1. Description of Plan

The following description of the Mariner Sands Country Club 401(k) Retirement Plan (the "Plan") provides for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

a) General – The Plan is a defined contribution plan covering all employees of Mariner Sands Country Club, Inc. (the "Club"), except members of a collective bargaining unit, who have at least one year of service to the Club, and have attained the age of twenty-one. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was formed on July 1, 1998, and restated in its entirety on July 1, 2009.

b) Plan Administration – The Plan is administered by the Board of Governors of the Club and by The Pension Studio, a third party administrator (TPA). The Plan's trustee is William (Bill) Ward, Club General Manager. As of June 30, 2020 and 2019, the custodian and party which directs the custody and management of the Plan's assets is Voya Retirement Insurance and Annuity Company (Voya).

c) Contributions – Each year participants may contribute up to 100% of pretax annual compensation, as defined in the Plan and as subject to limitations defined by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified plans. The Club, at its discretion, may make matching contributions and profit sharing contributions. For the year ended June 30, 2020, the Club contributed 50% of the first 6% of the employee elective deferral, as a matching contribution, and did not make any profit sharing contributions.

d) Participant Accounts – Each participant's account is credited with participant's contribution, the employer's matching contribution and Plan earnings. In addition, participant accounts are credited with an allocation of employer non-matching contributions.

e) Vesting – Participants are immediately vested in their salary deferral contributions and rollovers, plus actual earnings thereon. Vesting in the Club's contributions is based on years of credited service. A participant becomes 100% vested in such contributions after 5 years of credited service.

f) Administrative Expenses – The Plan administrator has elected to pay the administrative costs associated with Plan operations and compliance. Individual participants pay for distribution fees, investment fees, and associated expenses.

g) Investment Options – Upon enrollment in the Plan, a participant may direct employee contributions in any of the investment options offered in the Voya program and determined by the Plan Administrator. Participants may change their investment options via phone or internet access to Voya.

1. Description of Plan, continued

h) Participant Loans Receivable – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loans fund. Loan terms range from 1-5 years except for the purchase of a primary residence, which may be longer. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the loan administrator. The interest rate on participant loans receivable as of June 30, 2020 and 2019 range from 5.50% to 7.50%. Principal and interest is paid ratably through bi-weekly payroll deductions. Participant loans are reported at their unpaid principal balances plus any accrued, and unpaid interest. The loan balances are secured by the participants' investment accounts, therefore, no allowance for uncollectible loans was deemed necessary.

i) Payments of Benefits – Upon retirement, disability retirement, or termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments over a period not to exceed the participant's life expectancy, or an annuity for the life of the participant, participant's spouse or a designated beneficiary.

j) Forfeited Accounts – Forfeitures on non-vested accounts may be used to pay administrative expenses and to reduce future employer contributions. During the year ended June 30, 2020, $3,456 was forfeited by employees. Total forfeitures available as of June 30, 2020 and 2019 amounted to $11,543 and $10,928, respectively.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

a) Basis of Accounting – The accompanying financial statements are prepared on the accrual basis of accounting.

b) Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c) Valuation of Investments and Income Recognition – Plan investments include units in pooled separate accounts, reported at fair value according to the accumulated unit value ("AUV") of each account. In turn, these pooled separate accounts include investments in registered investment companies (i.e., mutual funds) that are reported at fair value of the fund's quoted market price, which represents the net asset value (NAV) of the shares held at year end. Investment in the guaranteed investment contract is reported at contract value (Note 5), which approximates fair value. Investment options that do not have readily available market quotations are valued according to quotations from the custodian. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

2. Summary of Significant Accounting Policies, continued

d) Payment of Benefits – Benefits are recorded when paid.

e) Plan Risk and Uncertainties – The Plan and the Plan assets are sensitive to economic pressures prevalent in the investment market. The pressures primarily stem from interest rate, market and credit risk and their effect on bond rates, mortgage rates, the value of real estate, stock prices, and the overall stability of the market. Certain Plan investments are shares of pooled trust funds managed by the custodian. Change in the custodian's management may affect operating results of the funds adversely. Additionally, the financial position of the Plan Sponsor, Mariner Sands Country Club, Inc., may have a significant impact on the Plan. Specifically, these include the ability of the Plan Sponsor to continue to make contributions to the Plan and/or the stability of the Plan Sponsor's operations. Other external factors which may affect the Plan and the Plan assets include legislation or regulations established by the Internal Revenue Service, ERISA, and/or Department of Labor (DOL).

