NOTES TO FINANCIAL STATEMENTS

December 31, 2019

A. DESCRIPTION OF PLAN

The following description of the Fricker's USA, LLC (the Company and Plan Sponsor) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

1. General - The Plan is a defined contribution plan covering substantially all employees of Fricker's USA, LLC and Fricker's Maintenance Company, LLC (other than highly compensated employees) who are 21 years or older and have completed 3 consecutive months of service. Employees may begin participating on the first day of the month on or after the day they have satisfied all eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
2. Contributions - Each year, participants may contribute up to a maximum dollar limit set by law, as defined in the Plan. Employees may make both pre-tax and Roth deferrals. The Plan provides for matching contributions at the discretion of the Company. Profit sharing contributions may be made at the discretion of the managing body of the Company. The Plan provides a formula for qualified matching contributions at the discretion of the Company, as well as qualified non-elective contributions at the discretion of the Company's governing body. The Plan may also accept eligible rollover contributions and transfers at the discretion of the Plan Administrator.
3. Participant Accounts - Each participant's account is credited with his or her contribution, the Company's matching contribution, as well as allocations of the Company's profit sharing and qualified non-elective contributions, and an allocation of Plan earnings. Participant accounts may be charged with an allocation of administrative expenses that are paid by the plan. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. Vesting - Participants are immediately vested in their elective deferral, qualified matching, and qualified non-elective contributions, plus actual earnings thereon. Vesting in the Company's matching contribution and profit sharing contribution portion of their account, plus actual earnings thereon, is based on vesting years of service. Participants vest 20 percent per year of service and are 100 percent vested after five years of service. Participants become fully vested in the Company's contributions regardless of years of service if they are still employed at their normal retirement age or upon death, disability or Plan termination.

A. DESCRIPTION OF PLAN – (Continued)

5. Investment Options - The participant directs the investment of their contributions and the Company's matching contribution into various investment options offered by the Plan.
6. Notes Receivable from Participants - Participants are permitted to have 2 loans outstanding at any time. Participants may borrow up to 50% of their vested account balance, reduced by any current outstanding loan balance, with a maximum of \$50,000. The \$50,000 is reduced by the highest outstanding loan balance the participant had under the Plan during the previous one-year period. The minimum loan is \$1,000. Loans from a participant's Roth deferral portion of their account are not permitted. The loans are secured by the balance in the participant's account and bear interest at rates of prime plus 1% at the inception of the loan. Principal and interest are paid ratably through bi-weekly payroll deductions.
7. Payment of Benefits - On termination for any reason, a participant with an account balances of \$1,000 or less will receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Participants with an account balance greater than \$1,000 are not required to take a distribution until the required distribution rules apply; however, the Company may choose to immediately distribute the participants balance if the participant has reached the later of 62 or normal retirement age. Participants who have reached age 70 ½, will be required to begin taking a portion of their account balance out of the Plan each year. Withdrawals for financial hardship are permitted provided certain conditions are satisfied.
8. Forfeited Accounts - Forfeited, non-vested accounts, if any, are left behind in the Plan assets. Forfeitures may be used to pay plan expenses or to reduce future employer contributions. Forfeited, non-vested accounts totaled \$4,781 at December 31, 2019.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

FRICKER'S USA, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2019

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in interest and dividends. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. Excess contributions were distributed in the amount of \$0 during the year ended December 31, 2019.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and processing of participant distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through June 1, 2021, the date the financial statements were available to be issued.

Subsequent to December 31, 2019, the outbreak of the Coronavirus (COVID-19) has been recognized as a pandemic by the World Health Organization. COVID-19 is having notable impacts on general economic conditions in the United States and internationally. The impacts of COVID-19 on the Plan's operations and financial position subsequent to December 31, 2019 are not able to be determined as of the date of this report.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") was enacted. The CARES Act contains provisions that will temporarily impact the Plan, including allowing certain eligible Plan participants to receive coronavirus-related distributions, delaying participant loan repayments and increasing the maximum amount of such participant loans, and suspending required minimum distributions. The Plan Sponsor agreed to implement the provisions of the CARES Act that relate to the Plan November 19, 2020.

No other subsequent events requiring financial statement adjustment and/or disclosure have been identified by the trustees.

C. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted price in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- | | |
|---------|---|
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |
|---------|---|

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

C. FAIR VALUE MEASUREMENTS - (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Assets at Fair Value as of December 31, 2019

D. INVESTMENTS

The fair values of individual investments that represent 5% or more of the Plan's net assets at December 31, 2019 are as follows:

	<u>2019</u>
American Funds Trgt Date Ret 2015 R2	\$ 113,569
American Funds Trgt Date Ret 2035 R2	904,292
Janus Henderson Enterprise	84,107

During 2019, the Plan's mutual fund investments (including investments bought, sold, and held during the year), appreciated in fair value by \$277,994.

E. TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are managed by Ascensus Trust Company, the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Certain Plan transactions were managed by Ascensus, LLC, the recordkeeper of the Plan and parent company of Ascensus Trust Company and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for contract administration services amounted to \$855 for the year ended December 31, 2019.

F. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

G. INCOME TAX STATUS

The Plan has adopted a non-standardized form of a prototype plan sponsored by Ascensus, LLC. The prototype plan has received an opinion letter dated March 31, 2014 from the Internal Revenue Service as to the prototype plan's qualified status. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2017.

H. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
