HEALTHCARE ASSOCIATES OF IRVING 401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

Note 1. Plan Description

The following brief description of Healthcare Associates of Irving 401(k) Retirement Plan (Plan) is provided for general informational purposes only. Participants should refer to the Plan document for more complete information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

General

The Plan, formed January 1, 2012, is a defined contribution plan covering all employees of Healthcare Associates of Irving, LLP (Company) who have completed three months of service and are age 21 years or older.

The Plan Administrator is responsible for oversight and investment offerings of the Plan.

Contributions

Each year, participants may elect to contribute up to the lesser of 100% of their eligible compensation, as defined by the Plan, or the maximum amount allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefits or defined contributions plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan requires a basic Safe Harbor matching contribution of 100% of employees' contributions up to 3% of eligible compensation for the year, plus 50% of employees' contributions that exceed 3% of their compensation but that do not exceed 5% of their compensation. Safe Harbor matching contributions are made on a semimonthly basis.

The Company may also make profit sharing contributions to the Plan. In order to be eligible for these contributions, a participant must have completed at least 1,000 hours of service during the Plan year and be employed on the last day of the Plan year. The Company did not make any profit sharing contributions during the years ended December 31, 2019 and 2018.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company Safe Harbor matching contributions, as well as allocations of the Company's profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon separation from the Company, participants receive a single lump-sum payment equal to the value of the participant's vested interest in his or her account. Participants may also elect to rollover all or part of their vested interest into a different tax-qualified retirement plan or individual retirement arrangement upon separation from the Company.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

Note 1. Plan Description (Continued)

Vesting

Participants are 100% vested in salary deferral amounts and Safe Harbor matching contributions. Employer profit sharing contributions are vested in accordance with the schedule below.

<u>Years of Service</u>	<u>Percentage Account Balance</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeited Accounts

Forfeitures shall be used to reduce any future employer contributions. The Plan used \$218 from forfeitures to reduce employer contributions during the Plan year. The Plan maintained a balance of \$-0- and \$218, respectively, in the forfeiture account at December 31, 2019 and 2018.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. A participant may have three loans outstanding at a time. Loan transactions are treated as a transfer to (from) the investment fund and from (to) the participant loan fund. Loan terms range from one to five years or twenty years if the purpose of the loan is to acquire a primary residence. The loans are secured by the balance in the participants' accounts. The interest rate charged on participant loans ranged from 4.25% to 7.25% during the current year. Principal and interest are paid ratably through semimonthly payroll deductions.

Note 2. Summary of Significant Accounting Policies

This summary of significant accounting policies of the Plan is presented to assist in understanding the financial statements. The financial statements and notes are representations of the Plan's administrator, who is responsible for their integrity and objectivity. The accounting policies conform to accounting principles generally accepted in the United States of America (U.S. GAAP) and have been consistently applied in the preparation of the financial statements.

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Uses of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

HEALTHCARE ASSOCIATES OF IRVING 401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

Note 2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. No allowance for credit losses had been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a deemed benefit payment is recorded.

Payment of Benefits

Benefit payments are recorded when paid.

Plan Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Date of Management's Review

Subsequent events have been evaluated for potential recognition or disclosure through October 14, 2020, which is the date the financial statements were available to be issued. See Note 13.

DECEMBER 31, 2019 AND 2018

Note 3. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled separate accounts – Valued at the net asset value of shares held by the Plan at year-end.

Mutual funds – Valued at the net asset value of shares held by the Plan at year-end.

Common collective trust - Valued at the net asset value of shares held by the Plan at year-end.

Note 3. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	<i>Assets at Fair Value as of December 31, 2019</i>			
	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>

Investments at fair value	<u>\$ 5,669,003</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,669,003</u>

Note 4. Party-in-Interest

Certain Plan investments are managed by Principal, who acts as custodian of the Plan's assets, as defined by the Plan. NBS Benefits provides third-party administrative services for the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules.

