1 – DESCRIPTION OF PLAN

GENERAL

Baird, Hampton & Brown Savings & Retirement Plan (the "Plan") is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established and adopted effective January 1, 1995. The Plan was amended and restated as of January 1, 2016, for the benefit of eligible employees of Baird, Hampton & Brown, Inc. (the "Company" or "Plan Administrator"). Two officers of the Company serve as trustees (the "Trustees") of the Plan. Empower Retirement as an agent for Reliance Trust Company as of December 31, 2020 and for the year ended December 31, 2020, and MassMutual as an agent for Reliance Trust Company as of December 31, 2019, serve as the Custodians of the Plan. RetirementPlans.com is the Recordkeeper of the Plan. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Effective December 31, 2020, Empower Retirement, LLC ("Empower") acquired the retirement business of Mass Mutual. Following an initial transition period, Empower will become the recordkeeper for the Plan, and Great-West Life & Annuity Company will be the Custodian.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

The Plan covers all employees of the Company except interns. Employees are eligible to participate upon completion of 1 month of service and attaining the age of 21. Entry date into the Plan will be the first day of the month following the date on which eligibility requirements are satisfied. Upon hire, employees are automatically enrolled into the Plan 90 days after eligibility is met at a rate of 3%, if the participant hasn't entered the Plan or opted out of enrollment.

Each participant's account is credited with the participant's contributions, Company contributions and actual earnings or losses thereon, and charged with an allocation of administrative expenses. Investment income or loss is allocated based on the ratio of each participant's account balance. Contributions and earnings or losses are allocated among investment options as selected by the participant. Participants may change their investment allocation at any time.

CONTRIBUTIONS

The Plan is funded through participant elective deferrals and Company contributions. A participant may elect to contribute a portion of his or her pretax compensation from 1% to 90%, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($19,500 for 2020). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,500 for 2020). Rollover contributions representing distributions from other qualified defined benefit or contribution plans are permitted and may be made prior to meeting the eligibility requirements for participants in the Plan.

The Plan allows for Company discretionary matching contributions in amounts to be determined by the Company. In 2020, the Company elected to contribute a matching contribution in the amount of 30% of participant elective deferrals contributed during the year. The Company remits the discretionary contribution annually to all participants still employed on the last day of the Plan year to be eligible for funding. As of December 31, 2020 and 2019, the employer receivable for annual discretionary match is $194,330 and $211,293, respectively.

INVESTMENT OPTIONS

The Plan provides for participants to direct both their contributions and Company contributions into a variety of mutual funds of registered investment companies, common collective trusts, and a guaranteed investment contract in accordance with participant investment elections and the provisions of the custodial agreement. Participants should refer to the Plan website for additional fund information.

1 – DESCRIPTION OF PLAN, CONTINUED

BENEFITS PAID TO PARTICIPANTS

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in a lump-sum amount equal to 100% of the participant's vested account balance as of the valuation date of such event. In addition, distributions may be made based on financial hardship. Account balances of $5,000 or less at the time of the distribution will be "Cashed out" as an involuntary lump sum payment.

VESTING

Participants are 100% vested in their contributions and rollover contributions, plus actual earnings thereon. Vesting in the Company's discretionary contributions plus actual earnings, thereon, is based on years of continuous service and vests 33% annually and is 100% vested after three years of qualified service or upon occurrence of participant's retirement, death, or disability, as defined by the Plan document.

FORFEITURES

Upon separation from service for any reason other than retirement, participants forfeit any unvested portion of their Company contributions. Forfeitures are used to reduce future Company contribution, or to pay the Plan expenses, or restore forfeited account balances of rehires. As of December 31, 2020 and 2019, there were unallocated forfeitures of $1,590 and $2,984, respectively. Forfeitures are presented as a component of net assets available for benefits. During the year ended December 31, 2020, $6 of forfeitures were used to pay Plan expenses and $2,955 of forfeitures were used to reduce Company contributions.

REVENUE SHARING ACCOUNT

Revenue sharing accounts are used to pay Plan expenses or are reallocated to participant's accounts. At December 31, 2020 and 2019, there were $23,710 and $5,597 of revenue sharing account balances available, respectively. For the year ended December 31, 2020, $10,543 was used to pay Plan expenses.

CORONAVIRUS AID RELIEF AND ECONOMIC SECURITY ACT OF 2020

During 2020, Plan management approved a resolution to adopt certain provisions of the Coronavirus Aid Relief and Economic Security Act ("CARES Act"). The Plan elected the distribution provision under the CARES Act. The maximum dollar amount that can be requested per participant is $100,000 without a 10% early withdrawal penalty. These CARES Act distributions are available for repayment through the last day of the Plan year that begins in 2022. For eligible CARES Act distribution requests, all vested contribution sources are made available and restrictions based on age or length of participation in the Plan do not apply. CARES Act distributions may be repaid to the Plan within three years; income taxes may be spread ratably over three years.

