WEAVERTOWN TRANSPORT LEASING, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Weavertown Transport Leasing, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

Plan Organization and General Provisions - The Plan is a defined contribution plan covering all employees of Weavertown Transport Leasing, Inc. and D. Fuchs Holdings, L.P. (collectively, the Company). The Plan was adopted by the Company effective March 1, 1994, and was restated effective January 1, 2009. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility - All employees of the Company who have completed six consecutive months of service from their employment date are eligible to participate in the Plan. A participant's entry date into the Plan will be the first day of the following quarter in which the eligibility requirements were satisfied. Effective January 1, 2014, the Plan includes an automatic enrollment provision whereby all newly eligible employees are enrolled in the Plan at 2%, unless they have elected not to participate.

Profit-Sharing Contributions - Contributions to the Plan consist of participant and employer discretionary profit-sharing contributions that are participant-directed. During 2019, the Company contributed up to 1.38166% of gross salary from which employee contributions are being deferred, as profit sharing contributions. Employees must be participating in the Plan and be active employees at the Plan year-end to be eligible for the profit-sharing contribution. Participants can elect to defer up to 50% of their eligible compensation, subject to certain limitations under the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants may direct the investments among several investment options. A participant may also make catch-up contributions subject to statutory limitations for any year in which the participant is age 50 or older by the last day of the Plan year.

Participant Accounts - Each participant's account is credited with the participant's contributions and Company discretionary matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of participants' accounts is based on years of continuous service. Prior to July 1, 2014, a participant is 20% vested after two years of credited service and 100% vested after three years of credited service. For participants hired on or subsequent to July 1, 2014, the vesting requirements are as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2 years	0 %
2 years	20
3 years	40
4 years	60
5 years	80
6 years	100

WEAVERTOWN TRANSPORT LEASING, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeitures - Forfeitures may first be used to pay any administrative expenses or to reduce future employer contributions. As of December 31, 2019 and 2018, the Company had unallocated forfeitures of \$7,860 and \$2,307, respectively.

Payment of Benefits - Benefits provided by the Plan are payable to participants at retirement, death or total disability. A participant may elect to receive the balance of his or her vested account through a variety of payment options. Vested benefits under \$5,000 are payable immediately upon termination of employment.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant policies consistently applied by the Plan administrator in the preparation of the accompanying financial statements follows:

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities that are exposed to interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition - Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. (See Note 3 for discussion of fair value measurement.) Purchases and sales of securities are reflected on a trade-date basis. Interest and dividend income is recorded as earned on an accrual basis. The net appreciation in the fair value of investments consists of the realized gains and losses and the unrealized appreciation on these investments during the year. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments - Benefits are recorded when paid.

Expenses - Administrative expenses of the Plan are paid by the Plan to the extent not paid by the Plan sponsor.

WEAVERTOWN TRANSPORT LEASING, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recent Accounting Pronouncements - In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13 Fair Value Measurement - Disclosure Framework (Topic 820) (ASU 2018-13), which improves the disclosure requirements on fair value measurements and is effective for fiscal years and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption is permitted for any removed or modified disclosures. The Plan has elected to early adopt ASU 2018-13 with no significant impact to the financial statements and related disclosures.

NOTE 3 - FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

All of the Plan's investments recorded at fair value of \$2,072,779 and \$1,851,779 at December 31, 2019 and 2018, respectively, are pooled separate accounts. The pooled separate accounts held by American United Life Insurance Company (AUL) are valued at net asset value (NAV) as a practical expedient at year-end. The calculated NAV is directly related to the NAV of the underlying investment, adjusted for dividends or distributions received by AUL and the daily equivalent of any fees charged. The investments held by each pooled separate account are traded on an active market. The pooled separate accounts held by the Plan have no unfunded commitments and do not have redemption periods.

WEAVERTOWN TRANSPORT LEASING, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE 3 - FAIR VALUE MEASUREMENT (Continued)

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2019 and 2018, there were no transfers.

NOTE 4 - GUARANTEED INVESTMENT CONTRACT

The Plan entered into a fully benefit-responsive investment contract with AUL, which maintains contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administration expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract is included in the financial statements at contract value as reported to the Plan by AUL. The Plan administrator believes contract value is an appropriate determination of fair value.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value, which approximates fair value. Contract value, as reported to the Plan by AUL at December 31, 2019 and 2018, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from federal income taxes; or (5) any required prohibited transaction exemption under ERISA premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 - INFORMATION CERTIFIED BY THE PLAN TRUSTEE (UNAUDITED)

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2019 and 2018, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2019, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by AUL (trustee of the Plan).

NOTE 7 - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Company provides certain accounting, administrative and investment management services to the Plan for which no fees are charged.

Certain Plan investments are managed by AUL, the trustee, and therefore qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions, are specifically exempt as prohibited transactions under ERISA.

NOTE 8 - TAX STATUS

The underlying volume submitter plan has received an opinion letter from the IRS dated March 31, 2014 that stated that the form of the plan and related Trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt.

WEAVERTOWN TRANSPORT LEASING, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE 8 - TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2016.

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 10 - SUBSEQUENT EVENTS

Subsequent events are defined as events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are issued or are available to be issued. Management has evaluated subsequent events through March 9, 2021, the date that the financial statements were issued and determined that there have been no events that have occurred that would require adjustments to the disclosures in the financial statements except for the matters described in the following paragraphs.

The coronavirus pandemic could materially and adversely affect the Plan, its operations and its performance. The effects of the pandemic caused market performance of Plan investments to decline. Additionally, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law, which provides plan, plan sponsor and participant relief. If adopted by the Plan, key features of the CARES Act may have a significant effect on the operations of the Plan. The Plan adopted the following provisions: Distributions of up to \$100,000 are permitted without being subject to the 10% early withdrawal penalty. These distributions can be repaid within a three-year period. Management of the Plan is unable to accurately predict how the coronavirus pandemic will affect the results of Plan operations because the severity and duration of the pandemic are uncertain. However, while it is premature to accurately predict the ultimate impact of these developments, Plan management expects the Plan's results for the year ended December 31, 2020 to be materially impacted.

In September 2020 Savage Services acquired Weavertown Environmental Group and assumed sponsorship of the Plan.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