3. Fair Value Measurements

FASB Accounting Standards Codification (FASB ASC) 820-10, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

3. Fair Value Measurements, continued

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following descriptions provide the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of June 30, 2020.

a) *Mutual funds held in pooled separate accounts* – These investments are public investment vehicles, which are valued at their "net asset value" (NAV). Plans and participants hold "units of participation" in the separate account. The "accumulation unit value" (AUV) is the value of each unit in the separate account, and the separate account is valued daily as the number of accumulation units held multiplied by the AUV. The AUV is determined daily based on the net asset value of the shares of the underlying fund, the fund's dividends and the Contract's separate account charges. Since AUV is determined based on a combination of the fund NAV and the separate account charges, these investments are classified within Level 2 of the valuation hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2020 and 2019.

	Assets at Fair Value as of June 30, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds held in pooled separate accounts	$ -	$ 3,621,465	$ -	$ 3,621,465

	Assets at Fair Value as of June 30, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds held in pooled separate accounts	$ -	$ 3,272,964	$ -	$ 3,272,964

4. Information Certified by the Plan's Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly Voya, the custodian, has certified that the data included in the accompanying financial statements and supplemental schedule is complete and accurate. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Information Certified by the Plan's Custodian, continued

The following information was prepared and certified as complete and accurate by Voya.

	2020	2019
Investments, at fair value	$ 3,621,465	$ 3,272,964
Investments, at contract value	$ 20,547	$ 19,661
Net appreciation in fair value of investments	$ 157,141	
Interest on guaranteed investment contract	$ 1,663	

5. Investment Contract with Insurance Company

The Plan has a traditional fully benefit-responsive guaranteed investment contract (i.e., Fixed Account investment option) with Voya. Voya maintains the contributions in both general and separate accounts. The accounts were credited with declared rates of interest and were subject to a minimum rate described in the contract and charged for participant withdrawals.

The contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the Fixed Account investments as of June 30, 2020 and 2019 was $20,547 and $19,661, respectively. The crediting interest rate was 1.0% to 3.0% in 2020 and 2019, respectively.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (1) an uncured breach of the Plan's investment guidelines, (2) a material amendment to the contract without the issuer's consent, (3) a violation of a material obligation under the contract, or (4) a material misrepresentation.

The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable.

6. Related Party Transactions

Certain plan investments include shares of pooled separate accounts managed by Voya. Voya is the investment manager and custodian as defined by the Plan as of June 30, 2020, and therefore, these transactions qualify as party-in-interest transactions. However, they are not considered prohibited transactions in accordance with appropriate ERISA exceptions.

7. Tax Status

The Plan is adopted via a Volume Submitter Profit Sharing Plan (Profit Sharing Plan) utilized by the TPA. The Profit Sharing Plan has a favorable determination letter from the Internal Revenue Service dated March 31, 2008. Furthermore, the Plan administrator believes that the Plan was designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. Plan Termination

Although the Club intends the Plan to be permanent and continuing, the Club has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts, and accrued benefits, to the extent funded or required to be funded, must be distributed to the participants.

9. Subsequent events

The Plan's management has evaluated subsequent events through April 12, 2021, the date on which the financial statements were available to be issued, and determined the following additional disclosure was required to be presented in these financial statements.

On August 7, 2020, the Board of Directors of Mariner Sands Country Club, Inc., the Plan Sponsor, adopted a resolution to merge the Plan with the Club Retirement Plan, a multi-employer plan sponsored by the Club Managers Association of America, Inc. (CMAA). Transfer of Plan assts started shortly after the Plan merger was approved with the final liquidation completed on September 17, 2020.