Note 5. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments, and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of investments, interest and dividends for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal Trust Company (Principal) (the custodian of the Plan). The contract value of the guaranteed investment contract was certified by the custodian.

HEALTHCARE ASSOCIATES OF IRVING 401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

Note 6. Guaranteed Investment Contract

The Plan has a fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company. Principal Life Insurance Company maintains the contributions in a collective trust. The trust is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

The blended net crediting rate on the investment contract at December 31, 2019 and 2018 was 2.52% and 2.35%, respectively.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The Plan administrator will facilitate the distribution of account balances in single lump sum payments to each participant in accordance with Plan provisions until all assets have been distributed by the Trustee. Each participant in the Plan upon Plan termination will automatically become 100% vested in his or her account balance.

HEALTHCARE ASSOCIATES OF IRVING 401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

Note 8. Tax Status

The IRS has determined and informed the Company by a letter dated December 10, 2009, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements at December 31, 2019 and 2018, to Form 5500:

	<u>2019</u>	<u>2018</u>
Net assets available for benefits per financial statements	\$ 8,414,440	\$ 5,926,585

HEALTHCARE ASSOCIATES OF IRVING 401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

Note 11. Fidelity Bond Compliance

The Plan's fidelity bond coverage as of January 1, 2019 and 2018, totaling \$350,000, did not meet the compliance requirement of being equal to the lesser of 10% of the funds handled or \$500,000. Subsequent to Plan year end, the fidelity bond coverage was amended to be in compliance with this requirement.

Note 12. Delinquent Participant Contributions

During the plan year ended December 31, 2019, employee withholdings in the amount of \$850 were not remitted within the appropriate timeframe by the Company. These constitute prohibited transactions as defined by ERISA. The employee withholdings were remitted to the Plan in March 2019, but lost earnings have yet to be remitted. See supplemental schedule.

Note 13. Subsequent Events

Hardship Distributions

In September 2019, the IRS published a final rule in the Federal Register that relaxed several restrictions on taking hardship distributions. These new rules, effective beginning January 1, 2020, are as follows:

- Plans are no longer allowed to suspend participant contributions for six months following a hardship distribution.
- Plans may remove any requirement for participants to first take a loan, if eligible, before taking a hardship distribution.
- Hardship distribution amounts are now allowed to include earnings on 401(k) contributions.
- The verification process for hardship distributions was simplified, allowing employers to rely on employee representations that they have insufficient cash or other liquid assets reasonably available to satisfy a financial need.
- A seventh safe harbor category, disaster relief, was added to the list of eligible expenses for hardship distributions.
- The age for required minimum distributions was increased from 70 ½ to 72.

The Plan has not yet been amended to implement the above changes.

COVID-19 Pandemic

In early 2020, an outbreak of a novel strain of coronavirus ("COVID-19") emerged globally. As a result, events have occurred domestically in the United States, including mandates from federal, state, and local authorities, leading to an overall decline in economic activity. The U.S. Government enacted the CARES Act, which provided several relief options to 401(k) plans. These relief options are as follows:

- Participants that were diagnosed with COVID-19, has a spouse or dependent that has been diagnosed, or has experienced adverse financial consequences as a result of being quarantined, furloughed or laid off, are eligible to take up to \$100,000 in distributions from the plan (not to exceed the participant's account balance). The distributions have special provisions, including but not limited to, if the participant is below 59 ½ years old, the 10% early withdrawal fee will not apply, and the withdrawal is taxed pro rata over a three year period (2020 – 2022).

Note 13. Subsequent Events (Continued)

COVID-19 Pandemic (Continued)

- Participant loan limits have been increased from the lesser of \$50,000 or 50% of the participant's account balance to the lesser of \$100,000 or 100% of the participant's account balance. This is in effect for loans taken between March 27, 2020 and September 22, 2020.
- Loan payments due between March 27, 2020 through December 31, 2020 can be suspended for a year.
- Required minimum distributions are suspended for 2020.

The Plan has informed all participants of these relief options available to them.
