VEOLIA NORTH AMERICA 401(k) SAVINGS PLAN FOR COLLECTIVELY BARGAINED EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

June 30, 2020, December 31, 2019 and December 31, 2018

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Veolia North America 401(k) Savings Plan for Collectively Bargained Employees (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was organized effective January 1, 2015, as a defined contribution retirement savings plan covering all eligible union employees of Veolia North America, LLC (the Employer), and union employees of its domestic affiliates, who were subject to a collective bargaining agreement that provides for participation in the Plan, and who are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors of the Employer is responsible for oversight of the Plan. The ERISA Fiduciary Committee of the Veolia North America Employee Benefit Plans determined the appropriateness of the Plan's investment offerings, monitored investment performance and reported to the Board of Directors.

Plan Merger: The ERISA Fiduciary Committee of the Veolia North America Employee Benefit Plans, the Administrative Committee, as appointed by the Board of Directors of Veolia North America, LLC, the Employer, approved a resolution to merge the Plan into and with the Veolia North America 401(k) Savings Plan (Veolia 401(k) Plan), effective June 30, 2020, at which time the Plan and its related trust ceased to exist. All of the Plan's assets and liabilities were transferred in-kind to or assumed by the Veolia 401(k) Plan as of June 30, 2020 to complete the Plan's merger. See Note 5.

Plan Transfer: During 2020, the Employer sold a division of its operations to Vicinity Energy, Inc. (Vicinity). Certain union employees of the Employer became employees of Vicinity and their balances were transferred to the Vicinity Energy Employees 401(k) Plan effective March 27, 2020.

Contributions: Each year, participants generally could authorize the Employer to contribute to the Plan up to 60% of their eligible annual compensation, subject to the maximum annual amount permitted under the Internal Revenue Code (IRC) and as provided for in the respective Appendix to the Plan Agreement for each participating employer. Participants who attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also make rollover contributions from amounts representing distributions from other qualified plans.

The Plan generally included an auto-enrollment provision whereby all eligible employees were automatically enrolled in the Plan unless an affirmative election not to participate in the Plan was executed as provided for in the respective Appendix to the Plan Agreement for each participating employer. Automatically enrolled participants had their contribution rate set at 3% of eligible compensation and their contributions were invested in a designated fund until changed by the participant. The Plan also provided for an automatic escalation provision in which a participant's auto-enrollment contribution rate increased by 1% per year up to a maximum of 6% of eligible compensation until an affirmative election was made by the respective participant.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

The Plan permitted the allocation of employer matching contributions as provided for in the respective Appendix to the Plan Agreement for each participating employer. In general, each participating employer made matching contributions equal to 100% of the first 1% of compensation plus 50% of the next 5% of compensation that each participant contributed to the Plan in 2020 and 2019. The participating employers could also elect to make employer discretionary contributions to the Plan. Employer discretionary contributions were made to the Plan in 2020 and 2019 if provided for in the respective Appendix to the Plan Agreement for each participating employer.

Participants directed the investment of their contributions, as well as those made by the Employer, into various investment options offered by the Plan and/or through self-directed brokerage accounts.

Participant Accounts: Each participant's account was credited with the participant's contributions and the Employer's matching contributions, as well as allocations of the Employer's discretionary contributions and Plan earnings. Participant accounts could also be charged with an allocation of certain administrative expenses of the Plan. Allocations were based on participant earnings or account balances, or specific participant transactions, as defined in the Plan Agreement. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures: Participants were vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their account was based on years of service. A participant's vesting percentage in his or her Employer contributions was determined in accordance with the vesting schedule as provided for in the respective Appendix to the Plan Agreement for each participating employer.

At June 30, 2020, December 31, 2019 and December 31, 2018, forfeited nonvested accounts of terminated participants totaled \$0, \$11,795 and \$70, respectively. These accounts were used to first reinstate previously forfeited amounts of rehired participants, with remaining forfeitures used to reduce Employer contributions or pay Plan expenses. In 2020 and 2019, forfeited nonvested accounts of \$27 and \$62,175, respectively, were used to reduce Employer contributions and \$67,195 and \$38,167, respectively, were used to pay Plan expenses.

Notes Receivable from Participants: Participants could borrow from their account a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The repayment terms of the notes could not exceed five years except for the purchase of the participant's principal residence, for which the terms could exceed five years per the Plan Agreement. The notes were secured by the balance in the participant's account and bore interest at rates which were commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest were paid ratably through regular payroll deductions.

Benefits: Upon the occurrence of a distributable event due to separation from service by termination, death, disability, or retirement, as defined by the Plan Agreement, a participant could elect to receive a lump-sum cash distribution equal to the value of the participant's vested interest in his or her account. Hardship and in-service withdrawals, as defined in the Plan Agreement, were also permitted from a participant's account.

