Moen Incorporated Pension Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Moen Incorporated Pension Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these 2019 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Northern Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator obtained a certification from this entity as of and for the year ended December 31, 2019, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - 2018 Financial Statements

The financial statements of the Plan as of and for the year ended December 31, 2018 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, auditing procedures with respect to the information certified by Northern Trust Company, the trustee of the Plan. Their report, dated October 9, 2019, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion; and (b) the form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosures under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2019 financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Moen Incorporated Pension Plan

Notes to Financial Statements

1. Description of Plan

The following is a brief description of the Moen Incorporated Pension Plan (the Plan). Participants should refer to the Plan document for a more complete description of the Plan's provisions, which is available from the Plan administrator.

General

The Plan is a non-contributory defined benefit pension plan covering all employees of Moen Incorporated (the Company) not covered by a collective-bargaining agreement, except for certain participants transferred into the Plan from other benefit plans sponsored by the Company. The Company's ultimate beneficial owner is Fortune Brands Home & Security, Inc. (FBHS).

Employee retirement benefits are based on length of service, as well as earnings prior to retirement. An employee shall become eligible for participation in the Plan when the individual has completed at least 1,000 hours of service in the 12-month period beginning with his or her date of hire or any calendar year thereafter. Effective January 1, 2008, the Plan closed to new entrants with the exception of special rules that apply to certain transferred employees as outlined in the Plan document. Effective January 1, 2010, employees in the Company's Las Vegas location who were employed on a salaried basis prior to January 1, 2008 became eligible to participate in the Plan. Benefit service and accruals were frozen on December 31, 2016. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Pension Benefits

Employees become fully vested after five years of vesting service. Participants are eligible for monthly pension benefit payments beginning at the normal retirement age (the later of age 65 or after five years of vesting service in the Plan if their employment is terminated with all FBHS entities). Benefits are calculated according to an integrated benefit formula based upon total years and months of credited service multiplied by a percentage of final average monthly earnings.

The normal form of pension benefit for a participant with no eligible spouse is an annuity payable for the participant's lifetime only. The normal form of pension benefit for a participant with an eligible spouse is an annuity payable at an actuarially reduced amount for the participant's lifetime and, thereafter, at a specific percentage of such amount for the eligible spouse's lifetime.

A participant may elect to modify the normal form of pension benefit by exercising one of several options, including a single-life annuity, various joint and survivor annuities or various period-certain annuity options. Reduced benefits are payable upon early retirement after attaining age 55 with a minimum of five years of vesting service.

The Plan also provides for disability and deferred pension benefits. A participant is considered disabled as long as he or she meets the definition of totally and permanently disabled in the Plan. A participant is eligible for a deferred vested pension if his or her employment is terminated with the Company before death or retirement after completing at least five years of vesting service.

Moen Incorporated Pension Plan

Notes to Financial Statements

Funding Policy

The Company contributes such amounts as are necessary on an actuarial basis to provide the Plan with assets sufficient to meet the benefits to be paid to Plan participants. The minimum funding requirements of ERISA were satisfied in 2019 and 2018.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Recent Accounting Pronouncements

In February 2017, Financial Accounting Standards Board (FASB) issued updated guidance for improving employee benefit plan master trust reporting. The guidance clarifies that for each master trust in which a plan holds an interest, the plan reports its interest in each master trust and the change in value in each master trust interest on separate line items on the statement of net assets available for benefits and statement of changes in net assets available for benefits. The guidance continues to require disclosure of a master trust's investments by general type but now additionally requires disclosing the individual plan's dollar amount of its interest in the master trust's investments by general type. The update also clarifies that the master trust's other assets and liabilities and the individual plan's interest in each of those balances should be disclosed. The guidance eliminates for a plan with a divided interest in the individual investments of a master trust the disclosure of its percentage interest in the master trust. The amendment is effective for fiscal years beginning after December 15, 2018 with early adoption permitted. Entities are required to adopt the guidance retrospectively for all periods presented. The Plan adopted the amendment in the Plan year ending December 31, 2018. The amendment did not have a material impact on the financial statements, and it expanded the disclosures in Note 5 - Interest in the Fortune Brands Home & Security, Inc. Master Retirement Trust (FBHS Master Trust).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated Plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments, except for the group annuity contract, which is at contract value, are reflected at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date in the principal or most advantageous market for the asset or liability. Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk.

