Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

PLAN MERGER

Effective August 5, 2020, the Plan merged into the Handy & Harman Ltd. Savings Plan; accordingly, net assets totaling \$20,693,702 were transferred out of the Plan and are recorded as merger-out to affiliated plan in the Statement of Changes in Net Assets Available for Benefits.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

All employees become eligible for participation on the first day of the month after attaining the age of eighteen with the exception of members of collective bargaining units, non-resident employees, and leased employees, as defined by the Plan document.

Subject to certain limitations on annual additions, each participant’s account is credited with employee elective deferrals, Company matching contributions, and an allocation of Plan earnings and charged with certain administrative expenses. Participants may modify investment elections, transfer existing account balances, and obtain information regarding the investments on a daily basis.

CONTRIBUTIONS

A participant may elect to contribute from 1% to 75% of annual compensation, subject to certain maximum limitations imposed by the Internal Revenue Code (“IRC”) (\$19,500 for 2020). The Plan allows for pre-tax and after-tax Roth contributions. Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC (\$6,500 for 2020). Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are permitted and may be made prior to meeting the eligibility requirements for participating in the Plan. The Plan does not allow employee after-tax contribution rollovers.

Effective January 1, 2020, the Plan was amended to make the Company match discretionary in nature rather than the current safe-harbor provision of the Plan. Company discretionary matching contributions are 100% of participant elective deferrals on the first 4% of participants’ eligible compensation and is contributed on an annual basis. Effective March 23, 2020, Plan management approved a resolution to suspend Company matching contributions.

DISTRIBUTIONS TO PARTICIPANTS

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in a lump-sum amount equal to 100% of the participant's vested account balance. Employees may also make hardship withdrawals on the balance of their account related to their elective deferral contributions, vested employer safe-harbor matching contributions, and vested profit sharing contributions. Participants with vested account balances greater than \$5,000 may defer their distributions to a later date. Participant account balances less than \$5,000, upon termination, may be rolled over to an individual retirement account or directly to the participant by the Company.

INVESTMENT OPTIONS

The Plan provides for participants to direct both employee and employer contributions into a variety of mutual funds of registered investment companies, a self-directed brokerage account, and a common collective trust in accordance with participant investment elections and the provisions of the trust agreement.

VESTING

Participants are immediately vested in elective deferrals, Company safe-harbor matching contributions, Company discretionary matching, qualified non-elective contributions, rollover contributions, and any earnings, thereon. Vesting of Company discretionary profit sharing contributions and earnings, thereon, is based on years of continuous service. Effective January 1, 2020, participants vest 50% per year and are 100% vested after two years or upon occurrence of the participant's retirement, death, or disability, as defined by the Plan document.

FORFEITURES

Forfeitures of terminated participants' non-vested accounts are used to pay administrative expenses or reduce Company contributions. These amounts are reported as a component of net assets available for benefits. At August 5, 2020 and December 31, 2019, forfeited non-vested accounts available for future use totaled \$0 and \$1,202, respectively. For the period from January 1, 2020 through August 5, 2020, forfeitures of \$100 were used to reduce Plan expenses.

NOTES RECEIVABLE FROM PARTICIPANTS

Borrowings are available for all participants. Notes receivable from participants are limited to a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). A participant may only have one note outstanding at any given time. The notes are secured by the balance in the participant's account and bear interest at a rate determined reasonable by the Plan Administrator. Any note must be repaid within five years unless for the purchase of a primary residence, in which case the term may not extend beyond ten years. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. There were no notes receivable from participants outstanding as of August 5, 2020. As of December 31, 2019, notes receivable from participants have maturity dates from January 2020 through January 2025 and interest rates ranging from 4.25% to 7.50%.

1 - DESCRIPTION OF PLAN, CONTINUED

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees paid related to benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

CORONAVIRUS AID RELIEF AND ECONOMIC SECURITY ACT OF 2020

During 2020, Plan management approved a resolution to adopt certain provisions of the Coronavirus Aid Relief and Economic Security Act ("CARES Act"). The Plan elected the distribution provision under the CARES Act. The maximum dollar amount that can be requested per participant is \$100,000 without a 10% early withdrawal penalty. These distributions are available through the last day of the Plan year that begins in 2022. For the eligible distribution requests, all vested contribution sources were made available and restrictions based on age or length of participation in the Plan do not apply. Coronavirus-related distributions may be repaid within three years and do not include lost earnings. Taxes related to these distributions may also be repaid over three years. Due to the merger of the Plan into the Handy & Harman Ltd. Savings Plan, any such repayments will be made to the Handy & Harman Ltd. Savings Plan.

