Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Charles Schwab Bank, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of June 30, 2020 and 2019 and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of assets (held at end of year), reportable transactions, and nonexempt transactions as of and for the year ended June 30, 2020 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

LANCASTER COLONY CORPORATION EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the Lancaster Colony Corporation Employee Stock Ownership Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions, which is available from the plan administrator.

General - The Plan was established July 1, 1986 as a noncontributory defined contribution plan covering all full-time, non-union employees of Lancaster Colony Corporation ("Company") who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Plan was frozen effective December 31, 1997 by the Company's Board of Directors. Employer contributions to the Plan ceased and all participants became fully vested in their accounts.

Participant accounts - Each participant's account is credited with an allocation of the Plan's earnings and charged with an allocation of administrative expenses. Allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of benefits - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or an in-kind distribution of their shares. Participants may also receive an in-kind distribution upon attaining age 55 in order to diversify their retirement investments.

Diversification – Participants have the opportunity to move part of the value of their investment in Company stock once they have attained age 55 and participated in the plan for 10 years. Participants may elect to diversify up to 25 percent of the number of shares allocated to his or her account on a cumulative basis for five years and 50% in the sixth and final option year. All stock distributions are issued in-kind either as a direct rollover to an IRA or another qualified plan or to the participant.

Voting rights - Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

(2) Summary of significant accounting policies (continued)

Investment valuation and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits.

Recently issued accounting pronouncements - In 2019, the Plan adopted Financial Accounting Standards Board ("FASB") Accounting Standards Board ("ASU") 2018-09, "*Codification Improvements*" which makes changes to a variety of topics, to clarify, correct errors in, or make minor improvements to the Accounting Standards Codification ("ASC"). The portion of ASU 2018-09 that is most applicable to the Plan relates to whether certain investments have a readily determinable fair value or qualify for the net asset value per share practical expedient in accordance with ASC 820, Fair Value Measurement. The standard is effective for fiscal years beginning after December 15, 2018, with early adoption permitted. The adoption of ASU 2018-09 did not have a material impact on the Plan's financial statements.

In August 2018, the FASB issued ASU 2018-13, "*Fair Value Measurement - Disclosure Framework (Topic 820)".* The updated guidance improves the disclosure requirements on fair value measurements. The updated guidance is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted for any removed or modified disclosures. The Company has not elected early adoption and management does not expect the adoption of ASU 2018-13 to have a material impact on the Plan's 2020 financial statements.

(3) Information prepared and certified by the trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Bank ("Schwab"), trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate with respect to investments:

- Investments at fair value
- Net appreciation in fair value of investments
- Interest and dividends
- Schedule of assets (held at end of year)

(3) Information prepared and certified by the trustee (continued)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

(4) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2020 and 2019.

Common stock: Valued at the closing price reported on the active market on which the individual security is traded.

Mutual fund: Valued at the daily closing price as reported by the fund. The mutual fund held by the Plan is an open-end mutual fund that is registered with the Securities and Exchange Commission. The fund is required to publish its daily Net Asset Value ("NAV") and to transact at that price. The mutual fund held by the Plan is deemed to be actively traded.

(4) Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	Investments as Fair Value as of June 30, 2020			
	Level 1	Level 2	Level 3	Total
Mutual Fund	$ 261	$ -	$ -	$ 261
Common stock	23,499,894	-	-	23,499,894
Investments at fair value	$ 23,500,155	$ -	$ -	$ 23,500,155

	Investments as Fair Value as of June 30, 2019			
	Level 1	Level 2	Level 3	Total
Mutual Fund	$ 280	$ -	$ -	$ 280
Common stock	27,440,923	-	-	27,440,923
Investments at fair value	$ 27,441,203	$ -	$ -	$ 27,441,203

(5) Related party and party-in-interest transactions

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Additionally, Plan investments include shares of common stock of the Company. The Company is the plan sponsor as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

The money market mutual fund is managed by Schwab. Schwab is the Plan's trustee and recordkeeper and, accordingly, these transactions qualify as party-in-interest transactions which are also exempt from the prohibited transaction rules. Fees paid to Schwab by the Plan for trust and administrative services totaled $40,913 and $42,733 for the years ended June 30, 2020 and 2019. Additionally for the years ended June 30, 2020 and 2019, the Plan paid $7,500 and $10,000 to another service provider which also qualify as party-in-interest transactions and are exempt from the prohibited transaction rules. The Company pays directly any other fees related to the Plan's operations.

(6) Risks and uncertainties

The Plan invests primarily in Lancaster Colony Corporation Common Stock. Investment securities are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of such investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(6) Risks and uncertainties (continued)

On January 30, 2020, the World Health Organization (WHO) declared a global health emergency because of the coronavirus originating in Wuhan, China (the "COVID-19 outbreak") creating risks to the international community as the virus spread globally beyond its point of origin. On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. As a result, there has been heightened market risk and the Plan's investment portfolio has incurred significant volatility in fair value since March 11. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity cannot be determined at this time.

In December 2019, the Setting Every Community Up for Retirement Enhancement (SECURE Act) was signed into law, related to required minimum distributions and the limitation of life-time or stretch distributions to remain compliant under the applicable laws and regulations. These provisions are effective beginning January 1, 2020.

Additionally, March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented special coronavirus distributions up to $100,000

The Plan is in the process of operationally being amended to implement certain changes permitted by the above law changes.

(7) Plan termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan's terms and the Internal Revenue Code ("IRC").

(8) Tax status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated January 7, 2015, that the Plan and related trust are designed in accordance with the applicable sections of the IRC.

(8) Tax status (continued)

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Nonexempt transactions

During 2020, as a result of an administrative oversight, the Plan inadvertently paid $10,000 of administrative expenses that were expenses of other employee benefit plans sponsored by the Company. Accordingly, management recorded a receivable from the Company totaling $10,000 at June 30, 2020 for these amounts. The receivable amount was received by the Plan in March 2021, including $1,444 related to investment earnings lost as a result of the excess payments.

(10) Subsequent events

The Plan has evaluated subsequent events through March 16, 2021, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
