(1) Description of plan

The following description of the Marvin Engineering Co., Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement or summary plan description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a defined contribution plan sponsored by Marvin Engineering Co., Inc. (the Company) for the benefit of its employees who have completed 6 months of service and are age twenty-one or older. The Plan covers all eligible employees of Marvin Engineering Co., Inc. and its controlled group of affiliated companies; Marvin Land Systems, Marvin Test Solutions, Clean Water Technology, Flyer Defense, LLC, Wyomedia, Silverton Broadcasting, and Mark III Media (the Employer). The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the Employer's 401(k) Committee (the Committee), which is a committee of senior management of the Employer. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions - Participants may contribute to the Plan pretax or Roth (post-tax) contributions up to 90% of annual compensation, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

The Employer may make either matching or profit sharing contributions to the Plan at its discretion. Matching contributions may be made for all participants who have made elective deferral contributions in the current plan year. Profit sharing contributions may be made for all participants employed on the last day of the plan year. The Company contributes up to 50% of the first deferrals up to 6% of base compensation that a non-highly compensated participant contributes to the Plan up to a maximum amount of $2,000. Additional amounts may be contributed at the option of the Company.

Participant investment account options - The Plan currently offers a money market fund and a variety of mutual funds as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contribution, the Employer's match, and allocations of (a) the Employer's profit sharing contributions, and (b) plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of plan (continued)

Vesting - Participants' contributions plus actual earnings are 100% vested immediately. Employer match contributions are 100% vested after two years. Profit sharing contributions are subject to the following vesting schedule:

Years of Service	Vested %
1	20%
2	40%
3	60%
4	80%
5	100%

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of benefits - On termination of service, due to death, disability or retirement, a participant may elect to receive either a lump sum equal to the value of the participant's vested interest in his or her account or installment payments. Participants become fully vested at normal retirement age, upon retirement due to disability, or upon death. For termination of service due to other reasons, participant account balances that are less than $1,000 will be automatically distributed as a lump sum. Account balances between $1,000 and $5,000 are automatically distributed to an Individual Retirement Account. For those accounts over $5,000, the participant may elect to receive either a lump sum equal to the value of the participant's vested account balance or installments. Upon the death of a participant, benefit payments are made to the beneficiary.

Hardship withdrawals are allowed if the participant meets the applicable provisions of the IRC.

Forfeited accounts - At December 31, 2019 and 2018, forfeited nonvested accounts totaled $8,121 and $8, respectively. These accounts will be used first to reduce employer contributions, then to offset administrative expenses, and any remaining forfeitures may be allocated to participants. No forfeitures were used during the years ended December 31, 2019 and 2018.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

(2) Summary of significant accounting policies (continued)

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Employer and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Recordkeeping services are allocated to participants' accounts and are also included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

New Accounting Pronouncements - In 2019 the Plan adopted Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2017-06, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Employee Benefit Plan Master Trust Reporting*. The new guidance requires a plan's interest in that master trust and any change in that interest to be presented in separate line items in the statement of net assets available for benefits and in the statement of changes in net assets available for benefits, respectively. The new guidance also requires that all plans disclose the dollar amount of their interest in each of those general types of investments, their master trust's other asset and liability balances and the dollar amount of the Plan's interest in each of those balances. The new guidance has been applied on a retrospective basis. The adoption of the new standard did not have a material impact on the Plan's financial statements.

(2) Summary of significant accounting policies (continued)

In 2019, the Plan adopted FASB ASU 2018-09, *Codification Improvements* which makes changes to a variety of topics, to clarify, correct errors in, or make minor improvements to the Accounting Standards Codification (ASC). The portion of ASU 2018-09 that is most applicable to the Plan relates to whether certain investments have a readily determinable fair value or qualify for the net asset value per share practical expedient in accordance with ASC 820, Fair Value Measurement. The standard is effective for fiscal years beginning after December 15, 2018, with early adoption permitted. The adoption of ASU 2018-09 did not have a material impact on the Plan's financial statements.

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement - Disclosure Framework (Topic 820)*. The updated guidance improves the disclosure requirements on fair value measurements. The updated guidance is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted for any removed or modified disclosures. Management does not expect the adoption of ASU 2018-13 to have a material impact on the Plan's financial statements.

(3) Information prepared and certified by the trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America, N.A., the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at the end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

(4) Fair value measurements (continued)

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Money market fund: Valued at cost, which approximates fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Security and Exchange Commission. The mutual funds held by the plan are deemed to be actively traded.

