Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the CLO Profit Sharing 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2018 (in liquidation) and 2017 (ongoing), and the related statements of changes in net assets available for benefits for the year ended December 31, 2018 (in liquidation) and December 31, 2017 (ongoing), and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company and The Variable Annuity Life Insurance Company (VALIC), the custodians of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians as of and for the years ended December 31, 2018 and 2017, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter—Plan Termination and Use of Liquidation Basis of Accounting

As further discussed in Notes 1 and 2 to the financial statements, the governing body of CLO Profit Sharing 401(k) Plan approved a plan of liquidation on November 14, 2018, effective January 1, 2019, and management determined liquidation is imminent. As a result, in accordance with accounting principles generally accepted in the United States of America, CLO Profit Sharing 401(k) Plan has changed its basis of accounting from the accrual basis of accounting used in presenting the 2017 financial statements to the liquidation basis of accounting in presenting the 2018 financial statement. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedules, Schedule of Assets Held at End of Plan Year December 31, 2018, and Schedule of Delinquent Participant Contributions, as of or for the year ended December 31, 2018 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodians, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CLO Profit Sharing 401(k) Plan
Notes to the Financial Statements
December 31, 2018 and 2017

NOTE 1: Description of the Plan

The following description of the CLO (“the Company”) Profit Sharing 401(k) Plan (“the Plan”) provides only general information. Participants and other interested readers should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Termination of the Plan

In December 2018, the Company engaged ProCare HR, a professional employer organization (PEO). Per the terms of the agreement, the Company’s Board of Directors adopted a resolution effective January 1, 2019 to terminate the Plan and merge the Plan with the Pro Resources Retirement Savings Plan. Effective with the Plan’s termination, all participants with an account balance remaining in the Plan became fully vested in all contribution sources, regardless of status or years of vested service. The Plan’s termination also ceased employee and employer contributions into the Plan and ceased new participant notes receivable from the Plan. The Plan’s assets were distributed to the Pro Resources Retirement Savings Plan March 29, 2019.

General

The Plan is a defined contribution profit sharing plan established by the Company to provide retirement benefits to substantially all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company has appointed Reliance Trust Company and The Variable Annuity Life Insurance Company (VALIC) (“the Custodians”) as custodians of the Plan. The Custodians are responsible for holding the investment assets of the Plan and making distributions according to the Plan’s provisions. In addition, the Custodians provide recordkeeping and reporting services for the Plan.

To be eligible to participate in the Plan, an employee of the Company must be 21 years old and have completed one year of service. Plan entry dates following completion of eligibility requirements are January 1 and July 1 of each Plan year. Employees covered by a collective bargaining unit, leased employees and nonresident aliens with no U.S. source income are excluded from eligibility.

Contributions

Each year, eligible participants may contribute up to 90% of pretax annual compensation, as defined in the Plan and subject to IRS regulations. Roth contributions are another option for participants to designate salary deferral contributions. Roth contributions are made on an after-tax basis and, together with pre-tax salary deferrals, are counted toward the maximum allowable salary deferral. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Plan allows participants age 50 and older to make catch-up contributions.

December 31, 2018 and 2017

NOTE 1: Description of the Plan (continued)

The Company's safe harbor matching contribution is an amount equal to 100% of the participants' contribution, not to exceed 4% of the participant's annual compensation as defined under the Plan, subject to IRS limitations. Eligible employees can receive employer matching contributions after completing one year of service and attaining age 21. A participant must complete 1,000 hours of service during the plan year to be eligible for employer matching contributions. Additional Company contributions may be contributed at the discretion of the Company's Board of Directors (non-elective matching or profit sharing). During the years ended December 31, 2018 and 2017 the Employer matching contributions were \$105,509 and \$112,947. Contributions are subject to certain limitations. There were no excess contributions due to participants as of December 31, 2018 and 2017.

