MMM & D PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2019

NOTE 1 - PLAN DESCRIPTION

The following description of the MMM AND D 401(k) (Company) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan document and any amendments for a more complete description of the Plan's provisions:

General

The Company established the Plan for the benefit of its employees effective January 1, 2019. The Plan, as amended, is a defined contribution 401(k) deferred compensation plan covering all eligible full-time employees of the Company who are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and related Department of Labor regulations. The Plan is a multiple-employer plan including MMM&D and Tracy Tommack.

Participation

Employees may elect not to participate in the Plan.

Contributions

Each year, participants may contribute to the Plan on a pretax basis, and post-tax basis if choosing a Roth 401(k), amounts up to 92% of their compensation, subject to the annual additions limitation imposed under IRC 402(g). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company's matching contribution will equal 25% of each participant's deferral contribution for the plan year. With respect to the non-401(k) provision of the Plan, the Company, in its sole discretion, may contribute an amount which it designates as a qualified non-elective contribution. The Company need not have net profits to make its annual contribution under the Plan. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, forfeitures and plan earnings, and can be charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions and allocations into various investment options offered by the Plan.

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Vesting

Plan participants are immediately vested in their contributions and rollovers plus actual earnings thereon. Vesting in the company's matching and profit sharing contribution portion of the participants' accounts plus actual earnings thereon is based on years of continuous service. Participant's interest in company matching contributions when made will vest as follows:

Years of Service	Percent Vested
Less than one	0%
One	0%
Two	20%
Three	40%
Four	60%
Five	80%
Six	100%

Notes Receivable from Participants

Participants may borrow from their salary deferral a minimum of $1,000 up to a maximum of 50 percent of their vested balance or $50,000, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate that is determined when the loan is made. The loan plus interest which is credited to the participant's account, must be repaid within a five-year period, or longer if the loan is used to acquire a principal residence. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or monthly installments over an established period of time or the participant's life. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution or, if the participant's vested account balance exceeds $1,000, the participant may elect to leave the account in the Plan. Participants may also receive hardship distributions from the Plan based upon certain criteria established by the Plan.

During the year ended December 31, 2019, the Plan paid benefits to withdrawing participants totaling $486. There were no amounts allocated to withdrawing participants for claims that were processed and approved for payment prior to December 31, 2019 but not yet paid as of that date.

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Forfeited Accounts

At December 31, 2019, the forfeited accounts totaled $0. This amount can be used to reduce the Company's matching contribution or pay any administrative expenses.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Date of Trustees' Review

Subsequent events have been evaluated through October 28, 2020, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the trustees to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. As of December 31, 2019, no allowance for loan losses had been recorded during the year. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payments of Benefits

Benefits are recorded when paid.

Operating Expenses

All expenses of maintaining the Plan are paid by the Plan assets.

Plan Expenses

Administrative expenses paid by the Plan were $658 the year ended December 31, 2019.

NOTE 3 - FINANCIAL INFORMATION CERTIFIED BY TRUSTEE

In accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1975 (ERISA), all of the investment information including investment income, shown in the accompanying financial statement and supplemental schedule has been certified as complete and accurate by the Trustees of the Plan.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the quoted price (unadjusted) in the active market where the individual securities are traded.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 Fair Value Measurements

Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as: (a) quoted for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to be the fair value measurement.

	Fair Value Measurements Using:		
December 31, 2019	**Fair Value**	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Significant Unobservable Inputs (Level 3)**
Money market funds	$ 31,067	$ 31,067	$ -
Registered investment companies	95,642	95,642	-
	$ 126,709	$ 126,709	$ -

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured using Level 3 inputs at fair value. There have been no changes in the methodologies used as of and for the two years ended December 31, 2019.

Participant loans: Valued at amortized costs, which approximates fair value.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of difference methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2019 are reported in net appreciation (depreciation) in fair value of investments.

NOTE 5 - INVESTMENTS

During the years ended December 31, 2019, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the years) appreciated (depreciated) in value as follows:

Registered investment companies	$ 2,745
	$ 2,745

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risk such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are unit accounts managed by Paychex, Inc., who provide retirement services to the Company. Paychex, Inc. is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services were included as a reduction of the return on each fund.

NOTE 8 - TAX STATUS

The Company has adopted a prototype plan sponsored by Paychex, Inc. The Internal Revenue Service has determined and informed the service company by a letter dated April 10, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. No federal income taxes are required. Similar exemptions are available for state income tax purposes.

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.
