TitleMax Employee's Incentive Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

1. Description of Plan

The following description of the TitleMax Employee's Incentive Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of TitleMax of Georgia, Inc. and adopting affiliate employers (the Company or Plan Sponsor). Employees are eligible to participate after two consecutive months of service. Participants must complete one year of service, work 1,000 hours of service in the Plan year, and be employed on the last day of the Plan year to be eligible for Company matching contributions and qualified non-elective contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (CARES Act) was signed into law. Plans were permitted to adopt these provisions immediately provided the Plan document is retroactively amended on or before December 31, 2022. Plan management elected to adopt the following provisions:

- For coronavirus-related distributions made before December 31, 2020, to qualified individuals, as defined in the CARES Act, the maximum distribution was the lesser of the vested portion of the participant's account balance in the Plan or \$100,000. In addition, for active employees, a coronavirus-related distribution may be repaid at any time during a three-year period beginning on the day after the date on which the distribution was received.
- For qualified individuals with outstanding loans, loan repayments during the period March 27, 2020 through December 31, 2020, may be deferred for up to one year. The term of the loan will be extended by the length of the deferment period and adjusted for accrued interest.
- Qualified individuals, as defined in the CARES Act, could borrow the lesser of \$100,000 or 100% of their vested account balance.
- Required minimum distributions were suspended in 2020.

Contributions

Participants may make pre-tax or after-tax Roth contributions of up to 100% of their eligible compensation as defined by the Plan, not to exceed a maximum of \$19,500, plus an additional \$6,500 for participants over age 50, in 2020. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

TitleMax Employee's Incentive Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

The Company provides a matching contribution of 50% of the first 6% of compensation. The Company may also make qualified non-elective contributions. No qualified non-elective contributions were made in 2020.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's contribution, and earnings on the investments in their account, and is charged with transaction fees for services received by the participant as well as fees for investments selected. Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan. Participants may change their investment options daily. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their participant contributions and qualified non-elective contributions, plus actual earnings thereon. For Company match, participants vest 20% per year, beginning after 2 years of service and, are fully vested after 6 years of service.

Notes Receivable from Participants

Participants may borrow from their accounts up to \$50,000 or 50% of the participant's vested balance reduced by the highest outstanding loan balance from the participant account during the prior twelve-month period. Loans are typically made for a period not exceeding five years, or ten years if used for the purchase of a primary residence. The loans bear a reasonable rate of interest based on prevailing interest rates and are secured by the balance in the participant's account. During 2020, loans had fixed rates ranging from 4.25% to 6.50%. Principal and interest are paid through payroll deductions.

Payment of Benefits

At the time of death, disability, termination of service, or retirement, the participant or their beneficiary may receive payment of the vested interest in their account in the form of a lump-sum or installment distribution. The participant's contributions may also be withdrawn for certain hardship situations. Participants may withdraw the vested interest in their account upon attainment of age 59½.

Administrative Expenses

Certain transaction fees for withdrawals and loans are charged directly to the participant. Investment related expenses are included in net change in fair value of mutual funds. Recordkeeping fees are paid by the Plan. All other administrative expenses of the Plan were paid by the Company in 2020. These expenses include, but are not limited to, legal and accounting.

TitleMax Employee's Incentive Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

Forfeited Accounts

At December 31, 2020 and 2019, forfeited accounts totaled \$252,615 and \$346,597, respectively. These accounts may be used to pay Plan administrative expenses or to reduce Company contributions. During 2020, approximately \$294,300 was forfeited from participant accounts. The Plan used \$372,946 in 2020 to reduce employer matching contributions and \$15,500 to pay administrative expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the participant contributions are withheld. Qualified non-elective contributions are recognized upon authorization by the Company. Participant contributions in excess of amounts allowed by regulation are recorded as a liability with a corresponding reduction in contributions.

Valuation of Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net change in fair value of investments includes interest, dividends and realized and unrealized gains and losses on those investments. Interest income is recorded when received.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the plan

TitleMax Employee's Incentive Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through May 18, 2021, which is the date the financial statements were available to be issued.

3. Information Certified by the Custodian

All information regarding investments and notes receivable from participants, including investments held and notes receivable from participants at December 31, 2020 and 2019, and the net change in fair value of investments and interest income for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the Plan's custodian.

4. Investments

Certain Plan investments are mutual funds and a money market fund managed by Fidelity, the custodian of the Plan. Accordingly, transactions in these investments qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net change in fair value of investments as they are paid through revenue sharing rather than a direct payment.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets or liabilities in inactive markets

TitleMax Employee's Incentive Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Investments in mutual funds and the money market fund are stated at quoted market prices for the identical security in an active market (Level 1).

The Plan invests in a stable value fund which trades daily at the net asset value (NAV) per share of the fund (Level 1).

The following table summarizes the Plan's investments based on the inputs used to determine their values as of December 31, 2020 and 2019:

	Level 1	
	2020	2019
Mutual funds	\$ 33,541,389	\$ 29,046,579
Money market fund	785,512	604,387
Stable value fund	184,412	72,224
Total	\$ 34,511,313	\$ 29,723,190

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

6. Income Tax Status

The Plan is operating under a Volume Submitter Defined Contribution Plan offered by Fidelity Management & Research Co (Fidelity Management), an affiliate of Fidelity. The Internal Revenue Service has determined and informed Fidelity Management by a letter dated March 31, 2014 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. The plan administrator

TitleMax Employee's Incentive Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

believes the Plan has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.