The Plan elected to temporarily suspend required minimum distributions ("RMDs") under the CARES Act. This provision provides relief to individuals who would otherwise be required to take RMDs from retirement accounts due to economic slowdown due to COVID-19. This provision applies to participants who have reached the age of 70 ½ during 2019 but who have not yet taken RMDs in 2020. In addition, the Plan also elected to suspend RMDs for participants who reach age 72 in 2020 following the Setting Every Community Up for Retirement Enhancement Act ("SECURE Act"). If a participant has received RMDs in 2020, they may be able to recontribute these amounts back into the Plan in the form of direct rollovers.

The Plan also adopted certain loan provisions of the CARES Act. Repayments of existing notes receivable from participants can be deferred until December 31, 2020. Notes will be re-amortized to include accrued interest during the deferred payment period, and repayments began in January 2021.

1 – DESCRIPTION OF PLAN, CONTINUED

NOTES RECEIVABLE FROM PARTICIPANTS

Borrowings are available to all participants. Notes receivable from participants are limited to a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). A one-time origination fee is charged at inception of the note receivable. The notes receivable from participants are secured by the vested balance in the participant's account and bear interest at Prime rate published by Federal Reserve Bank on the day of the loan, plus 1% per loan policy. All notes must be repaid within 5 years, unless for the purchase of a primary residence, in which case the repayment period may not exceed 20 years. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants as of December 31, 2020, have interest rates ranging from 4.25% and 6.50% with maturities of January 2021 through May 2040. Notes receivable from participants as of December 31, 2019, have interest rates ranging from 4.50% to 6.50% with maturities of May 2020 through September 2038.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants or fees paid related to benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

PLAN TERMINATION

Although the Company expects to continue the Plan, the Company may terminate the Plan at any time subject to the provisions of ERISA. In the event the Plan is terminated, each of the participants will have a non-forfeitable 100% vested interest in his or her account balance, including all Company contributions, subject to payment of liquidation costs and expenses.

2 – SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivables from participants are reclassified as distributions based upon terms of the Plan document or notes policy of the Plan.

2 – SUMMARY OF ACCOUNTING POLICIES, CONTINUED

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value except for the fully benefit-responsive guaranteed investment contract, which is valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the provision of the Plan (See "Note 5 – Guaranteed Investment Contract"). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) of fair value of investments includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

RECENT ACCOUNTING PRONOUNCEMENTS

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, *Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements*, which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. The Plan's adoption of this pronouncement did not have a material impact to the Plan.

3 – FAIR VALUE MEASUREMENTS

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3 – FAIR VALUE MEASUREMENTS, CONTINUED

INVESTMENT VALUATION AND LEVELING, CONTINUED

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following methodologies were used for each type of investment:

Mutual funds of registered investment companies: Valued at net asset value ("NAV") or quoted market prices of shares held by the Plan at year end.

Common collective trusts: Valued at the NAV of units of an investment collective trust. The NAV, as provided by the Trustee, is based on the fair value of the underlying investments held by the fund less its liabilities. This NAV is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trusts, the Trustee reserves the right to temporarily delay withdrawals from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 4,345,322	$ -	$ -	$ 4,345,322
Common collective trusts	-	6,357,730		6,357,730
Total investments, at fair value	$ 4,345,322	$ 6,357,730	$ -	$ 10,703,052

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 9,128,773	$ -	$ -	$ 9,128,773
Common collective trust	-	432,529		432,529
Total investments, at fair value	$ 9,128,773	$ 432,529	$ -	$ 9,561,302

4 – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Retirement as an agent for Reliance Trust Company as of December 31, 2020, and for the year ended December 31, 2020, and MassMutual as an agent for Reliance Trust Company as of December 31, 2019, collectively the Custodians, of the Plan, have certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019 and the supplemental Schedule H, Line 4(i) – Schedule of Assets (held at End of Year) as of December 31, 2020, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.

5 – GUARANTEED INVESTMENT CONTRACT

The Plan holds funds in a fully benefit-responsive guaranteed investment contract, the MassMutual Retirement Services Guaranteed Interest Account. MassMutual maintains the contributions in its general account. MassMutual's general account is credited with contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the Issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero. Such interest rates are continuously reviewed and reset as needed on a monthly to quarterly basis. The Plan or MassMutual can terminate the contract by providing written notice to the other party 30 days prior to the termination date. If the contract were to terminate by the Plan or MassMutual, interest would not be less than the minimum interest rate established in the investment contract. There may be a market value adjustment upon the Plan's election to terminate the contract with a lump sum distribution, which may result in a distribution that is less than or in excess of contract value. Certain unobservable inputs are assessed through review of contract terms (ex: duration or payout date) while others are substantiated utilizing available market date (ex: swap curve rate).

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

6 – TAX STATUS OF THE PLAN

The Plan is based on a prototype non-standardized profit sharing plan with CODA developed by RetirementPlans.com, LLC, which received a favorable opinion letter dated July 21, 2014, from the IRS stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC, and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7 – PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in a guaranteed investment contract issued by Massachusetts Mutual Life Insurance Company. As Massachusetts Mutual Life Insurance Company is the recordkeeper of the Plan and agent for the Plan's Custodians, therefore, these transactions qualify as party-in-interest transactions.

8 – RISKS AND UNCERTAINTIES

The Plan provides for various options of investments. Such investments are exposed to various risks, such as interest rate, concentration, market, and credit risk.
