1. Plan Description

The following description of the Yotel Management USA 401(k) Safe Harbor Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is administered by Yotel Management USA Co., LLC. (the "Employer"). Principal Life Insurance Company is the Trustee and record-keeper of the Plan.

Eligibility

The Plan is a defined contribution profit sharing plan covering substantially all non-union employees of the Employer who have a minimum of one year of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year participants may contribute up to the amount allowed by the Internal Revenue Code ("IRS") of pretax annual compensation, as defined in the Plan document. The Employer matches 100% of participant contributions up to 4% of the participant's wages, plus 50% of the participant's contributions which are over 4% but not over 6% of the participant's wages.

The Plan also allows for additional discretionary contributions by the Employer. There were no discretionary employer contributions for the year ended December 31, 2019.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Employer's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately and fully vested in their pre-tax contributions and Employer matching contributions plus actual earnings thereon. Vesting in the Employer discretionary matching contributions is based on years of continuous service. A participant vests at a rate of 20% per year starting after year 1 and is 100% vested after five years of credited service.

1. Plan Description *(continued)*

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from one to five years with the exception of loans for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at prime plus one percent per annum. Principal and interest are paid ratably through payroll deductions.

Interest rates on such loans ranged from 5.75% to 6.50% at December 31, 2019 and December 31, 2018.

Payment of Benefits

A participant's account will be distributed in a lump-sum payment upon termination, disability, retirement or death if the participant's account balance is less than $5,000. However, any non-vested portion of the account balance is forfeited, except in the case of disability, retirement or death. In the event of such separation prior to age 59-1/2, the participant may elect to defer the distribution until the participant reaches age 59-1/2 or to an earlier date, provided that the participant's eligible distribution exceeds $5,000. An inactive participant's account must be distributed no later than April 1, of the year following the participant's reaching 70-1/2 years of age. Active participants over the age of 70-1/2 can defer required minimum distributions until termination, retirement, disability or death. The Plan also provides for distributions under defined hardship distribution rules.

Forfeitures

Forfeitures are allocated to either reduce expenses incurred in the operations of the Plan or reduce future Employer contributions. At December 31, 2019 and 2018, there were no forfeited non-vested accounts.

2. Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP"), which requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Significant Accounting Policies *(continued)*

Fair Value Measurements

The Plan follows US GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable inputs and are used to the extent that observable inputs do not exist.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest is recorded on an accrual basis and dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Mutual funds held by the Plan are valued at fair value based on the daily closing price reported by the funds. All of the mutual funds are open-ended and are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily net asset value ("NAV") and to transact at that price. Pooled separate accounts are reported at the value reported to the Plan by the insurance company, which represents the fair value of the underlying investments comprising the accounts. The common/collective trusts are valued at NAV of units held by the Plan. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Pursuant to US GAAP guidance, alternative investments where fair value is measured using NAV are not categorized within the fair value hierarchy.

Notes Receivable from Participants

Notes receivable from participants are valued at their outstanding principal amounts plus accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is made.

Payment of Benefits

Benefits are recorded when paid.

2. Significant Accounting Policies *(continued)*

Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and recorded in the accompanying statement of changes in net assets available for benefits as administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in a variety of investment options. There is no limit to how often a participant may change their investment options.

3. Information Certified (Unaudited)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company, the Trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018 and the supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019 and the related investment and participant notes interest activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2019.

4. Investments

The following are the classes and major categories of the Plan's investments at December 31, 2019 and 2018 grouped by the fair value hierarchy:

Description	Level 1	Other Investments Measured at NAV *	Total
December 31, 2019			
Mutual funds	$ 2,897	$ -	$ 2,897
Pooled separate accounts	-	32,890	32,890
Common/collective trusts	-	3,254,809	3,254,809
Total Investments	$ 2,897	$ 3,287,699	$ 3,290,596
December 31, 2018			
Mutual funds	$ 3,929	$ -	$ 3,929
Pooled separate accounts	-	30,181	30,181
Common/collective trusts	-	1,838,227	1,838,227
Total Investments	$ 3,929	$ 1,868,408	$ 1,872,337

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

5. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

6. Tax Status

The Internal Revenue Service issued an opinion letter dated March 31, 2014 to the prototype plan document preparer which states that the form of the prototype plan qualifies under the applicable provisions of the Internal Revenue Code ("IRC").

US GAAP requires plan management to evaluate tax positions taken by the plan and recognize a liability if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine examinations by taxing authorities for periods since 2016; however, there are currently no examinations for any tax periods pending.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent to year end, the COVID-19 pandemic has resulted in substantial volatility in the global financial markets. As a result, the Plan's investments have incurred a significant fluctuation in their fair value since December 31, 2019. Because the value of the Plan's investments has and will fluctuate in response to changing market conditions, the amount of losses, if any, that will be recognized in subsequent periods, cannot be determined.

8. Party-in-Interest Transactions

All investments of the Plan are managed by the Trustee. Therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Certain employees of the Employer, who may be participants in the Plan, perform administrative services for the Plan at no cost to the Plan.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements on net assets available for benefits.

9. Prohibited Transactions

During 2019, the Employer failed to remit to the Plan certain participants' contributions totaling $63,236 within the period prescribed by the Department of Labor Regulations. The Employer has calculated the lost earnings on these contributions and related excise tax, which amounted to $87.81 and $13.17, respectively. The Employer has remitted the $13.17 excise tax to the IRS and is in the process of remitting the lost earnings to the plan.

10. Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is April 20, 2021.

On March 27, 2020, the "Coronavirus Aid, Relief and Economic Security (CARES) Act" was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented provisions that include special coronavirus distributions up to $100,000, an increase in the available loan amount as described in Note 1 to the lesser of $100,000 or 100% or the participant's vested account balance and an extension of the period for loan repayments if applicable, up to one year.