Participant's Accounts

Each participant's account is credited with the participant's salary reduction contributions, employer matching contributions, rollover contributions and an allocation of the Plan earnings or losses (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan. Income is allocated daily based on a number of shares in the participants' account. A participant's investment allocation for current and future contributions can be changed on any business day at the discretion of the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary reduction contributions, any rollover contributions and any safe harbor matching contributions made beginning January 1, 2014 within the limits specified above, plus actual earnings thereon. Participants, who leave the Plan because of death, early or normal retirement, or disability retirement, as defined in the Plan, are considered 100% vested. The Company's matching contributions made prior to January 1, 2014, profit sharing and/or discretionary (non-elective) contributions, and earnings thereon vest in accordance with provisions on the Plan as follows:

<u>Vesting Years of Service</u>	<u>Percentage Vested</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years and above	100%

For purposes of determining the extent to which a participant is vested, a year of service is a consecutive twelve-month period in which the participant is credited with 1,000 hours of service.

NOTE 1: Description of the Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms are determined by the Plan trustee and range from five years to up to fifteen years for the purchase of a principal residence. These loans are secured by the balance in the participant's account. The loans bear interest ranging from 4.25% to 7.25% at December 31, 2018. Principal and interest is paid ratably through payroll deductions. There were \$46,555 and \$58,633 loans in default at December 31, 2018 and 2017, respectively.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon reaching age 59½, death, disability, normal retirement, termination of employment, or financial hardship, as defined in the Plan agreement. The Plan provides for normal retirement at age 65. If a participant terminates employment and the participant's account balance was never greater than \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent. Account balances greater than \$1,000, but less than \$5,000 are rolled over to Individual Retirement Accounts for terminated participants who have not requested a distribution or rollover to another qualified plan. The Plan also allows in-service distributions and hardship distributions subject to Plan provisions. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment or installments. Participants may withdraw a portion of this account balance as defined in the Plan.

Forfeited Accounts

Forfeitures (unvested benefits) from terminated participants' accounts are used to reduce Plan expenses and/or Employer's contributions, as directed by the Plan Administrator's instructions, subject to the terms of the Plan. At December 31, 2018 and 2017, forfeited nonvested accounts totaled \$10,984 and \$10,823, respectively. No forfeitures were used during the Plan years ended December 31, 2018 and 2017 to fund plan expenses or employer matching contributions.

NOTE 2: Summary of Significant Accounting Policies

Basis of Accounting

Effective January 1, 2019, the Community Living Options, Inc. Board of Directors adopted a resolution to terminate the Plan and merge the assets into the Pro Resources Retirement Savings Plan. As a result, the Plan's financial statements as of December 31, 2018, have been prepared on the liquidation basis, in accordance with U.S. generally accepted accounting principles ("GAAP"). The Plan's financial

NOTE 2: Summary of Significant Accounting Policies (continued)

statements as of December 31, 2017, have been prepared on the accrual basis. The liquidation basis of accounting is considered appropriate when, among other things, liquidation of an entity is probable, and the net realizable value of assets are reasonably determinable. Under the liquidation basis of accounting, assets are stated at their estimate net realized cash value and liabilities are stated at their anticipated settlement amounts. The estimated net realizable cash value for investments as of December 31, 2018, would be fair value. There were no material changes to the 2018 financial statements as a result of the change under the liquidation basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/ (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2: Summary of Significant Accounting Policies (continued)

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses may be included in appreciation of fair value of investments.

Subsequent Events

The plan has evaluated subsequent events through April 23, 2021 the date the financial statements were available to be issued.

Effective January 1, 2019 the Plan adopted the Pro Resources Multiple Employer Retirement Savings Plan. At the same time the Plan Administrator moved third party plan administration from ADP to Slavic Administration. Effective January 1, 2019 all payroll activity was migrated from ADP to PRO Care HR Corporation III, in accordance with the PEO agreement executed in December 2018. The Plan was terminated as the assets were transferred on March 29, 2019.