The following tables set forth the Plan's investments at fair value as of December 31, 2019 and 2018:

	Investments at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**

(5) Related party transactions and party-in-interest transactions

Merrill Lynch, Pierce, Fenner & Smith, Inc. Retirement Services (MLPFS) is a subsidiary of Bank of America, N.A., the trustee, that provides recordkeeping services for the Plan and therefore, these transactions qualify as party-in-interest transactions.

MLPFS provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MAS) between the Company and MLPFS. MLPFS receives revenue from mutual fund service providers for services MLPFS provides to the funds. This revenue is used to offset certain amounts owed to MLPFS for its administrative services to the Plan.

If the revenue received by MLPFS from such mutual fund service providers exceeds the amount owed under the MSA, MLPFS remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of participants. During 2019 and 2018, there were no excess amounts. The Plan or plan sponsor may make payment to MLPFS for administrative expenses not covered by revenue sharing.

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to MLPFS of $55,662 and $31,021 for the years ended December 31, 2019 and 2018, respectively, which were not covered by revenue sharing. Bay Mutual Financial provides investment consulting services to the Plan, and therefore, these transactions qualify as party-in-interest transactions. The Plan made direct payments to Bay Mutual Financial of $20,000 for the year ended December 31, 2018. The Employer pays directly any other fees related to the Plan's operations.

(6) Plan termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(7) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018 to Form 5500:

	December 31, 2019	December 31, 2018
Net assets available for benefits per the financial statements	$ 31,790,401	$ 24,383,926
Participants' contributions receivable	(77,834)	-
Employer contributions receivable	(10,180)	-
Net assets available for benefits per Schedule H of Form 5500	$ 31,702,387	$ 24,383,926

The following is a reconciliation of net increase (decrease) per the financial statements for the years ended December 31, 2019 and 2018 to Form 5500:

	December 31, 2019	December 31, 2018
Net increase per the financial statements	$ 7,406,475	$ 475,211
Participants' contributions receivable	(77,834)	-
Employer contributions receivable	(10,180)	-
Net increase per Form 5500	$ 7,318,461	$ 475,211

(8) Tax status

The Internal Revenue Service (IRS) has determined that the Prototype Non-Standardized Profit Sharing Plan is designed in accordance with applicable sections of the IRC and informed the trustee of such in a letter dated March 31, 2014. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Risks, uncertainties and concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2019 and 2018, approximately 15% and 17% of the Plan's investments were invested in Janus Henderson Balanced Fund Class A, respectively.

(10) Subsequent events

The Plan has evaluated subsequent events through February 17, 2021 which is the date the financial statements were available to be issued and noted the following items for disclosure:

In 2020 Wyomedia, Silverton Broadcasting and Mark III Media were sold and are no longer elibible for the Plan under the controlled group of affiliated companies. Current participants could remain in the Plan or request a rollover into another qualifying account.

On January 30, 2020, the World Health Organization declared a global health emergency because of the coronavirus (the COVID-19 outbreak) creating risks to the international community as the virus spread globally beyond its point of origin. On March 11, 2020, the World Health Organization classified the COVID-19 outbreak as a pandemic on the rapid increase in exposure globally.

The full impact of COVID-19 outbreak continues to evolve as of the date of this report. The pandemic has adversely affected global economic activity and greatly contributed to significant instability in financial markets. As a result, there has been heightened market risk and the Plan's investment portfolio had incurred significant volatility in fair value since December 31, 2019. Because the value of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any and the related impact on the Plans liquidity cannot be determined as this time.

In December 2019, the Setting Every Community Up for Retirement Enhancement ("SECURE") Act was signed into law, related to required minimum distributions and the limitation of life-time or stretch distributions to remain compliant under the applicable laws and regulations. These provisions are effective beginning January 1, 2020.

As a result of the Bipartisan Budget Act of 2018 and effective January 1, 2020, participants are no longer suspended from making contributions to the Plan or from receiving Company matching contributions as a result of a hardship withdrawal.

(10) Subsequent events (continued)

Additionally, March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to $100,000
- Increased the available loan amount as described in Note 1 to the lesser of $100,000 or 100% of the participant's vested account balance
- Extended the period for loan repayments, if applicable, up to one year.

The Plan is in the process of operationally being amended to implement certain changes permitted by the above law changes.
