Venture Metals International 401(k) Plan
(f/k/a Versatile Processing Group 401(k) Plan)
Notes to Financial Statements
December 31, 2019 and 2018

This Plan is for the benefit of the Companies' employees who have at least three months of service and are age 18 or older effective November 1, 2019; age 21 or older prior to November 1, 2019. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Automatic Data Processing, Inc. Retirement Services (ADP) serves as the Plan's recordkeeper. Reliance Trust Company (Reliance) serves as the trustee of the Plan.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Companies make annual contributions up to 90% of eligible compensation limited to the total contributions allowed by law. Employee rollover contributions are also permitted. Effective November 1, 2019, Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may elect to automatically increase their pre-tax contribution by 1, 2 or 3% annually.

Prior to November 1, 2019, the Companies made matching contributions of 50% of participants' elective deferrals on eligible compensation, inclusive of any catch-up contributions, if applicable, limited to 6% of eligible compensation, subject to IRS limits. Effective November 1, 2019, the Companies make matching contributions of 50% of participants' elective deferrals on eligible compensation, inclusive of any catch-up contributions, if applicable, limited to 7% of eligible compensation.

Other discretionary contributions may be made at the elections of the Companies' Board of Directors. Contributions are subject to certain IRS limitations.

Effective November 1, 2019, the Plan Document also includes an automatic deferral feature whereby a participant is treated as electing to defer 1% of eligible compensation unless the participant made an affirmative election otherwise. The automatic deferral feature also provides for an annual increase of 1% and is ultimately capped at 7%.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Companies' contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Companies' contribution portion of their accounts plus earnings thereon is based on years of credited service. Prior to July 1, 2018, a participant was fully vested after five years of credited service. Effective July 1, 2018, a participant is fully vested after one year of credited service. Effective December 1, 2019, a participant is 100% immediately vested. The nonvested balance is forfeited upon termination of service. Forfeitures may be used to pay Plan expenses or reduce the Companies' contributions.

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of his account. Withdrawals other than for termination are permitted under certain circumstances provided by the Plan.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited nonvested accounts totaled $4,631 and $2,323, respectively. These accounts could be used to reduce future Companies contributions. During 2019 and 2018, forfeitures of $243 and $12,543, respectively, were used to reduce the Companies' contributions.

Notes Receivable From Participants

Participant loans are not allowed by the Plan.

Plan Termination

Although it has not expressed an intention to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Venture Metals International 401(k) Plan
(f/k/a Versatile Processing Group 401(k) Plan)
Notes to Financial Statements
December 31, 2019 and 2018

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's interest in the Invesco Stable Asset ADP85 fund within the collective trust is valued at net asset value (NAV) based upon information reported by Invesco and using the audited financial statements of the collective trust. The Plan's interest in the various State Street Global Advisors (SSGA) funds within the collective investment trust are valued at the net asset value per share utilizing the practical expedient. Mutual funds are valued at the (NAV) of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust document sponsored by ADP Inc. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Companies or the Plan, at the Companies' discretion.

Note 3: Certification of Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance, the trustee of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule of assets held at end of year is complete and accurate:

- Investments as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2019 and 2018
- Investment income (loss) as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018
- Investment information included in the accompanying schedule of assets (held at year end) as of December 31, 2019

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Disclosures About Fair Value of Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of the assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2019 and 2018:

		2019 Fair Value Measurements Using	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
Mutual funds	$ 1,580,673	$ 1,580,673	$ -
Invesco Stable Asset	177,652	-	177,652
Total assets in fair value hierarchy	1,758,325	$ 1,580,673	$ 177,652
Investments measured at net asset value (A)	1,734,007		
Investments at fair value	$ 3,492,332		

		2018 Fair Value Measurements Using	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
Mutual funds	$ 1,719,808	$ 1,719,808	$ -
Invesco Stable Asset	272,657	-	272,657
Total assets in fair value hierarchy	1,992,465	$ 1,719,808	$ 272,657
Investments measured at net asset value (A)	3,798,763		
Investments at fair value	$ 5,791,228		

(A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. There are no participant redemption restrictions for these investments. A daily redemption period exists and there is a required 15-day notice for significant redemptions.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2019. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. The Plan determined that valuation measurement inputs of these equity securities required no adjustment from quoted prices in the market. As such, the Plan's investment in mutual funds reflects unadjusted quoted prices from active markets. Accordingly, the Plan classified these investments within Level 1 investments. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy and include the Invesco Stable Asset ADP85 Fund. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. There are no Level 3 investments held by the Plan.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Invesco Stable Asset Fund: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Investments Measured Using the Net Asset Value per Share Practical Expedient

As of December 31, 2019 and 2018, the Plan is valuing its investment in the various SSGA funds within the collective investment trust using NAV as a practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan. SSGA requires 15 days e-mailed notice in advance for all plan-directed redemptions that are of significant size. The redemption period is daily and there are no unfunded commitments.

Note 5: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan paid $3,067 and $3,740 recordkeeping fees to ADP during 2019 and 2018, respectively. The Company provides certain administrative services at no cost to the Plan.

Note 6: Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7: Nonexempt Transactions

Defined-contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. While the Company remitted all employee contributions to the Plan, contributions of $42,936 and $3,539 were not remitted within the required time period for the years ended December 31, 2019 and 2018, respectively.

Note 8: Subsequent Events

Effective January 1, 2020, Transformer Decommissioning Northeast, LLC is no longer a participating employer of the Plan.

The novel coronavirus ("COVID-19") was declared a global pandemic by the World Health Organization in March 2020. The COVID-19 pandemic has negatively impacted the U.S. and global economies, lowered equity market valuations, created significant volatility and disruption in the capital markets, dramatically increased unemployment levels and has fueled concerns that it will lead to a global recession. Depending on the duration and severity of the pandemic, we foresee the potential for adverse impacts related to, among other things: (i) net investment income; and (ii) the valuation of investments held by the Plan. The full extent to which the COVID-19 pandemic will impact the Plan remains uncertain.

In April 2020, the Plan implemented changes related to the Coronavirus Aid, Relief and Economic Security (CARES) Act, which provides relief to individuals impacted by the COVID-19 crisis. New features available to Plan participants (subject to certain restrictions):

- Coronavirus related distributions up to $100,000, with no mandatory 20% federal tax withholding and the 10% early withdrawal penalty is waived. The participant can repay the amount of the distribution as a rollover within three years and can pay taxes pro-rata over a 3-year period.
- Required minimum distributions are waived for 2020.

Subsequent events have been evaluated through October 13, 2020, which is the date the financial statements were available to be issued.
