REPORT OF INDEPENDENT AUDITORS

To the Trustees of the
Pension Plan for United Transportation Union

We have audited the accompanying financial statements of the Pension Plan for United Transportation Union (the Plan), which comprise the statements of net assets available for benefits (liquidation basis) as of June 30, 2020 and 2019, and the related statements of changes in net assets available for benefits (liquidation basis) for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the liquidation basis of accounting described in Note 2; this includes determining that the liquidation basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the Pension Plan for United Transportation Union of June 30, 2020 and 2019 and changes in its financial status for the years ended, in accordance with accounting principles generally accepted in the United States of America applied on the liquidation basis of accounting as described in Note 2.

Plan Termination and Liquidation Basis of Accounting

As discussed in Note 6 to the financial statements, the Trustees of the Pension Plan for United Transportation Union approved termination of the Plan effective June 30, 2019, and management has determined that liquidation is imminent. As a result, the Plan's financial statements are prepared on the liquidation basis of accounting as of and for the years ended June 30, 2020 and 2019. Our opinion is not modified with respect to this matter.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of reportable transactions is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

PENSION PLAN FOR UNITED TRANSPORTATION UNION

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2020 AND 2019

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Pension Plan for United Transportation Union (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a noncontributory, single-employer, defined benefit plan covering substantially all employees of the Transportation Division (the Union) of the International Association of Sheet Metal, Air, Rail and Transportation Workers (formerly the United Transportation Union or UTU). The Plan also covers certain subordinate units of the Transportation Division (State Legislative Boards and General Committee) who elect to participate under the same terms and conditions as the Union. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective June 30, 2014, the Plan was frozen for all participants. No future benefits were accrued subsequent to the Plan freeze date. Therefore, no future compensation or credited service was accumulated, and new employees were not eligible to participate in the Plan.

Effective June 30, 2019, the Board of Trustees (Trustees) elected to terminate the Plan, as described in Note 6.

Funding Policy - The Plan's funding policy was for the Union to contribute an amount which would meet or exceed the annual ERISA minimum funding requirement. The Union funded the Plan based on a percentage of gross monthly payroll, as needed. The Union's contributions for 2020 and 2019 met or exceeded the minimum funding requirement of ERISA.

Pension Benefits - To qualify for a pension benefit, a participant must have five years of service to be vested. Once qualified, the pension benefit provides a unique pension in accordance with the terms and provisions of the Plan in effect at the date of retirement, termination of employment or death. All calculations are based on years of services, beginning with the employment date, earnings history and age.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Death and Disability Benefits - If a participant dies after distribution has begun, the remaining portion of benefits will continue to be distributed in accordance with the distribution in place at the time of death. If a participant dies before distribution has begun, distribution of the entire interest shall be completed by December 31 of the calendar year unless an election is made by beneficiaries to be distributed otherwise. There are no disability benefits provisions under the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The accompanying financial statements have been prepared on the liquidation basis of accounting. Under this basis of accounting, assets are measured at the amount of expected cash proceeds from liquidation, which approximates fair value. Liabilities are recognized and measured based on expected cash distribution for fulfillment of those obligations. Revenue is recognized when earned, which include expected revenue earned through the end of the expected liquidation period. Expenses are recognized when incurred, and include costs incurred through the end of the expected liquidation period.

Cash - Includes amounts held in demand accounts.

Investments - The Plan's investments are stated at fair value, which approximates the amount of expected cash proceeds from liquidation, as required under the liquidation basis of accounting. The fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year. All invested assets have been liquidated at year end.

Contributions - Contributions were previously made to the Plan by the Union at a rate of 4% of gross monthly payroll, as needed, depending on the funded status of the Plan. The Union contributed \$153,351 to the Plan during the year ended June 30, 2019. In conjunction with Plan termination, there were no employer contributions made to the Plan during the year ended June 30, 2020.

Payment of Benefits - Benefits, which were substantially all lump-sum distributions, are recorded when paid. As part of the liquidation process substantially all assets were disbursed either in the form of lump-sum distributions or a sale of individual annuities to American Life Insurance Company, Inc. Refer to Note 6 for further information on the payment of benefits as part of the termination of the Plan

Administrative Expenses - The Plan's expenses are paid either by the Plan or the Union, as provided by the Plan document. Expenses that are paid directly by the Union are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan and investment related expenses are recorded as deductions in the accompanying statements of changes in net assets available for benefits.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates - The preparation of financial statements in conformity with the liquidation cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

NOTE 3. TAX STATUS

The Plan has been declared an exempt organization by the Internal Revenue Code (IRC). The Plan has obtained a determination letter dated February 2, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC.

The Plan accounts for income taxes in accordance with the Accounting Standards Codification (ASC) Topic *Income Taxes*. These provisions provide consistent guidance for the accounting for uncertainty in income taxes recognized in an entity's financial statements and prescribed a threshold of "more likely than not" for recognition and derecognition of tax positions taken or expected to be taken in a tax return. The Plan performed an evaluation of uncertain tax positions for the years ended June 30, 2020 and 2019, and determined that there were no matters that would require recognition in the financial statements or that may have an effect on its tax-exempt status. As of June 30, 2020, the statute of limitations for tax years 2016 through 2018 remains open with the U.S. Federal jurisdiction and the various states and local jurisdictions in which the Plan files returns.

NOTE 4. ACTUARIAL INFORMATION

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service participants have rendered to the benefit valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of participants who have died, and (c) present active participants or their beneficiaries.

