KEYSTONE FOODS LLC SALARIED 401(k) PROFIT SHARING PLAN

Notes to Financial Statements July 1, 2020 and December 31, 2019

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Keystone Foods LLC Salaried 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

[1] Plan merger:

On June 30, 2020, the Plan sponsor approved a resolution to adopt the Retirement Savings Plan of Tyson Foods, Inc. ("Tyson RSP") and merge the Plan into the Tyson RSP effective as of July 1, 2020. Vanguard Fiduciary Trust Company ("Vanguard") was provided with a letter indicating that the Plan would be merged effective July 1, 2020. Notice was given of the merger of the Plan to participants. The Plan was merged out of existence on July 1, 2020.

[2] General:

The Plan was a defined-contribution plan established by Keystone Foods LLC. The Plan benefited all eligible salaried employees of the participating employers (see below). Such employees who had completed at least 90 days of service were eligible to participate in and enter the Plan. Effective January 1, 2018, the Plan was amended to reduce the eligibility requirements for elective deferrals and matching contributions from 90 days of service to 30 days of service. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan provided that the following entities were known as participating employers (collectively known as the "Company"):

- Keystone Foods LLC
- Equity Group – Georgia Division LLC
- Equity Group – Eufaula Division LLC
- LD Foods LLC
- CS Grain LLC
- Equity Group - Kentucky Division LLC, formerly Cagle's - Keystone Foods LLC

The Plan was administered by the Retirement Plan Committee (the "Committee"). The Committee had overall responsibility for the operation and administration of the Plan. The Committee determined the appropriateness of the Plan's investment offerings, monitored investment performance and reported to the Company's Chief Executive Officer.

Vanguard Fiduciary Trust Company was one of the trustees and the recordkeeper of the Plan.

Notes to Financial Statements July 1, 2020 and December 31, 2019

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[3] Employee contributions:

The Plan provided for participant elective deferral contributions, which were equal to a portion of compensation, up to 75%, as specified in the written elective deferral agreement. Participants could designate such contributions as either pre-tax or after-tax. The elective deferral agreement could be effective at any date following a participant's entry date. Elective deferral contributions were limited as needed to meet nondiscrimination tests. Participants could also contribute amounts representing distributions from other qualified defined-benefit or contribution plans.

Any participant who did not make an affirmative election to the contrary was deemed to have elected participation in the Plan's automatic deferral program, under which each eligible employee who had not made an elective deferral was deemed to have elected to make an elective deferral of 2% of compensation continuing through the end of the first Plan year. The automatic deferral increased to 3% of compensation for the second Plan year of a participant's eligibility, 4% of compensation for the third Plan year of a participant's eligibility, 5% of compensation for the fourth Plan year of a participant's eligibility, and 6% of compensation for the fifth Plan year of a participant's eligibility and continued each year thereafter, up to 10% of compensation for the ninth Plan year of a participant's eligibility, subject to each participant's right to make an affirmative election.

[4] Employer contributions:

The Plan provided for a nonelective contribution that was payable at the discretion of the participating employer. Each participating employer designated the amount of any nonelective contribution to be allocated to each employee classification. The allocation among members of any such classification designated to receive a contribution was defined by the Plan document.

The Plan provided that certain participating employers, as described in the Plan document, made a matching contribution of 50% of the participant's elective deferral contribution up to 6% of the participant's eligible compensation for the Plan year.

[5] Plan transfers:

Approximately \$7,000 represented transfers from affiliated Plans. Pursuant to the Plan merger, approximately \$101,394,000 represented transfers to the Tyson RSP.

[6] Participant accounts:

Participants were provided with a selection of registered investment funds (mutual funds) and a common/collective trust held by Vanguard Fiduciary Trust Company ("Vanguard") in which to invest contributions. Earnings were credited to each participant's account based upon the performance of the respective funds selected by the participant. Participants could be charged with an allocation of administrative expenses, based on account balances, as defined. Each investment account was revalued daily on the basis of fair market value and accounts were adjusted accordingly.