As discussed at Note 10, the Plan failed to include an Independent Qualified Public Accountant Report with the filing of the December 31, 2018 Form 5500. For this reason, the Department of Labor has rejected the 2018 Form 5500 filing and has issued an intent to assess civil penalties against the Plan Administrator. In addition, it was discovered that the Plan Administrator failed to fund the 2018 Safe Harbor Employer Contribution of \$105,509 by October 15, 2019. The Safe Harbor Employer Contribution and a QNEC for lost earnings of \$27,402 was contributed to the Plan on April 27, 2021.

NOTE 3: Information Certified by the Plan's Custodians

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2018 and 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Custodians or agents thereto.

NOTE 4: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted

CLO Profit Sharing 401(k) Plan
Notes to the Financial Statements
December 31, 2018 and 2017

NOTE 4: Fair Value Measurements (continued)

quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are adjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at share prices/net asset values (NAV's) of shares held by the Plan at year end. A mutual fund's NAV is normally calculated as of the close of business of the NYSE, normally 4:00 p.m. Eastern Time (ET). The fund's assets normally are valued as of this time for the purpose of computing the fund's NAV.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2018 and 2017:

NOTE 5: Related-Party and Parties-In-Interest Transactions

Certain Plan investments are shares in mutual funds managed by the custodians of the Plan. Accordingly, any related transactions qualify as party-in-interest transactions. The custodians provide certain administrative services to the Plan and receives revenue from investment activity. The revenue is used to offset certain amounts owed to the custodians for its administrative services to the Plan. If the revenue received by the custodians exceeds the amount owed under the custodial agreement, the custodians remit the excess to the Plan. The Plan or Plan Sponsor may make payment to the custodians for administrative expenses not covered by revenue sharing.

NOTE 6: Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the company contribution portion of their account. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Company may determine. The Plan was terminated effective December 31, 2018.

NOTE 7: Tax Status

The Plan adopted the Automatic Data Processing Prototype 401(k) and Profit Sharing Plan effective March 1, 2017. The prototype non-standardized profit sharing plan has received an advisory letter from the Internal Revenue Service (IRS), dated July 8, 2014, stating that the plan satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

CLO Profit Sharing 401(k) Plan
Notes to the Financial Statements

NOTE 7: Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8: Risks and Uncertainties

The Plan invests in various investments in mutual funds and pooled separate accounts. These investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9: Operational Noncompliance

On March 31, 2021, the Plan Administrator received a notice from the Department of Labor (DOL) with the intent to assess a civil penalty of \$50,000 against the Plan Administrator for failure to include an Independent Qualified Public Accountant (IQPA) Report with the filing of the December 31, 2018 form 5500, as required by the Department regulation Section 2520.103-1(b). The DOL indicated this penalty was being assessed as the Plan Administrator failed to respond to a Notice of Rejection dated October 27, 2020, rejecting the Plan's Form 5500 Annual Report. The Plan Administrator has engaged ERISA counsel to respond to the DOL assessment.

A plan operational error occurred and was identified during the 2017 plan audit when the Company migrated to a new payroll provider and the Plan Administrator erroneously failed to remit the contributions and loan payments from the June 2, 2017 payroll cycle to the Plan. The 2018 IQPA could not be issued due to research underway related to this error.

The Plan Administrator has engaged a specialist to quantify the 2017 missed contribution by participant, quantify the lost earnings and calculate the excise tax due from the Plan Sponsor. A contribution of \$15,583 was made on April 20, 2021, including a Qualified Non-Elective Employer Contribution (QNEC) of \$5,904 for lost earnings and is preparing Form 5330 Return of Excise Taxes Related to Employee Benefit Plans, for filing with the IRS. A receivable for the QNEC as of December 31, 2018 of \$5,904 is reflected in the accompanying financial restatements.

NOTE 9: Operational Noncompliance

In April 2021 it was determined that the 2018 Safe Harbor Employer Contribution of \$105,509 had not been funded by October 15, 2019, as required. The Plan Administrator has engaged a specialist to quantify the lost earnings on the SH Contribution and a receivable for the QNEC of \$27,402 is reflected in the December 31, 2018 financial statements in addition to the SH Employer Contribution receivable. Plan Management funded the SH Employer Contribution and lost earnings on April 27, 2021.
