1. Description of Plan

The following description of Marcos & Javiers LLC 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Summary Plan Description and/or Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted by Marcos & Javiers LLC (the "Company") on November 1, 2018. The Plan is defined as a contribution retirement plan of the profit-sharing type containing a cash or deferred arrangement described in Internal Revenue Code ("IRC") Section 401(k). All employees of the Company, excluding employees covered by a collective bargaining agreement and nonresident aliens, who are at least 21 years of age are eligible to participate in the Plan upon completion of one year of service (1,000 hours in a 12-month period). Entry into the Plan is on the first day of the month coinciding with or next following the date requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the IRC.

Plan Administration

The Company is the administrator of the Plan. As administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. John Hancock Life Insurance Company (U.S.A.) ("John Hancock") was the appointed custodian for the Plan in 2019 and 2018, and acted at the direction of the Plan's administrator.

Contributions

Employees who elect to participate in the Plan may contribute a portion of their salary up to 100% of their compensation for that period, or up to the limits imposed by Section 402(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Roth contributions are also permitted, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make discretionary profit sharing contributions in an amount to be determined from year to year as defined by the Plan. Participants must be employed on the last day of the Plan year to share in Company profit sharing contributions. No profit sharing contributions were made for the year ended December 31, 2019 or for the period from November 1, 2018 to December 31, 2018.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer discretionary contributions, Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant's account balance. Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statements of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Vesting

Participant contributions, rollovers, and net earnings on these contributions, are fully vested when made or earned.

Discretionary employer contributions, if any, as well as all earnings on these contributions vest according to the following schedule:

Year of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants are fully vested upon retirement, death, disability, or plan termination.

Notes Receivable from Participants

Participants are allowed one note receivable at any time and may borrow from their fund accounts a minimum of $1,000 up to 50% of the value of their account balance, or $50,000, whichever is less. Note receivable terms range from one to five years, except for notes receivable used to purchase a primary residence, which can be in excess of five years. The notes receivable are secured by no more than fifty percent of the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time the note receivable originates. The interest rate on the note receivable from a participant as of December 31, 2019 was 6.00% per annum. Principal and interest are paid in equal installments through payroll deductions, personal checks from employees on leave, or cashier's checks for the full payoff of the notes receivable.

Payments of Benefits

When participants leave the Company, upon retirement or for any other reason, those participants (or their beneficiaries) may receive the vested value of their account in a single lump-sum payment. The Plan also allows for in-service withdrawals upon a participant attaining the age of 59½. In-service withdrawals may be taken from the pre-tax elective deferral account, profit sharing contributions, and rollover accounts as long as they are vested. In addition the Plan allows for withdrawals of any rollover contributions at any time.

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, date of death, or termination of employment. Mandatory distributions of account balances under $5,000 will be made as soon as possible. In the event of a mandatory distribution greater than $1,000 if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the plan administrator.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into a series of investments offered by the Plan. Participants may change their investment options at any time.

Fidelity Bond

A requirement of ERISA is that personnel who handle plan funds and other property must be covered by a fidelity bond in order to protect the plan from losses due to fraud or dishonesty. As of December 31, 2019 and 2018, and for the year ended December 31, 2019 and for the period from November 1, 2018 to December 31, 2018, there was no fidelity bond coverage. The Plan subsequently obtained fidelity bond coverage beginning October 21, 2020.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustee and custodian determine the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

2. Summary of Significant Accounting Policies, continued

Excess Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. Excess contributions were $2,205 and $0 as of December 31, 2019 and 2018, respectively. The Plan distributed the 2019 excess contributions to the applicable participants after March 15, 2020.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Information Certified by the Custodian

John Hancock has prepared and certified as complete and accurate the Plan's schedule of investment assets, transactions, note receivable and interest, and net realized and unrealized gains and losses on investments, and interest and dividend income, which was used to prepare the accompanying financial statements and supplemental schedules.

