SePRO Corporation 401(k) Savings Plan

Notes to Financial Statements

September 30, 2020 and 2019

Note 1: Description of the Plan

The following description of SePRO Corporation 401(k) Savings Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General

The Plan is a defined-contribution plan sponsored by SePRO Corporation (Company) for the benefit of its employees who have completed three months of service and are age 21 and older. Prior to October 1, 2019, related employers who also participated in the Plan included ReMetrix, LLC; ParaPRO, LLC and Culpepper Enterprises Inc. Effective February 5, 2019, ParaPRO, LLC had become an unaffiliated participating employer. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Reliance Trust Company (Reliance Trust) serves as trustee of the Plan. ADP Retirement Services (ADP) serves as recordkeeper of the Plan.

Effective October 1, 2019, the ParaPRO, LLC employees became participants in the Worksmart Systems, Inc. 401(k) Plan. The discretionary employer contribution of \$249,993, as of September 30, 2019, was deposited to the Worksmart Systems, Inc. 401(k) Plan and, effective October 31, 2019, \$4,385,891 of ParaPro, LLC participant balances was transferred to the Worksmart Systems, Inc. 401(k) Plan.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Companies make annual contributions of 1% to 90% of eligible compensation up to the maximum amount allowed by law. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Companies could make a matching contribution of 25% of the employees' salary deferral on the first 90% of employee compensation. Company profit-sharing contributions are discretionary as determined by the Companies' Board of Directors for those participants that have one year of service, have worked at least 1,000 hours and are employed at the end of the Plan year (except for those terminated due to death, disability or normal retirement age of 65). The discretionary profit-sharing contribution was 4% and 7% of eligible compensation for the years ended September 30, 2020 and 2019, respectively. An integrated allocation will also be made for those participants with compensation in excess of \$50,000. The integration percentage was 4.3% of compensation in excess of \$50,000 for the years ended September 30, 2020 and 2019, respectively. Contributions are subject to certain limitations.

The Plan Document also includes an automatic deferral feature whereby a participant is treated as electing to defer 3% of eligible compensation unless the participant made an affirmative election otherwise.

Participant Investment Account Options

Investment account options available include various mutual funds and a common collective trust. Each participant has the option of directing his contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Companies' contributions, Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Companies' contribution portion of their accounts, plus earnings thereon, is based on years of credited service. A participant is fully vested after six years of credited service receiving 20% each year of credited service after the second year of credited service. The nonvested balance is forfeited upon termination of service.

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount up to the value of his account. In-service withdrawals are allowed under certain circumstances provided by the Plan.

Effective April 9, 2020, the Plan implemented changes related to the *Coronavirus Aid, Relief and Economic Security Act* (CARES), which provides relief to individuals impacted by the COVID-19 crisis. New features available to Plan participants are as follows:

- Coronavirus-related Distributions up to \$100,000, with no mandatory 20% federal tax withholding and the 10% early withdrawal penalty is waived. The participant can repay the amount of the distribution as a rollover within three years and can pay taxes pro-rata over a three-year period.
- Required Minimum Distributions are waived for 2020.

Forfeited Accounts

At September 30, 2020 and 2019, forfeited nonvested accounts totaled \$17,877 and \$20, respectively. These accounts will be used to reduce future employer contributions or pay administrative expenses. As of September 30, 2020, the employers' contribution receivable was reduced by forfeitures used when deposits were made by \$4,830. During 2020 and 2019, approximately \$30,000 and \$63,000, respectively, of forfeitures were used to reduce the Companies' contributions.

Notes Receivable From Participants

The Plan Document includes provisions authorizing loans from the Plan to all active eligible participants. The minimum amount of a loan shall be \$500. The maximum amount of a participant's loans is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on prime rate plus 1%.

Notes receivable from participants are reported at amortized principal balance plus accrued but unpaid interest. Delinquent participant loans are reclassified as benefit payments based upon the terms of the Plan Document.