Plan Termination: Although it had not expressed any intent to do so, the Employer had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The ERISA Fiduciary Committee of the Veolia North America Employee Benefit Plans determined the Plan's valuation policies utilizing information provided by the Plan's trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) included the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: The Plan's notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. No allowance for credit losses had been recorded as of June 30, 2020, December 31, 2019 or December 31, 2018. If a participant ceased to make repayments and the Plan Administrator deemed the note receivable from the participant to be in default, the balance of the note receivable from the participant was reduced and a benefit payment was recorded per the Plan Agreement.

Payment of Benefits: Benefits were recorded when paid.

Expenses: Administrative expenses for maintaining the Plan could be paid by the Employer or the Plan, at the Employer's discretion. Certain administration fees were charged directly to the participant's account and were included in administrative expenses. Investment related expenses were included in net appreciation (depreciation) in fair value of investments.

Tax Status: The Internal Revenue Service (IRS) has determined and informed the Employer by a letter dated May 23, 2017, that the Plan and related trust were designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed in compliance with the applicable requirements of the IRC. The Plan Administrator intends to correct insignificant operational errors utilizing the applicable correction program available under the Employee Plans Compliance Resolution System (EPCRS). Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America required the Plan's management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan had taken an uncertain position that more likely than not would not have been sustained upon examination by the IRS or other taxing authorities.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in process.

Subsequent Events: The Plan Administrator has evaluated the financial statements for subsequent events occurring through April 14, 2021, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan has categorized its assets and liabilities that are measured at fair value into a three-level fair value hierarchy. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. In situations where there is little or no market activity for the asset or liability, the Plan makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Following is a description of the valuation methodologies used by the Plan for assets that are measured at fair value on a recurring basis. There have been no significant changes in the methodologies used at June 30, 2020, December 31, 2019 and December 31, 2018.

Registered Investment Companies and Money Market Fund Shares: Valued at the daily closing price as reported by the funds. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These funds held by the Plan are deemed to be actively traded.

Collective Trust Funds: Valued at the unit price reported by the sponsoring trust company. The underlying investments owned by the funds can include money market funds, stable value funds, fixed-income securities, registered investment companies, common stocks, corporate bonds, U.S. Government securities, other collective trust funds, or guaranteed insurance contracts priced by the sponsoring insurance company using applicable interest rates and contract provisions. The unit price is based on the fair value of these underlying investments owned, less any accrual of fees and expenses borne by the fund, and divided by the number of units outstanding. The unit price is readily determinable and quoted on the active private market on which participants can transact daily with no redemption restrictions on these investments.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets could result in a different fair value measurement at the reporting date.

Following is a summary, within each level of the fair value hierarchy, of the Plan's assets that are measured at fair value on a recurring basis as of December 31, 2019 and 2018. There were no investments measured at fair value as of June 30, 2020.

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED INFORMATION)

All Plan information related to investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation or depreciation in fair value of investments, interest and dividends for the period ended June 30, 2020 and the year ended December 31, 2019, disclosed in the accompanying financial statements and supplemental schedule was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by Vanguard Fiduciary Trust Company, the Plan's trustee, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 - PLAN AMENDMENTS

During December 2019, the Employer adopted a resolution to amend the Plan Agreement to make the following changes in the Plan's provisions with various effective dates between January 1, 2019 and January 1, 2020 as applicable: 1) to update the Plan's hardship withdrawal provisions to reflect changes under the Bipartisan Budget Act of 2018; 2) to update the Plan's definition of compensation; 3) to clarify the definition of an "Employer" by virtue of acquisition or merger for purposes of the Plan; 4) to reflect the impact of participants affiliated with the sale of a certain division of the Employer; and 5) to make changes to reflect collectively bargained benefits under the Plan.

During June 2020, the Employer adopted an amendment to the Plan Agreement to make the following changes in the Plan's provisions with various effective dates between January 1, 2020 and February 1, 2020 as applicable: 1) to update the Plan's participating employers and related provisions to include the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, Local 5073; and 2) to update the Plan's employer matching contribution calculation for participants affiliated with the International Union of Operating Engineers, Local 399.

Effective July 1, 2020, the Employer restated and amended the Veolia 401(k) Plan in its entirety to codify the merging of the Plan into and with the Veolia 401(k) Plan, effective June 30, 2020, as previously approved by the ERISA Fiduciary Committee of the Veolia North America Employee Benefit Plans. All Plan participants became participants in the Veolia 401(k) Plan pursuant to its provisions and were immediately eligible to participate in the Veolia 401(k) Plan. The restated and amended Veolia 401(k) Plan included updates to certain definitions, provisions and terms to ensure consistency between the Plan and the Veolia 401(k) Plan.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS (CONTINUED)

Certain Plan investments were managed by Vanguard Fiduciary Trust Company, the trustee of the Plan and/or its affiliates; therefore, transactions in these investments qualify as exempt party-in-interest transactions under ERISA. The Trustee and/or its affiliates received indirect fees from investments which were deducted from investment returns. Direct fees paid by the Plan to the Trustee and/or its affiliates totaled \$57,473 in 2020 and \$80,551 in 2019.

The Employer provided certain accounting, administrative and investment management services to the Plan for which it received no compensation.

Notes receivable from participants were permitted party-in-interest transactions.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan's investment securities were exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.
