ATLANTIS MARINE WORLD 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan

The following description of the Atlantis Marine World 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially full-time employees of Atlantis Marine World, LLC, Treasure Cove Resort Marina, Inc., HP East End Riverhead, LLC and Preston House LLC (collectively, the "Company") who have completed one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Investment Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at four percent of eligible compensation and their contributions invested in a designated target date fund until changed by the participant.

The Company will make a matching contribution equal to 50% of the participant's elective deferrals up to the percentage or dollar amount of 6% of a participant's compensation. Company matching contributions are invested in a portfolio of investments as directed by the participants. During the year ended May 31, 2020, the Company made matching contributions of $74,712 to the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and Company matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

ATLANTIS MARINE WORLD 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan (continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's accounts and bear interest at prime plus 1.00%. Principal and interest is paid ratably through payroll deductions. A loan that is considered in default is reported as a deemed distribution which is a taxable event to the participant.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a certain period, as defined in the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At May 31, 2020 and 2019, forfeited nonvested accounts totaled $3,091 and $-0-, respectively. These accounts will be used to reduce future Company matching contributions. During 2020, there were forfeitures of $8,307 and employer contributions were reduced by $5,216 from forfeited nonvested accounts.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

ATLANTIS MARINE WORLD 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 2 - Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of May 31, 2020 and 2019.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Recent Accounting Pronouncements

In July 2018, the FASB issued ASU 2018-09, *"Codification Improvements"*. ASU 2018-09 provides amendments to a wide variety of topics in the FASB's ASC. Specific to employee benefit plans, this ASU includes an amendment to Subtopic 962-325, *"Plan Accounting - Defined Contribution Pension Plan - Investments - Other"*. This amendment updates the consideration for whether a certain type of investment should be considered to be eligible to use the net asset value per share practical expedient when there is actually a readily determinable fair value. Investments that have a readily determinable fair value are precluded from using the net asset value per share practical expedient and should be included in the fair value hierarchy disclosure. ASU 2018-09 will be effective for the Plan's fiscal year beginning after December 15, 2019. The provisions of ASU 2018-09 are not expected to have a material impact on the Plan's fair value disclosures, nor an impact on the fair value measurements of the investments.

ATLANTIS MARINE WORLD 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 2 - Summary of Significant Accounting Policies (continued)

Recent Accounting Pronouncements (continued)

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *"Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement"*. The amendments in this ASU modify the disclosure requirements on fair value measurements in Topic 820, including the removal, modification to, and addition of certain disclosure requirements. ASU 2018-13 will be effective for the Plan's fiscal year beginning after December 15, 2019. The provisions of ASU 2018-13 are not expected to have a material impact on the Plan's fair value disclosures, nor an impact on the fair value measurement of the investments.

Subsequent Events

Plan management has evaluated subsequent events through March 12, 2021, which is the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

ATLANTIS MARINE WORLD 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 3 - Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2020 and 2019:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: The pooled separate accounts each invest in a single mutual fund. The fair value of the mutual fund is a publicly quoted pricing input used in determining the NAV of the pooled separate account, which is not publicly quoted but is available to investors. The NAV is the basis for current transactions and the pooled separate accounts can be redeemed at NAV as of the measurement date. The pooled separate accounts have been classified as Level 1 investments as the fair value of the underlying mutual fund is based on third-party pricing vendors and utilize observable market information.

Collective investment trusts: The collective investment trusts invest in a collective trust fund as well as a variety of separate accounts and mutual funds. The fair value of the collective investment trust and the separate account are not publicly quoted pricing inputs. The fair value of the mutual funds are publicly quoted pricing inputs. The fair value of these investments are used in determining the NAV of the collective investment trust, which is not publicly quoted but is available to investors. The NAV is the basis for current transactions and the collective investment trust can be at NAV as of the measurement date. The collective investment trusts have been classified as Level 1 investments because they are valued similarly to mutual funds.

