NAV ELKO-RLIC, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS February 12, 2020 And December 31, 2019

1. Description Of The Plan

The following description of NAV Elko-RLIC, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan, adopted October 1, 2006, and last amended April 2016, is a defined contribution 401(k) plan sponsored by NAV Elko-RLIC (the Company). The Plan includes employees of NAV Elko-RLIC, LLC, NAV ELKO-GCI, LLC, NAV Elko-HDI, LLC, Navengante Group, Inc. and Navegante Retail, Inc. The Plan allows for enrollment upon attainment of six months of eligible service and are at least 18 years of age. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participation in the Plan is voluntary. Participants may elect to contribute up to the maximum allowable under current Internal Revenue Service limits to the Plan each year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Each year, participants may contribute from 1% to 50% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan's provisions, as rollover contributions. The Company at the discretion of its Board of Directors may elect to make discretionary matching contributions based on a percentage of each participant's deferral contributions to be determined each year by the Company. The Company may also elect to make discretionary profit sharing contributions based on a pro rata allocation of each participant's compensation in relation to the compensation of all participants entitled to profit sharing contributions. These contributions, if any, are vested in accordance with the Plan's vesting schedule. The Company elected not to make any discretionary matching contributions or discretionary profit sharing contributions for the year ended December 31, 2019 and for the period beginning January 1, 2020 and ended February 12, 2020.

These contributions are subject to annual limitations by the Internal Revenue Code.

NAV ELKO-RLIC, LLC
401(k) PLAN

Notes To Financial Statements (*Continued*)

Plan Merger

On December 20, 2019 the Board of Directors of the Company executed a resolution to merge the Plan into the Your 401K Plan, LLC Retirement Plan (Maverick Gaming, LLC) (the Maverick Plan). All assets of the Plan were merged into the Maverick Plan as of February 12, 2020.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's discretionary matching and profit sharing contribution, if any, and Plan earnings. Allocations are based on participant earnings or account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their voluntary contributions plus actual earnings thereon. Employer matching and profit sharing contributions plus actual earnings vest as follows:

<u>Years Of Service</u>	<u>Vesting Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

The Plan requires 1,000 hours of service to constitute a year of vesting service. 500 hours of service are required to avoid a break in vesting service. Regardless of the vesting schedule, a participant becomes 100% vested in the participant's combined account balance when the participant (1) dies, (2) becomes disabled, or (3) qualifies for early retirement. A participant is eligible for early retirement on the later of the participant reaching the age of 55 or completion of 6 years of vesting service.

If a participant terminates prior to being 100% vested, the participant forfeits the balance of his/her combined account that is non-vested at the year-end after he/she received a cash-out distribution or deemed cash-out distribution.

Notes To Financial Statements (*Continued*)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at a reasonable interest rate, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid through monthly payroll deductions.

Payment Of Benefits

On termination of service, or upon death, disability, or retirement, a participant with a vested interest of \$1,000 or less will receive a lump-sum amount equal to the value of his or her account. A participant with a vested benefit of more than \$1,000 may elect to take a lump sum payout or complete a rollover into another qualified retirement account. A terminated participant whose balance exceeds \$1,000 but does not exceed \$5,000 will be paid in a single lump sum payment as an Involuntary Cash Out.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. During the period beginning January 1, 2020 and ended February 12, 2020 and for the year ended December 31, 2019, the Plan paid certain expenses totaling \$0 and \$150, respectively, which are reported as administrative expense in the accompanying financial statements.

Forfeitures

Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and will first be used to pay administrative expenses. Any remaining amounts will be used to reduce employer contributions payable under the Plan. The forfeiture balance available to offset future employer contributions was \$0 and \$4,653 at February 12, 2020 and December 31, 2019, respectively. Forfeitures were not used to reduce the Company's discretionary matching and profit sharing contributions or administrative fees as allowed by Plan provisions for the year ended December 31, 2020 or the period of January 1, 2020 through February 12, 2020.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Net appreciation represents the difference between the aggregate fair value of investments at year end and the values at the beginning of the year, and includes any realized gains and losses in shares that were bought and sold during the year.

Interest income is recognized as earned on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment Of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of February 12, 2020 and December 31, 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan Document.

Notes To Financial Statements (*Continued*)

Subsequent Events

Management evaluates subsequent events through the date the financial statements are available for issue, which is the date of the Independent Auditors' Report.

3. Certified Financial Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at February 12, 2020 and December 31, 2019, and net appreciation in fair value of investments, interest and dividends for the period beginning January 1, 2020 and ended February 12, 2020 and the year ended December 31, 2019, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Ascensus Trust Company (Ascensus). This information has not been audited by the Plan's independent auditors.

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value:

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 919,495	\$ —	\$ —	\$ 919,495

The Plan did not hold any investments for the period ended February 12, 2020.

There have been no changes in the valuation methodology used at February 12, 2020 or December 31, 2019.

6. Tax Status

The Plan uses a prototype plan document sponsored by Ascensus. Ascensus received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Party In Interest Transactions

All of the Plan's investments are managed by Ascensus; and therefore, the related transactions qualify under ERISA as exempt party-in-interest transactions.

8. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