Moen Incorporated Pension Plan

Notes to Financial Statements

Purchases and sales of investments by FBHS Master Trust are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

The Plan provides for payment of certain administrative expenses from Plan assets. Expenses paid to The Northern Trust Company (the Trustee) and the investment managers are allocated to the Plan based on the ratio of the Plan's assets to the fair value of all assets held in the FBHS Master Trust and are included in the accompanying statements of changes in net assets available for benefits in change in Plan's interest in FBHS Master Trust for the years ended December 31, 2019 and 2018. Expenses paid to the Pension Benefit Guaranty Corporation (PBGC), the actuary and other various Plan-related expenses that may be incurred are allocated specifically to each plan and are presented in the accompanying statements of changes in net assets available for benefits as administrative expenses.

3. Accumulated Plan Benefits

Accumulated Plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service employees have rendered. The actuarial present value of accumulated Plan benefits is determined by Aon, the Plan's actuary, and is the amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

Accumulated Plan benefits as of December 31, 2018 are as follows:

Actuarial present value of accumulated Plan benefits:

Vested benefits:

Participants currently receiving payments	\$ 127,959,376
Other participants	142,876,010

Total Vested Benefits	270,835,386
------------------------------	--------------------

Non-Vested Benefits	3,578,799
----------------------------	------------------

Total Actuarial Present Value of Accumulated Plan Benefits	\$ 274,414,185
---	-----------------------

Moen Incorporated Pension Plan

Notes to Financial Statements

Changes in the present value of accumulated Plan benefits for the year ended December 31, 2018 were as follows:

Present Value of Accumulated Plan Benefits, December 31, 2017	\$ 257,690,742
Increase (decrease) during the year attributable to:	
Interest accumulation	15,626,668
Benefits paid	(11,467,871)
Changes in actuarial assumptions	12,449,387
Other changes	115,259
Present Value of Accumulated Plan Benefits, December 31, 2018	\$ 274,414,185

The significant actuarial assumptions used in the valuation as of December 31, 2018 were as follows:

Mortality	Pri-2012 employee, retiree, and contingent survivor mortality tables, projected generationally from 2012 using Scale MP-2019
Retirement age assumptions	The age at which current active employees are assumed to retire varies between ages 55 and 70. All employees age 70 are assumed to retire.
Discount rate	5.85%

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan was to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

4. Fair Value Measurements

The Plan's management established a three-tiered hierarchy of inputs to establish a classification of fair value measurements for disclosure purposes. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 - Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the assets or liabilities (including volatilities)

Moen Incorporated Pension Plan

Notes to Financial Statements

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs are unobservable for the asset or liability (including the entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability) and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investment assets are held in FBHS Master Trust, along with the investment assets of two other plans sponsored by subsidiaries of FBHS. The Plan's investment in the FBHS Master Trust as of December 31, 2019 and 2018 is presented at fair value, which has been determined based on the fair value of the underlying investments of the FBHS Master Trust. The Plan's investment in the group annuity contract is at contract value.

Plan management uses the following methods and significant assumptions to estimate fair value of investments in the FBHS Master Trust as of December 31, 2019 and 2018. There have been no changes in the methodologies used at December 31, 2019 and 2018.

The investments held by the FBHS Master Trust are valued as follows:

Collective Funds - These funds are valued at the net asset value (NAV) of units of each bank collective trust. The NAV is used as a practical expedient to estimate fair value. The NAV is provided by the Trustee and is based on the fair value of the underlying investments held by the funds less their liabilities. Were the Plan to initiate a full redemption of a collective trust, the investment advisor generally reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner

Multi-Strategy Hedge Fund - This fund is valued at the NAV as reported to the Plan from the fund's manager. The NAV is used as a practical expedient to estimate fair value and is calculated based on the Plan's share of the total fund's net assets at fair value.

Group Annuity Contract - This asset is valued at contract value, representing contributions and investment returns as determined in accordance with the contract, less funds used to pay benefits and administrative expenses charged.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. See Note 5 - Interest in FBHS Master Trust for the investments held by the FBHS Master Trust by level within the fair value hierarchy as of December 31, 2019 and 2018.

Moen Incorporated Pension Plan

Notes to Financial Statements

In accordance with the policy of stating investments at fair value, the Plan's portion of net appreciation (depreciation) in the fair value of the investments in the FBHS Master Trust consists of realized gains and losses and unrealized appreciation (depreciation) on those investments. The net appreciation (depreciation) of the FBHS Master Trust, along with interest, dividend and other income, net of FBHS Master Trust expenses, are presented in the accompanying statements of changes in net assets available for benefits as change in Plan's interest in Fortune Brands Home & Security, Inc. Master Retirement Trust for the years ended December 31, 2019 and 2018.

