Livingston Hearing Aid Center, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2018

1. General

The following brief description of the Livingston Hearing Aid Center, Inc. 401 (k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's Provisions.

General – The Plan, originally effective on March 1, 2000. is a defined contribution plan covering substantially all of the employees of Livingston Hearing Aid Center, Inc (Employer) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility – Employees are eligible for participation in the Plan after completing one hour of service within the three-month time period following date of hire and attainment of age 21. Plan entry dates are the first day of the Plan Year quarter coinciding or following the date on which eligibility requirements are met.

Contributions – Under the Plan, the participant and the Employer are both allowed to make contributions. The participants are allowed to contribute a portion of their salary to the Plan subject to those limitations provided for in Section 401 (k) of the Internal Revenue Code. Employees can contribute to a pre-tax deferral account. The Employer makes matching contributions for an amount calculated using a discretionary matching percentage, that the Employer from time to time may deem advisable (during the current year no match was made), of each participant's eligible contributions not to exceed one hundred percent of the participant's annual contribution. The Employer contribution, if any, is allocated each payroll period.

Participant Amounts – Each participant has two accounts, with each account designed for participant contributions and Employer contributions, respectfully. Participant contribution accounts are credited with the participant's contributions and the earnings of the specific investment vehicles selected. Participants may self-direct their contributions to interest bearing deposits and mutual funds.

The Employer contribution accounts are credited with the Employer's matching contribution and an allocation of the Employer's discretionary contribution and forfeitures of terminated participants' non-vested accounts. Employer's discretionary contributions if any are allocated based on each participant's interest in the Plan. Participants may also self-direct the Employer account if any, to interest bearing deposits and mutual funds. There were no forfeitures to be allocated at December 31, 2018.

Vesting – Each participant's Employer contribution account, if any vests at a rate of 0% per year for the first year and 20% per year thereafter until fully vested after six years. Participants are immediately vested in their voluntary contributions plus actual earnings thereon.

If a participant dies or becomes disabled, the participant's accrued benefit derived from Employer contributions, if any, becomes 100% vested without regard to the above schedule. In the event of full or partial termination of the Plan, an affected participant's rights to the accrued benefit shall be 100% non-forfeitable. The Plan can be terminated at the discretion of the Employer.

At December 31, 2018, the participant's vested interest amounted to approximately $ 2,687,018.

Payments of Benefits – Distribution will be made on the first administratively practicable distribution date and upon attainment of age 65. A participant may receive distributions prior to separation of service after normal retirement age is reached. Participant contributions are paid out in a lump sum payment. If the participant's vested balance in the Employer contributions is less than $5,000, a lump sum payment is made after separation of service. If the participant's vested balance in the Employer contributions is greater than $5,000, a lump sum payment is made when the participant reaches early retirement age or subject to other various options defined by the Plan. If the participant dies prior to receiving all benefits under the Plan, the balance of the participant's account is paid to the beneficiary.

Participant Loans – Participants are permitted to borrow pursuant to a written loan policy. In making loans, the administrator applies standards such as any other lender would apply, such as creditworthiness, collateral, the general ability to repay. All loans are to be repaid through after-tax payroll deductions and bear interest at 5.25% to 7.25% with maturities ranging from January 2019 through November 2024. Loans are limited to 50% of the participant's non forfeitable account balance and may not be made for an amount less than $1,000 nor for more than $50,000. Because of the limitations on loan amounts and the manner of repayment, no allowance is made for uncollectible loans.

Administration – Principal Financial Group has been contracted by the Plan as the Plan administrator, record keeper, and as investment manager custodian of the Plan, subject to an agreement dated July 1, 2010. The investment fund options include various mutual funds with various levels of investment risk and levels of earnings. Participants select investments from a variety of the above-mentioned funds. Participants may change their investment selection at any time by contacting Principal Financial Group. In the event that Livingston Hearing Aid Center, Inc. decides to terminate the Plan in its entirety, the participants become 100% vested in the employer contributions, if any.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting

Use of Estimates

The preparation of financial statements in conformity with U.S generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statement and accompanying notes. Actual results could differ from these estimates.

Valuation of Investments

FASB ASC 958-205-45, establishes a framework for using fair value to measure assets and liabilities, and expands disclosures about fair value measurements. The Statement establishes a hierarchy that prioritizes the inputs use in measuring fair value such that the highest priority is given to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in inactive markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement. These inputs reflect management's judgment about the assumptions that a market participant would use in pricing the investment and are based on the best available information.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments in securities traded on national securities exchanges are valued at the last reported sales price or at the last reported bid quotation if not traded on that day. Investments in commingled equity and balanced funds are valued at their redemption value. Dividends are recorded on the ex-dividend date and interest is accrued as earned.

Participant loans are valued using Level 3 inputs and are valued at cost, unless there is an impairment. No impairments existed at December 31, 2018.

A reconciliation of participant loan activity for the year ending December 31, 2018, is as follows:

Loan Balance Beginning of Year	$ 73,038
Advances	34,575
Repayments	(32,288)
Loan Balance End of Year	$ 75,325

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of these investment securities will occur in the near term, and such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

The plan paid contract administrator fees which totaled $3,929 for the calendar year 2018.

The Company has established the Plan with the intention that it will continue. The Company has the right at any time to terminate the Plan. The value of the participants' accounts would be distributed to the participants in a manner consistent with the Summary Plan Document.

The above descriptions are provided for informational purposes. Readers should refer to the most recently updated Summary Plan Document for more complete information on Plan provisions both before and after the noted Plan changes.

3. Investments

Investments representing five percent or more of the Plan's net assets at December 31, 2018, consisted of the following:

Principal Financial Group Fund	Investment Balance	% of Plan Holding
Principal Financial Group Fund International I	$ 139,247	5.22
Principal Financial Group Life Time 2020	188,329	7.06
Principal Financial Group Life Time 2030	262,430	9.84
Principal Financial Group Life Time 2035	191,412	7.18
Principal Financial Group Life Time 2040	310,925	11.66
Principal Financial Group Life Time 2045	148,561	5.57
Principal Financial Group Life Time 2050	233,801	8.76
Principal Financial Group Life Liquid Assets	194,996	7.31
Fund Detail Totals	$ 1,669,701	62.60

The Plan's investments appreciated (depreciated) in fair value during 2018 as follows:

Unrealized Appreciation (Depreciation)	
Funds Held by Principal Financial Group	$ (248,196)
Net Appreciation (Depreciation)	$ (248,196)

4. Income Tax Status

The Plan is operated by Livingston Hearing Aid Center, Inc. The Plan operates as a qualified plan of an organization under Section 401(a) of the Internal Revenue Code (IRC). The Plan obtained its latest determination letter on March 1, 2000, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to January 1, 2013.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for the benefits. The Plan assets are not covered under any collateralization agreements or other credit risk mitigating financial arrangements.

At December 31, 2018, the Plan's investments were held by Trustees. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee as complete and accurate in accordance with Section 2520. 103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.
