Report of Independent Certified Public Accountants

Plan Administrator and Participants
Dallas World Aquarium Corp. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Dallas World Aquarium Corp. 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2019, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Plan management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the trustee as of and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion of these financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matters

We were not engaged to audit, review or compile the accompanying 2018 financial statements and, accordingly, we do not express an opinion or any other form of assurance on them.

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulation

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the Dallas World Aquarium Corp. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Dallas World Aquarium Corp. (the "Company") under the provision of Section 401(a) of the Internal Revenue Code ("IRC"), which includes qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company.

Substantially all employees of the Company and participating employers are eligible to participate in the Plan on their date of hire, provided they are at least 18 years old. Employees meeting the eligibility requirements will enter the Plan on the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Administration

The Plan is administered by the Company. The duties of the Plan Administrators are to oversee the operations of the Plan, provide for prudent investment of Plan assets and keep accurate records and reports. Accordingly, the Plan Administrator has been granted discretionary authority concerning investment and management activities. The Plan's trustee, Fidelity Management Trust Company, (the "Trustee"), is responsible for the custody and management of the Plan's assets.

Contributions

Participants may contribute up to 96% of eligible compensation as defined in the Plan, subject to the maximum contribution allowed by Section 402(g) of the IRC. The Plan permits both pre-tax and certain after-tax (Roth) deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans (except rollovers of after-tax employee contributions). Participant elections will remain in effect until participants modify or terminate the election unless salary deferrals are automatically suspended under the terms of the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company provides for a safe harbor employer matching contribution to the Plan equal to 100% of the first 5% of the eligible participant's compensation contributed to the Plan. The contribution period for purposes of calculating the amount of matching contributions is each plan year. The Plan document may be amended to reduce or suspend the safe harbor match at any point during the plan year. If this occurs, a supplemental notice will be provided to participants at least 30 days prior to the reduction or suspension. Additionally, the Company may make a discretionary non-elective contribution each Plan year, as determined by management of the Company. The Company did not make any discretionary non-elective contributions for the Plan year ended December 31, 2019. Participants generally must complete twelve months of service to share in employer safe harbor matching contributions. Participants generally must complete three months of service, be an active participant during the plan year, and earn at least 501 hours of service during the plan year, to share in non-elective employer contributions.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching and other contributions, as well as the participant's share of the investment income, appreciation (depreciation) and any related administrative expenses. The participant determines both the amount to be invested and the allocation of the investment to one or more investment alternatives. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants are vested immediately in the Company's safe harbor matching contribution portion of their accounts plus actual earnings on those contributions. Vesting in the Company's non-elective employer contribution portion of their accounts plus actual earnings on those contributions, is based on years of vesting service, as defined in the Plan. A participant is 100 percent vested upon three years of credited service. Full and immediate vesting will also occur upon death, or totally disabled, as defined in the Plan. Participants who leave the Company before they are fully vested in the Company's contributions forfeit their non-vested portion.

Notes Receivable from Participants

The Plan allows for participants to borrow from their accounts under the Plan. These borrowings must be for an amount not less than $1,000 and not greater than the lesser of (a) $50,000 reduced by the excess (if any) of highest outstanding loan during the prior twelve-month period; or (b) 50% of the participant's vested account balance under the Plan. Each loan, by its terms, must be repaid in five years or less, except for loans for the purchase of a primary residence, which may have a term in excess of five years. With some loans, spousal consent shall be obtained no earlier than the beginning of the 180-day period that ends on the date on which the loan is to be so secured. The consent must be in writing, must acknowledge the effect of the loan, and must be witnessed by a Plan representative or notary public. The loans are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment alternatives maintained by the Trustee, determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Payment of Benefits

Upon retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a distribution equal to the participant's vested account balance made in the form of a single lump-sum payment of the participant's vested account balance. In addition, in-service distributions are permitted if certain criteria are met. A participant has the right to receive all or any portion of their vested accounts upon attainment of age fifty-nine and a half (59½), disability, death, or termination of employment. Benefits are recorded when paid.

