaining age 70 ½ unless elected otherwise by the participant. Benefits may be paid in a single lump sum, a joint annuity, or a joint and 50% survivor annuity.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2019.

Fair Value Measurement and Income Recognition

Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (the Topic), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the reporting date. The Topic also established a three-tier hierarchy, which prioritizes the inputs used in the valuation methodologies in measuring fair value.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Mutual funds are stated at fair value as determined by observable Level 1 quoted pricing inputs on an active market or by quoted prices for similar assets in active markets.

United Paradyne Corporation 401(k) Plan**Notes to Financial Statements****December 31, 2019 and 2018****Page 4****Note 2: Summary of Significant Accounting Policies (Continued)**

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Equity securities:				
Mutual funds	<u>\$ 7,106,044</u>	<u>\$</u>	<u>\$</u>	<u>\$ 7,106,044</u>
Total investments at fair value	<u><u>\$ 7,106,044</u></u>	<u><u>\$ -</u></u>	<u><u>\$ -</u></u>	<u><u>\$ 7,106,044</u></u>

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Equity securities:				
Mutual funds	<u>\$ 5,814,499</u>	<u>\$</u>	<u>\$</u>	<u>\$ 5,814,499</u>
Total investments at fair value	<u><u>\$ 5,814,499</u></u>	<u><u>\$ -</u></u>	<u><u>\$ -</u></u>	<u><u>\$ 5,814,499</u></u>

Plan Administration Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable are charged directly to the participant's accounts and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Administration expenses paid by the Plan were \$16,489 and \$12,866, for the years ended December 31, 2019 and 2018, respectively.

Note 3: Information Prepared and Certified by Trustee

The Plan's asset information as of December 31, 2019 and 2018, and for the years then ended, included in the accompanying financial statements and supplemental schedules were prepared or derived from information provided

Notes to Financial Statements

Note 3: Information Prepared and Certified by Trustee (Continued)

by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator from the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosures under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears through the financial statements and supplemental schedule.

The certification extends to the investment and investment income included in the statement of net assets and net assets available for benefits.

During the years ended December 31, 2019 and 2018, the Plan's investments (including investments bought, sold, and held during the period) appreciated in value by \$1,072,329 and depreciated in value by \$436,635, respectively. Investment income (including interest from notes receivable from participants and dividends) during the years ended December 31, 2019 and 2018 were \$253,957 and \$304,836, respectively.

Note 4: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 5: Tax Status

Under ERISA, the Department of Labor and the Internal Revenue Service have the authority to issue regulations covering reporting and disclosure requirements, certain administrative responsibilities, and enforcement powers. The items enumerated below are required to be disclosed to meet ERISA guidelines.

1. The Plan uses a prototype plan document sponsored by ADP. ADP received an opinion letter from the IRS dated July 8, 2014, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. The Plan has been amended since receiving the opinion letter, however the Company and the Plan's management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.
2. All reportable transactions have been disclosed in supplemental schedules of the annual report made available to the Plan participants.

United Paradyne Corporation 401(k) Plan

Notes to Financial Statements

December 31, 2019 and 2018

Page 6

Note 5: Tax Status (Continued)

Management evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2015.

Note 6: Investment in Fully Benefit-Responsive Contracts

The Plan holds investments in a fully benefit-responsive investment contract (Metlife Stable Value Fund) with Reliance Trust Company which does not segregate or identify assets ascribed to the plan's fully benefit-responsive investment contract. These accounts are credited with interest earned on the underlying investments and charged for participants' withdrawals and administrative expenses.

As these contracts are fully-benefit responsive, contract value is the relevant measurement attributable for that portion of the net assets available for benefits attributable to these investments. Contract value represents contributions made, less withdrawals and administrative expenses, plus interest credited. Participants will receive the principal and accrued earnings credited to their accounts on withdrawal for allowable events. These events include transfers to other Plan investment options, and payments because of retirement, termination of employment, disability, death and in-service withdrawals as permitted by the Plan.

Note 7: Related-Party Transactions

Certain plan investments are shares of mutual funds managed by Reliance Trust Company. Reliance Trust Company is the trustee as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the plan for the investment management services are included in net appreciation in fair value investments.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The current economic environment due to COVID-19 has increased the degree of uncertainty (see Note 9 for additional information).

Note 9: Subsequent Events

Events subsequent to December 31, 2019 have been evaluated through January 18, 2021, which is the date the financial statements were available to be issued. Management identified the following subsequent events that required disclosure.

Effective January 1, 2020 the Plan transferred custodial and third-party administrative services from ADP to The Standard. A new plan document was adopted that amends and restates the plan, effective January 1, 2020. The Plan has not yet requested or received a determination letter for the new plan document. However, management believes that the provisions under the new plan document are in compliance with the applicable requirements of the IRS.

The Coronavirus Aid, Relief, and Economic Security (CARES) Act is an emergency economic stimulus package in response to the coronavirus outbreak, which among other things contains numerous tax, emergency funding and other provisions that affect certain retirement plan provisions. In April 2020, the Plan authorized changing distribution and loan administrative provisions as allowed by the CARES Act. The below provisions only apply or are available to participants who have themselves been diagnosed with COVID-19 or a participant whose spouse or dependent is diagnosed with COVID-19 and/or a participant who experiences adverse financial consequences as a result of being quarantined, furloughed, laid off, having work hours reduced, or being unable to work due to lack of childcare due to COVID-19.

- Allowing for the suspension of loan payments for up to 1 year and applies to loan payments due from March 27, 2020 to December 31, 2020.
- Increasing the maximum loan amount from the lesser of \$50,000 or 50% of the participant's vested account balance to the lesser of \$100,000 or 100% of the participant's vested account balance and applies to all loans made on or before September 23, 2020.
- Allowing for COVID-19 distribution of up to \$100,000 of the participant's vested account balance. This withdrawal must be processed before December 31, 2020 and the participant will have 3 years from the day after the distribution was received to repay the amount into a qualified retirement plan.

The Plan continues to evaluate the impact of the CARES Act on its plan provisions, operations and cash flows. However, due to the uncertainty surrounding the recent COVID-19 pandemic, the length and severity of the outbreak, and the volatility in the world investment markets, there is increasing uncertainty as to how these events will affect results of operations and the financial position of the Plan going forward.
