Certain employees of the Company become eligible for participation in the Plan: (a) if the employee is scheduled to work at least 20 hours per week and completes at least 1,000 hours of service during the Plan year, and (b) if the employee has completed one month of service. Eligible participants may enter the Plan upon the first pay date of each month.

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, as pertaining to certain eligible divisions' employees, and (b) earnings on participant account balances and is charged with (c) the participants' withdrawals, (d) allocations of administrative expenses and (e) losses on participant account balances. The benefit to which a participant is entitled is the participant's vested account.

Employees hired on or after the effective date are automatically enrolled at a 3% deferral rate upon becoming eligible to participate in the Plan and they may elect to change or discontinue deferrals at any time. Any participant making contributions to the Plan at a rate lower than 10% of compensation per pay period will have his or her contributions automatically increased by 1% each January 1, until the participant reaches a maximum of 10% of compensation per pay period or he or she opts out of the automatic increases. All other participants may elect to defer, in increments of 1%, up to 25% of their annual compensation. The deferrals are subject to limitations as described in the Plan document. Rollover contributions attributable to an employee's participation in a qualified retirement plan may be made in accordance with Plan limitations. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants are permitted to request In-Plan Roth rollovers as well as elect to make Roth contributions to the Plan. The Company makes certain non-elective as well as match contributions for certain eligible divisions' employees (who meet the criteria as defined by the Plan document). For participant compensation accruing after April 19, 2020, the Plan is amended so that the Plan sponsor shall make no further contributions to the Plan for Plan year 2020 (except as required under the Plan for certain participants who are subject to certain collective bargaining agreements).

Participants are immediately vested in their contributions, rollover contributions as well as employer contributions plus actual earnings thereon.

The Plan does not normally permit loans. However, the Plan was amended to permit certain loan balances from participants that joined certain divisions as a result of acquisitions to be transferred into the Plan. Loans are secured by the balance in the participant's account and bear interest from 4.50% to 7.25% as of December 31, 2020 and 2019. Loan repayments of principal and interest are made through payroll deductions. Loans receivable from participants are reported in the financial statements at the unpaid balances.

Amounts held in a participant's elective account may not be distributed earlier than one of the following events:

1) a participant's termination of employment
2) a participant's death
3) a participant's disability (as defined by the Plan document)
4) a participant's attainment of age 59 1/2
5) the termination of the Plan
6) the financial hardship of a participant, subject to restrictions as set forth in the Plan document
7) coronavirus related distributions effective for plan year 2020 per the amendment dated April 19, 2020

2. Summary of Significant Accounting Policies

a) Principles of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in conformity with U.S. generally accepted accounting principles.

b) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c) Investments Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d) Administrative Expenses

Expenses incurred in the administration of the Plan are required to be paid with assets of the Plan unless the Company, at its discretion, elects to pay them. For the years ended December 31, 2020 and 2019 the Company paid the majority of the administrative expenses of the Plan.

e) Payment of Benefits

Benefits are recorded when paid.

f) Subsequent Events

The Plan has evaluated subsequent events through May 3, 2021, the date the financial statements were available for issuance.

3. Investment Information Certified By the Plan's Trustee (Unaudited)

Substantially all information pertaining to the Plan's investments and participant loans receivable included in the financial statements, including the associated investment income (loss) and interest earned on participant loans receivable, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by VFTC, the trustee of the Plan. This information has not been audited by independent accountants.

4. Fair Value Measurements

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective Trust: The fair values of participation units held in the collective trust are based on the net asset values per unit as reported by the fund manager. The collective trust provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31, 2020, Using				
	Total	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Collective Trust
Mutual Funds	$ 206,013,198	$ 206,013,198	$ -	$ -	$ -
Collective trust *	19,894,232	-	-	-	19,894,232
Total	$ 225,907,430	$ 206,013,198	$ -	$ -	$ 14,920,448

	Fair Value Measurements at December 31, 2019, Using				
	Total	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Collective Trust
Mutual Funds	$ 185,638,261	$ 185,638,261	$ -	$ -	$ -
Collective trust *	14,920,448	-	-	-	14,920,448
Total	$ 200,558,709	$ 185,638,261	$ -	$ -	$ 14,920,448

* Investments in a collective trust are measured at fair value using net asset value per share (or its equivalent) as a practical expedient and have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

5. Party-in-Interest Transactions

The Plan invests in shares of mutual funds issued by Vanguard, an affiliate of VFTC. VFTC acts as trustee and therefore these transactions qualify as party-in-interest transactions. Amounts paid by the Plan to VFTC for administrative expenses amounted to $120,231and $120,176 for the years ended December 31, 2020 and 2019, respectively. Participant loans receivable amounted to $40,641 and $83,053 at December 31, 2020 and 2019, respectively. These transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

6. Termination of the Plan

Although the Company has not expressed any intent to do so, it may, by action of its Board of Directors, terminate the Plan for any reason and at any time subject to the provisions of ERISA.

7. Federal Income Tax Exemption

The Plan obtained its latest determination letter dated December 5, 2017, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, management believes that the Plan is currently designed and is being operated in compliance with applicable requirements of the Internal Revenue Code.

The Plan's tax returns, like those of other Employee Benefit Plans, are subject to examination by the Internal Revenue Service generally for a period of three years after they are filed. Accordingly, as of December 31, 2020, the Plan's federal Annual Return/Report of Employee Benefit Plan (Form 5500) for the years ended December 31, 2017, 2018 and 2019 were subject to examination by the Internal Revenue Service. The Plan's 2019 Form 5500 was under audit at December 31, 2020. In the Company's opinion, the outcome of this audit will not have a material adverse effect on the Plan's financial position or changes in net assets available for benefits.

8. Risks and Uncertainties

The Plan's investments are concentrated in funds that invest in marketable registered investment companies and a collective trust. Such securities are subject to various risks that affect the value of the funds. Due to the level of risk associated with equity securities and the level of uncertainty related to changes in the value of such securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

In the first several months of 2020, a novel strain of coronavirus, and resulting disease, COVID-19, spread to the United States. The coronavirus was declared a Public Health

Emergency of International Concern by the World Health Organization on January 30, 2020. As a result of the coronavirus, the value of the investments of the Plan may be negatively impacted by this event.