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. At December 31, 2019 and 2018, unallocated forfeitures totaled $11,775 and $12,561 (unaudited), respectively. These accounts may be used to reduce Company contributions or pay Plan expenses. For the year ended December 31, 2019, $1,000 of Plan expenses were paid from forfeited non-vested accounts. No amounts were used to reduce employer contributions in 2019.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Method of Accounting

The accounting records of the Plan are maintained on the modified cash basis. Under this basis, revenues are recognized when received rather than when earned, and expenses are recognized when paid rather than when incurred. Accordingly, the financial statements are not intended to present the net assets and changes in net assets of the Plan in conformity with accounting principles generally accepted in the United States of America.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

Distribution and loan fees are charged directly to the requesting participants' account. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan is under no obligation to reimburse the Company for these expenses. Plan expenses paid by the Company are not included in these financial statements. Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments.

Use of Estimates

In preparing financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value, with the exception of fully benefit-responsive investments. Changes in market value are reflected in operations. Mutual funds, common collective trusts, and interest bearing cash (money market funds) represent investments with various investment managers. The respective fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds and interest bearing cash are traded on national securities exchanges and are valued at the net asset value ("NAV") at year end. Units held in common collective trusts are valued at the unit value as reported by the investment managers at year end. Interest and other income is recorded on the accrual basis. Purchases and sales of investments are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) of investments includes realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end. Brokerage fees, if any, are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

The Plan invests in the Fidelity Advisor Stable Value Portfolio (the "Portfolio"), a common collective trust established and managed by Fidelity Management Trust Company ("FMTC"). Further information concerning the Portfolio may be obtained from its audited financial statements. The Portfolio's investment objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. To achieve its investment objective, the Portfolio invests in assets (typically fixed-income securities such as U.S. treasury bonds, government agency securities, commercial mortgage backed securities, asset backed securities and bond funds and may include derivative instruments such as future contracts, options and swap agreements) and cash equivalents represented by shares in money market funds. The Portfolio may also invest in investment contracts offered by insurance companies and other approved financial institutions that provide for the payment of a specified rate of interest to the Portfolio and the repayment of principal at maturity. The Portfolio also purchases third party wrap contracts designed to permit the use of book value accounting to maintain a constant NAV and to provide for the payment of participant-directed withdrawals and exchanges at book value under most circumstances. FMTC seeks to minimize the exposure of the Portfolio to wrap credit risk through, among other means, diversification of the wrap contracts across an approved group of issuers. All investment contracts and fixed income securities purchased for the Portfolio must satisfy the credit quality standards of FMTC, the Portfolio investment guidelines, and wrap contracts. The Portfolio's ability to receive amounts due pursuant to these contracts is dependent upon the issuer's ability to meet their financial obligations. It is the policy of the Portfolio to use its best effort to maintain a stable NAV of $1.00 per unit, although there is no guaranteed that the Portfolio will be able to maintain this value.

Interest is credited to the Portfolio under the wrap contracts; there is no immediate recognition of gains and losses. Instead, gains and losses are recognized over time by adjusting the interest rate credited to the Portfolio. The yield earned by the Portfolio at December 31, 2019 and 2018 was 2.70% and 2.55% (unaudited), respectively. The yield earned by the Portfolio with an adjustment to reflect the actual interest rate credited to participants in the Portfolio at December 31, 2019 and 2018 was 1.88% and 1.74% (unaudited), respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan provides for various investment options. The underlying investments may include mutual funds, stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

The Plan invests indirectly in securities with contractual cash flows, such as asset backed securities, corporate bonds, mortgage-backed securities (including commercial mortgage-backed securities), and securities issued or backed by U.S. government agencies, government sponsored enterprises, or similar U.S. government entities or instrumentalities. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and affected the short-term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of December 31, 2019 and 2018 and for the years then ended.

	Years ended December 31,	
	2019	2018 (Unaudited)
Investments at fair value:		
Mutual funds	$ 3,105,452	$ 2,640,231
Interest-bearing cash	426,160	801
Common collective trust	11,775	12,561
Total investments	3,543,387	2,653,593
Notes receivable from participants	193,023	124,768
Total assets certified by the Plan's Trustee	$ 3,736,410	$ 2,778,361

	Year Ended December 31, 2019
Investment income and interest income on participant loans:	
Net appreciation in fair value of investments	$ 602,670
Interest and dividends	176,445
Interest income on notes receivable from participants	4,425
	$ 783,540

The Plan's independent accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the year ended December 31, 2019 there were no significant transfers in or out of levels 1, 2 or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Mutual funds: Valued at the NAV of shares held by the Plan at year end.

Interest-bearing cash: Valued at the NAV of units held by the Plan at year end.

