1. DESCRIPTION OF THE PLAN

The following description of Wehah Farm, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General The Plan is a defined contribution plan covering substantially all employees of Wehah Farm, Inc., dba Lundberg Family Farms (the Company) who are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was originally established as of September 1, 1987, and has been subsequently amended and restated. The Plan administrator is responsible for oversight of the Plan, including the appropriateness of the Plan's investment offerings and investment performance.

Contributions Participants may elect to contribute to the Plan, in the form of employee 401(k) salary deferral contributions (pre-tax 401(k) deferrals and Roth 401(k) deferrals), up to the lesser of 100% of their eligible compensation or the maximum amount allowable by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes matching contributions of 50% of each participant's deferral up to 6% of the participant's eligible compensation. The Company may also make discretionary profit sharing contributions. The Company made matching contributions of $450,315 and $416,198, respectively, for the years August 31, 2020 and 2019. No discretionary profit sharing contributions were made for the years ended August 31, 2020 and 2019.

Automatic Enrollment Employees eligible to participate in the Plan are automatically enrolled upon meeting the eligibility requirements noted above. Unless otherwise directed, the rate of deferral upon enrollment is 3% of eligible compensation and increases by 1% annually to a maximum of 6%, on a pre-tax basis, to be invested in specific pre-selected investments.

Participant Accounts Each participant's account is credited with the participant's contributions, Company contributions, and account earnings, and may be charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting Participants are immediately vested in their contributions, Company matching contributions, and earnings thereon. Discretionary profit sharing contributions are subject to vesting. A participant is 100% vested after six years of credited service. Participants are credited with one year of service for each plan year in which they worked at least 1,000 hours.

Notes Receivable From Participants Participants may borrow from their accounts a minimum of $1,000 up to 50% of their vested account balance. Additionally, the note cannot exceed $50,000 minus the difference between the highest outstanding balance of the notes receivable in the past 12 months and the outstanding balance of notes receivable from the Plan on the date the note receivable is made. Note receivable repayment terms generally may not exceed 5 years, except in the case of the purchase of a primary residence which may not exceed 15 years. The notes receivable are secured by the balances in the participants' accounts. The notes receivable interest rate is set at 1% above the prime rate at the time of issuance. Principal and interest are paid ratably through semimonthly payroll deductions.

Payment of Benefits Withdrawals are allowed in the event of termination, disability, death, retirement, or attainment of age 59½. Depending on the event, the withdrawal may be subject to early withdrawal penalties imposed by the *Internal Revenue Code* (IRC). Payments are made in the form of a lump-sum distribution or annual installments over a period of time of not more than the participant's life expectancy.

As of August 31, 2020 and 2019, all of the amounts allocated to participants who elected to withdraw from the Plan have been paid.

Forfeitures Forfeitures attributable to profit sharing contributions may be used to restore forfeitures, reduce future employer matching contributions, or allocate as additional employer contributions. There were no forfeited nonvested account balances used to reduce contributions due for the years ended August 31, 2020 and 2019. At August 31, 2020 and 2019, there were no remaining forfeited nonvested account balances.

Plan Termination Although it has not expressed any intent to do so, the Company has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants would become 100% vested in their Company contributions.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting The Plan uses the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition Investments are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and the custodian. Fair value measurements are discussed below.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold, as well as held during the year.

Fair Value Measurements The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at August 31, 2020 and 2019.

Money Market Mutual Funds: Assets are valued at the net asset value (NAV), generally $1 per share, and are reported on the active market on which securities are traded.

Mutual Funds: Assets are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

See note 4 for the classification of these assets within the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes Receivable From Participants Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. No allowance for credit losses was recorded as of August 31, 2020 and 2019. Delinquent participant notes receivable are recorded as distributions on the basis of the terms of the Plan agreement.

Excess Contributions Payable Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants in March 2021.

Payment of Benefits Benefits are recorded when paid.

Expenses Certain operating expenses of the Plan are deducted from participant accounts and the remaining expenses are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

Implementation of New Accounting Standard Beginning September 1, 2019, the Plan adopted provisions of Financial Accounting Standards Board Accounting Standards Update (ASU) 2018-13*, Fair Value Measurements: Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurements*. This ASU modifies the disclosure requirements for fair value measurements. Those modifications include the removal and addition of disclosure requirements, as well as clarifying specific disclosure requirements. There was no financial impact or changes to disclosures necessary upon adoption of this ASU.

Evaluation of Subsequent Events The Plan has evaluated subsequent events through March 23, 2021, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY WELLS FARGO BANK, N.A.

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such an election, the investments included in the statements of net assets available for benefits, and the investment income included in the statements of changes in net assets available for benefits as of and for the years ended August 31, 2020 and 2019, were not subject to auditing procedures and have been certified as complete and accurate by Wells Fargo Bank, N.A.

4. FAIR VALUE MEASUREMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value.

August 31, 2020	Level 1	Level 2	Level 3	Total
Money market mutual funds	$ 1,080,330	$ -	$ -	$ 1,080,330
Mutual funds	18,602,301	-	-	18,602,301
Total Assets in the Fair Value Hierarchy	$ 19,682,631	$ -	$ -	$ 19,682,631

August 31, 2019	Level 1	Level 2	Level 3	Total

Mutual funds	17,507,605	-	-	17,507,605

5. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Wells Fargo Bank, N.A. Wells Fargo Bank, N.A., is the custodian as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions. CBIZ is the recordkeeper as defined by the Plan, and therefore transactions qualify as party-in-interest transactions. Pension Dynamics Company, LLC (Pension Dynamics), was the recordkeeper until acquired by CBIZ on February 1, 2020.

Wells Fargo Bank, N.A., Pension Dynamics and CBIZ provide certain administrative services to the Plan pursuant to an agreement between the Company and Wells Fargo Bank, N.A and the Company and Pension Dynamics/CBIZ. Wells Fargo Bank, N.A., Pension Dynamics, and CBIZ receive revenue from mutual funds and other service providers for services Wells Fargo Bank, N.A., Pension Dynamics, and CBIZ provide to the funds. This revenue is used to offset certain amounts owed to Wells Fargo Bank, N.A., Pension Dynamics, and CBIZ for administrative services to the Plan.

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment. If the revenue received by Wells Fargo Bank, N.A., Pension Dynamics, and CBIZ from investment providers exceeds the amount owed under the agreement, Wells Fargo Bank, N.A., Pension Dynamics, and CBIZ remit the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or the Company may make a payment to Wells Fargo Bank, N.A., Pension Dynamics, and CBIZ for administrative services not covered by revenue sharing.

6. TAX STATUS

The Plan has adopted a volume submitter, non-standardized profit sharing plan established by Pension Dynamics. The volume submitter plan obtained an opinion letter on March 31, 2014, in which the IRS stated that the form of the volume submitter plan, as then designed, was acceptable under Section 401 of the IRC. Although the Plan has adopted amendments since adopting the volume submitter plan, the Plan administrator believes that the Plan is currently designed and operating in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust is tax exempt.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. CONTINGENCIES

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which are likely to negatively impact investment income, contributions, and distributions. Additionally, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) enacted on March 27, 2020, contains provisions that changed regulations regarding hardship distributions, participant notes receivable, and required minimum distributions. The Plan administrator and Company management are monitoring the situation in order to mitigate the potential impact on the Plan.

9. PLAN AMENDMENT

Effective January 1, 2020, a Plan amendment revised the hardship distribution provisions and removed the 6-month suspension period.

10. SUBSEQUENT EVENT

In October 2020, the Plan changed the custodian and recordkeeper to Great-West Life & Annuity Insurance Company.
