To the Plan Administrator of the
Niagara Produce Retirement Plan
Buffalo, New York

We have conducted a Department of Labor ("DOL") limited-scope audit of the financial statements of the Niagara Produce Retirement Plan (the "Plan") for the year ended December 31, 2020 and have issued our report thereon dated May 4, 2021. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Principal Trust Company, the custodian of the Plan, in accordance with auditing standards generally accepted in the United States of America ("GAAS") and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Professional standards require that we provide you with information about our responsibilities under GAAS, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated February 19, 2021. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed in 2020. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management does not maintain a general ledger for the Plan. The preparation of the Plan's financial statements was based on third party recordkeeping statements and is deemed adequate for this type of benefit plan.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated May 4, 2021.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

In considering internal control over financial reporting as required by our professional standards during the prior year audit, we became aware that Plan management did not maintain meeting minutes for meetings conducted with the Plan's investment advisor and third-party administrator on a more frequent basis than annually. Subsequent to the completion of the prior year audit, Plan management implemented a process starting in November 2020 to increase the frequency of meetings and maintain formal meeting minutes. As such, it appears that the fiduciaries are now properly documenting their consideration of the investment performance of the Plan, including meetings attended, decisions on investment policy and strategy, monitoring of third-party services, and other items related thereto.

Other Matters

With respect to the supplemental schedule of assets (held at end of year) accompanying the financial statements, we made certain inquiries of you and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplemental schedule of assets (held at end of year) to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Plan Administrator, management of the Niagara Produce Retirement Plan, and the Internal Revenue Service, and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,