7. Reconciliation of Financial Statements to Form 5500

The following are reconciliations of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2020 and 2019 and the increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2020:

TitleMax Employee's Incentive Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

1. Description of Plan

The following description of the TitleMax Employee's Incentive Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of TitleMax of Georgia, Inc. and adopting affiliate employers (the Company or Plan Sponsor). Employees are eligible to participate after two consecutive months of service. Participants must complete one year of service, work 1,000 hours of service in the Plan year, and be employed on the last day of the Plan year to be eligible for Company matching contributions and qualified non-elective contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (CARES Act) was signed into law. Plans were permitted to adopt these provisions immediately provided the Plan document is retroactively amended on or before December 31, 2022. Plan management elected to adopt the following provisions:

- For coronavirus-related distributions made before December 31, 2020, to qualified individuals, as defined in the CARES Act, the maximum distribution was the lesser of the vested portion of the participant's account balance in the Plan or \$100,000. In addition, for active employees, a coronavirus-related distribution may be repaid at any time during a three-year period beginning on the day after the date on which the distribution was received.
- For qualified individuals with outstanding loans, loan repayments during the period March 27, 2020 through December 31, 2020, may be deferred for up to one year. The term of the loan will be extended by the length of the deferment period and adjusted for accrued interest.
- Qualified individuals, as defined in the CARES Act, could borrow the lesser of \$100,000 or 100% of their vested account balance.
- Required minimum distributions were suspended in 2020.

Contributions

Participants may make pre-tax or after-tax Roth contributions of up to 100% of their eligible compensation as defined by the Plan, not to exceed a maximum of \$19,500, plus an additional \$6,500 for participants over age 50, in 2020. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

TitleMax Employee's Incentive Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

The Company provides a matching contribution of 50% of the first 6% of compensation. The Company may also make qualified non-elective contributions. No qualified non-elective contributions were made in 2020.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's contribution, and earnings on the investments in their account, and is charged with transaction fees for services received by the participant as well as fees for investments selected. Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan. Participants may change their investment options daily. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their participant contributions and qualified non-elective contributions, plus actual earnings thereon. For Company match, participants vest 20% per year, beginning after 2 years of service and, are fully vested after 6 years of service.

Notes Receivable from Participants

Participants may borrow from their accounts up to \$50,000 or 50% of the participant's vested balance reduced by the highest outstanding loan balance from the participant account during the prior twelve-month period. Loans are typically made for a period not exceeding five years, or ten years if used for the purchase of a primary residence. The loans bear a reasonable rate of interest based on prevailing interest rates and are secured by the balance in the participant's account. During 2020, loans had fixed rates ranging from 4.25% to 6.50%. Principal and interest are paid through payroll deductions.

Payment of Benefits

At the time of death, disability, termination of service, or retirement, the participant or their beneficiary may receive payment of the vested interest in their account in the form of a lump-sum or installment distribution. The participant's contributions may also be withdrawn for certain hardship situations. Participants may withdraw the vested interest in their account upon attainment of age 59½.

Administrative Expenses

Certain transaction fees for withdrawals and loans are charged directly to the participant. Investment related expenses are included in net change in fair value of mutual funds. Recordkeeping fees are paid by the Plan. All other administrative expenses of the Plan were paid by the Company in 2020. These expenses include, but are not limited to, legal and accounting.

TitleMax Employee's Incentive Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

Forfeited Accounts

At December 31, 2020 and 2019, forfeited accounts totaled \$252,615 and \$346,597, respectively. These accounts may be used to pay Plan administrative expenses or to reduce Company contributions. During 2020, approximately \$294,300 was forfeited from participant accounts. The Plan used \$372,946 in 2020 to reduce employer matching contributions and \$15,500 to pay administrative expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the participant contributions are withheld. Qualified non-elective contributions are recognized upon authorization by the Company. Participant contributions in excess of amounts allowed by regulation are recorded as a liability with a corresponding reduction in contributions.

Valuation of Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net change in fair value of investments includes interest, dividends and realized and unrealized gains and losses on those investments. Interest income is recorded when received.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the plan

TitleMax Employee's Incentive Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through May 18, 2021, which is the date the financial statements were available to be issued.

3. Information Certified by the Custodian

All information regarding investments and notes receivable from participants, including investments held and notes receivable from participants at December 31, 2020 and 2019, and the net change in fair value of investments and interest income for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the Plan's custodian.

4. Investments

Certain Plan investments are mutual funds and a money market fund managed by Fidelity, the custodian of the Plan. Accordingly, transactions in these investments qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net change in fair value of investments as they are paid through revenue sharing rather than a direct payment.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets or liabilities in inactive markets

TitleMax Employee's Incentive Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Investments in mutual funds and the money market fund are stated at quoted market prices for the identical security in an active market (Level 1).

The Plan invests in a stable value fund which trades daily at the net asset value (NAV) per share of the fund (Level 1).

The following table summarizes the Plan's investments based on the inputs used to determine their values as of December 31, 2020 and 2019:

	Level 1	
	2020	2019
Mutual funds	\$ 33,541,389	\$ 29,046,579
Money market fund	785,512	604,387
Stable value fund	184,412	72,224
Total	\$ 34,511,313	\$ 29,723,190

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

6. Income Tax Status

The Plan is operating under a Volume Submitter Defined Contribution Plan offered by Fidelity Management & Research Co (Fidelity Management), an affiliate of Fidelity. The Internal Revenue Service has determined and informed Fidelity Management by a letter dated March 31, 2014 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. The plan administrator

TitleMax Employee's Incentive Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

believes the Plan has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.

7. Reconciliation of Financial Statements to Form 5500

The following are reconciliations of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2020 and 2019 and the increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2020:
