Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Priority Life Care 401k Plan (Plan), which comprise the statements of net assets available for benefits as of July 31, 2020 and December 31, 2019, and the related statements of changes in net assets available for benefits for the period from January 1, 2020 through July 31, 2020 and for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 4*, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of July 31, 2020 and December 31, 2019 and for the period from January 1, 2020 through July 31, 2020 and for the year ended December 31, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Priority Life Care 401k Plan

Notes to Financial Statements

July 31, 2020

1. Description of the Plan

The following description of the Priority Life Care 401k Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan, which was established effective July 1, 2018, was a defined contribution plan that provided retirement benefits for substantially all employees of Priority Life Care, Inc. (Company). An employee became eligible to enter the Plan following the attainment of age 21 and completion of three months of service. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan Merger

Effective July 14, 2020, the Plan was frozen for purposes of contributions to the Plan, and participants became eligible to participate in the Priority Life Care 401(k) Savings Plan (formerly the National Health Management, Inc. Facilities 401(k) Savings Plan). As of July 31, 2020, the Plan was merged into the Priority Life Care 401(k) Savings Plan, and the Plan assets and account balances of participants were transferred to the Priority Life Care 401(k) Savings Plan.

Contributions

Participants could contribute up to 90% of their annual compensation, as defined by the Plan, or a maximum amount set by law (as periodically adjusted by the Internal Revenue Service) as a pre-tax and/or Roth after-tax contribution. Participants age 50 or older were able to make additional catch-up contributions to the Plan up to the maximum amount permitted by law. The Plan allowed for rollover contributions and for eligible participants to make catch-up contributions in accordance with Internal Revenue Service (IRS) regulations. Participants directed the investment of their contributions into various investment options offered by the Plan. Additionally, the Plan allowed participants to change the amount of their contribution or elect to stop contributing on any date.

The Company could make discretionary matching and nonelective profit sharing contributions in an amount to be determined by the Company's Board of Directors subject to certain conditions and limitations. There were no discretionary matching or nonelective profit sharing contributions for the period from January 1, 2020 through July 31, 2020 and for the year ended December 31, 2019.

1. Description of the Plan (continued)

Investment Options

Participants could direct that their pre-tax, after-tax and Company contributions, plus earnings or losses thereon, be invested in any of the participant directed investment options offered pursuant to the Plan. The Plan allowed participants to change their investment elections on a periodic basis.

The investments of the Plan consisted of diverse portfolios with no significant concentration of risk by issuer, industry, or geographic location.

Participant Accounts

Each participant's account was credited with the participant's contribution and allocations of the Company's contribution and Plan earnings (losses), and was charged with his or her withdrawals and certain participant specific administrative expenses and an allocation of other administrative expenses. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting

Participants were immediately vested in their contributions, including rollovers, plus actual investment earnings or losses thereon.

Vesting in the Company's discretionary matching and nonelective profit sharing contributions plus investment earnings or losses thereon was based on years of service. A participant was vested as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 year but less than 3	20%
3 years but less than 4	40%
4 years but less than 5	60%
5 years but less than 6	80%
6 years or more	100%

1. Description of the Plan (continued)

Notes Receivable from Participants

Participants could borrow a minimum of \$500 but not more than 50% of their vested account or \$50,000, reduced by any outstanding loan balance, if any, during the one-year period ending on the day before their loan was made, if less. A loan was secured by the balance in the participant's account and bore interest at the prime rate as published in The Wall Street Journal on the 14th day of each month plus two percentage points. Principal and interest were paid ratably through payroll deductions, if available. Each loan was to be repaid over a period not to exceed five years unless the loan was used for the purchase of a primary residence.

Payment of Benefits

Normal retirement age under the Plan was 65 years, with the option to withdraw funds at the age of 59½. Minimum distributions were required once the participant reaches age 70½. On termination of service or retirement, a participant had the following options regarding his or her value of the vested interest: a) receive a lump-sum payment, b) rollover the balance into another qualified plan, or c) remain in the Plan as an inactive participant. However, if a terminated participant's vested account balance was \$1,000 or less and he/she had not elected a rollover, he/she received a lump-sum distribution. If a participant was still a current employee and had not yet reached retirement age, the participant (or beneficiary) could only withdraw funds in the event of death, a disability which prevents him/her from working, or through a hardship withdrawal. Hardship withdrawals were only allowed from the fully vested portion of a participant's account balance with certain restrictions, as outlined in the Plan document.

