Note 1 - Plan Description

The following description of the Search Optics 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering qualified employees of Search Optics, LLC (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (the ERISA).

Eligibility

Employees are eligible to participate in the Plan if they have completed three months of service and are 21 years of age.

Entry Date

Employees may enter the Plan on the first day of the month following the date they satisfy the Plan's eligibility requirements.

Contributions

Each year, participants may contribute from one percent to 100 percent of pretax annual compensation, as defined in the Plan and subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to designate contributions as Roth contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). As safe harbor contributions, the Company contributes 100% of the first 4% of base compensation that a participant contributes to the Plan. Additional amounts may be contributed at the discretion of the Company's board of directors. No such additional discretionary contributions were made for the year ended December 31, 2019.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated mutual fund until changed by the participant.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's safe harbor contributions, as well as allocations of the Company's discretionary contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's compensation, account balances or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment to the Plan, a participant may direct deferrals and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Vesting is based on years of credited services as set forth in the following table:

<u>Year of Service</u>	<u>Percentage</u>
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Participants are vested in their accounts attributable to the qualified safe harbor contributions at 0 percent when they have less than 2 years of service, and at 100 percent when above 2 years of service.

Forfeitures

At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$387 and \$0, respectively. These accounts will be used to reduce future employer contributions or offset plan expenses. During the year ended December 31, 2019, employer contributions were reduced by \$9,003 from forfeited non-vested amounts.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The notes are secured by the balance in the participant's account. The loan interest rates range from 5.25% to 7.25%, and are determined quarterly. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years. A participant may have no more than 1 outstanding note at any one time.

Payment of Benefits

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the plan document upon retirement, termination of service, death or disability. A terminated employee with a balance of less than \$5,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between \$1,000 and \$5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. Distributions may be made at the participant's election prior to termination upon attainment of age 59 ½ as defined in the plan document.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable recorded as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net asset available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Subsequent Events

The plan sponsor has evaluated subsequent events through April 15, 2021, the date which the financial statements were available to be issued.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Search Optics 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

December 31, 2019

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled separate accounts – Valued at fair value based on the NAV of units as determined by the insurance company. The NAV is based on the observable market prices of the underlying assets within the account less liabilities. The NAV for the underlying assets of the account is a readily determinable measure of their fair value and is the basis for current transactions.

Mutual funds (including money market mutual funds) – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and other third parties.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

2019				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,713,749	\$ -	\$ -	\$ 4,713,749
Investments at fair value	<u>\$ 4,713,749</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,713,749</u>
2018				
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	\$ 3,991,731	\$ -	\$ -	\$ 3,991,731
Investments at fair value	<u>\$ 3,991,731</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,991,731</u>

Transfers Between Levels

For the year ended December 31, 2019, there were no significant transfers between Level 1 and 2 and no transfers in or out of Level 3.

Note 4 - Information Certified by the Custodian

The Plan Administrator has elected the method of compliance permitted by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified as complete and accurate by John Hancock Life Insurance Company (John Hancock) and Great-West Trust Company (Empower), the custodians, except for comparing such information certified by the custodians with information included in the plan's financial statements and supplemental schedule H, line 4i – schedule of assets held at end of year.

Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC has certified its statement of accounts as of December 31, 2019, and for the year ended December 31, 2019. John Hancock has certified its statement of accounts as of December 31, 2018.

The statements of accounts include beginning and ending balances of investments held, notes receivable from participants, and all related investment activity during the period, including investment earnings and interest income on notes receivable from participants.

Note 5 - Tax Status

The Plan uses a pre-approved plan document sponsored by Subgard Business Systems, LLC, which received a favorable tax advisory letter from the Internal Revenue Service (IRS), dated March 31, 2014, stating that the pre-approved document satisfies the applicable provisions of the IRC. The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Contract with Insurance Company

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract (GIC) with Empower. The Key Guaranteed Portfolio Fund is a general account product. Empower maintains the contributions in a general account, which is credited with earnings on the underlying assets and charged for participant withdrawals and administrative expenses. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. The average yield earned by the plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2019 is 1.20%. The contract allows either party to terminate the agreement with advanced written notice to the other party.

Because the GIC is fully benefit-responsive, contract value is the relevant measure for the GIC, as this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value as reported to the Plan by Empower represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the investment contract at December 31, 2019 and 2018 was \$347,702 and \$0, respectively

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

Note 7 - Related Party and Party-in-Interest Transactions

Certain Plan investments consist of mutual funds managed by Great-West Trust Company, LLC, the custodian as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under the ERISA.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 - Plan Restatement

Effective September 4, 2019, the Plan was amended and restated under a pre-approved plan document sponsored by Empower. In connection with this restatement, the Plan was amended to exclude part-time, temporary, and seasonal employees with less than 1,000 hours of service from participating in the Plan. Participants should refer to the Plan Document and accompanying Adoption Agreement for a more complete description of the Plan's restated provisions.

Note 10 - Delinquent Participant Contributions

It was noted in 2019 and 2018, that there were delays by the Company in submitting employee contributions to the trustee in the aggregate amount of \$511,039 and \$80,373 respectively. In 2019, the Company reimbursed the Plan for lost earnings from the 2018 late contributions and the Company is in the process of filing Form 5330 and correcting lost earnings for the 2019 late contributions.
