INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator
Xtek, Inc. Employee Stock Ownership Plan
Cincinnati, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of the Xtek, Inc. Employee Stock Ownership Plan (the Plan), which comprise the statements of net assets available for benefits as June 30, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of June 30, 2020 and 2019, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental schedule of assets (held at end of year) as of June 30, 2020 and the accompanying supplemental schedule of reportable transactions for the year ended June 30, 2020, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in our audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator
Xtek, Inc. Employee Stock Ownership Plan
Cincinnati, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of the Xtek, Inc. Employee Stock Ownership Plan (the Plan), which comprise the statements of net assets available for benefits as June 30, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of June 30, 2020 and 2019, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental schedule of assets (held at end of year) as of June 30, 2020 and the accompanying supplemental schedule of reportable transactions for the year ended June 30, 2020, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in our audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. PLAN DESCRIPTION:

The Xtek, Inc. Employee Stock Ownership Plan (the "Plan") is a defined contribution plan covering substantially all full-time employees of Xtek, Inc. ("Sponsor" or the "Company"). The following description of the Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan. The primary purpose of the Plan is to allow participants to acquire stock ownership interests in the Company. The Plan holds 100% of the common stock of the Company. The Company also elected S-corporation status effective July 1, 2000.

Benefits
The vested portion of a participant's capital accumulation account will be distributed following the participant's separation from service. The participant will receive his or her distribution in the form of cash, promissory notes or whole shares of Xtek, Inc. common stock or a combination of these methods. In addition, a participant may elect to have any portion of an eligible distribution paid to an eligible retirement plan via a direct rollover. Prior to July 1, 2009, a participant or beneficiary could elect to transfer the distribution to the Company's Defined Benefit Pension Plan and distribute the benefit thereunder at the actuarially determined equivalent.

The Company's administrative committee authorizes the trustee to remit payments of benefits from the trust to participants, spouses and other beneficiaries entitled to such benefits under the Plan.

Eligibility
Generally, full time employees, who have attained the age of 21, are eligible to participate in the Plan on their hire date.

Participant accounts
The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account will be credited quarterly with their allocable share of Company stock (including fractional shares), and any stock dividends on the Company stock, and at least annually with any forfeitures of Company stock. Only those participants who are eligible employees of the Company on the allocation date will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation.

Contributions
The Company, at the approval of the Company's Board of Directors, may make contributions to the Plan. Contributions can be in the form of cash and/or shares of Company stock, as determined by the Company's Board of Directors. The Plan does not permit employee contributions.

Effective July 1, 2000, the Plan was amended to incorporate a money purchase contribution formula equal to 3% of an eligible participant's compensation for each plan year. In order to be eligible to receive this contribution, a participant must be a covered employee on the allocation dates of the plan year, or have terminated their service on or after their earliest retirement age or by reason of disability or death, during that Plan year. The Plan provides for quarterly contribution allocations. For the Plan years ended June 30, 2020 and 2019, the Plan had met its funding requirements.

Vesting
Participants become 100% vested in their respective capital accumulation accounts after three years of service with the Company or earlier if upon normal retirement age.

Put option
The Company shall provide a “put option” to any participant (or beneficiary) who receives a distribution of Company stock. The put option shall permit the participant (or beneficiary) to sell such Company stock to the Company or an affiliate at any time during two option periods, at the then fair market value.

Diversification
A participant who has attained the age of 55 and completed at least 10 years of participation in the Plan shall be entitled to elect to withdraw in cash a portion of their balance in the Company stock account, in accordance with Code Section 401(a)(28)(B). Diversification is offered to most eligible participants over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. No withdrawal election shall be permitted if the balance in such Company stock account has a fair market value of $500 or less, unless and until the balance in the account as of a subsequent allocation date in the election period exceeds $500.

Forfeitures
Employer contributions are forfeited by participants upon termination before becoming vested. Forfeited amounts are allocated to remaining participants in accordance with Plan provisions. As of June 30, 2020 and 2019, there were no unallocated forfeitures.

Voting rights
Participants are entitled to exercise voting rights attributable to those shares allocated to their accounts and are notified by the trustee prior to the time that such rights are to be exercised. Participant voting rights are exercised through the trustee, subject to provisions described in the Plan document.

