EAGLE CRUSHER/STEDMAN MACHINE 401(K) RETIREMENT PLAN

Notes to Financial Statements August 31, 2020 and 2019

Plan Description

The following description of the Eagle Crusher/Stedman Machine 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Eagle Crusher Company, Inc. and Stedman Machine Company, Inc. (collectively referred to as the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Each eligible employee will be credited with annual contributions after attainment of age 18, as defined by the Plan. The Plan Administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings.

Contributions

Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, and may contribute up to 100% of annual pretax compensation if catch-up contributions are made. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

At its discretion, the Company will match elective salary deferral contributions at a rate it designates prior to the end of each Plan year. During 2020 and 2019, the Company contributed 50% of the first 6% of base compensation that a participant contributed to the Plan. These matching contributions are invested at the participant's direction. Additional non-elective contribution amounts may be contributed at the option of the Company which shall be allocated in proportion to compensation to all eligible participants and are invested at the participant's direction. During the years ended August 31, 2020 and 2019, there were no additional discretionary contributions. Contributions are subject to certain IRS (Internal Revenue Service) limitations.

In addition, participants are eligible to designate some or all of their elective deferral as "Roth Contributions," as defined in the Plan document. These contributions are not tax-deferred, but are deferred on an after-tax basis which results in later qualified distributions of these amounts being received tax-free. Such distributions are subject to the terms in the Plan document and such contributions are subject to the requirements of the Internal Revenue Code (the Code).

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

Plan Description (continued)

Vesting

Participants are vested immediately in their contributions as well as in nonelective employer contributions, plus actual earnings thereon. Employer matching contributions are fully vested upon a participant attaining one year of credited service. However, employees first hired before August 1, 2018 are immediately vested in employer matching contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25% to 5.50%, which are commensurate with local prevailing rates. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period not to exceed the joint life expectancy of the participant and his or her designated beneficiary, as defined by the Plan document. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Company and are excluded from these financial statements.

Forfeited Accounts

At August 31, 2020 and 2019, forfeited non-vested accounts totaled \$538 and \$62, respectively. Forfeitures may first be used to pay administrative expenses. Any remaining forfeitures may be used to reduce future employer contributions. No forfeitures were used during either 2020 or 2019.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

EAGLE CRUSHER/STEDMAN MACHINE

401(K) RETIREMENT PLAN

Notes to Financial Statements

August 31, 2020 and 2019

Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For additional disclosure regarding fair value of investments, see the *Fair Value Measurements* footnote herein.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of August 31, 2020 or 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Information Prepared and Certified by the Plan Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company (Fidelity), the trustee.

	<u>\$ 14,469,594</u>	<u>\$ 12,678,207</u>

The trustee also certified the completeness and accuracy of \$1,294,447 and \$(67,495) of net appreciation (depreciation) in fair value of investments and \$485,267 and \$447,779 of interest and dividend income related to the aforementioned assets for the years ended August 31, 2020 and 2019, respectively.

Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets and liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Inputs are significant and unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at August 31, 2020 and 2019.

Mutual Funds: Valued based on the net asset value (NAV) of shares held by the Plan at year-end.

Fair Value Measurements (continued)

*Common
Collective*

Trust Fund: Valued at the NAV provided by the administrator of the fund. Issues and redemptions of units are recorded upon receipt of unit holder's instructions based on the determined NAV per unit, which is determined daily. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the instrument for an amount different than the reported NAV. For this fund, there are no unfunded commitments, redemption restrictions, and participants can transact daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of August 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of August 31, 2020

	Level 1	Level 2	Level 3	Total
Mutual funds in the fair value hierarchy	\$ 14,226,456	\$ -	\$ -	\$ 14,226,456
Investments measured at net asset value *	-	-	-	72,491
Total assets at fair value	\$ 14,226,456	\$ -	\$ -	\$ 14,298,947

Assets at Fair Value as of August 31, 2019

	Level 1	Level 2	Level 3	Total
Mutual funds in the fair value hierarchy	\$ 12,417,924	\$ -	\$ -	\$ 12,417,924
Investments measured at net asset value *	-	-	-	123,392
Total assets at fair value	\$ 12,417,924	\$ -	\$ -	\$ 12,541,316

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Notes to Financial Statements

August 31, 2020 and 2019

Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. Additionally, during 2020 and 2019, the Plan paid fees of \$1,514 and \$2,150, respectively, to Fidelity.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Tax Status

The IRS has determined and informed the trustee by a letter dated March 31, 2014, that the prototype plan and trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the date of the opinion letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the accompanying 2020 statement of net assets available for benefits.

On March 11, 2020, the World Health Organization declared COVID-19 to be a pandemic. The outbreak of the COVID-19 pandemic has severely impacted global economic activity and caused significant volatility and negative pressure in financial markets. Because of the uncertainty impacting the financial markets during this time, management is unable to estimate the impact of the pandemic on assets of the Plan.

Plan Amendments

Effective February 1, 2019, the Plan was amended to exclude temporary seasonal employees and Co-Op students from participation in the Plan.

Effective September 1, 2019, the Plan has been amended to comply with the Bipartisan Budget Act of 2018 with respect to the hardship withdrawal requirements and provisions.

As a result of the COVID-19 pandemic, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law. The CARES Act includes relief provisions available to tax-qualified retirement plans and their participants. This relief includes the following for qualified participants: a temporary waiver of required minimum distributions, a temporary waiver of early withdrawal penalties for COVID-19 related distributions, and a temporary increase in the maximum amount for retirement plan loans. Plan management elected to adopt all distribution provisions of the CARES Act in April 2020.

Subsequent Events - Date of Management Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date the financial statements were available to be issued.
