DESCRIPTION OF PLAN

The following description of the Epimed International, Inc. Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Epimed International, Inc., the "Company", who have one year of service, that is greater than 1,000 hours of service, are age twenty-one or older, and are employed by the Company on the last day of the Plan year. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company's Board of Directors oversees governance of the Plan. The Plan's administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Company's Board of Directors.

Contributions

Participants may contribute up to the statutory limits of pretax annual compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Internal Revenue Code contains limitations on the amount of contributions which can be made to the Plan by and on behalf of a participant. Specifically, there are limitations on contributions made on behalf of highly compensated employees to ensure that no prohibited discrimination takes place under the code.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 26 mutual funds as investment options for participants. The Company is required under the plan agreement to make annual safe harbor nonelective contributions of 3% of participants' base compensation. The Company may also make an additional discretionary contribution at the option of the Company's board of directors. Both of these contributions, if made, are invested in a portfolio of investments as directed by each participant.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's safe harbor and discretionary contributions and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and Company safe harbor contributions plus actual earnings thereon. For discretionary employer contributions and earnings, participants are vested according to a six-year vesting schedule.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus one (1) percent, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions. The maximum term of the loan is 5 years.

DESCRIPTION OF PLAN (continued)

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At June 30, 2020 and 2019, forfeited non-vested accounts totaled $-0- and $6,750, respectively. These accounts will be used to reduce future employer contributions or pay Plan expenses.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at the quoted net asset values, or closing market prices, of the shares held by the Plan at year-end. This is known as Level 1 fair value measurement. Participant loans are valued at their outstanding balances.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of June 30, 2020, and 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Presentation of Financial Statements

The financial statements for June 30, 2019 have been presented in conformity with the June 30, 2020 format.

Subsequent Events

Subsequent events were evaluated through February 16, 2021, the date the financial statements were available to be issued. No subsequent events have been recognized or disclosed.

Prior to the statements of net assets available for benefits date of June 30, 2020 the worldwide outbreak and spread of the COVID-19 virus was classified as a pandemic by the World Health Organization in March 2020. The spread of the virus and the resultant government reaction and restrictions have disrupted the Company's programs and activities. Business continuity, including supply chains and consumer demand across a broad range of activities, industries and countries, could be severely impacted for months or more, as governments and their citizens take significant and unprecedented measures to mitigate the consequences of the pandemic. The economic uncertainty and effect on the Plan caused by the virus has not been fully determined but could have a significant impact on the financial condition, activities and cash flow of the Plan. Management is carefully monitoring the situation and implementing responses as conditions evolve. No adjustments have been made to these financial statements as a result of this uncertainty.

FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The Plan generally uses quoted market prices to determine the fair value of investment securities on a recurring basis.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. Observable inputs are inputs that market participants would use in pricing the asset or liability, based on the best information available in the circumstances. The hierarchy consists of three broad levels based on the reliability of inputs as follows:

- Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.

The Plan's investments in mutual funds are valued utilizing Level 1 inputs.

- Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1).

The Plan currently has no assets using Level 2 inputs.

- Level 3 inputs are unobservable and have the lowest priority.

FAIR VALUE MEASUREMENTS (continued)

The Plan currently has no assets using Level 3 inputs.

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-ended funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

The fair value measurements and levels within the fair value hierarchy of those measurements for the assets reported at fair value on a recurring basis at June 30, 2020 are as follows:

Description	Fair value	Quoted prices in Active Markets for Identical Assets (Level 1)
Mutual funds	$ 8,662,325	$ 8,662,325
Money market funds	25,907	25,907
TOTALS	$ 8,688,232	$ 8,688,232

The fair value measurements and levels within the fair value hierarchy of those measurements for the assets reported at fair value on a recurring basis at June 30, 2019 are as follows:

Description	Fair value	Quoted prices in Active Markets for Identical Assets (Level 1)
Mutual funds	$ 8,224,249	$ 8,224,249
Money market funds	22,283	22,283
TOTALS	$ 8,246,532	$ 8,246,532

Gains and losses included in changes in net assets available for benefits for the years ended June 30, 2020 and 2019, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended June 30, 2020 and 2019, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental information was obtained from data that has been certified to as complete and accurate by the trustee and custodian.

	2020	2019

During the years ended June 30, 2020 and 2019, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value $273,632, and $116,436, respectively.

TAX STATUS

The Internal Revenue Service has determined and informed American Funds Distributors, Inc. by a letter dated March 31, 2014, that the Prototype Standardized Profit Sharing Plan, of which the Company has adopted, and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the Plan administrators believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrators to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrators believe the Plan is no longer subject to income tax examinations for years prior to 2016.

RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.