5. Interest in FBHS Master Trust

The FBHS Master Trust investments are stated at fair value or contract value, as reported by the Trustee and management. The ratio of the Plan's assets to the fair value of all assets held in the FBHS Master Trust is used to allocate interest income, dividend income, other income, realized gains (losses) and unrealized appreciation (depreciation) in the market value of investments and certain investment management fees on a monthly basis. Other changes in net assets available for Plan benefits are directly attributable to the Plan and are, therefore, not subject to allocation.

The Plan has an undivided interest of 44.9% and 44.0% in the FBHS Master Trust at December 31, 2019 and 2018, respectively.

The FBHS Master Trust's net assets and the Plan's interest in the FBHS Master Trust's net assets were as follows:

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value to the line items presented in the statements of net assets available for benefits.

The following provides additional information regarding redemption restrictions, if any, and for funds that do not file an annual report on Form 5500 as a direct-filing entity, the investment strategy is provided.

- (a) All of the collective funds file an annual report on Form 5500 as a direct-filing entity. Except for one fund, the collective funds have daily liquidity and withdrawals are permitted either daily or with 15 business days' written notice. One fund provides liquidity quarterly with a 45 days' advance notification requirement to redeem at quarter-end.

Moen Incorporated Pension Plan

Notes to Financial Statements

- (b) This fund is a multi-strategy fund of hedge funds investing in multiple strategies and asset classes to provide investment returns uncorrelated to other asset classes. Liquidity is gated and subject to approval by the fund manager.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan's provisions to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, participants will become fully vested in their benefits and the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations.

In addition, the PBGC insures certain benefits for beneficiaries and vested participants under the Plan if the Plan terminates. Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency of the Plan's net assets at the termination date to provide these benefits and may also depend on the financial condition of the Plan sponsor and on the level of benefits guaranteed by the PBGC.

7. Tax Status

The Plan obtained its latest determination letter on May 25, 2017, in which the Internal Revenue Service (the IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the IRC). The Plan has been amended since receiving the determination letter; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance, in all material respects, with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is not currently under audit with respect to any tax periods in progress.

8. Information Certified by the Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as indicated below, the Trustee has certified that the following data included in the accompanying financial statements is complete and accurate:

- The Trustee certifies Plan's interest in Fortune Brands Home & Security, Inc. Master Retirement Trust as shown in the statements of net assets available for benefits as of December 31, 2019 and 2018.
- The Trustee certifies change in Plan's interest in Fortune Brands Home & Security, Inc. Master Retirement Trust as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018.

Moen Incorporated Pension Plan

Notes to Financial Statements

- The Trustee certifies Note 5 - net assets and net investment income (loss) in FBHS Master Trust as of and for the years ended December 31, 2019 and 2018, except for accrued investment management fees and investment management fees.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

9. Risks and Uncertainties

The Plan holds a beneficial interest in the FBHS Master Trust. The FBHS Master Trust invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated Plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

10. Related-Party Transactions

Certain Plan investments are collective trusts managed by the Trustee and Aon. The Northern Trust Company is the Trustee as defined by the Plan and Aon is the Plan's actuary and, therefore, these transactions qualify as party-in-interest transactions during the years ended December 31, 2019 and 2018.

11. Subsequent Events

Management of the Plan has evaluated subsequent events from December 31, 2019 through October 12, 2020, the date these financial statements were available to be issued.

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the COVID-19 outbreak) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant volatility in financial markets. However, because the values of the Plan's investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The value of the Plan's investments has a direct impact on its funded status. As a result of such declines in market value and possible changes to the actuarial assumptions used in determining the present value of accumulated Plan benefits, the Plan Sponsor may need to make greater cash contributions to fund the Plan. Based on the Plan's funded percentage, there may be certain benefit limitations imposed. However, the actual impact,

Moen Incorporated Pension Plan

Notes to Financial Statements

if any, on future required contributions, Plan liquidity, and benefit limitations cannot be determined at this time.

In response to the ongoing financial impact to many employees, the Coronavirus Aid, Relief and Economic Security Act (the CARES Act) provided relief provisions for tax-qualified defined benefit plans, which includes (1) the delay of required contributions otherwise due in 2020 to meet funding standards to January 1, 2021, and (2) allows the Plan Sponsor to use the adjusted funding target attainment percentage for the last plan year ending prior to 2020. Plan management has not adopted the applicable provisions of the CARES Act and it will have no impact on the Plan's financial statements.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Normal Retirement
Eligibility

Age 65 and the earlier of five years of vesting service or five years as a plan participant.