In April 2020, the Company adopted the *Coronavirus Aid, Relief, and Economic Security Act* (CARES) provisions for loan relief to 1) delay certain required loan repayments for one year and 2) increase loan limits to the lesser of \$100,000 or 100 percent of the participant's vested balance for coronavirus-related loans. The CARES Act provided for the increased loan limit for coronavirus-related loans issued through September 22, 2020. The one-year suspension of loan repayments applies to qualified participants' loan payments due between March 27, 2020 and December 31, 2020. Following the suspension period, these loans will be reamortized over the remaining period of the loans, plus the suspension period.

Plan Termination

Although it has not expressed any intention to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Notes to Financial Statements

September 30, 2020 and 2019

Valuation of Investments and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end.

The Plan's interest in the collective trust is valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year-end. The trust is intended to provide a preservation of principal, maintain a stable interest rate and provide daily liquidity and redemption. There are no unfunded commitments of this fund.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by ADP, LLC. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Companies or the Plan, at the Companies' discretion.

Note 3: Certification of Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust, the trustee of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of September 30, 2020 and 2019
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended September 30, 2020 and 2019
- Investment information included in the accompanying schedule of assets (held at year end) as of September 30, 2020

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Notes to Financial Statements

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at September 30, 2020 and 2019:

		2020		
		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 17,174,704	\$ 17,174,704	\$ -	\$ -
Total assets in the fair value hierarchy	17,174,704			
Investments measured at net asset value (A)	201,211			
	<u>\$ 17,375,915</u>			

		2019		
		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 18,943,889	\$ 18,943,889	\$ -	\$ -
Total assets in the fair value hierarchy	18,943,889			
Investments measured at net asset value (A)	389,541			
	<u>\$ 19,333,430</u>			

- (A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

SePRO Corporation 401(k) Savings Plan

Notes to Financial Statements

September 30, 2020 and 2019

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended September 30, 2020. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 investments include mutual funds. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows, and are classified within Level 2. There are no Level 2 securities held by the Plan. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. There are no Level 3 securities held by the Plan.

Note 5: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Companies provide certain administrative services at no cost to the Plan. The Plan paid \$3,740 and \$665 of recordkeeping fees to ADP during 2020 and 2019, respectively. The Plan also paid investment advisory fees of \$6,813 to Merrill Lynch during 2020.

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

The novel coronavirus ("COVID-19") was declared a global pandemic by the World Health Organization in March 2020. The COVID-19 pandemic has negatively impacted the U.S. and global economies, lowered equity market valuations, created significant volatility and disruption in the capital markets, dramatically increased unemployment levels and has fueled concerns that it will lead to a global recession. Depending on the duration and severity of the pandemic, we foresee the potential for adverse impacts related to, among other things: (i) net investment income; and (ii) the valuation of investments held by the Plan. The full extent to which the COVID-19 pandemic will impact the Plan remains uncertain.

Notes to Financial Statements

Note 7: Subsequent Events

The Company acquired Applied Biochemists and Marine Biochemists, both subsidiaries of Innovative Water Care, LLC dba Sigura and approximately thirty employees became eligible to participate in the Plan effective October 2, 2020. As a result of adding these participants, approximately \$20,000 in participant loans were transferred into the Plan in November 2020.

Effective January 1, 2021, the Plan's vesting schedule was amended to a four-year graded vesting schedule. A participant is fully vested after four years of credited service receiving 25% each year of credited service after the first year of credited service.

Also effective January 1, 2021, the discretionary Company profit-sharing contribution was amended. The contribution will be allocated in the same proportion that eligible compensation bears to the total eligible compensation of all eligible participants. Participants shall receive an additional contribution of 4.3% of eligible compensation in excess of 60% of the Social Security Taxable Wage Base.

Subsequent events have been evaluated through April 9, 2021, which is the date the financial statements were available to be issued.