Common collective trust: The fair value of units held in the Fidelity Advisor Stable Value Portfolio (the "Portfolio") is based on its NAV, as a practical expedient, as reported by the manager of the Portfolio and as supported by the unit price of actual purchase and sale transactions occurring as of or close to the financial statement date. The Portfolio provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,105,452	$ -	$ -	$ 3,105,452
Interest-bearing cash	426,160	-	-	426,160
Total assets in the fair value hierarchy	$ 3,531,612	$ -	$ -	3,531,612
Common collective trust (a)				11,775
Total investments at fair value				$ 3,543,387

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2018 (Unaudited):

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,640,231	$ -	$ -	$ 2,640,231
Interest-bearing cash	801	-	-	801
Total assets in the fair value hierarchy	$ 2,641,032	$ -	$ -	2,641,032
Common collective trust (a)				12,561
Total investments at fair value				$ 2,653,593

(a) These investments are valued using net asset value as a practical expedient, and therefore have not been classified in the fair value hierarchy.

5. REPORTABLE TRANSACTIONS

During the year ended December 31, 2019, there were no reportable transactions, no investments both acquired and disposed of within the Plan year or non-exempt transactions with parties-in-interest which would require presentation under the Department of Labor's Rules and Regulations.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and units of a common collective trust managed by Fidelity Investments or one of its affiliates. Fidelity Investments is an affiliate of the Trustee and therefore, these transactions qualify as party-in-interest transactions. Purchases and sales of these accounts and the underlying investments comprising these accounts are open market transactions at fair market value. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the financial statements to the Form 5500:

	December 31, 2019	December 31, 2018 (Unaudited)
Net assets available for benefits per the financial statements	$ 3,736,410	$ 2,778,361
Other	-	(128)
Net assets available for benefits per Form 5500	$ 3,736,410	$ 2,778,233

	Year Ended December 31, 2019
Net increase in net assets available for benefits per the financial statements	$ 958,049
Other	128
Net increase in net assets available for benefits per Form 5500	$ 958,177

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the IRC. In the event of Plan termination, participants would become 100% vested in all employer contributions.

9. TAX STATUS

The Company has adopted the Fidelity Management and Research Company Volume Submitter Defined Contribution Plan (Fidelity Basic Plan Document No. 17 and the Adoption Agreement together comprise the Volume Submitter Defined Contribution Plan). The Internal Revenue Service ("IRS") has issued an advisory letter dated March 31, 2014 stating that the plan is acceptable under section 401(a) of the IRC for use by employers for the benefit of their employees. The Company is relying on the advisory letter (in accordance with Announcement 2011-49) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the advisory letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. PLAN AMENDMENTS

Effective January 1, 2019, the Plan was amended to reflect statutory changes pursuant to the Disaster Tax Relief and Airport and Airway Extension Act of 2017, the Tax Cuts and Jobs Act of 2017, the Bipartisan Budget Act of 2018, and IRC Sections 401(k) and (m) 2019 Final Hardship Regulations and any related guidance. Significant changes to the Plan document through this amendment included (a) removing the requirement for a participant to take a loan prior to hardship distribution, (b) including earnings accrued on participant accounts as amounts available for hardship withdrawal, and (c) removing the requirement that elective deferrals be suspended following a hardship withdrawal. The Plan does not currently allow hardship distributions.

11. SUBSEQUENT EVENTS

Management has evaluated subsequent events through March 4, 2021, the date the financial statements were available to be issued.

In December 2019, a novel strain of coronavirus disease ("COVID-19") was reported to have surfaced in China. The virus subsequently spread to other parts of the world, including the U.S. and Europe, and caused unprecedented disruptions in the global economy as efforts to contain the spread of the virus intensified. In March 2020, the World Health Organization officially declared COVID-19 to constitute a "Public Health Emergency of International Concern" and characterized the outbreak as a pandemic. This pandemic has adversely affected global economic activity, significantly affected the market values of many types of investments over a wide range of industries and investment types and has also caused unprecedented market volatility. As a result, the Plan's investment portfolio has incurred significant changes in fair value. Because the values of the Plan's individual investments have, and may continue to, fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity and participants' account balances cannot be reasonably determined at this time. Plan management is unable to estimate the total impact the pandemic will have on the Plan and the complete impact of COVID-19 on the Plan's net assets available for benefits, and changes in net assets available for benefits, is unknown and is dependent on the duration of the pandemic and the effectiveness of the actions undertaken by national, regional, state and local governments and health officials to contain the virus or treat its effects, and how quickly and to what extent economic conditions improve and normal business and operating conditions resume. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