Administrative Expenses

Certain expenses of maintaining the Plan were paid directly by the Company and excluded from these financial statements. Plan recordkeeping fees were paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants and withdrawal and distribution processing fees are charges directly to the participant's account and are included in administrative expenses. Investment management fees were charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

2. Significant Accounting Policies (continued)

Investments

Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 5* for discussion of fair value measurements.

Purchases and sales of securities were accounted for on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Capital gains distributions were included in dividend income.

The Plan included in the statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consisted of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments. Unrealized appreciation or depreciation in the aggregate fair value of investments represented the change in the difference between aggregate fair value and the cost of investments, including reinvestment of earnings. The realized gain or loss on sale of investments was the difference between the proceeds received and the average cost of investments sold.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related loan origination and annual administration fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses had been recorded as of July 31, 2020 or December 31, 2019. If a participant ceased to make loan repayments and the Plan administrator deemed the participant loan to be in default, the participant loan balance was reduced and a benefit payment was recorded.

Payment of Benefits

Benefits were recorded when paid.

Risks and Uncertainties

The Plan invested in various investment securities. Investment securities were exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in

Risks and Uncertainties (continued)

the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Use of Estimates

Preparation of the Plan's financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

3. Income Tax Status

The Plan received an opinion letter dated July 8, 2014 from the Internal Revenue Service stating that the written form of the underlying prototype plan document was qualified under Section 401(a) of the Internal Revenue Code (Code), and that any employer adopting this form of the Plan would be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust was exempt from taxation. Once qualified, the Plan was required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan was being operated in compliance with the applicable requirements of the Code, and, therefore, believes that the Plan was qualified and the related trust was tax exempt and the Plan had no income subject to unrelated business income. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of July 31, 2020, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at July 31, 2020 and December 31, 2019 and net appreciation (depreciation) in fair value of investments and interest and dividend income for the period from January 1, 2020 through July 31, 2020 and for the year ended December 31, 2019, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company, the trustee of the Plan.

5. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820 (ASC 820), *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Priority Life Care 401k Plan

Notes to Financial Statements (continued)

5. Fair Value Measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 31, 2020 and December 31, 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

Common collective trust fund: The fair values of participation units in the Invesco Stable Asset Fund (Fund), a stable value collective trust, were based upon the NAV of units held by the Plan at year-end. The Fund provides for daily redemptions by the Plan at reported NAV per unit, with no advance notification requirements.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 235,501	\$ -	\$ -	\$ 235,501
Common collective trust fund measured at NAV				198
Total investments at fair value				\$ 235,699

6. Related Party Transactions

Fees paid by the Plan to Reliance Trust Company, trustee of the Plan, and other providers for investment and other services were \$3,604 for the period from January 1, 2020 through July 31, 2020 and \$1,074 for the year ended December 31, 2019.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31, 2019
Net assets available for benefits per the financial statements	\$ 233,624
Plus: Excess contributions to be refunded to participants	6,369
Net assets available for benefits per the Form 5500	<u>\$ 239,993</u>

Amounts reflected in the financial statements for receivables for contributions from participants and excess contributions to be refunded to participants at December 31, 2019 were not recorded in the Form 5500 which was prepared on a cash basis of accounting.

The following is a reconciliation of the total increase in net assets per the financial statements to the Form 5500:

	Period from January 1, 2020 through July 31, 2020	Year ended December 31 2019
Total net increase (decrease) per the financial statements	\$ (233,624)	\$ 222,797
Plus: Contributions receivable		
from participants at beginning of year	-	2,193
Plus: Excess contributions to be		
refunded to participants at end of year	-	6,369
Less: Excess contributions to be		
refunded to participants at beginning of year	(6,369)	(7,972)
Total net income per the Form 5500	<u>\$ (239,993)</u>	<u>\$ 223,387</u>