The Plan elected to temporarily suspend required minimum distributions ("RMDs") under the CARES Act. This provision provides relief to individuals who would otherwise be required to take RMDs from retirement accounts due to economic slowdown due to COVID-19. This provision applies to participants who have reached the age of 70 ½ during 2019 but who have not yet taken RMDs in 2020 or to participants who reach age 72 in 2020 following the Setting Every Community Up for Retirement Enhancement Act ("SECURE Act"). If a participant has received RMDs in 2020, they may be able to recontribute these amounts back into the Plan in the form of direct rollovers.

The Plan Administrator may rely on the employee's self-certification that the employee satisfies the conditions for a Coronavirus-related distributions, loans, loan repayment deferral and required minimum distributions, as defined.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method in accordance with accounting principles generally accepted in the United States ("U.S. GAAP").

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the Plan document or note policy of the Plan. Notes receivable from participants are valued at amortized cost which approximates fair value.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) of fair value of investments includes the Plan's gains and losses on the investments bought and sold during the year, as well as held during the year.

BENEFITS

Benefits are recorded when paid.

ADOPTION OF NEW ACCOUNTING STANDARDS

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements, which the Board finalized on August 28, 2018. The company adopted ASU No. 2018-13 on January 1, 2020. The new standard did not have a significant impact on the Plan's financial statements and disclosures.

3 – FAIR VALUE MEASUREMENTS

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification (“ASC”) Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets. |
| Level 2 | Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p style="margin-left: 20px;">If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan’s investments in accordance with FASB ASC 820, the following value methodologies were used for each type of investment:

Mutual funds of registered investment companies: Valued at the net asset value (“NAV”) or quoted market prices of shares held by the Plan at year end.

Self-directed brokerage account: Valued at the NAV or quoted market prices of mutual funds or shares of stock held by the brokerage account at year end.

Common collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is based on the fair value of the underlying investments held by the fund less its liabilities. This NAV is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trust, the Trustee reserves the right to temporarily delay withdrawals from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

3 – FAIR VALUE MEASUREMENTS, CONTINUED

INVESTMENT VALUATION AND LEVELING. CONTINUED

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Company believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date.

At August 5, 2020, the Plan held no investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds of registered investment companies	\$ 22,116,641	\$ -	\$ -	\$ 22,116,641

4 - FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by the Trustee, and party-in-interest as defined by ERISA, as of August 5, 2020 and December 31, 2019, and for the period from January 1, 2020 through August 5, 2020, except for comparing such information certified by the Trustee to information included in the Plan's financial statements. This information consists of the following:

	<u>August 5, 2020</u>	<u>December 31, 2019</u>
Mutual funds of registered investment companies	\$ -	\$ 22,116,641

5 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee; therefore, these transactions qualify as party-in-interest transactions. The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions also qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan.

6 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7 - TAX STATUS OF THE PLAN

Through June 29, 2020, the Plan is based on a prototype plan developed by Fidelity Management and Research Company ("FMR") which received a favorable opinion letter dated March 31, 2014, from the IRS stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC. Effective June 30, 2020, the non-standardized pre-approved profit sharing plan with cash or deferred arrangement ("CODA") developed by FMR LLC, on which the Plan is based, received a favorable opinion letter dated June 30, 2020, from the IRS stating that the non-standardized pre-approved profit sharing plan constitutes a qualified plan under Section 401 of IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8 – SUBSEQUENT EVENTS

In accordance with FASB ASC 855, "*Subsequent Events*", the Company has evaluated events or transactions occurring after August 5, 2020, the Statements of Net Assets Available for Benefits date, through January 15, 2021, the date the financial statements were ready to be issued, and determined there were no additional events or transactions that would impact the financial statements as of August 5, 2020 and for the period from January 1, 2020 through August 5, 2020.
