NOTE A - DESCRIPTION OF THE PLAN

The following description of the Equity Group – Alabama Division Money Purchase Pension Plan (the “Plan”) provides only general information. The Plan sponsor was Keystone Foods LLC (the “Company”). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

[1] Plan Merger:

On June 30, 2020, the Plan sponsor approved a resolution to adopt the Retirement Savings Plan of Tyson Foods, Inc. (“Tyson RSP”) and merge the Plan into the Tyson RSP effective as of July 1, 2020. Vanguard Fiduciary Trust Company (“Vanguard”) was provided with a letter indicating that the Plan would be merged effective July 1, 2020. Notice was given of the merger of the Plan to participants. The Plan was merged out of existence on July 1, 2020.

[2] General:

The Plan was a money purchase pension plan covering eligible employees who had completed at least one year of service and were at least 18 years of age. An eligible employee was defined as any employee who was (a) compensated on an hourly basis, (b) employed by the Equity Group - Alabama Division of the Company and (c) covered by the Collective Bargaining Agreement. An employee became eligible to enter the Plan on the first day of the calendar month coinciding with, or subsequent to, the date the participant met the eligibility requirements. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Vanguard Fiduciary Trust Company was one of the trustees and the recordkeeper of the Plan.

[3] Employer contributions:

The Company contributed a set amount for each calendar month in which an eligible employee completed at least five days of service. A union contract was entered into and became effective on March 5, 2017 and the contribution amount was set as a provision of this contract, which expired in March 2020. The contract stated that each eligible employee received a contribution equal to \$46 per month from March 5, 2017 to December 31, 2019, \$46.50 per month from January 1, 2020 to March 5, 2020, and \$47 per month from March 6, 2020 to March 7, 2020. The contract was updated to change the contribution from \$47 per month to \$47.50 per month effective March 6, 2020.

A new union contract was entered into to become effective on March 8, 2020 whereby the contribution amount continued to be \$47.50 per month and, effective June 20, 2020, the employer shall cease to have any obligation to make employer contributions to the Plan and the Plan will be merged with and into the Retirement Savings Plan of Tyson Foods, Inc.

The Plan merged into the Retirement Savings Plan of Tyson Foods, Inc., subject to any applicable vesting schedules and protected benefits under federal law. Employees in the Plan's bargaining unit are eligible for deferrals and match provisions in the Retirement Savings Plan of Tyson Foods, Inc.

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[4] Participant accounts:

Individual accounts were maintained for each of the Plan's participants to include the employer's contributions, as well as the participant's share of the Plan's investment income and expenses. Participants were provided with a selection of registered investment companies (mutual funds) and a common/collective trust held by Vanguard Fiduciary Trust Company ("Vanguard") in which to invest contributions. Earnings were credited to each participant's account based upon the performance of the respective funds selected by the participant. Participants were charged with an allocation of administrative expenses, based on account balances or specific transactions, as defined. Each investment account was revalued daily on the basis of fair market value and accounts were adjusted accordingly.

The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account. Participants could change their investment options at any time.

[5] Vesting:

Participants became vested in the employer contributions and the earnings or losses thereon over a five-year vesting schedule, as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	100%

[6] Benefit payments:

Upon termination of service due to death, disability, retirement (age 65), early retirement (age 55, with ten years of service) or termination of service for other reasons, a participant (or the beneficiary) could receive the value of the vested interest in his or her account as a joint and survivor annuity, a single-life annuity or a lump-sum distribution.

[7] Forfeitures:

If a participant permanently terminated his or her employment for reasons other than death, disability, or retirement, and the participant was not fully vested, the nonvested balance in his or her account was forfeited as of the last day of the Plan year in which the termination occurred. Forfeitures could have been utilized to pay administrative expenses or reduce employer contributions. For the period from January 1, 2020 to July 1, 2020, no forfeited nonvested accounts were used to pay administrative expenses or reduce employer contributions. As of July 1, 2020 and December 31, 2019, forfeited nonvested accounts available were approximately \$-0- and \$9,000, respectively.

[8] Plan transfers:

Approximately \$600 represented transfers to the Keystone Foods LLC Salaried 401(k) Profit Sharing Plan. Pursuant to the Plan merger, approximately \$2,215,400 represented transfers to the Tyson RSP.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The accompanying financial statements are prepared under the accrual method of accounting.

[2] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") required the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements and the changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

[3] Investment valuation and income recognition:

The Plan's investments were stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Dividends were recorded on the ex-dividend date. Net realized/unrealized depreciation in fair value of investments included the Plan's gains and losses on investments bought and sold as well as held during the year.

