NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Fives 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees who have completed 30 days of service with the following related employers: Fives Cinetic Corporation, Fives Landis Corporation (Landis), Fives Intralogistics Corporation, Fives Stein, Inc., Fives ST Corporation, Fives Inc., Fives Dyag Corporation, Fives Cryo, Inc., and Fives Solios Corporation (collectively, the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan administrator oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the plan administrator.

Plan Merger

During 2018, Fives Inc. plan management elected to consolidate all Fives North American benefit plans (Fives Bronx, Inc. 401k Retirement Plan, Fives Lund, LLC 401k Plan, Fives Machining Systems, Inc. Retirement Savings Plan, and The Fives North American Combustion, Inc. 401(k) Plan) (the Newly Transferred Plans) into the Plan. This resulted in a single, consolidated plan sponsored by Fives Inc., with an effective date of January 1, 2020. As part of this consolidation, the Plan name was changed to the Fives Retirement Savings Plan (the "Fives Plan"), and Fidelity Management Trust Company (Fidelity) was named trustee of the new consolidated plan.

As part of the merger of the plans and transfer of all net assets to Fidelity, plan management instituted a blackout period under which any and all activity relating to employee or employer contributions, distributions, loan activity, investment election changes, and deferral percentage changes were suspended for participants under the Plan. The blackout period began at market close on December 24, 2019, and ended at market open on January 22, 2020. Plan assets were valued as of market close on December 31, 2019, and transferred to Fidelity. The remaining investments at fair value of \$317,061 at December 31, 2019, represent dividends received on December 31, 2019, that were subsequently transferred to Fidelity. Upon transfer, certain plan investment balances were transferred to the same investment option via an "in-kind transfer" while other investments were liquidated and reinvested under the Fives Plan's default investment option, the T. Rowe Price Retirement Fund with the target retirement date closest to the participant's normal retirement age.

The Newly Transferred Plans executed transfers of plan assets to the Plan on December 31, 2019. Plan assets were received by Fidelity in January 2020, resulting in a receivable from the Newly Transferred Plans at December 31, 2019.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Cash in Transit

Due to the change in custodial, recordkeeping, and trustee services effective January 1, 2020, Reliance Trust Company (Reliance), the custodian, executed a transfer of Plan assets to Fidelity on December 31, 2019. Plan assets were received by Fidelity in January 2020, resulting in a deposit in-transit on December 31, 2019, representing the cash value of the Plan assets transferred between the custodian and the trustee.

Contributions

Each year, participants may make voluntary pre-tax and Roth contributions, each up to 60% of their eligible compensation, with an aggregate amount of voluntary contributions not to exceed 90% of eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated target date fund unless changed by the participant. The Company may, at its discretion, make matching contributions. Matching contributions equal to 50% of the first 6% of the compensation that a participant contributed to the Plan were made for the year ended December 31, 2019. The Company may also authorize discretionary profit sharing contributions to the Plan for the related year, as determined by each employer. These contributions are funded in the year subsequent to their authorization. There were no discretionary profit sharing contributions authorized for 2019 other than as noted below for Landis.

The Plan provides that Landis may make a discretionary employer contribution for the employees who were employed prior to June 12, 2006, and had completed five years of service as of that date. Discretionary employer contributions of \$351,236 were made to the Fives Plan for eligible Landis participants for 2019. The contribution is calculated as a percentage of compensation and the percentage is based on years of service as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 5	0%
5 - 9	1%
10 - 14	2%
15 - 19	3%
20 or more	4%

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with the participant's contributions, rollover contributions, allocations of the Company's contributions, and Plan earnings or losses as defined by the Plan agreement. Allocations of the Company's profit sharing contribution are given only to participants employed at the end of the Plan year who have completed at least 1,000 hours of service during the Plan year, and are based on participants' compensation for the Plan year relating to the contribution. Plan earnings or losses are allocated daily based on each participant's account balance. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after 5 years of credited service under a graded vesting schedule.

Notes Receivable from Participants

Participants may borrow money within certain limits from their individual accounts. The notes are secured by the balance in the participant's account. The loan interest rate, determined at inception, is set at Prime interest rate (4.75% and 5.50% at December 31, 2019 and 2018, respectively), plus 1%, as defined, in accordance with the Plan's loan policy. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant or their beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments subject to lifetime required minimum distributions. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If the participant's account balance is less than \$5,000, the plan administrator directs the custodian to make a lump-sum distribution. Distributions of a participant's employee deferrals and rollover contributions may be authorized at any time by the plan administrator under certain hardship conditions.

Forfeited Accounts

Forfeited nonvested accounts are used to reduce administrative expenses or to reduce future employer contributions. At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$530,865 and \$0, respectively. Forfeited nonvested accounts of \$527,132 were transferred to the Fives Plan at December 31, 2019. During 2019, \$184,332 was used to reduce employer contributions.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants prior to April 15, 2020. There were no excess contributions payable at December 31, 2018.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Accounting Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value by Reliance, the custodian of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the custodian and investment advisers. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Assets of the Plan as of December 31, 2019 and 2018, are held in separate accounts of a trust administered by Reliance, representing investments in mutual funds and a stable value collective trust fund.

Investments of participant's contributions and the Company's contributions into these investments are at the direction of each participant.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2019 and 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Plan's administrative expenses are paid either by the Plan or the Company as provided by the Plan agreement. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Income Taxes

In accordance with GAAP, the Plan administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability for any significant uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2019 and 2018, and for the year ended December 31, 2019, the Plan did not have a liability for unrecognized tax benefits.

3. INFORMATION CERTIFIED BY THE CUSTODIAN

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Reliance, the custodian.

Reliance has certified as to the completeness and accuracy of the investments it holds, changes in net assets arising from investment activity, and the schedule of assets held at end of year as of December 31, 2019 and 2018, and for the year ended December 31, 2019.

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level 2 Other significant observable inputs including: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 Inputs are significant and unobservable (including the Plan's own assumptions used to determine value)

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the collective trust fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

Assets measured at fair value at December 31, 2019, are comprised of Level 1 mutual funds totaling \$317,061.

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2018:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 61,679,815	\$ -	\$ -	\$ 61,679,815
Total assets in the fair value hierarchy	61,679,815	-	-	61,679,815
Investments measured at NAV	-	-	-	5,023,953
Investments at fair value	\$ 61,679,815	\$ -	\$ -	\$ 66,703,768

The Plan did not hold any Level 3 assets during the year.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Reliance. Reliance is the custodian as defined by the Plan and, therefore, such transactions qualify as party-in-interest transactions. Automated Data Processing, Inc. (ADP) is the recordkeeper as defined by the Plan, and therefore, such transactions qualify as party-in-interest transactions.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. TAX STATUS

The Plan has adopted a prototype plan provided by ADP, LLC. ADP, LLC has received an opinion letter dated July 16, 2014, from the IRS stating that the prototype plan is acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is exempt.

NOTES TO THE FINANCIAL STATEMENTS

8. SUBSEQUENT EVENTS

The impact of the coronavirus (COVID-19) outbreak on the financial performance of the Plan's investments will depend on future developments, including the duration and spread of the outbreak and related advisories and restrictions. These developments and the impact of COVID-19 on the financial markets and the overall economy are highly uncertain and cannot be predicted. If the financial markets and/or the overall economy are impacted for an extended period, the Plan's investment results may be materially affected.

Plan management has evaluated subsequent events through March 26, 2021, the date the financial statements were available to be issued.