KEYSTONE FOODS LLC SALARIED 401(k) PROFIT SHARING PLAN

Notes to Financial Statements July 1, 2020 and December 31, 2019

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[6] Participant accounts (continued):

When the Plan was first created, it was initially intended to be a nonparticipant-directed plan. At such time, the Plan invested a portion of its annual employer contributions in whole life insurance policies on behalf of each of the participants of the Plan. The Plan was amended in succeeding years to become participant-directed. For a period of time, participants had the option to invest in these whole life insurance policies. No such option was available for the Plan for the period from January 1, 2020 to July 1, 2020 or the year ended December 31, 2019. Participants who had policies funded in prior years had the option, on an annual basis, to either hold their policies or cash out the surrender values and deposit the funds into their accounts. If they opted to hold their policies, then the amount of the annual policy premium was partially paid by the Company and added to the respective participant's account as part of the employer's contribution.

The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account balance plus the cash surrender value of any whole life insurance policies held by the trust on his or her behalf. Participants could change their investment options at any time.

[7] Vesting:

Participants were vested immediately in their contributions, rollovers and earnings thereon.

Participants became fully vested in the employer nonelective contributions and the earnings or losses thereon once they had completed five years of service with the Company. Termination of employment with the Company prior to five years of service resulted in no benefits available to the participant from employer nonelective contributions and earnings or losses thereon.

Participants were vested in the Company matching contributions and the earnings or losses thereon in accordance with the following table:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	None
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 or more	100%

[8] Notes receivable from participants:

Notes receivable from participants were measured at their unpaid principal balances, plus any accrued but unpaid interest. A participant could borrow from his or her fund account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested account balance. Loan terms ranged from one to five years (ten years if the loan was used to acquire a principal residence). Each loan was secured by the balance in the participant's account. Interest was charged at a rate established by the Company, on a nondiscriminatory basis, taking into consideration the interest rates being charged on similar loans by independent parties, ranging from 3.25% to 5.50%. Principal and interest were paid ratably through payroll deductions. Delinquent notes receivable from participants were reclassified as distributions based upon the terms of the Plan document. Related fees were recorded as administrative expenses and were expensed when they are incurred.

Notes to Financial Statements July 1, 2020 and December 31, 2019

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[9] Benefit payments:

Upon termination of service due to death, disability, retirement or other reasons, a participant could receive the value of the vested interest in his or her account as a lump-sum distribution. A participant could also receive the value of the vested interest in his or her Pension Transfer Account as a joint and survivor annuity or a single-life annuity.

The normal retirement age was a participant's 65th birthday; 60th birthday, if he or she had at least 10 years of service; or 55th birthday, if he or she had at least 15 years of service.

[10] Forfeitures:

If a participant permanently terminated his or her employment for reasons other than death, disability, or retirement, and the participant was not fully vested, the nonvested balance in his or her account was forfeited as of the earlier of (1) the last day of the Plan year in which the fifth consecutive break in service occurs, or (2) the distribution of the entire vested portion of the participant's account. Forfeitures of terminated participants' nonvested employer contributions could be used to reduce future employer contributions to the Plan or to pay any administrative expenses of the Plan.

As of July 1, 2020 and December 31, 2019, forfeited nonvested accounts were approximately \$-0- and \$193,000, respectively. During the period from January 1, 2020 to July 1, 2020, approximately \$329,000 of forfeited nonvested accounts were used to reduce employer contributions and pay administrative expenses of the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The accompanying financial statements are prepared under the accrual method of accounting.

[2] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S GAAP") required the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets and liabilities and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements and the changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

[3] Investment valuation and income recognition:

The Plan's investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net realized/unrealized depreciation in fair value of investments includes the Plan's gains or losses on investments bought and sold as well as held during the year.

Whole life insurance policies were cashed in during the period from January 1, 2020 to July 1, 2020. A gain was recognized based upon the change in cash surrender value of all policies as of December 31, 2019 until the date the policies were cashed in.

