RUSSELECTRIC INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 8, 2020 (DATE OF MERGER) AND JUNE 30, 2019

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Russelectric Inc. 401(k) Plan (the “Plan”) provides general information only. Participants should refer to the Plan agreement and summary plan description for a more complete description of the Plan’s provisions.

GENERAL INFORMATION

The Plan was a defined contribution plan covering all eligible employees and sponsored by Russelectric Inc. (“Russelectric”, the “Company”, the “Plan Sponsor”, or the “Plan Administrator”). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was adopted on January 1, 1996.

On January 30, 2018, the Company’s board of directors elected to terminate and liquidate the Russelectric Retirement Plan (the “DB Plan”) effective June 30, 2018. As a result of the liquidation, the DB Plan’s assets in the amount of \$18,652,781, were transferred to the Plan on October 1, 2019.

On March 4, 2019, the Company was acquired by Siemens Corporation (“Siemens”), a multinational industrial manufacturing company headquartered in Europe. Effective December 31, 2019, the Plan was frozen. After December 31, 2019, no contributions were allowed to the Plan and no employee, former employee or inactive participant was allowed to become an active participant in the Plan. As of June 8, 2020, the Plan was merged into the Siemens Savings Plan (“Siemens Plan”) and accordingly assets of \$46,130,203 were transferred to the Siemens Plan.

CUSTODIAN

Principal Life Insurance Company was the Plan’s custodian (“PLIC” or the “Custodian”). PLIC invested all employee and Company contributions, as well as earnings thereon, pursuant to the terms of the Plan.

ELIGIBILITY

Any employee of the Company was able to elect to become a participant after the completion of ninety days of service and attainment of age 18.

RUSSELECTRIC INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 8, 2020 (DATE OF MERGER) AND JUNE 30, 2019

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

CONTRIBUTIONS

The Plan featured an automatic contribution agreement which automatically enrolled participants into the Plan at a 5% contribution rate. The agreement applied to new participants and existing participants contributing less than 5%. Eligible participants could elect to contribute up to 100% of their gross compensation up to the maximum amount allowed for federal income tax purposes. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions subject to Internal Revenue Code (“IRC”) limitations. Participants could also contribute amounts representing distributions from other qualified plans or individual retirement accounts, if the contributions satisfied federal and state regulations for qualified rollovers. Participants directed the investment of their contributions to various investment options offered by the Plan.

The Plan had a safe harbor Company contribution provision equal to 3% of compensation for the plan year. In addition, the Company contributed a matching contribution equal to 50% of the participant’s elective deferral contribution up to 5%.

PARTICIPANT ACCOUNTS

A separate account was maintained for each participant. Each participant’s account was credited with the participant’s contribution and allocations of (a) the Company’s nonelective contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant’s vested account.

VESTING

Participants were immediately vested in their salary-deferral and rollover contributions, plus actual earnings thereon. A participant’s interest in Company matching contributions and earnings thereon was 100% vested after completing five years of service or upon being employed at normal retirement age, death, or disability. Participants were 100% vested in safe harbor Company contributions. Effective as of June 8, 2020 (date of merger) participants became 100% vested in the Company matching contributions and earnings thereon.

NOTES TO FINANCIAL STATEMENTS

JUNE 8, 2020 (DATE OF MERGER) AND JUNE 30, 2019

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

NOTES RECEIVABLE FROM PARTICIPANTS

Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The participant could have no more than three loans outstanding at one time. The loans were secured by the balance in the participant's account and bore interest rates ranging from 3.25% to 5.50%, which was commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Such loans were to be repaid to the Plan within a five-year period, unless the loan was used for the purchase of a principal residence, in which case the maximum repayment period could have been longer. Principal and interest was paid ratably through payroll deductions.

PAYMENTS OF BENEFITS

Upon termination of employment due to retirement, disability, or death, a participant could have elected to receive distribution in the form of a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants who had reached age 59-1/2 could have elected to withdraw all or a portion of the entire account. If the total vested account balance was less than \$5,000, the account balance would have been distributed in a lump sum.

HARDSHIP WITHDRAWALS

Participants were able to apply for a hardship withdrawal as defined by the IRC to meet excessive medical or educational expenses, payments for burial or funeral expenses of a deceased parent, spouse, child or dependent, expenses incurred to purchase a new principal residence or to prevent eviction from a principal residence and expenses for the repair of damage to a principal residence under IRC Section 165. The Plan Administrator was required to approve the application.