Monthly Benefit

The greater of [(1) + (2)] and (3) below:

1. Standard formula up until December 31, 2007:
 - a. 1.75% final average monthly compensation times benefit service (maximum 15 years) up until December 31, 2007; plus
 - b. 1.00% final average monthly compensation times benefit service in excess of 15 years (maximum 20 years) up until December 31, 2007.
2. Standard formula post December 31, 2007:
 - a. 1.00% final average monthly compensation times benefit service post December 31, 2007 (maximum 35 years total benefit service including pre-2008 benefit service).

Schedule SB Attachment (Form 5500)—2019 Plan Year
Moen Incorporated Pension Plan
EIN: 36-0548230 PN: 001

3. Minimum formula. The prior plan accrued benefit plus the sum of (a) and (b), however, all eligible service after December 31, 2007 has a 1% accrual (i.e., if maximum years have not already been reached):
 - a. 1.75% final average monthly compensation times benefit service after December 31, 2001 (maximum 15 years minus benefit service earned prior to 2002); plus
 - b. 1.00% final average monthly compensation times benefit service after December 31, 2001 in excess of 15 years minus benefit service earned prior to 2002 (maximum 20 years). If a participant had 15 or more years of benefit service as of December 31, 2001, this part becomes 1% times final average monthly compensation times benefit service earned after December 31, 2001.

Early Retirement

Eligibility

Age 55 and 10 years of vesting service.

Benefit

The greater of (1) or (2) below:

1. The standard formula normal retirement benefit reduced 1/2 of 1% for each month by which the commencement date precedes age 62.
2. The minimum formula attributed to benefit service after December 31, 2001 reduced 1/2 of 1% for each month by which the commencement date precedes age 62. For participants who retire with 12 years of vesting service, the prior plan accrued benefit is reduced 7/12 of 1% for each month by which the commencement date precedes age 60; the prior plan accrued benefit is unreduced at 30 years of vesting service.

Disability Retirement

Eligibility

Participants in the plan entitled to benefits under the company's Long-Term Disability plan.

Benefit

The retirement benefit is the normal retirement benefit based on compensation at date of disability. Vesting service and benefit service continue to accrue during the period of disability.

Vested Termination Benefit

Eligibility

Five years of vesting service.

Benefit

The accrued benefit payable at normal retirement, or if the participant had completed 10 years of vesting service, the accrued benefit payable as early as age 55, reduced 1/2 of 1% for each month by which the commencement date precedes age 65.

Preretirement Surviving Spouse Benefit

Eligibility

After being married for at least one year, after becoming vested, and before receiving any benefits under the plan.

Benefit

For participants with less than 10 years of vesting service: 50% of the amount that would have been payable if the participant had terminated employment on the date of death (if not already terminated), deferred payment to age 65, and then elected the 50% joint and survivor form of payment.

For participants with 10 (but less than 12) years of vesting service: 50% of the amount that would have been payable if the employee had terminated employment on the date of death (if not already terminated), survived to his or her earliest retirement age (if not already eligible for retirement), and then begun to receive a 50% joint and survivor annuity.

For participants with 12 years of vesting service: the amount determined as for participants with 10 years of vesting service except that the prior plan accrued benefit will be payable as a 100% joint and survivor annuity.

Normal Form of Payment

For unmarried participants: Life annuity.

For married participants: The actuarial equivalent qualified joint and survivor annuity.

Optional Forms of Payment

50%, 75%, or 100% joint and survivor annuity, 10 or 15 year certain and life annuity, or life annuity.

Actuarial equivalence for this purpose is based on a 6.00% interest rate and the RP-2000 Combined Healthy Mortality Table blended 50% male and 50% female with no age setbacks.

The prior plan provides age 62 and age 65 Social Security level income options for the prior plan accrued benefit.

Schedule SB, line 24—Change in Actuarial Assumptions

The funding valuation reflects the following assumption changes:

- A change in the unlimited expected return on assets from 6.45% to 6.10%.
- A change in the beneficiary survival probability assumption for current retirees based on the valuation mortality table for the duration between retirement date and valuation date for beneficiary records for which survival status could not be directly confirmed for valuation date January 1, 2018 to valuation date January 1, 2019.

These changes were made to better reflect the anticipated plan experience. These assumption changes did not reduce the funding shortfall by more than the thresholds stated in Income Revenue Code Section 430(h)(5); as such, approval by the Commissioner is not required.