Stable value fund collective investment trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that are valued at the NAV of units of the bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note 3 - Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of May 31st:

	Assets at Fair Value as of May 31, 2020	
	Level 1	Total
Mutual funds	$ 2,337,427	$ 2,337,427
Pooled separate accounts	531,440	531,440
Collective investment trusts	118,715	118,715
Total assets at fair value	$ 2,987,582	$ 2,987,582

	Assets at Fair Value as of May 31, 2019	
	Level 1	Total
Mutual funds	$ 3,157,706	$ 3,157,706
Total assets in the fair value hierarchy	$ 3,157,706	3,157,706
Investments measured at net asset value per unit		436,549
Total assets at fair value		$ 3,594,255

There were no Level 2 or Level 3 assets held by the Plan at May 31, 2020 and 2019.

NOTES TO FINANCIAL STATEMENTS

Note 4 - Investment Contract with Insurance Company

Certain traditional annuity individual annuity contracts with Principal Trust Company meet the fully benefit-responsive criteria, and therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Upon termination of the investment contract, the lump-sum liquidation value of the guaranteed account portion of the participant's accumulation value shall be equal to the product of (a) the participant's guaranteed account accumulation value of the liquidation date, reduced by the liquidation charge applicable on the liquidation date, and (b) a market value adjustment percentage. There are no reserves against contract value for credit risk of the contract issuer or otherwise. This portion of the investment contract is included in the financial statements at contract value as reported to the Plan by Principal Trust Company at $392,958 at May 31, 2020.

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations; (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transactions exemption under ERISA. The Plan administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer, and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 5 - Party-In-Interest Transactions

Certain Plan investments are managed by Principal Trust Company. Principal Trust Company is the custodian (as of May 31, 2020 and for the period from December 12, 2019 to May 31, 2020), as defined by the Plan, and therefore, these transactions qualify as exempt party-in-interest transactions.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

Note 7 - Tax Status

The Plan is structured and follows a volume submitter profit sharing plan, pre-approved by the Internal Revenue Service ("IRS"). The IRS issued an opinion letter dated March 31, 2014, that the volume submitter profit sharing plan is acceptable in accordance with the applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified and related trust is tax-exempt.

Note 7 - Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the applicable taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Certification

Certain information related to investments held at May 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends for the year ended May 31, 2020, disclosed in the accompanying financial statements and supplemental schedules, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Matrix Trust Company (the custodian of the Plan for the year ended May 31, 2019 and for the period from June 1, 2019 to December 11, 2019) and Principal Trust Company (the custodian of the Plan as of May 31, 2020 and for the period from December 12, 2019 to May 31, 2020).

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Investment Concentrations

At May 31, 2020, one of the investments held by the Plan, individually amounted to approximately 10% or more of net assets available for benefits and approximately $347,000 or 10% in the aggregate. At, May 31, 2019, one of the investments held by the Plan, individually amounted to approximately 10% or more of net assets available for benefits and approximately $437,000 or 12% in the aggregate.

COVID-19

As a result of the spread of COVID-19, economic uncertainties have arisen which are likely to negatively impact investment income and other plan transactions. Other financial impacts could occur though such potential impacts are unknown at this time.

COVID-19 (continued)

In December 2019, the President of the United States signed into law the Setting Every Community Up for Retirement Enhancement Act ("SECURE Act") which calls for reform of the retirement system. The provisions of the SECURE Act require significant changes to Plan administration and recordkeeping and is effective as of January 1, 2020. Some of the most significant changes that will impact the Plan include the following:

- Delay in required minimum distributions (from 70½ years of age to 72 years of age);
- Acceleration of post death minimum required distributions;
- New in-service withdrawals for childbirth and adoption expenses; and
- Form 5500 changes and increased penalties.

Note 10 - Delinquent Participant Contributions

As disclosed on Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions, the Plan failed to remit certain contributions within the time period prescribed in Section 29 CFR 2510.3-102 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. The Company will correct these late remittances through the DOL's Voluntary Fiduciary Correction Program.
