American Medical Response 401(k) Plan

Notes to Financial Statements

April 30, 2020 and December 31, 2019

Note 1: Description of the Plan

General

The following description of American Medical Response 401(k) Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan was formed on January 1, 2018, and is a defined contribution plan sponsored by AMR HoldCo, Inc. (Company) for the benefit of its employees.

Non-union employees are eligible to participate in the plan at date of hire except for part time employees working less than 20 hours per week who have to complete 1,000 hours of service to be eligible.

Except as otherwise provided in any applicable bargaining agreement, union employees are eligible to participate in the plan upon the earlier of: (1) completion of 1,000 hours of service during a six-month period following their date of hire or (2) 1,000 hours of service beginning the first day of the plan year which begins prior to the first anniversary of their date of hire. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Charles Schwab Bank (Schwab) serves as the Plan's trustee.

Effective April 1, 2020, the Company determined to merge the Plan and transfer the assets and participants into the Air Medical Group Holdings 401(k) Plan. All balances in the Plan became 100 percent vested.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Unless stipulated in a covered employee's collective bargaining union agreement, if any, a participant's vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested after four years of continuous service.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 50 percent of eligible compensation. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Except as otherwise provided in any applicable bargaining agreement, the Company makes matching contributions of 50 percent of participants' salary deferral amounts (excluding "catch-up" contributions) on the first 6 percent of the participants' compensation. Additional discretionary contributions may be made by the Company as determined by the Company. For the period ended April 30, 2020 and the year ended December 31, 2019, the Company made no additional discretionary contributions. Contributions are subject to certain limitations.

American Medical Response 401(k) Plan

Notes to Financial Statements

April 30, 2020 and December 31, 2019

Participant Investment Account Options

Each participant has the option of directing their contributions into any of the various investment options offered by the Plan and may change the allocation daily.

The plan document also includes an automatic deferral feature whereby a participant is treated as electing to defer a certain percentage of eligible compensation unless the participant made an affirmative election otherwise.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the vested interest in their account or annual installments. Upon termination of service for other reasons, a participant may receive the value of the vested interest in their account only as a lump-sum distribution.

Forfeited Accounts

At December 31, 2019 unallocated forfeitures available totaled \$847,539. Forfeitures were used to reduce employer contributions by \$1,553 and \$770,452 and pay administrative expenses of \$82,205 and \$161,714, for the period ended April 30, 2020 and the year ended December 31, 2019, respectively.

Notes Receivable from Participants

The plan document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. Participants may borrow from their fund accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. The loans bear interest at rates commensurate with local prevailing rates at the time funds are borrowed, as determined by the plan administrator.

Notes to Financial Statements

April 30, 2020 and December 31, 2019

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. The Plan's investments in mutual funds, the money market fund and self-directed brokerage account are valued at the net asset value (NAV) of shares held by the Plan at year-end.

The Plan's interest in common/collective trusts is valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans may be reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

American Medical Response 401(k) Plan

Notes to Financial Statements

April 30, 2020 and December 31, 2019

Transfers Between Fair Value Hierarchy Levels

Transfers in and out of Level 1 (quoted market prices), Level 2 (other significant observable inputs) and Level 3 (significant unobservable inputs) are recognized on the actual transfer date.

Note 3: Certification of Plan Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Schwab, the trustee of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedules are complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of April 30, 2020 and December 31, 2019.
- Investment (loss) income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the period ended April 30, 2020 and the year ended December 31, 2019.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

Note 4: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

American Medical Response 401(k) Plan

Notes to Financial Statements

April 30, 2020 and December 31, 2019

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2019:

	Fair Value	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2019				
Mutual funds	\$ 213,108,024	\$ 213,108,024	\$ -	\$ -
Self-directed brokerage accounts	13,324,591	13,324,591	-	-
Total assets in the fair value hierarchy	226,432,615	226,432,615	-	-
Investments measured at net asset value (A)	536,379,067	-	-	-
Investments at fair value	<u>\$ 762,811,682</u>	<u>\$ 226,432,615</u>	<u>\$ -</u>	<u>\$ -</u>

- (A) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the period ended April 30, 2020 and the year ended December 31, 2019. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

American Medical Response 401(k) Plan

Notes to Financial Statements

April 30, 2020 and December 31, 2019

Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2019			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2019 Common collective trusts	\$ 536,379,067	\$ -	Daily	1 day

Note 5: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan invests in certain investment funds managed by the trustee and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net (depreciation) appreciation in fair value of the investment.

The Company provides certain administrative services at no cost to the Plan and pays all significant administrative costs of the Plan.

Note 6: Transfer of Plan Assets

On April 1, 2020, the Plan was merged into the Air Medical Group Holdings 401(k) Plan and all net assets were distributed out of the Plan and into the Air Medical Group Holdings 401(k) Plan.
