Note 1. Plan Description

The following brief description of Waterproofing Affiliates Group 401k Plan (Plan) is provided for general informational purposes only. Participants should refer to the Plan document for more complete information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

General

The Plan, formed January 1, 2016, is a defined contribution plan covering all employees of Waterproofing Affiliates Group and any participating affiliates (the Company) who have one year of service and are age 18 years or older. Once eligible, participants may enroll on the first day of the first and seventh month of the plan year or on the subsequent first day of each Plan year quarter.

Contributions

Participating employees may elect to contribute up to the lesser of 100% of their eligible compensation, as defined by the Plan, or the maximum amount allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may elect to contribute a discretionary matching contribution to the Plan. In 2019, the discretionary matching contribution is 3% of the first $100,000 of participants' compensation. Participants will share in discretionary matching contributions regardless of the amount of service completed during the Plan year. For the year ended December 31, 2019, the Company's discretionary matching contribution totaled $228,165.

The Company may also make a discretionary profit sharing contribution to the Plan. In order to be eligible for this contribution, a participant must have completed at least 1,000 hours of service during the Plan year and be employed on the last day of the Plan year. For the year ended December 31, 2018, the Company's profit sharing contribution totaled $400,000, which was contributed to the Plan in April 2019. The Company did not make any profit sharing contributions for the year ended December 31, 2019.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions, and allocations of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid for by the plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Plan Description (Continued)

Payment of Benefits

On termination of service a participant or beneficiary of a deceased participant may elect to receive either a single lump-sum payment, or partial withdrawals equal to the value of the participant's vested interest in his or her account. However, if the value of the vested account balance does not exceed $5,000, then a lump-sum distribution will be made without participants consent. Participants are also eligible to receive in-service distributions after reaching age 59 ½ or due to hardship (subject to certain restrictions).

Vesting

Participants are immediately vested in salary deferrals, employer matching contributions, and rollover contributions. Employer profit sharing contributions are vested in accordance with the schedule below.

Years of Service	Percentage Account Balance
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

In addition, participants shall become 100% vested upon death, disability, or after reaching a normal retirement age of 65.

Forfeitures

Participants who separate from service prior to full vesting forfeit the balance of their account to the extent that vesting has not occurred. Forfeitures may first be used to pay any administrative expenses. Any forfeitures remaining after paying Plan expenses may be used to offset future Company contributions. In 2019 and 2018, the Plan did not use any forfeitures for Plan expenses or Company contributions. Forfeitures available to be netted against future Company contributions were $29,946 and $12,124 as of December 31, 2019 and 2018, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. A participant may have one loan outstanding at a time. Generally, loan transactions are treated as a transfer to (from) the investment fund and from (to) the participant loan fund. Loan terms range from one to five years. Loans that are used for the purchase of a principal residence may have a term exceeding five years, as approved by the Plan Administrator. The loans are secured by the balance in the participants' accounts. The interest rates charged on participant loans were between 4.5% and 6.25% during the current year. Principal and interest are paid ratably through weekly payroll deductions. Participant notes receivable are valued at amortized cost.

Note 2. Summary of Significant Accounting Policies

This summary of significant accounting policies of the Plan is presented to assist in understanding the financial statements. The financial statements and notes are representations of the Plan's administrator, who is responsible for their integrity and objectivity. The accounting policies conform to accounting principles generally accepted in the United States of America (U.S. GAAP) and have been consistently applied in the preparation of the financial statements.

Administration of the Plan

Certain administrative expenses of the Plan may be paid by the Company. The Plan is not required to reimburse the Company for any administrative expenses paid by the Company. Expenses not paid by the Company are paid by the Plan. Investment related expenses are paid by the Plan.

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Uses of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and notes. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. No allowance for credit losses had been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a deemed benefit payment is recorded.

Investments Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) on investment includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2. Summary of Significant Accounting Policies (Continued)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions. The Plan distributed the 2019 and 2018 excess contributions to the applicable participants prior to March 15, 2020 and 2019, respectively.

Date of Management's Review

Subsequent events have been evaluated for potential recognition or disclosure through March 26, 2021, which is the date the financial statements were available to be issued. See Note 10.

Note 3. Tax Status

The Plan has received a determination letter from the IRS dated March 31, 2008, stating that the Plan is qualified, under the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments, and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of investments, interest and dividends for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Life Insurance Company (the custodian of the Plan).

Note 5. Party-in-Interest

Certain Plan investments are managed by John Hancock Life Insurance Company, who acts as custodian of the Plan's assets, as defined by the Plan. Pentec Pension Management Group, Inc. and Cambridge Investment Research, Inc. provide third party administrative and broker services for the Plan, respectively. These transactions qualify as party-in-interest transactions; however, they are exempt from the ERISA prohibited transaction rules.

Note 6. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Note 6. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	***Level 2***	***Level 3***	***Total***
Mutual funds	$ 4,530,712	$ -	$ -	$ 4,530,712
Investments at fair value	$ 4,530,712	$ -	$ -	$ 4,530,712

	Assets at Fair Value as of December 31, 2018			
	Level 1	***Level 2***	***Level 3***	***Total***
Mutual funds	$ 3,045,029	$ -	$ -	$ 3,045,029
Investments at fair value	$ 3,045,029	$ -	$ -	$ 3,045,029

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts. The Company would then direct the distribution of the accounts in a manner permitted by the Plan as soon as practicable

Note 9. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements at December 31, 2019 and 2018, to the Form 5500:

Note 9. Reconciliation of Financial Statements to the Form 5500 (Continued)

Note 10. Subsequent Events

Hardship Distributions

In September 2019, the IRS published a final rule in the Federal Register that relaxed several restrictions on taking hardship distributions. These new rules, effective beginning January 1, 2020, are as follows:

- Plans are no longer allowed to suspend participant contributions for six months following a hardship distribution.
- Plans may remove any requirement for participants to first take a loan, if eligible, before taking a hardship distribution.
- Hardship distribution amounts are now allowed to include earnings on 401(k) contributions.
- The verification process for hardship distributions was simplified, allowing employers to rely on employee representations that they have insufficient cash or other liquid assets reasonably available to satisfy a financial need.
- A seventh safe harbor category, disaster relief, was added to the list of eligible expenses for hardship distributions.
- The age for required minimum distributions was increased from 70 ½ to 72.

The Plan was formally amended subsequent to year end, with all the above changes being effective as of January 1, 2020.