[4] Payment of benefits:

Benefits were recorded when paid.

[5] Plan expenses:

Certain expenses incurred in connection with the administration of the Plan were paid by the Company. Expenses that were paid by the Company were excluded from these financial statements.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Vanguard Fiduciary Trust Company, one of the trustees of the Plan, has certified to the completeness and accuracy of all investments and related investment activity in the accompanying statements of net assets available for benefits as of July 1, 2020 and December 31, 2019, and the statement of changes in net assets available for benefits for the final period from January 1, 2020 to July 1, 2020.

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provided the framework for measuring fair value. The framework provided a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gave the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy were described as follows:

Level 1 - Inputs to the valuation methodology were unadjusted quoted prices for identical assets or liabilities in active markets that the Plan had the ability to access.

Level 2 - Inputs to the valuation methodology included (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that were observable for the asset or liability; or (d) inputs that were derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability had a specified (contractual) term, the Level 2 input must have been observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology were unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy was based on the lowest level of any input that was significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used as of July 1, 2020 or December 31, 2019.

Registered investment companies – Shares of registered investment companies (mutual funds) were valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-ended mutual funds that were registered with the Securities and Exchange Commission. These funds were required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

Common/collective trust – The Plan invested in the Vanguard Retirement Savings Trust ("VRST"), which was a common/collective trust. The VRST sought stability of principal and a high level of current income consistent with a two to three-year average maturity. The trust was a tax-exempt collective trust invested primarily in investment contracts issued by insurance companies and commercial banks, and similar types of fixed-principal investments. The VRST invested solely in the Vanguard Retirement Master Trust (the "Trust"). The VRST's investment in the Trust was valued at the NAV of the units in the trust. The NAV, as provided by Vanguard, was used as a practical expedient to estimate fair value. The NAV was based on the fair value of the underlying investments held by the Trust, less its liabilities. The Trust investments were comprised of alternative investment contracts, traditional insurance contracts and cash equivalents at approximately 93%, 4% and 3%, respectively, as of December 31, 2019. There were no unfunded commitments related to the VRST. If the Plan were to make a full accumulated book value withdrawal from the VRST, a written request must be made 12 months prior to the designated valuation date.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of July 1, 2020 and December 31, 2019:

Investment Assets at Fair Value as of July 1, 2020				
	Level 1	Level 2	Level 3	Total
Investments:				
Registered investment companies	\$ -	\$ -	\$ -	\$ -
	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	-
Common/collective trust, measured at NAV (A)				-
Total investment assets at fair value				<u>\$ -</u>

Investment Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Investments:				
Registered investment companies	\$ 2,255,353	\$ -	\$ -	\$ 2,255,353
	<u>\$ 2,255,353</u>	<u>\$ -</u>	<u>\$ -</u>	2,255,353
Common/collective trust, measured at NAV (A)				9,544
Total investment assets at fair value				<u>\$ 2,264,897</u>

(A) Certain investments that were measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables were intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Changes in fair value levels:

The availability of observable market data was monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

Notes to Financial Statements July 1, 2020 and December 31, 2019

NOTE E - TAX STATUS

On February 13, 2012, the Plan obtained its latest determination letter, in which the Internal Revenue Service stated that the Plan was qualified under the Internal Revenue Code ("IRC") and the related trust, as established under that Plan, was exempt from taxation. The Plan had been amended since the date of the determination letter; however, the Plan administrator and the Plan's tax counsel believed that the Plan was designed and being operated in compliance with the applicable requirements of the IRC at the time of the merge. Therefore, no provision for income taxes had been included in the Plan's financial statements.

U.S. GAAP required Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan had taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator had analyzed the tax positions taken by the Plan, and had concluded that as of July 1, 2020, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan was subject to routine examinations by taxing jurisdictions; however, there were no examinations for any tax periods in progress at the time of the merge.

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's investments were shares of registered investment companies and a common/collective trust managed by Vanguard. Vanguard was a trustee as defined by the Plan and, therefore, transactions related to these investments qualified as party-in-interest transactions.

NOTE G - REGISTERED INVESTMENT COMPANIES' FEES

Investments in registered investment companies (mutual funds) were subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees were ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees were used to pay for marketing and distribution costs of the funds. These fees were deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE H - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events as of February 26, 2021, which is the date the financial statements were available to be issued.