FORFEITED ACCOUNTS

At June 8, 2020 (date of merger) and June 30, 2019 forfeited nonvested accounts amounted to \$0 and \$505 respectively. The amounts could be used to reduce future Company safe harbor and matching contributions or pay administrative expenses. For the period from July 1, 2019 through June 8, 2020 (date of merger) the Company's safe harbor and matching contributions were reduced by \$3,522 from forfeited nonvested accounts.

NOTES TO FINANCIAL STATEMENTS

JUNE 8, 2020 (DATE OF MERGER) AND JUNE 30, 2019

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United State of America (“GAAP”).

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America required the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan’s investments were reported at fair value, except for the investment in the guaranteed investment contract which was at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividend income was recorded on the ex-dividend date. Net appreciation presented on the Statement of Changes in Net Assets Available for Benefits includes the Plan’s gains and losses on assets bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when incurred. No allowance for credit losses was recorded as of June 8, 2020 (date of merger) and June 30, 2019. If a participant ceased to make loan repayments and the Plan Administrator deemed the participant to be in default, the participant loan balance was reduced and a benefit payment was recorded as a distribution of loan balance to participant.

NOTES TO FINANCIAL STATEMENTS

JUNE 8, 2020 (DATE OF MERGER) AND JUNE 30, 2019

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

ADMINISTRATIVE EXPENSES

General expenses of administering the Plan were paid by the Plan Sponsor, while record-keeping and transaction based fees associated with optional services offered under the Plan, such as a plan loan, were paid for by the participants. Expenses paid by the Plan Sponsor were excluded from these financial statements. Investment related expenses were included in net appreciation of fair value of investments.

PAYMENT OF BENEFITS

Benefits were recorded when paid.

RISKS AND UNCERTAINTIES

The Plan provided for various investment options in a variety of investment securities. Investment securities were exposed to various risks, such as interest rate risk, financial market risk, and credit risk. Due to the level of risk associated with investment securities, coupled with recent economic events, it was at least reasonably possible that changes in the values of investment securities would occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic which continues to spread throughout the United States, triggering volatility in financial markets and a significant negative impact on the global economy. As of the date the financial statements were available to be issued, there was considerable uncertainty around the expected duration of this pandemic. The eventual financial impact to the Plan, participants, and the Company cannot be reasonably estimated at this time.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan administrator had elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform, and they did not perform, such auditing procedures with respect to the information certified by PLIC, the custodian of the Plan, as of June 8, 2020 (date of merger) and for the period from July 1, 2019 through June 8, 2020 (date of merger) and as of June 30, 2019, except for comparing the information certified by the custodian to information included in the Plan's financial statements.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (CONTINUED)

All information related to investments disclosed in the accompanying financial statements, including investments held at June 8, 2020 (date of merger) and June 30, 2019, and net appreciation in fair value of investments, interest and dividend income for the period from July 1, 2019 through June 8, 2020 (date of merger), was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by PLIC.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under GAAP are described as follows:

LEVEL 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

LEVEL 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

LEVEL 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation

techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 8, 2020 (date of merger) and June 30, 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: The fair value of each pooled separate account (“PSA”) is based on the underlying investments such as equities, preferred stocks, bonds, and mutual funds. The NAV of a PSA is based on the market value of its underlying investments but the PSA NAV is not a publicly quoted price in an active market. Certain of these PSAs are invested in single mutual funds whose fair value is publicly quoted. Other PSAs are invested in domestic and international securities which are publicly traded with observable Level 1 quoted pricing inputs or Level 2 quoted prices of similar assets in non-active markets.

Common/Collective Trust: Valued at the NAV per unit of a bank collective trust. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the common/collective trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

The Plan had no assets measured at fair value as of June 8, 2020.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2019:

	Fair Value Measurements			Total
	Level 1	Level 2	Level 3	
Mutual Funds	<u>\$ 5,136,432</u>	<u>\$ --</u>	<u>\$ --</u>	\$ 5,136,432
Pooled Separate Accounts				18,498,025 (a)
Common/Collective Trust				<u>10,885,239</u> (a)
Total				<u>\$ 34,519,696</u>

(a) In accordance with Accounting Standards Codification Topic 820-10, *Fair Value Measurements and Disclosures*, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

There were no transfers to or from Level 1, 2, and 3 during the period from July 1, 2019 through June 8, 2020 (date of merger). There were no liabilities measured at fair value at June 8, 2020 (date of merger) and June 30, 2019.