The actuarial present value of accumulated plan benefits is determined by the Plan's actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated benefits to reflect the time value of money (through discounts for interest) and the probability of payments (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payments.

The actuarial present value of accumulated plan benefits on the basis of funding assumptions is as of June 30, 2019:

Actuarial present value of accumulated plan benefits	
Vested benefits	\$ 11,213,369
Nonvested benefits	<u>52,385</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 11,265,754</u>

NOTE 4. ACTUARIAL INFORMATION (CONTINUED)

The factors which affected the change in actuarial present value of accumulated plan benefits from the preceding to the current benefit information date are as follows:

Actuarial present value of accumulated plan benefits as of beginning of the year ended June 30,	<u>\$ 13,369,115</u>
Change during the year attributed to	
Actuarial experience and accumulated benefits	2,791
Benefits paid	(2,940,803)
Interest	<u>834,651</u>
Net change	<u>(2,103,361)</u>
Actuarial present value of accumulated plan benefits at year ended June 30,	<u><u>\$ 11,265,754</u></u>

Some of the more significant actuarial assumptions and methods used in estimating the present value of accumulated plan benefits were:

Actuarial cost method	Unit credit cost method.
Discount rate	June 30, 2019: 7.00%.
Expected return on assets	Not applicable due to Plan Termination.
Mortality	June 30, 2019: Mortality as provided in Notice 2018-2, male and female, with combined rates for annuitants and non-annuitants (as prescribed by IRC 430).
Retirement age	65.
Lump sum option	Participant in the Plan with effective hire dates prior to April 1, 2003 have the option to receive benefits as a single lump sum at retirement.
Annuity option	Participants in the Plan with effective hire dates after April 1, 2003 are only eligible for this option at retirement.

The above actuarial assumptions are based on Trustee's election to terminate the Plan effective June 30, 2019, on a standard termination basis under the rules of the Pension Benefit Guaranty Corporation (PBGC). Accordingly, there was no valuation prepared as of or for the year ended June 30, 2020.

NOTE 5. INVESTMENTS

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include other significant observable inputs including:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2019. The Plan did not hold any investments as of June 30, 2020.

	6/30/2019 Total Fair Value	Quoted Prices (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money market funds	\$ -	\$ -	\$ 44	\$ -
Investments measured at net asset value*	14,658,564			
Total	<u>\$ 14,658,564</u>			

*In accordance with ASC, investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5. INVESTMENTS (CONTINUED)

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at June 30, 2019:

Money market funds: The Plan's investments in money market funds are estimated based on amortized cost which approximates fair value.

Collective investment trusts: The Plan's investment in collective investment trusts are valued using the units of participation representing an undivided interest in the underlying assets of the trust.

Authoritative guidance of fair value measurement permits the Plan to measure the fair value of an investment in an investment entity that does not have a readily determinable fair value based upon the net asset value (NAV) per share, or its equivalent. This guidance does not apply if its probable that the investment will be sold at a value different than NAV.

The following table summarized the Plan's investments in certain entities that calculate net asset value per share as the fair value measurement as of June 30, 2019, by investing strategy:

	Fair Value	Unfunded Commitments	Redemption	Redemption
	6/30/2019	6/30/2019	Frequency	Notice Period
Collective investment trusts	\$ 14,658,564	\$ -	Weekly	None

The following summarized the investment strategy for each of the Plan's investments in the table presented above which do not report as a direct filing entity (DFE) to the Department of Labor (DOL).

Collective Investment Trusts: The Plan's investment in collective investment trusts consisted of three separate funds. The first fund was a long-term treasury fund that invests solely in 15+ year treasury strips, which are fixed-income securities that are sold at a pronounced discount to face value and mature at par. The second fund invested in long U.S. Treasury bonds, which uses leverage to increase the duration of the portfolio. The third and final investment was in a long-duration credit fund, which invests specifically in long-term U.S. credit securities. All three funds were fully redeemed during the year ended June 30, 2020.

NOTE 6. PLAN TERMINATION

The Trustees elected to terminate the Plan effective June 30, 2019, on a standard termination basis under the rules of the Pension Benefit Guaranty Corporation (PBGC). Thus, it was expected that plan assets would be sufficient to provide each participant with his or her accrued benefits under the Plan. Participants were able to elect to receive benefits as a lump-sum distribution or in the form of an annuity payment with a third-party, American United Life Insurance Company, Inc.

During the year ended June 30, 2020, all accrued plan benefits were distributed to participants and beneficiaries as part of this termination process, either in the form of lump-sum distributions or a sale of individual annuities to American Life Insurance Company, Inc. Total termination benefit payments for the year ended June 30, 2020 amounted to approximately \$12.16 million dollars and are included in benefit payments in the statement of changes in net assets available for benefits (liquidation basis).

As of June 30, 2020, the Plan had remaining net assets available for benefits in the amount of \$528,595. Subsequent to year-end, excess assets were used for additional lump-sum payouts and related taxes for previous participants of the Plan as part of the Plan's termination.

NOTE 7. SUBSEQUENT EVENTS REVIEW

Subsequent events have been evaluated through April 12, 2021, which is the date the financial statements were available to be issued. Other than discussed above in Note 6 regarding distribution of excess plan assets, this review and evaluation revealed no material events or transaction which would require an adjustment to or disclosure in the accompanying financial statements.
