NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Icon Identity Solutions 401(k) Savings Plan (the Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan covering all employees of Icon Identity Solutions (the Company), who had completed three months of service. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan administrator oversaw governance of the Plan, determined the appropriateness of the Plan's investment offerings, and monitored investment performance.

Merger of Plan

During 2019, the Company was acquired by MC Group, LLC (MC). During 2020, a decision was made to merge the Plan and transfer all assets to the MC Group, LLC 401(k) Plan (MC Plan). As part of the Plan transfer, Plan management instituted a blackout period under which any and all activity relating to employee or employer contributions, distributions, loan activity, investment election changes, and deferral percentage changes were suspended for participants under the Plan. The blackout period began on July 10, 2020, and ended on July 17, 2020. Participant accounts were either distributed directly to the participant prior to the Plan merger, or were transferred to the MC Plan to the same investment option via an "in-kind transfer" or were liquidated and reinvested under the MC Plan investment options per the mapping table included in the merger document. The Plan merger was effective July 15, 2020.

Contributions

Each year, participants could make voluntary pre-tax and Roth contributions up to 75% of their eligible compensation, as defined in the Plan. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan had an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 3% of eligible compensation (pre-tax) and their contributions invested in a designated balanced fund until changed by the participant. Participants with a deferral rate greater than zero had that deferral increased annually by 1%, up to 15%. In addition, per certain union contracts, the Company made contributions equal to \$0.75 per hour worked (Union Contributions). The Company could, at its discretion, make matching contributions. Matching contributions equal to 25% of the first 15% of the compensation that a participant contributed to the Plan were made from January 1, 2020, until they were stopped by the Company on April 4, 2020, due to the pandemic. The Company could also authorize discretionary profit sharing contributions to the Plan for the related year. There were no profit sharing contributions authorized for the period from January 1, 2020, through July 15, 2020. Contributions were subject to certain Internal Revenue Service (IRS) limitations.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

A separate account was maintained for each participant. Each participant's account was credited with the participant's contributions, rollover contributions, allocations of the Company's contributions, and Plan earnings or losses as defined by the Plan agreement. Plan earnings or losses were allocated daily based on each participant's account balance. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled is the benefit that was provided from the participant's vested account.

Vesting

All participants were immediately vested in their contributions and Union Contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts was based on years of continuous service. A participant was 100% vested after five years of credited service.

Notes Receivable from Participants

Participants could borrow money within certain limits from their individual accounts. The notes were secured by the balance in the participant's account. Such notes bore interest at a reasonable rate commensurate with current interest rates charged for loans made under similar circumstances by persons in the business of lending money as determined by the plan administrator. Principal and interest was paid ratably through payroll deductions.

Payment of Benefits

Upon merger of the Plan, participants had their account balances transferred to the MC Plan. Prior to the merger of the Plan, participants could elect to receive a lump-sum amount equal to the full or partial value of the participant's vested interest in his or her account, or installments over a future period. If the participant's account balance was less than \$1,000, the plan administrator directed the custodian to make a lump-sum distribution. If a participant's account balance was between \$1,000 and \$5,000, the plan administrator made an automatic rollover of the vested account balances of terminated participants to an individual retirement plan. Distributions of a participant's 401(k) account balance could be authorized at any time by the plan administrator under certain hardship conditions.

Forfeited Accounts

Forfeited nonvested accounts were used to reduce future employer contributions. At December 31, 2019, forfeited nonvested accounts totaled \$26,061. During 2020, \$39,205 was used to reduce employer contributions and administrative expenses, and \$2,082 was transferred out of the Plan on July 15, 2020.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Accounting Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

All Plan assets were transferred by the close of business on July 15, 2020. As of December 31, 2019, investments were reported at fair value as reported by Fidelity Management Trust Company (Fidelity), the custodian of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determined the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net depreciation in fair value of investments included the Plan's gains and losses on investments bought and sold as well as held during the year.

Assets of the Plan were held in separate accounts of a trust administered by Fidelity, representing investments in mutual funds and a stable value collective trust fund.

Investments of participant's contributions and the Company's contributions into these funds were at the direction of each participant.

Notes Receivable from Participants

All notes receivable from participants were transferred by the close of business on July 15, 2020. Notes receivable from participants were measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and were expensed when they are incurred. No allowance for credit losses was recorded at December 31, 2019. If a participant ceased making loan repayments and the plan administrator deemed the participant loan to be in default, the participant loan balance was reduced, and the delinquent participant note receivable was recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits were recorded when paid.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Plan Expenses

The Plan's administrative expenses were paid either by the Plan or the Company as provided by the Plan agreement. Expenses that were paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Income Taxes

In accordance with GAAP, the plan administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability for any significant uncertain position that more likely than not would not be sustained upon examination by the IRS. As of July 15, 2020, and December 31, 2019, and for the period from January 1, 2020, through July 15, 2020, the Plan did not have a liability for unrecognized tax benefits.

Subsequent Events

Plan management has evaluated subsequent events through April 16, 2021, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY CUSTODIAN

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Fidelity, the custodian.

Fidelity has certified as to the completeness and accuracy of the investments it holds, changes in net assets arising from investment activity, and the schedule of assets held at end of year as of December 31, 2019, and for the period from January 1, 2020, through July 15, 2020.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level 2 Other significant observable inputs including: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

Level 3 Inputs are significant and unobservable (including the Plan's own assumptions used to determine value)

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: A stable value fund that is composed primarily of fixed-income securities, bond funds, and derivative instruments such as futures contracts and swap agreements, which is valued at the NAV of units of the collective trust fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner, otherwise redemptions are allowable daily with no notice.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2019:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 18,084,325</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 18,084,325</u>
Total assets in the fair value hierarchy	<u>\$ 18,084,325</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 18,084,325</u>
Investments measured at NAV				
Stable value collective trust fund	<u>-</u>	<u>-</u>	<u>-</u>	<u>1,179,848</u>
Investments at fair value	<u>\$ 18,084,325</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 19,264,173</u>

The Plan did not hold any Level 3 assets during 2020.

NOTES TO THE FINANCIAL STATEMENTS

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments were managed by Fidelity. Fidelity was the custodian and recordkeeper as defined by the Plan, and, therefore, such transactions qualified as party-in-interest transactions.

Fidelity provided certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Fidelity. Fidelity received revenue from mutual fund and collective trust fund service providers for services Fidelity provided to the funds. The revenue was used to offset certain amounts owed to Fidelity for its administrative services to the Plan.

6. TAX STATUS

The Plan adopted a volume submitter profit sharing plan provided by Fidelity Management & Research Company. Fidelity Management & Research Company has received an opinion letter dated March 31, 2014, from the IRS stating that the volume submitter profit sharing plan is acceptable under Section 401 of the Internal Revenue Code (IRC). Although the Plan had been amended since receiving the opinion letter, the plan administrator believed that the Plan was designed and operated in compliance with the applicable requirements of the IRC and, therefore, believed that the Plan was qualified and the related trust was tax exempt.