Plan termination
The Company intends to continue the Plan indefinitely for the benefit of the participants but reserves the right to terminate the Plan at any time by resolution of its Board of Directors. In the event the Plan is terminated, participants become fully vested in their capital accumulation accounts, and Plan assets are distributed to participants in accordance with the Plan agreement.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following is a brief description of the significant accounting policies of the Plan.

Basis of accounting
The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes in net assets available for benefits. Actual results could differ from those estimates.

Investment valuation and income recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Cash equivalents
Cash equivalents include the Plan's investment in a highly liquid mutual fund. This fund is used primarily as a holding account for distributions.

Benefits
Benefits are recorded when distributed.

Administrative expenses
The Sponsor pays most Plan administrative expenses and such expenses are excluded from these financial statements. If the Sponsor does not pay such expenses, the trustee shall pay them from the Plan assets.

Subsequent events
The Plan has evaluated subsequent events through the report date, the date the financial statements were available to be issued.

3. INVESTMENTS:

The Plan's investment in the Company's common shares is as follows at June 30:

	2020	2019
Number of shares	297,069	353,491
Cost	$ 13,531,234	14,046,676
Fair value	$ 40,238,024	44,543,388

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest

priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in methodologies used at June 30, 2020 and 2019.

Common stock: The fair value of the Xtek, Inc. common stock held by the Plan is valued based on an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables and estimated fair value of the company assets and liabilities. Plan management has concluded that a market participant would also recognize a discount for lack of marketability. The valuation process involves Plan management's selection of an independent appraiser. Plan management accumulates the data for the appraiser from the audited financial statements of the Company.

Cash and cash equivalents: The carrying value approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of June 30, 2020 and 2019.

Investments at fair value as of June 30, 2020

	Fair Value	Level 1	Level 2	Level 3
Cash and cash equivalents	$ 2,231	2,231	-	-
Investment in Xtek, Inc. common stock	40,238,024	-	-	40,238,024
Total investments fair value	$ 40,240,255	2,231	-	40,238,024

Investments at fair value as of June 30, 2019

	Fair Value	Level 1	Level 2	Level 3
Cash and cash equivalents	$ 2,997	2,997	-	-
Investment in Xtek, Inc. common stock	44,543,388	-	-	44,543,388
Total investments fair value	$ 44,546,385	2,997	-	44,543,388

The following table sets forth a summary of changes in the fair value of the Plan's level 3 investments for the years ended June 30, 2020 and 2019.

Beginning balance, July 1, 2018	$ 43,769,265
Unrealized gains (losses) relating to instruments still held at the reporting date	4,821,732
Shares distributed (52,660 shares)	(5,917,443)
Shares contributed (16,641 shares)	1,869,834
Balance, June 30, 2019	44,543,388
Unrealized gains (losses) relating to instruments still held at the reporting date	2,804,331
Shares distributed (71,091 shares)	(8,958,197)
Shares contributed (14,669 shares)	1,848,502
Ending balance, June 30, 2020	$ 40,238,024

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Asset	Fair Value	Valuation Technique	Unobservable Input
Xtek, Inc. common stock	$ 40,238,024	Discounted Cash Flow	Weighted average cost of capital
			Long-term growth rate in sales
			Discount for lack of marketability
		Market Comparable Entities	Various pricing multiples
			Discount for lack of marketability

5. TAX STATUS:

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated April 2, 2015, that the Plan was designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes has been included in the Plan's financial statements.

6. RISKS AND UNCERTAINITES:

Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that change in the value of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements and supplemental schedules.

On March 11, 2020, the World Health Organization declared the novel coronavirus (COVID-19) outbreak a pandemic which has impacted the financial markets and global economy. The COVID-19 pandemic is on-going and the duration and extent of the related financial impact on the Plan's net assets available for benefits and changes in net assets available is uncertain and cannot be reasonably estimated at this time.

On March 27, 2020, the U.S. Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provides temporary relief for retirement plan sponsors and their participants. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. Plan management has not implemented these provisions.

7. RELATED PARTY TRANSACTIONS:

The Plan invests in Company common stock. The Plan also invests in the BMO Government Money Market Fund which is managed by BMO Harris Bank N.A., the Plan trustee. These transactions qualify as party-in-interest transactions.