11. SUBSEQUENT EVENTS (Continued)

On March 27, 2020, in response to COVID-19, Congress passed into law the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"). The CARES Act provides several relief provisions temporarily available to qualified retirement plans and their participants which includes a penalty free coronavirus-related distribution for qualifying individuals, increased loan limits and up to a one-year deferral of loan repayments for qualifying individuals, and a waiver for minimum required distributions otherwise required to be made in the 2020 calendar year. For purposes of receiving a coronavirus-related distribution or loan, a "qualifying individual" is defined as an individual who is diagnosed with COVID-19, whose spouse or dependent is diagnosed with COVID-19, or who, as a result of COVID-19, experiences adverse financial consequences as a result of being quarantined, furloughed or laid off, having work hours reduced, being unable to work due to lack of child care, or other factors as determined by the Secretary of the Treasury. Plan management has evaluated the optional provisions of the CARES Act and has implemented the following provisions: (a) increased loan limits for qualifying individuals to the lesser of (i) $100,000 or (ii) 100% of the participant's vested account balance; and (b) deferral of the period for loan repayments, if applicable, up to one year (at which point the loan will be re-amortized). Written amendments to the Plan to reflect these operational changes will be formally adopted at a later date as allowed by the applicable law and guidance from the IRS.

On November 27, 2020, but effective January 1, 2021, the Plan was amended to change the eligibility services requirement for contributions to the Plan. These service requirements are measured in months, and employees need (a) twelve months of service (zero months prior to January 1, 2021) for deferral contributions, employee contributions and qualified non-elective contributions; and (b) twelve months of services (three months prior to January 1, 2021) for non-elective employer contributions.

On December 4, 2020, but effective January 1, 2021, the Plan was amended and restated to (a) no longer offer matching employer contributions (including safe harbor employer matching contributions) to the Plan; and (b) no longer offer matching contributions to employee catch-up contributions. All employer matching contribution balances held by participants prior to the effective date, are fully vested.

Dallas World Aquarium Corp. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Dallas World Aquarium Corp. 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2019, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Plan management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the trustee as of and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion of these financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matters

We were not engaged to audit, review or compile the accompanying 2018 financial statements and, accordingly, we do not express an opinion or any other form of assurance on them.

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulation

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the Dallas World Aquarium Corp. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Dallas World Aquarium Corp. (the "Company") under the provision of Section 401(a) of the Internal Revenue Code ("IRC"), which includes qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company.

Substantially all employees of the Company and participating employers are eligible to participate in the Plan on their date of hire, provided they are at least 18 years old. Employees meeting the eligibility requirements will enter the Plan on the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Administration

The Plan is administered by the Company. The duties of the Plan Administrators are to oversee the operations of the Plan, provide for prudent investment of Plan assets and keep accurate records and reports. Accordingly, the Plan Administrator has been granted discretionary authority concerning investment and management activities. The Plan's trustee, Fidelity Management Trust Company, (the "Trustee"), is responsible for the custody and management of the Plan's assets.

Contributions

Participants may contribute up to 96% of eligible compensation as defined in the Plan, subject to the maximum contribution allowed by Section 402(g) of the IRC. The Plan permits both pre-tax and certain after-tax (Roth) deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans (except rollovers of after-tax employee contributions). Participant elections will remain in effect until participants modify or terminate the election unless salary deferrals are automatically suspended under the terms of the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company provides for a safe harbor employer matching contribution to the Plan equal to 100% of the first 5% of the eligible participant's compensation contributed to the Plan. The contribution period for purposes of calculating the amount of matching contributions is each plan year. The Plan document may be amended to reduce or suspend the safe harbor match at any point during the plan year. If this occurs, a supplemental notice will be provided to participants at least 30 days prior to the reduction or suspension. Additionally, the Company may make a discretionary non-elective contribution each Plan year, as determined by management of the Company. The Company did not make any discretionary non-elective contributions for the Plan year ended December 31, 2019. Participants generally must complete twelve months of service to share in employer safe harbor matching contributions. Participants generally must complete three months of service, be an active participant during the plan year, and earn at least 501 hours of service during the plan year, to share in non-elective employer contributions.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching and other contributions, as well as the participant's share of the investment income, appreciation (depreciation) and any related administrative expenses. The participant determines both the amount to be invested and the allocation of the investment to one or more investment alternatives. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants are vested immediately in the Company's safe harbor matching contribution portion of their accounts plus actual earnings on those contributions. Vesting in the Company's non-elective employer contribution portion of their accounts plus actual earnings on those contributions, is based on years of vesting service, as defined in the Plan. A participant is 100 percent vested upon three years of credited service. Full and immediate vesting will also occur upon death, or totally disabled, as defined in the Plan. Participants who leave the Company before they are fully vested in the Company's contributions forfeit their non-vested portion.

