1. DESCRIPTION OF THE PLAN

The following description of Holcomb Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan, established on July 1, 1997 and amended and restated effective February 1, 2011, to cover employees of The Holcomb Corporation and its wholly-owned subsidiaries as well as the following entities related through common ownership: Seascape Resort, Ltd; Palapas, Inc., and Seascape Wine & Spirits, Inc. (collectively the "Company" and "Plan Sponsor"). Employees, other than union employees and nonresident aliens, who have completed one year of service, as defined, including a minimum of 1,000 hours, and are age 21 or older are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year, participants may contribute a portion of their pretax annual compensation, as defined in the Plan, plus "catch-up" contributions for participants age 50 and older, up to the maximum amount allowed by the Internal Revenue Code ($19,000 in 2019 and $18,500 in 2018 for participants under age 50, and $25,000 in 2019 and $24,500 in 2018 for participants age 50 and older). The Company, at its discretion, may make matching contributions to the Plan. During 2019 and 2018, the Company made matching contributions equal to 100% of the first $200 of compensation that a participant contributed to the Plan. Additionally, the Company, at its discretion, may make profit sharing contributions to the Plan. Profit sharing contributions are allocated to eligible participants in the ratio that an eligible participant's compensation bears to the total of all eligible participants' compensation. The Company made no profit sharing contributions in 2019 or 2018.

In accordance with provisions of the Internal Revenue Code, each year the Plan must perform certain nondiscrimination tests related to contributions made by Highly Compensated Employees, as defined, compared to those of Non-Highly Compensated Employees. In the event the Plan fails such nondiscrimination tests, corrective distributions are made to certain Highly Compensated Employees to bring the Plan into compliance. The amount of corrective distributions not yet remitted to the affected participants at year-end has been recorded as a liability of the Plan.

Vesting - Participants are immediately 100% vested in their contributions and employer matching contributions plus actual earnings thereon. Additionally, participants are 100% vested in all contributions, plus actual earnings thereon, upon reaching Normal Retirement Age, as defined, and upon death or disability. Otherwise, profit sharing contributions vest based on years of service under the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participant Accounts - Individual accounts are maintained for each Plan participant. Each participant may elect to have his or her individual account invested in any combination of the investment options available under the Plan.

Notes Receivable From Participants - Participants may borrow from their accounts, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan repayment terms shall not exceed five years with the exception of loans for the purchase of a primary residence for which repayment beyond five years is available. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid through payroll deductions with equal installments made each pay period.

Forfeitures – Forfeitures are created when participants terminate employment before becoming fully vested in their benefits under the Plan. Forfeitures may be used to pay Plan administrative expenses or be used to reduce employer contributions. At December 31, 2019 and 2018 forfeiture account balances were $5,879 and $4,631, respectively. During 2018 forfeitures were used to pay $764 of Plan administrative expenses (none in 2019).

Payment of Benefits - Upon retirement, termination, disability, or death, the vested value of the participant's account may be distributed in a lump sum payment. Partial withdrawals or installments are only permitted for required minimum distributions. With the Plan Administrator's approval, participants may withdraw all or part of their contributions in the event of financial hardship.

Investments – Participants direct the investments of their contributions and their portion of the Company's contributions into various investment options offered by the Plan.

Plan Trustees – Fidelity Management Trust Company has been the Plan trustee since June 1, 2018. Prior to that date, Reliance Trust Company was the Plan trustee. The Plan trustees manage the funds on behalf of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition – Investments are reported at fair value as reported by the Plan's trustee, Fidelity Management Trust Company. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Contributions – Company and participant contributions are recorded as additions to net assets available for benefits in the period the related payroll is paid by the Company to the employee.

Payment of Benefits – Distributions to participants are recorded when paid.

Income Taxes – Income taxes are not provided as the Plan is designed to be exempt from taxation under the Internal Revenue Code (IRC). The Internal Revenue Service issued a favorable determination letter dated March 31, 2008 with respect to the prototype plan agreement used to establish the Plan. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the IRC.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Risks and Uncertainties - The Plan provides for various investment options in investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

As a result of the Coronavirus (COVID-19) pandemic, in 2020, there has been heightened market risk and volatility which could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits, as mentioned above.

Expenses – Administrative expenses of the Plan are paid by either the Plan or the Plan's Sponsor, as provided in the Plan Document. Certain fees paid by the Plan for investment management services are netted against net appreciation (depreciation) in fair value of investments.

Subsequent events have been evaluated through October 15, 2020 (date the financial statements were available for issuance).

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest priority level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methods used for investments measured at fair value:

Mutual funds – Valued at the quoted market prices in active markets for identical investments at the measurement date.

Common/collective trust funds – Valued based on the net asset value of the units of the common/collective trusts at the measurement date as a practical expedient to estimate fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2019 and 2018:

	2019			
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy –				
Mutual funds	$ 2,795,854	$ -	$ -	$ 2,795,854
Investments measured at net asset value –				
Common/Collective trusts				61,935
Total investments at fair value				$ 2,857,789

	2018			
	Level 1	Level 2	Level 3	Total
Investments in the fair value Hierarchy –				
Mutual funds	$ 2,515,251	$ -	$ -	$ 2,515,251
Investments measured at net asset value –				
Common/Collective trusts				167,131
Total investments at fair value				$ 2,682,382

4. COMMON/COLLECTIVE TRUST

Fidelity Managed Income Portfolio Class 1 (the Fund) is a common/collective trust fund that seeks to preserve principal while earning a level of interest income that is consistent with principal preservation. The Fund invests in benefit-responsive investment contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds and seeks to maintain a stable net asset value of $1 per share. There are no unfunded commitments and liquidity is available daily. During 2019 and 2018 the average yield earned on investments in the Fund was approximately 1.92% and 1.57%.

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all non-vested account balances would become 100% vested.

6. INFORMATION CERTIFIED BY THE TRUSTEES (UNAUDITED)

The Plan's investments were held by Reliance Trust Company through May 31, 2018, and by Fidelity Management Trust Company from June 1, 2018 through December 31, 2019. The Plan's administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information as of and for the years ended December 31, 2019 and 2018 was certified by the trustee as complete and accurate and was not subjected to auditing procedures:

	2019	2018
Investments, at fair value	$ 2,857,789	$ 2,682,382
Notes receivable from participants	17,106	23,845
Total investment income (loss)	527,745	(35,503)
Interest income on notes receivable from participants	917	3,041
Supplemental schedule of assets held for investment purposes (see page 11)		

7. RELATED PARTY TRANSACTIONS

Certain Plan investments are mutual funds and common/collective trust funds managed by Fidelity Investments, a related party to the plan trustee. Therefore, these transactions qualify as party-in-interest transactions. Any purchases and sales of these funds are open market transactions at fair market value. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

8. SUBSEQUENT EVENTS

As a result of the Coronavirus (COVID-19) pandemic in 2020, there have been significant disruptions in the financial markets. The potential economic impact arising from, and the duration of, the pandemic will depend on future developments that are highly uncertain and cannot be predicted.

The Plan has implemented certain requirements of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among other things, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

1. DESCRIPTION OF THE PLAN

The following description of Holcomb Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan, established on July 1, 1997 and amended and restated effective February 1, 2011, to cover employees of The Holcomb Corporation and its wholly-owned subsidiaries as well as the following entities related through common ownership: Seascape Resort, Ltd; Palapas, Inc., and Seascape Wine & Spirits, Inc. (collectively the "Company" and "Plan Sponsor"). Employees, other than union employees and nonresident aliens, who have completed one year of service, as defined, including a minimum of 1,000 hours, and are age 21 or older are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year, participants may contribute a portion of their pretax annual compensation, as defined in the Plan, plus "catch-up" contributions for participants age 50 and older, up to the maximum amount allowed by the Internal Revenue Code ($19,000 in 2019 and $18,500 in 2018 for participants under age 50, and $25,000 in 2019 and $24,500 in 2018 for participants age 50 and older). The Company, at its discretion, may make matching contributions to the Plan. During 2019 and 2018, the Company made matching contributions equal to 100% of the first $200 of compensation that a participant contributed to the Plan. Additionally, the Company, at its discretion, may make profit sharing contributions to the Plan. Profit sharing contributions are allocated to eligible participants in the ratio that an eligible participant's compensation bears to the total of all eligible participants' compensation. The Company made no profit sharing contributions in 2019 or 2018.

In accordance with provisions of the Internal Revenue Code, each year the Plan must perform certain nondiscrimination tests related to contributions made by Highly Compensated Employees, as defined, compared to those of Non-Highly Compensated Employees. In the event the Plan fails such nondiscrimination tests, corrective distributions are made to certain Highly Compensated Employees to bring the Plan into compliance. The amount of corrective distributions not yet remitted to the affected participants at year-end has been recorded as a liability of the Plan.

Vesting - Participants are immediately 100% vested in their contributions and employer matching contributions plus actual earnings thereon. Additionally, participants are 100% vested in all contributions, plus actual earnings thereon, upon reaching Normal Retirement Age, as defined, and upon death or disability. Otherwise, profit sharing contributions vest based on years of service under the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participant Accounts - Individual accounts are maintained for each Plan participant. Each participant may elect to have his or her individual account invested in any combination of the investment options available under the Plan.

Notes Receivable From Participants - Participants may borrow from their accounts, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan repayment terms shall not exceed five years with the exception of loans for the purchase of a primary residence for which repayment beyond five years is available. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid through payroll deductions with equal installments made each pay period.

Forfeitures – Forfeitures are created when participants terminate employment before becoming fully vested in their benefits under the Plan. Forfeitures may be used to pay Plan administrative expenses or be used to reduce employer contributions. At December 31, 2019 and 2018 forfeiture account balances were $5,879 and $4,631, respectively. During 2018 forfeitures were used to pay $764 of Plan administrative expenses (none in 2019).

Payment of Benefits - Upon retirement, termination, disability, or death, the vested value of the participant's account may be distributed in a lump sum payment. Partial withdrawals or installments are only permitted for required minimum distributions. With the Plan Administrator's approval, participants may withdraw all or part of their contributions in the event of financial hardship.

Investments – Participants direct the investments of their contributions and their portion of the Company's contributions into various investment options offered by the Plan.

Plan Trustees – Fidelity Management Trust Company has been the Plan trustee since June 1, 2018. Prior to that date, Reliance Trust Company was the Plan trustee. The Plan trustees manage the funds on behalf of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition – Investments are reported at fair value as reported by the Plan's trustee, Fidelity Management Trust Company. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Contributions – Company and participant contributions are recorded as additions to net assets available for benefits in the period the related payroll is paid by the Company to the employee.

Payment of Benefits – Distributions to participants are recorded when paid.

Income Taxes – Income taxes are not provided as the Plan is designed to be exempt from taxation under the Internal Revenue Code (IRC). The Internal Revenue Service issued a favorable determination letter dated March 31, 2008 with respect to the prototype plan agreement used to establish the Plan. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the IRC.

Expenses – Administrative expenses of the Plan are paid by either the Plan or the Plan's Sponsor, as provided in the Plan Document. Certain fees paid by the Plan for investment management services are netted against net appreciation (depreciation) in fair value of investments.

Subsequent events have been evaluated through October 15, 2020 (date the financial statements were available for issuance).