KEYSTONE FOODS LLC SALARIED 401(k) PROFIT SHARING PLAN

Notes to Financial Statements July 1, 2020 and December 31, 2019

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[4] Payment of benefits:

Benefits were recorded when paid.

[5] Plan expenses:

Certain expenses incurred in connection with the administration of the Plan, with the exception of fees related to notes receivable from participants and investment advisory fees, were paid by the Company. Expenses that were paid by the Company were excluded from these financial statements.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Vanguard Fiduciary Trust Company, one of the trustees of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as July 1, 2020 and December 31, 2019, and the statement of changes in net assets available for benefits for the final period from January 1, 2020 to July 1, 2020.

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provided a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gave the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy were described as follows:

Level 1 – Inputs to the valuation methodology were unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology included (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; or (d) inputs that were derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability had a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology were unobservable and significant to the fair value measurement.

KEYSTONE FOODS LLC SALARIED 401(k) PROFIT SHARING PLAN

Notes to Financial Statements July 1, 2020 and December 31, 2019

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The asset's or liability's fair value measurement level within the fair value hierarchy was based on the lowest level of any input that was significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used as of July 1, 2020 or December 31, 2019.

Registered investment companies – Shares of registered investment companies (mutual funds) were valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-ended mutual funds that were registered with the Securities and Exchange Commission. These funds were required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

Common/collective trust – The Plan invested in the Vanguard Retirement Savings Trust ("VRST"), which is a common/collective trust. The VRST seeks stability of principal and a high level of current income consistent with a two to three-year average maturity. The trust is a tax-exempt collective trust invested primarily in investment contracts issued by insurance companies and commercial banks, and similar types of fixed-principal investments. The VRST invests solely in the Vanguard Retirement Master Trust (the "Trust"). The VRST's investment in the Trust is valued at the NAV of the units in the trust. The NAV, as provided by Vanguard, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the Trust, less its liabilities. The Trust investments are comprised of alternative investment contracts, traditional insurance contracts and cash equivalents at approximately 93%, 4% and 3%, respectively, as of December 31, 2019. There were no unfunded commitments related to the VRST. If the Plan were to make a full accumulated book value withdrawal from the VRST, a written request must be made 12 months prior to the designated valuation date.

Whole life insurance policies – Investments in whole life insurance policies were valued using the cash surrender value provided by the insurance company, which represents fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

Quantitative information about significant unobservable inputs used in Level 3 fair value measurements:

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values	Weighted Average
Whole life insurance policies	\$ 16,655	Cash surrender value	n/a	n/a	n/a

NOTE E - TAX STATUS

On December 16, 2014, the Plan obtained its latest determination letter, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code and, therefore, the related trust was exempt from taxation. The Plan had been amended since receiving the tax determination letter. However, the Plan administrator believes that the Plan was designed and being operated in compliance with the applicable requirements of the Internal Revenue Code at the time of the merge and, therefore, believes that the Plan was qualified, and the related trust was tax-exempt. Therefore, no provision for income taxes had been included in the Plan's financial statements.

NOTE E - TAX STATUS (CONTINUED)

U.S. GAAP required Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan had taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator had analyzed the tax positions taken by the Plan, and had concluded that as of July 1, 2020, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan was subject to routine examinations by taxing jurisdictions; however, there were no examinations for any tax periods in progress at the time of the merge.

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments were shares of registered investment companies (mutual funds) and units of a common/collective trust managed by Vanguard. Vanguard was a trustee as defined by the Plan and, therefore, transactions related to these investments qualified as party-in-interest transactions. Fees paid by the Plan were approximately \$30,000 for the period from January 1, 2020 to July 1, 2020.

NOTE G - REGISTERED INVESTMENT COMPANIES' FEES

Investments in registered investment companies (mutual funds) were subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees were ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees were used to pay for marketing and distribution costs of the funds. These fees were deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE H - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events as of February 26, 2021, which is the date the financial statements were available to be issued.