Notes Receivable from Participants

The Plan allows for participants to borrow from their accounts under the Plan. These borrowings must be for an amount not less than $1,000 and not greater than the lesser of (a) $50,000 reduced by the excess (if any) of highest outstanding loan during the prior twelve-month period; or (b) 50% of the participant's vested account balance under the Plan. Each loan, by its terms, must be repaid in five years or less, except for loans for the purchase of a primary residence, which may have a term in excess of five years. With some loans, spousal consent shall be obtained no earlier than the beginning of the 180-day period that ends on the date on which the loan is to be so secured. The consent must be in writing, must acknowledge the effect of the loan, and must be witnessed by a Plan representative or notary public. The loans are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment alternatives maintained by the Trustee, determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Payment of Benefits

Upon retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a distribution equal to the participant's vested account balance made in the form of a single lump-sum payment of the participant's vested account balance. In addition, in-service distributions are permitted if certain criteria are met. A participant has the right to receive all or any portion of their vested accounts upon attainment of age fifty-nine and a half (59½), disability, death, or termination of employment. Benefits are recorded when paid.

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. At December 31, 2019 and 2018, unallocated forfeitures totaled $11,775 and $12,561 (unaudited), respectively. These accounts may be used to reduce Company contributions or pay Plan expenses. For the year ended December 31, 2019, $1,000 of Plan expenses were paid from forfeited non-vested accounts. No amounts were used to reduce employer contributions in 2019.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Method of Accounting

The accounting records of the Plan are maintained on the modified cash basis. Under this basis, revenues are recognized when received rather than when earned, and expenses are recognized when paid rather than when incurred. Accordingly, the financial statements are not intended to present the net assets and changes in net assets of the Plan in conformity with accounting principles generally accepted in the United States of America.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

Distribution and loan fees are charged directly to the requesting participants' account. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan is under no obligation to reimburse the Company for these expenses. Plan expenses paid by the Company are not included in these financial statements. Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments.

Use of Estimates

In preparing financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value, with the exception of fully benefit-responsive investments. Changes in market value are reflected in operations. Mutual funds, common collective trusts, and interest bearing cash (money market funds) represent investments with various investment managers. The respective fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds and interest bearing cash are traded on national securities exchanges and are valued at the net asset value ("NAV") at year end. Units held in common collective trusts are valued at the unit value as reported by the investment managers at year end. Interest and other income is recorded on the accrual basis. Purchases and sales of investments are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) of investments includes realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end. Brokerage fees, if any, are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

The Plan invests in the Fidelity Advisor Stable Value Portfolio (the "Portfolio"), a common collective trust established and managed by Fidelity Management Trust Company ("FMTC"). Further information concerning the Portfolio may be obtained from its audited financial statements. The Portfolio's investment objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. To achieve its investment objective, the Portfolio invests in assets (typically fixed-income securities such as U.S. treasury bonds, government agency securities, commercial mortgage backed securities, asset backed securities and bond funds and may include derivative instruments such as future contracts, options and swap agreements) and cash equivalents represented by shares in money market funds. The Portfolio may also invest in investment contracts offered by insurance companies and other approved financial institutions that provide for the payment of a specified rate of interest to the Portfolio and the repayment of principal at maturity. The Portfolio also purchases third party wrap contracts designed to permit the use of book value accounting to maintain a constant NAV and to provide for the payment of participant-directed withdrawals and exchanges at book value under most circumstances. FMTC seeks to minimize the exposure of the Portfolio to wrap credit risk through, among other means, diversification of the wrap contracts across an approved group of issuers. All investment contracts and fixed income securities purchased for the Portfolio must satisfy the credit quality standards of FMTC, the Portfolio investment guidelines, and wrap contracts. The Portfolio's ability to receive amounts due pursuant to these contracts is dependent upon the issuer's ability to meet their financial obligations. It is the policy of the Portfolio to use its best effort to maintain a stable NAV of $1.00 per unit, although there is no guaranteed that the Portfolio will be able to maintain this value.