The following table summarizes investments measured at fair value based on NAV per share as of June 30, 2019:

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	<u>\$18,498,025</u>	<u>\$ --</u>	Daily	One Day
Common/Collective Trust	<u>\$10,885,239</u>	<u>\$ --</u>	Daily	One Day

NOTE 5 – GUARANTEED INVESTMENT CONTRACT

At June 30, 2019, the Guaranteed Investment Contract consisted of Principal Fixed Income Guaranteed Option (“PFIGO”), a benefit-responsive group annuity contract issued by PLIC. The PFIGO is a single group annuity contract with a fixed rate of interest. It is not a portfolio of contracts whose yields were based on changes in fair value of underlying assets as would be found in a stable value fund. As a result, the average yield earned by the Plan is the yield earned on the group annuity contract. The composite crediting rate history for the contract is as follows:

June 1, 2018 - November 30, 2018	1.75%
December 1, 2018 - May 31, 2019	1.80%
June 1, 2019 - November 30, 2019	1.75%

By definition, the PFIGO group annuity contract is an insurance contract. As a result, the Plan could transact according to the terms defined in the contract at any time. The terms and methods under which the contract could transact were defined in Article II (Deposits and Ownership-Vintage-Primary), Article IIA (Deposits and Ownership-Vintages-Subsequent), Article IIB (Vintages), Article III (Fees), Article IV (Benefits and Other Payments) and Article V (Limitations; Termination) in the contract.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan’s ability to transact at contract value with participants are not probable of occurring.

The Plan Sponsor assessed the probability of the occurrence of the above referenced events, which could limit the Plan’s ability to transact at contract value with participants. Article V of the contract defined the circumstances and amounts for which the Plan may terminate its interest in the contract. The issuer, PLIC, had the right to no longer receive deposits under Article VII, Section 3; however, the circumstances for termination of the contract were still subject to Article V. Plan level liquidation or transfer by the Plan was subject to a twelve month irrevocable advance notice or a 5% surrender charge.

NOTE 6 – TAX STATUS

The Internal Revenue Service has determined and informed PLIC by a letter dated March 31, 2014, that the prototype plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 8, 2020 (date of merger), there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods pending or in progress.

If the Plan were to incur an income tax liability in the future, interest on any income tax liability would be reported as interest expense and penalties on any income tax would be reported as income taxes.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's assets were held and managed by PLIC. As a prototype provider of the Plan, PLIC provided record keeping and investment services to the Plan and, therefore, these transactions qualified as party-in-interest transactions. Investment management service fees paid to PLIC are included in net appreciation in fair value of investments. Loan service and other administrative fees paid to PLIC are included in administrative expenses.

Three Board of Trustee members were participants in the Plan and an officer of the Company served as trustee and plan administrator of the Plan. The Plan issued notes to participants. Such notes qualified as party-in-interest transactions, which were exempt from the prohibited transaction rules.

NOTE 8 – SELF CORRECTION PROGRAM

In conjunction with the Plan’s merger into the Siemens Savings Plan, as more fully described in Note 1, Siemens engaged a third party consultant (the “Consultant”) to perform a limited review of the Plan’s participant data for the period January 1, 2016 through December 31, 2019. During 2021, the Consultant issued a report that identified certain administrative errors that prevented a group of Plan participants from making elective deferrals and/or from receiving Company safe harbor matching contributions and additional matching contributions in accordance with the Plan’s provisions. The Consultant determined that contributions in the amount of \$504,232, excluding lost earnings, were required to correct the errors. Siemens determined this error was not a significant operational failure. During 2021, Siemens contributed the corrective contributions plus lost earnings in the aggregate amount of \$578,776 into the Siemens Savings Plan to the accounts of the participants impacted by the administrative errors through the Internal Revenue Service Self-Correction Program.

NOTE 9 – SUBSEQUENT EVENTS

The Plan evaluated subsequent events through April 14, 2021, the date the accompanying financial statements were available for issuance. Other than as disclosed in Note 8, no events requiring recognition or disclosure in the financial statements were identified.
