INDEPENDENT AUDITOR'S REPORT

The Advisory Committee
Employees' Pension Plan of Glasstech, Inc.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Employees' Pension Plan of Glasstech, Inc. (the Plan), which comprise the statements of net assets available for benefits as of June 30, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee as of and for the years ended June 30, 2020 and 2019, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2020 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, is presented for the purpose of additional analysis, and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Employees' Pension Plan of Glasstech, Inc. (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan.

General

The Plan is a defined contribution plan established to provide income upon retirement to all eligible employees of Glasstech, Inc. (the Company and Plan Administrator). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Participant Accounts

Participant accounts are adjusted daily for a pro rata share of income and expenses of each fund, determined by the percentage that the participant's account balance bears to the total of all participants' account balances at that date prior to such adjustment. Company contributions plus actual earnings (losses) thereon vest 20% after one year of credited service (as defined in the Plan), 40% after two years, 60% after three years, 80% after four years, and 100% after five years of credited service. All Company contributions and earnings thereon are participant-directed. Company contributions may be reduced by participant forfeitures. The forfeiture account balance was \$17,861 at June 30, 2020 (\$16,183 at June 30, 2019).

Contributions

The Plan provides for an annual Company contribution of 5% of each participant's qualified compensation within certain limitations. The Plan met the minimum funding requirements of ERISA and Internal Revenue Service (IRS) Section 412 during 2020 and 2019.

Payment of Benefits

The Plan provides generally that upon retirement, death, disability, or termination, in the case of vested benefits, the standard form of payment will be in a form of a qualified joint and survivor annuity. Other forms of payment may be elected, including a single lump sum or single life qualified annuity. The benefit to which a participant is entitled is the benefit that can be provided from the vested value of the participant's account.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, the participants' accounts become fully vested.

Administrative Expenses

Substantially all expenses for plan administration, rendered by parties-in-interest to the Plan, are paid by the Company.

Note 2 – Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Benefit payments to participants are recorded upon distribution.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In contrast, contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. Contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. There have been no changes in the valuation methods used. The Plan's investments are held by Fidelity Management Trust Company (the Trustee).

Mutual funds represent investments with various investment managers. The fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are valued at net asset value.

Common/collective trust funds (CCTs) represent investments with various investment managers. Units held in CCTs, including stable value funds, are fair valued at the net asset value (NAV). The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The Plan held shares of the Wells Fargo Stable Value Fund C as of June 30, 2019. No shares of this investment were held by the Plan as of June 30, 2020.

The New York Life Insurance Company Anchor Account represents a group annuity contract that provides for a guarantee of principal and accumulated interest. The asset is a guaranteed investment contract valued at contract value, which represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Contributions to the Anchor Account are invested in New York Life's Pooled Separate Account No. 25. The Pooled Separate Account No. 25 is not chargeable with any other liabilities arising out of any other business of New York Life.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

EMPLOYEES' PENSION PLAN OF GLASSTECH, INC.
NOTES TO FINANCIAL STATEMENTS
Years Ended June 30, 2020 and 2019

Note 2 – Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Subsequent Events

Management has evaluated subsequent events through April 12, 2021, the date the financial statements were available to be issued.

Note 3 – Investments

All investment information disclosed in the accompanying financial statements and schedule, including investments held at June 30, 2020 and 2019, net appreciation (depreciation) of investments, and dividends and interest for the years then ended, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustee.

Note 4 – Guaranteed Investment Contract

The Plan holds a traditional investment contract that meets the fully-benefit responsive investment contract criteria, and therefore is reported at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are subject to change daily.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value without adjustment. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer. The guaranteed investment contract permits the issuer or the Plan to terminate the agreement prior to the scheduled maturity date as a result of specific occurrences as defined in the contract.

NOTES TO FINANCIAL STATEMENTS
Years Ended June 30, 2020 and 2019

Note 5 – Fair Value Measurements

The various inputs that may be used to determine the value of the Plan's investments are summarized in three broad levels within the fair value hierarchy. The three levels are described below:

- Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly; and
- Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial asset's fair value measurement level, within the fair value hierarchy, is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

As of June 30, 2020, the Plan's investments valued at fair value in the statement of net assets available for benefits are all mutual funds, which are considered Level 1 investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of June 30, 2019.