Interest is credited to the Portfolio under the wrap contracts; there is no immediate recognition of gains and losses. Instead, gains and losses are recognized over time by adjusting the interest rate credited to the Portfolio. The yield earned by the Portfolio at December 31, 2019 and 2018 was 2.70% and 2.55% (unaudited), respectively. The yield earned by the Portfolio with an adjustment to reflect the actual interest rate credited to participants in the Portfolio at December 31, 2019 and 2018 was 1.88% and 1.74% (unaudited), respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan provides for various investment options. The underlying investments may include mutual funds, stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

The Plan invests indirectly in securities with contractual cash flows, such as asset backed securities, corporate bonds, mortgage-backed securities (including commercial mortgage-backed securities), and securities issued or backed by U.S. government agencies, government sponsored enterprises, or similar U.S. government entities or instrumentalities. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and affected the short-term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of December 31, 2019 and 2018 and for the years then ended.

	Years ended December 31,	
	2019	2018 (Unaudited)
Investments at fair value:		
Mutual funds	$ 3,105,452	$ 2,640,231
Interest-bearing cash	426,160	801
Common collective trust	11,775	12,561
Total investments	3,543,387	2,653,593
Notes receivable from participants	193,023	124,768
Total assets certified by the Plan's Trustee	$ 3,736,410	$ 2,778,361

	Year Ended December 31, 2019
Investment income and interest income on participant loans:	
Net appreciation in fair value of investments	$ 602,670
Interest and dividends	176,445
Interest income on notes receivable from participants	4,425
	$ 783,540

The Plan's independent accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the year ended December 31, 2019 there were no significant transfers in or out of levels 1, 2 or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Mutual funds: Valued at the NAV of shares held by the Plan at year end.

Interest-bearing cash: Valued at the NAV of units held by the Plan at year end.

Common collective trust: The fair value of units held in the Fidelity Advisor Stable Value Portfolio (the "Portfolio") is based on its NAV, as a practical expedient, as reported by the manager of the Portfolio and as supported by the unit price of actual purchase and sale transactions occurring as of or close to the financial statement date. The Portfolio provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,105,452	$ -	$ -	$ 3,105,452
Interest-bearing cash	426,160	-	-	426,160
Total assets in the fair value hierarchy	$ 3,531,612	$ -	$ -	3,531,612
Common collective trust (a)				11,775
Total investments at fair value				$ 3,543,387

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2018 (Unaudited):

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,640,231	$ -	$ -	$ 2,640,231
Interest-bearing cash	801	-	-	801
Total assets in the fair value hierarchy	$ 2,641,032	$ -	$ -	2,641,032
Common collective trust (a)				12,561
Total investments at fair value				$ 2,653,593

(a) These investments are valued using net asset value as a practical expedient, and therefore have not been classified in the fair value hierarchy.

5. REPORTABLE TRANSACTIONS

During the year ended December 31, 2019, there were no reportable transactions, no investments both acquired and disposed of within the Plan year or non-exempt transactions with parties-in-interest which would require presentation under the Department of Labor's Rules and Regulations.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and units of a common collective trust managed by Fidelity Investments or one of its affiliates. Fidelity Investments is an affiliate of the Trustee and therefore, these transactions qualify as party-in-interest transactions. Purchases and sales of these accounts and the underlying investments comprising these accounts are open market transactions at fair market value. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the financial statements to the Form 5500:

	December 31, 2019	December 31, 2018 (Unaudited)
Net assets available for benefits per the financial statements	$ 3,736,410	$ 2,778,361
Other	-	(128)
Net assets available for benefits per Form 5500	$ 3,736,410	$ 2,778,233

	Year Ended December 31, 2019
Net increase in net assets available for benefits per the financial statements	$ 958,049
Other	128
Net increase in net assets available for benefits per Form 5500	$ 958,177

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the IRC. In the event of Plan termination, participants would become 100% vested in all employer contributions.