Recently Issued Accounting Standards

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") No. 2018-13, *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. This ASU removes the requirements to disclose the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy for timing of level transfers, and the valuation processes for Level 3 fair value measurements. This ASU requires entities that calculate net asset value ("NAV") to disclose the timing of liquidation of an investee's assets and the date when redemption restrictions might lapse, only if the timing was communicated to the entity or publicly announced, and disclose information on measurement uncertainty as of the reporting date. In addition, this ASU will require entities to present the changes in unrealized gains and losses for recurring Level 3 fair value measurements, as well as the range and weighted-average of significant unobservable inputs used to develop Level 3 fair value measurements, based on materiality. The amendments in this ASU are effective for fiscal years beginning after December 15, 2019. All amendments, with the exception of the disclosures on changes in unrealized gains and losses, Level 3 unobservable inputs and measurement uncertainty information, will be applied retrospectively. Early adoption is permitted. The Plan is currently evaluating the impact that this ASU will have on the presentation of the Plan's fair value measurement disclosures.

3. Fair Value Measurements

Accounting standards for fair value measurements establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018:

Pooled separate accounts: Valued at the NAV of units of the separate account. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan invests in pooled separate accounts which are measured at fair value using the NAV per share practical expedient. These investments are not categorized within the fair value hierarchy.

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable to the Plan.

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency (if eligible)	Redemption Notice Period
Pooled separate accounts	$ 142,450	n/a	Daily	30 days

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency (if eligible)	Redemption Notice Period
Pooled separate accounts	$ 21,959	n/a	Daily	30 days

4. Information Prepared and Certified by Custodian (Unaudited)

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by John Hancock:

	2019	2018
Investments, at fair value	$ 142,450	$ 21,959
Notes receivable from participants	$ 1,045	$ -
Interest on notes receivable from participants	$ 12	$ -
Net appreciation (depreciation) in fair value of investments	$ 15,761	$ (786)

5. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments in pooled separate accounts are managed by John Hancock, the custodian of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

6. Tax Status

The Plan uses a prototype plan document sponsored by Paychex Inc. Paychex Inc received an opinion letter from the IRS dated April 10, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. The Plan has been amended since receiving the opinion letter. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

7. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, distributions will be made to participants as described in the Plan agreement, and participants would become 100% vested in their employer contributions.

8. Risks and Uncertainties

The Plan provides for various investment options in any combination of pooled separate accounts offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

As discussed in Note 10, on January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. As a result of the COVID-19 outbreak, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have on the Plan's financial statements.

9. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per Form 5500 as of December 31, 2019 and 2018:

	2019	2018
Net assets available for benefits, per financial statements	$ 141,290	$ 21,959
Excess contributions payable included as a liability on financial statements, and as contributions on Form 5500	2,205	-
Net assets per Form 5500	$ 143,495	$ 21,959

The following is a reconciliation of net increase in net assets per the financial statements to net income per Form 5500 for the year ended December 31, 2019:

Net increase in net assets per financial statements	$ 119,331
2019 excess contributions included as a reduction of contributions on current year financial statements, to be recorded as corrective distributions on Form 5500 in 2020	2,205
Total net income per Form 5500	$ 121,536

10. Subsequent Events

As discussed in Note 8, on January 30, 2020, the WHO announced a global health emergency stemming from the COVID-19 outbreak. On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

In addition, the Coronavirus Aid, Relief, and Economic Security (CARES) Act, passed by Congress and signed into law on March 27, 2020, includes provisions that impact retirement plans and their participants by changing existing law regarding early withdrawals, loans, and required minimum distributions. The provisions for participants to take loans or distributions is at the discretion of the plan sponsor. Plan sponsors may elect to implement these provisions with retroactive amendment required by December 31, 2022. The Plan has not elected to implement these provisions.

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through April 23, 2021, the date which these financial statements were available to be issued. Other than the matters described above, management concluded that no material subsequent events have occurred since December 31, 2019 that require recognition or disclosure in such financial statements.