	Investments at Fair Value as of June 30, 2019	
	Level 1	Total
Mutual funds	\$ 10,667,633	\$ 10,667,633
Total investments measured at NAV as the practical expedient	-	3,409,924
Total investments at fair value	<u>\$ 10,667,633</u>	<u>\$ 14,077,557</u>

Note 6 – Restrictions on Net Assets

The investment in the Wells Fargo Stable Value Fund, held as of June 30, 2019, was designed to deliver safety and stability by preserving principal and accumulating earnings. This fund was primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions had no restrictions; however, the Plan was required to provide a one-year redemption notice to liquidate its entire share in the fund.

For the New York Life Insurance Company Anchor Account held as of June 30, 2020, participants may deposit and withdraw on a daily basis at contract value. Any transfers to a competing fund must first go through a non-competing fund and be held there for at least 90 days. There are currently no competing funds offered in the Plan. If the Plan terminates the contract without providing a one-year notice, or if an employer-initiated event results in significant aggregate participant withdrawal requests, the Plan's balance in the fund may be subject to a market value adjustment.

Note 7 – Differences between Financial Statements and Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	June 30,	
	2020	2019
Net assets available for benefits per the financial statements	\$ 15,289,430	\$ 14,530,246
Employer contributions receivable	(432,799)	(452,689)
Net assets available for benefits per Form 5500	<u>\$ 14,856,631</u>	<u>\$ 14,077,557</u>

The following is a reconciliation of employer contributions per the financial statements to Form 5500 for the year ended June 30, 2020:

Contributions per the financial statements	\$ 432,799
Less contributions receivable at end of year	(432,799)
Add contributions receivable from prior year	<u>452,689</u>
Contributions per Form 5500	<u>\$ 452,689</u>

The employer contributions per the financial statements are different from employer contributions per Form 5500 since the contributions receivable is not recorded in Form 5500. Ending net assets available for benefits also differ for this reason.

Note 8 – Income Tax Status

The Internal Revenue Service ruled on March 31, 2014, that the Fidelity Basic Plan Document No. 16 (the volume submitter plan of the Trustee upon which the Plan is based) qualifies under Section 401 of the Internal Revenue Code (the Code) and the related trust is, therefore, not subject to tax under present income tax law. Subsequent to this ruling the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS
Years Ended June 30, 2020 and 2019

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

INDEPENDENT AUDITOR'S REPORT

The Advisory Committee
Employees' Pension Plan of Glasstech, Inc.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Employees' Pension Plan of Glasstech, Inc. (the Plan), which comprise the statements of net assets available for benefits as of June 30, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee as of and for the years ended June 30, 2020 and 2019, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2020 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, is presented for the purpose of additional analysis, and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 – Description of Plan

The following description of the Employees' Pension Plan of Glasstech, Inc. (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan.

General

The Plan is a defined contribution plan established to provide income upon retirement to all eligible employees of Glasstech, Inc. (the Company and Plan Administrator). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Participant Accounts

Participant accounts are adjusted daily for a pro rata share of income and expenses of each fund, determined by the percentage that the participant's account balance bears to the total of all participants' account balances at that date prior to such adjustment. Company contributions plus actual earnings (losses) thereon vest 20% after one year of credited service (as defined in the Plan), 40% after two years, 60% after three years, 80% after four years, and 100% after five years of credited service. All Company contributions and earnings thereon are participant-directed. Company contributions may be reduced by participant forfeitures. The forfeiture account balance was \$17,861 at June 30, 2020 (\$16,183 at June 30, 2019).

Contributions

The Plan provides for an annual Company contribution of 5% of each participant's qualified compensation within certain limitations. The Plan met the minimum funding requirements of ERISA and Internal Revenue Service (IRS) Section 412 during 2020 and 2019.

Payment of Benefits

The Plan provides generally that upon retirement, death, disability, or termination, in the case of vested benefits, the standard form of payment will be in a form of a qualified joint and survivor annuity. Other forms of payment may be elected, including a single lump sum or single life qualified annuity. The benefit to which a participant is entitled is the benefit that can be provided from the vested value of the participant's account.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, the participants' accounts become fully vested.

Administrative Expenses

Substantially all expenses for plan administration, rendered by parties-in-interest to the Plan, are paid by the Company.