9. TAX STATUS

The Company has adopted the Fidelity Management and Research Company Volume Submitter Defined Contribution Plan (Fidelity Basic Plan Document No. 17 and the Adoption Agreement together comprise the Volume Submitter Defined Contribution Plan). The Internal Revenue Service ("IRS") has issued an advisory letter dated March 31, 2014 stating that the plan is acceptable under section 401(a) of the IRC for use by employers for the benefit of their employees. The Company is relying on the advisory letter (in accordance with Announcement 2011-49) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the advisory letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. PLAN AMENDMENTS

Effective January 1, 2019, the Plan was amended to reflect statutory changes pursuant to the Disaster Tax Relief and Airport and Airway Extension Act of 2017, the Tax Cuts and Jobs Act of 2017, the Bipartisan Budget Act of 2018, and IRC Sections 401(k) and (m) 2019 Final Hardship Regulations and any related guidance. Significant changes to the Plan document through this amendment included (a) removing the requirement for a participant to take a loan prior to hardship distribution, (b) including earnings accrued on participant accounts as amounts available for hardship withdrawal, and (c) removing the requirement that elective deferrals be suspended following a hardship withdrawal. The Plan does not currently allow hardship distributions.

11. SUBSEQUENT EVENTS

Management has evaluated subsequent events through March 4, 2021, the date the financial statements were available to be issued.

In December 2019, a novel strain of coronavirus disease ("COVID-19") was reported to have surfaced in China. The virus subsequently spread to other parts of the world, including the U.S. and Europe, and caused unprecedented disruptions in the global economy as efforts to contain the spread of the virus intensified. In March 2020, the World Health Organization officially declared COVID-19 to constitute a "Public Health Emergency of International Concern" and characterized the outbreak as a pandemic. This pandemic has adversely affected global economic activity, significantly affected the market values of many types of investments over a wide range of industries and investment types and has also caused unprecedented market volatility. As a result, the Plan's investment portfolio has incurred significant changes in fair value. Because the values of the Plan's individual investments have, and may continue to, fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity and participants' account balances cannot be reasonably determined at this time. Plan management is unable to estimate the total impact the pandemic will have on the Plan and the complete impact of COVID-19 on the Plan's net assets available for benefits, and changes in net assets available for benefits, is unknown and is dependent on the duration of the pandemic and the effectiveness of the actions undertaken by national, regional, state and local governments and health officials to contain the virus or treat its effects, and how quickly and to what extent economic conditions improve and normal business and operating conditions resume. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

11. SUBSEQUENT EVENTS (Continued)

On March 27, 2020, in response to COVID-19, Congress passed into law the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"). The CARES Act provides several relief provisions temporarily available to qualified retirement plans and their participants which includes a penalty free coronavirus-related distribution for qualifying individuals, increased loan limits and up to a one-year deferral of loan repayments for qualifying individuals, and a waiver for minimum required distributions otherwise required to be made in the 2020 calendar year. For purposes of receiving a coronavirus-related distribution or loan, a "qualifying individual" is defined as an individual who is diagnosed with COVID-19, whose spouse or dependent is diagnosed with COVID-19, or who, as a result of COVID-19, experiences adverse financial consequences as a result of being quarantined, furloughed or laid off, having work hours reduced, being unable to work due to lack of child care, or other factors as determined by the Secretary of the Treasury. Plan management has evaluated the optional provisions of the CARES Act and has implemented the following provisions: (a) increased loan limits for qualifying individuals to the lesser of (i) $100,000 or (ii) 100% of the participant's vested account balance; and (b) deferral of the period for loan repayments, if applicable, up to one year (at which point the loan will be re-amortized). Written amendments to the Plan to reflect these operational changes will be formally adopted at a later date as allowed by the applicable law and guidance from the IRS.

On November 27, 2020, but effective January 1, 2021, the Plan was amended to change the eligibility services requirement for contributions to the Plan. These service requirements are measured in months, and employees need (a) twelve months of service (zero months prior to January 1, 2021) for deferral contributions, employee contributions and qualified non-elective contributions; and (b) twelve months of services (three months prior to January 1, 2021) for non-elective employer contributions.

On December 4, 2020, but effective January 1, 2021, the Plan was amended and restated to (a) no longer offer matching employer contributions (including safe harbor employer matching contributions) to the Plan; and (b) no longer offer matching contributions to employee catch-up contributions. All employer matching contribution balances held by participants prior to the effective date, are fully vested.