Note 2 – Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Benefit payments to participants are recorded upon distribution.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In contrast, contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. Contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. There have been no changes in the valuation methods used. The Plan's investments are held by Fidelity Management Trust Company (the Trustee).

Mutual funds represent investments with various investment managers. The fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are valued at net asset value.

Common/collective trust funds (CCTs) represent investments with various investment managers. Units held in CCTs, including stable value funds, are fair valued at the net asset value (NAV). The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The Plan held shares of the Wells Fargo Stable Value Fund C as of June 30, 2019. No shares of this investment were held by the Plan as of June 30, 2020.

The New York Life Insurance Company Anchor Account represents a group annuity contract that provides for a guarantee of principal and accumulated interest. The asset is a guaranteed investment contract valued at contract value, which represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Contributions to the Anchor Account are invested in New York Life's Pooled Separate Account No. 25. The Pooled Separate Account No. 25 is not chargeable with any other liabilities arising out of any other business of New York Life.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

Note 2 – Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Subsequent Events

Management has evaluated subsequent events through April 12, 2021, the date the financial statements were available to be issued.

Note 3 – Investments

All investment information disclosed in the accompanying financial statements and schedule, including investments held at June 30, 2020 and 2019, net appreciation (depreciation) of investments, and dividends and interest for the years then ended, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustee.

Note 4 – Guaranteed Investment Contract

The Plan holds a traditional investment contract that meets the fully-benefit responsive investment contract criteria, and therefore is reported at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are subject to change daily.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value without adjustment. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer. The guaranteed investment contract permits the issuer or the Plan to terminate the agreement prior to the scheduled maturity date as a result of specific occurrences as defined in the contract.

Note 5 – Fair Value Measurements

The various inputs that may be used to determine the value of the Plan's investments are summarized in three broad levels within the fair value hierarchy. The three levels are described below:

- Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly; and
- Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial asset's fair value measurement level, within the fair value hierarchy, is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

As of June 30, 2020, the Plan's investments valued at fair value in the statement of net assets available for benefits are all mutual funds, which are considered Level 1 investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of June 30, 2019.

	Investments at Fair Value as of June 30, 2019	
	Level 1	Total
Mutual funds	\$ 10,667,633	\$ 10,667,633
Total investments measured at NAV as the practical expedient	-	3,409,924
Total investments at fair value	<u>\$ 10,667,633</u>	<u>\$ 14,077,557</u>

Note 6 – Restrictions on Net Assets

The investment in the Wells Fargo Stable Value Fund, held as of June 30, 2019, was designed to deliver safety and stability by preserving principal and accumulating earnings. This fund was primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions had no restrictions; however, the Plan was required to provide a one-year redemption notice to liquidate its entire share in the fund.

For the New York Life Insurance Company Anchor Account held as of June 30, 2020, participants may deposit and withdraw on a daily basis at contract value. Any transfers to a competing fund must first go through a non-competing fund and be held there for at least 90 days. There are currently no competing funds offered in the Plan. If the Plan terminates the contract without providing a one-year notice, or if an employer-initiated event results in significant aggregate participant withdrawal requests, the Plan's balance in the fund may be subject to a market value adjustment.

Note 7 – Differences between Financial Statements and Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	June 30,	
	2020	2019
Net assets available for benefits per the financial statements	\$ 15,289,430	\$ 14,530,246
Employer contributions receivable	(432,799)	(452,689)
Net assets available for benefits per Form 5500	<u>\$ 14,856,631</u>	<u>\$ 14,077,557</u>

The following is a reconciliation of employer contributions per the financial statements to Form 5500 for the year ended June 30, 2020:

Contributions per the financial statements	\$ 432,799
Less contributions receivable at end of year	(432,799)
Add contributions receivable from prior year	<u>452,689</u>
Contributions per Form 5500	<u>\$ 452,689</u>

The employer contributions per the financial statements are different from employer contributions per Form 5500 since the contributions receivable is not recorded in Form 5500. Ending net assets available for benefits also differ for this reason.

Note 8 – Income Tax Status

The Internal Revenue Service ruled on March 31, 2014, that the Fidelity Basic Plan Document No. 16 (the volume submitter plan of the Trustee upon which the Plan is based) qualifies under Section 401 of the Internal Revenue Code (the Code) and the related trust is, therefore, not subject to tax under present income tax law. Subsequent to this ruling the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
